Sui Southern Gas
Company Limited

Strengthening ties- A get-together with media fraternity

As a regular calendar event, SSGC hosted a reception in the honour of media fraternity on September 7, 2013 at Karachi's Marriott Hotel.

Zuhair Siddiqui, MD, SSGC, senior management and the host Department Corporate Communications welcomed the guests belonging to print and electronic mediums which included talk show hosts, senior journalists, correspondents and representatives from advertising agencies and collaborating CSR partners. Some journalists from Islamabad were also present. The event started with light refreshments that provided the guests a chance to mingle with the MD and other SSGC officials and progressed into a grand reception

that started with the MD's speech and concluded with a delectable lunch.

Before and after his speech, the media asked the MD various questions regarding the gas supply projects, UFG, outstanding dues with KESC and other mega projects such as LNG. The MD said that due to persistent efforts by SSGC, the UFG level came down this fiscal year by 2%. He also said that the amount of Rs 57.5 billion that KESC insists as having paid to SSGC over the past 18 months is, in fact, the price of gas and not the outstanding unpaid arrears. Mr Siddiqui mentioned the Liquefied Natural Gas (LNG) option to deal with gas shortage, for which tenders have already been floated. The MD

informed the media persons that SSGC has also entered into an agreement with Pakistan State Oil for setting up a number of Liquefied Petroleum Gas (LPG) stations across Sindh and Balochistan to provide an alternative fuel for the public.

Before the guests proceeded for lunch, lucky draws were held to pluck winners from the audience. The Company's senior management including the MD, Yusuf J. Ansari, DMD (Corporate Services), Rahat Kamal Siddiqui, DMD (Operations) and Dr. Shehla Naqvi, SGM (MS) conducted the draws. The notable media personalities who graced the occasion included Zafar Bhutta, Nusrat Nasrullah, Agha Masood, Naeem Qureshi, Rizwan Jaffer, and Gharida Farooqi. ■

Editor's Note

Our heart goes out to them

Dear readers,

Two earthquakes in quick successions are two good reasons to be a little concerned about the way the earth's crust is functioning these days. We at the head office and other offices around Sindh and Balochistan were fortunate ones. Not so lucky were the people of Awaran and adjoining areas. With relief efforts in full flow, our heart goes out to them with a strong hope that they will weather the calamity. Natural calamities and their outcomes are unavoidable yet with a disaster management plan such as the one SSGC has along with frequent guidelines the Security Services Department gives to the employees to brave catastrophes in best way possible, the scale of destruction can be managed to some extent. Meanwhile besides focusing on our day jobs, we are managing time well to 'chill out' and prove that Team SSGC is a vibrant lot. The lunch reception hosted by CCD for the media gave the management and senior officers a chance to dispel many misconceptions and present a positive image of the Company. On the other hand, the cooking contest competition and a child safety program organized by SSGCWA had two different motives yet both were rip roaring successes. Such events create some good awareness about pressing matters as well as encourage the talented among the employees. *Ed*

Ground breaking ceremony performed for gas supply to Malir villages in Karachi

Engineer Abdul Hakeem Baloch, State Minister for Railways performed the ground breaking for the supply of gas to a number of villages located in the Malir District in Karachi. The ceremony was held on September 18, 2013. Villages that will be provided with gas, as part of the Company's distribution projects, include Haji Faqeer Muhammad Goth, Haji Piral Bagh and Haji Faqeer Muhammed Bagh,

Bin Qasim Town, Karachi. Due to their remote locations, these villages were deprived of gas for a long time. However SSGC fulfilled their demand which will now help in meeting their rising consumption.

The above mentioned projects will involve laying of 2.95 km PE pipelines. Those present on the occasion included Aminullah Khan, ASGM (Distribution-South), Saeed

Larik, GM (Distribution-Khi-East), Shakir Aleem, AGM (Sales), Nadeem Qayyum, CE (Maintenance) and Syed Irfan Jafri, President SSGOA.

In his speech, the honorable Minister asked SSGC to complete the project at a fast pace. The Minister was presented with an ajrak as a token of respect. ■

SSGC dispatches ration to 2,000 flood affected families of Jhal Magsi

SSGC has always been at the forefront of responding to natural calamities through its timely relief efforts. The company being the FIRST to respond from the corporate sector immediately dispatched 6 truck loads containing food items for the families affected by the recent torrential rains and floods in Balochistan.

SSGC purchased complete ration for 2,000 families on the special instructions of its MD, Zuhair Siddiqui. Each family pack contained sugar, tea, cooking oil, pulses, salt, chillies, rice, dates, roasted channa, candles, plastic bags and match boxes. Each bag weighed about 14 kg with these items.

Talking to the media, before dispatching all the six trucks to flood affected areas, the MD said that we feel that it is our duty as 'Responsible Corporate Citizen' to come forward to help our brethren in distress. "We have always extended our cooperation in past by providing such help during flood and other natural disasters", he said. Tariq Munawar, Dy. General Manager (Administrative Services) informed the media that Rs. 4 million was incurred in the first tranche. ■

34 gas theft cases unearthed in Sindh

SSGC has intensified its drive against gas theft in Karachi and other cities and towns of Sindh. During the past two months, the Company unearthed 34 cases of gas theft in which domestic, commercial and industrial customers were found involved in direct gas consumption by taking illegal connections from the Company's main supply lines. Gas theft is one of the major factors contributing

towards Unaccounted-for-Gas (UFG)

In July and August 2013, more than 80 different customers were found involved in gas theft and meter tampering, causing a loss of 39.88 mmcf gas to the Company. Moreover, SSGC lodged claims amounting to Rs. 31.26 million against these wrongdoers.

In order to check unauthorized

consumption, SSGC has installed bulk meters in many areas where gas theft is rampant to ensure proper recording and calculation of lost volume.

UFG has severely affected the Company's profits in recent times since every 1% increase in UFG, reduces SSGC's profits by Rs. 1.3 billion. ■

Raid conducted on illegal use of gas in Surjani Town, Karachi

SSGC's Task Force from Customer Relations Department conducted a major raid in Surjani Town, Karachi against illegal users of gas and disconnected about 200 gas connections. The residents of the area were found using gas directly from the distribution pipeline without metering. The quantum of gas used through this illegal arrangement was about Rs. 5 million per annum.

The Task Force undertook this raid on September 18, 2013, on a lead from a reliable source regarding illegal consumption of gas in KDA Flats Phase-2, Surjani Town and Gulshan-e-Shahbaz. The Task Force summarily disconnected the illegal connections because of their failure to pay their gas bills.

After the completion of the operation, Nawab Ali Shah, Deputy Manager (Task Force) CRD requested the residents, who had gathered on the spot, to pay their dues at the earliest so that the gas utility can restore their connections. He briefed them about

the difficulties being faced by SSGC due to the non-payment of gas dues regularly by its valued customers. Meanwhile, the Company's Security Services Department provided the members of the task Force full security cover. ■

Glass factory found using gas illegally

SSGC's S&M Department geared up its efforts in controlling UFG by regularly cracking down on commercial and industrial customers involved in direct gas usage. Based on the leads provided by a reliable source, the S&M team raided a glass factory in Aminabad located in Manghopir area, Karachi in September 2013.

The team discovered that the customer was a repeat offender who had taken an unauthorized 2" underground direct line connected through main service line. As soon as the team entered the premises, they spotted a direct line providing

gas to the furnaces. By tracing back the line, SSGC team reached the source point from where the direct connection was taken.

The culprits stole gas to run glass furnaces, generator and other machinery, depriving the company of approximately Rs 1.5 million per annum. The team after establishing blatant theft of gas, succeeded in disconnecting the direct line by killing the service line.

It is worth mentioning that although the customer was disconnected way back in 2009, the service line was left unattended which was again used for illegal connection. ■

Quetta Distribution undertakes raid in Sariab Colony and other localities

As part of SSGC's ongoing initiative against UFG, Quetta Distribution's emergency team under the supervision of Muhammad Anwar Baloch, Zonal Manager, Quetta accompanied by the Maintenance Section undertook a raid on July 23, 2013 at Eastern By pass Road. The ZM was

accompanied by Mohammad Younas, Welding Supervisor and Riazuddin, Sr. Helper.

The teams noticed a major leak near the killed service valve of a local resident located in Jalalabad Street # 4. On trenching, it was observed that the culprits had punctured the

Company's 2" dia pipeline and had fixed a clamp through which they were using gas directly. The team summarily removed the clamp and rectified the punctured spot. ■

Sindh CNG Association meets SSGC management to discuss line pack situation

Sindh CNG Association and SSGC management held a meeting at the Head Office to discuss gas supply issues. The meeting which was held on September 5, 2013 and chaired by Zuhair Siddiqui, MD, SSGC, in particular discussed the serious line pack situation that was affecting CNG stations in various districts of Sindh. The management reiterated that the extremely low pressure was because of diminishing supply from the gas fields.

Members of the delegation included Dr. Zulfiqar Ahmad Yousfani, Central Chairman, Imtiaz Husain Memon, General Secretary, Aftab Hussain

Qureshi, Vice Chairman Mirpurkhas Chapter and Muhammad Islail Khan, Member.

Yusuf J. Ansari, DMD (Corporate Services), Mustafa Abdulla, ASGM (Distribution-North), Dr. Ejaz Ahmed,

ASGM (CS), Major Mohammad Akhtar (R) ASGM (Coordination), Mohammad Ziyad, GM (Coordination), Asif Fateh Sheikh, GM (Legal) and Shehryar Kazmi, DGM (Billing) also participated in the discussions. ■

The Flame will go on!

SSGC's new Corporate Brochure published

September 2013 marked yet another effort from SSGC to reach out to its stakeholders with the launch of Corporate Brochure 2013.

Optimistically titled 'The Flame will go on', the Brochure comprehensively documents SSGC's core and non-core functions, giving its customers a

sneak peak of one of Pakistan's most efficient utilities.

Corporate Communication Department (CCD) took the lead in developing the content of the Brochure as well as conducting exclusive photo sessions of the Company's facilities in Karachi and Hyderabad. The content was also verified by each department to

ensure correct facts and figures. The idea for the Cover and treatment of different pages was conceived by the Department.

CCD would like to thank all the departments for their cooperation in developing this brochure. The previous edition was published in the year 2011. ■

SSGC offers biodegradable, paper bags at leading stores

As a responsible citizen, SSGC takes regular initiatives in its franchise areas of Sindh and Balochistan that benefit the communities at large, by supporting projects related to education, health and environment. In its endeavor to educate the masses on the dangerous consequences of plastic bags, SSGC stepped up by launching paper bags that are not only environment friendly but also food grade and are highly safe for domestic consumption especially for the groceries.

In a survey conducted in Karachi, Lahore and Islamabad by a renowned research company 180 million plastic bags are used every month for groceries; meaning 250,000 plastic bags every hour, that end up littering our streets, choking our drains, polluting our seas and environment as they reduce the oxygen level when burnt in the garbage. The burning of plastic bags alongside streets releases dioxins and furans, which upon inhaling cause severe damage to lungs, kidneys, nervous systems and liver, besides leading to chronic diseases like bronchitis, emphysema and cancer. Children and elderly are the most susceptible to the chemicals released from burning of these bags.

Material used in the paper bags introduced by SSGC is

biodegradable that is globally recognized as the most viable and practical substitute to the plastic bags. In its CSR program, SSGC searched for a reliable partner that can help the utility in meeting its endeavors and found Thal Limited as the most appropriate entity that could be trusted for the needful. Thal being the pioneers in producing industrial paper sacks in Pakistan were asked to produce these food grade paper bags that are presently being consumed at leading mega stores of Karachi including Aghas, Mottas, Naheed, Time Medicos, Royal Medico, Mercato and Farid's.

Taking additional advantage, SSGC has printed various public service messages in Urdu and English, one

on each side of these bags. These messages include the necessary measures to be adopted to ensure safe use of gas appliances, judicious use of gas to conserve this precious commodity and severe consequences of meter tampering and gas theft that can lead to heavy fines and imprisonment.

The Company understands that this activity will contribute in bringing positive change and will help a great deal for a clean environment. The Company also believes that with the success of this effort the corporate sector will also join in to amplify the thrust that will help in concluding the chapter of plastic bags and will also maximize the benefits of the biodegradable paper bags. ■

Potential Assessment carried out for executives eligible for promotion to DGM cadre

Examination sessions for 'Potential Assessment' were conducted for executives who stand eligible to be considered for promotion to the cadre of Deputy General Manager in Grade-VII.

Raheela Narejo

These assessments were conducted by a prominent HR consultant, M/s. Narejo Human Resources, in the serene atmosphere of Gas Training Institute (GTI) from September 16 to September 26, 2013.

These potential assessments are aimed to fulfill the mandatory requirement for processing the company's promotion cycle and will also enable efficient career tracking of the executives. They will also help in the succession planning through placement of 'right person for the right job' as the various exercises that were conducted also included the personality assessment of the executives.

Prior to the inception of these examinations, the HR Department very thoughtfully arranged preparatory classes for these executives, in two batches, of two days each. The potential executives enormously benefitted from the

Shahbaz Islam

expertise of Abdul Hameed of V-Care and Shahbaz Islam, DGM (HR-OD) in their two full days of learning. Both the facilitators, who are the experts of the subject, shared a day each with these batches in coaching the executives on improvisation of the seven major competencies that were outlined for this examination by a select group of existing Grade-VII officers. ■

Top Chef competition - A major culinary delight

Sui Southern Gas Company Women Association (SSGCWA) in collaboration with HUM MASALA TV organized a mega culinary event on September 13, 2013 to discover "SSGC's Top Chef". Dr. Shehla Naqvi, President and Ms. Asma Butt, Vice President, SSGCWA in particular were the brains behind this innovative approach.

The aim of this competition was to provide a platform for SSGC's executives and staff to showcase their hidden talent in cookery and its presentation. Chef Zakir Qureshi and Chef Zarnak Sidhwa, renowned MASALA TV chefs, were the esteemed judges who also gave their valuable advice and tips to the contestants and the audience.

Master of Ceremony Muhammad Ali Gohar of CCD did a wonderful job in hosting the event. He made a surprise entry after which the participants proceeded to "Top Chef Exclusive Pantry". The participants included Shafia Akhter, Dr. Sheeba Ansari, Shahida Noman, Shamaila Baig, Sabeen Absar, Syed Imran Ahmed, Fayyaz Ali Zaidi, Sanaullah Muhammad Hasni, Zubair Ahmed Fazlani and Dr. Afia Qazi. An hour's time was allocated to each participant to cook the finest dishes

they could offer. The judges evaluated each one of them in terms of quality of food, time management, technique and effort in presentation. The judges also asked them questions about their choice of dishes and shared their expert advice. During the cooking sessions, the packed to capacity audience enjoyed dance performances on various songs and comical skits by Rozina Ejaz of Transmission and Rashid Ahmed of IT Departments. Mohsin Raza of Services and Mohammad Rashid of IT Department also entertained the audience with their melodious voices. The interactive competitions among the audience such as maximum

banana eating, potato peeling, maximum edible's names and quiz also entertained the audience. The competition was a package of exquisite cuisine, music, quiz, prizes, lucky draws, performances, comedy skits and Q&A session.

Once the cooking time concluded, all participants brought their dishes in the dining room where the table was decorated impressively with floating candles. Chefs Zakir and Zarnak questioned and examined the contestants and marked them very critically. Shumaila Baig of Materials and Inventory Management Department claimed the "SSGC Top Chef" title. She was rewarded with

a 'Return Ticket to Dubai along with the winning trophy and a chance to appear LIVE on Masala TV. Dr. Afia Qazi of HSE Department stood 2nd; she was awarded a microwave and a runner-up trophy whereas Ms. Sabeen Absar of Security Department stood 3rd and was

awarded a sandwich maker along with the 2nd runner-up award. Besides this competition, there was a "Healthy Cuisine Competition" among the SSGCWA members based on calories count, flavor, presentation and hygiene, in which Chef Zakir announced Dr. Qurat-ul-

Ain as 1st, Ms. Farhana Nasir, 2nd and Ms. Summera Shaheen, 3rd. It was a pioneering show and the SSGCWA's Organizing Committee had put in tremendous hardwork to make this show a benchmark for successful events at SSGC. ■

SSGCWA involves parents and children for ensuring Child Safety

Sui Southern Gas Company Women Association (SSGCWA) organized a fabulous and colorful event on an important issue of the society that is usually less addressed but needs adequate attention. Child Abuse, according to BBC Pakistan remains a major conduit for child trafficking.

The event entitled “Child Safety Awareness Workshop” was organized by SSGCWA. Ms. Imrana Zuhair Siddiqui was the chief guest at the program that was held on August 30, 2013. In a highly professional yet friendly manner, Ms. Siddiqui imparted huge amount of useful and practical information to the audience. Ms. Asma Butt a certified HR professional and Vice President of SSGCWA also conducted another session with the children. These sessions stressed greatly on pushing for education, creating basic awareness amongst parents and children that will start

the tide of change. The speakers covered a wide array of diverse crimes subjected towards the minors that signified physical as well as mental pain. Pakistan is a country that does little in protecting its young ones from the many horrors of child abuse that they are exposed to, in and around the green pastures, the workshop was informed.

Company executives and employees participated, some with their spouses and children aged between 4-13 who were given special gifts, balloons and chocolates. The workshop was followed by a Q&A session and puppet and juggler show by Ritz Entertainment. ■

'Hepatitis is preventable': EPP underscores the point

An Expert Patients Program was organized by the EPP Medical Services Department on Hepatitis in the Head Office on September 18, 2013. All participants were either earlier treated for Chronic Hepatitis B or C or are currently under treatment. The Program provided awareness about the disease through a comprehensive presentation, highlighting the causes, preventive measures, treatment and follow up of patients with chronic hepatitis.

This was followed by active participation of the patients through questions and answers. Some patients from the audience shared their experiences of diagnosis of disease, treatment phase and the side effects of the treatment.

The take home message was "Hepatitis is preventable and curable". ■

Medical Department holds EPP for hypertensive patients

An EPP was held in the Medical Services Department on September 04, 2013 for hypertensive patients. The purpose of such programs is to make patients become the experts of their own disease, thus ensuring compliance, better understanding and even better health outcomes.

This was the first of a series, where patients were introduced to the terms 'blood pressure, high blood pressure, difference between systolic and diastolic BP etc. The participants were also told about healthy life style, risk factors and means to prevent and control high BP.

To measure the effectiveness of the workshop, patients' knowledge before and after the presentation was assessed through a questionnaire. The outcome of the questionnaire showed significant improvement in the knowledge after

the presentation. Such initiatives play a vital role in employee motivation and development at SSGC and asserts the fact that the Company pays special attention to its employee's well-being. ■

Sukkur's Medical Seminar focuses on symptoms and treatment of Hepatitis

Medical Services Department organized a health awareness program for the benefit of Company executives and employees on Hepatitis at Regional Office Sukkur. Professor of Medicine, Government Ghulam Muhammad Mahar Medical College Sukkur, Dr. Pirbhumal gave an elaborative presentation on this deadly disease.

The doctor explained the two types of Hepatitis i.e. Acute and Chronic and said that Hepatitis 'B' and 'C' are reported very frequently nowadays. He highlighted the major reasons that can lead to Hepatitis, that are repeated use of used syringes and extra-marital affairs and said that the effected pregnant mother can easily transmit the same to her baby before the baby's birth. Describing the main symptoms of this disease the doctor said that one should consult a physician if he / she feels prolonged fever, weakness, yellow colour of eyes and sudden loss of appetite for food. As a precaution the anti-hepatitis vaccination is a must for everyone, the doctor informed. A person suffering from Hepatitis must immediately contact the doctor for timely treatment. At the conclusion

of his presentation, Dr. Pirbhumal replied to various questions raised by the executives and employees of the Company who attended the session in large numbers.

Prior to Dr. Pirbhumal's presentation, Regional Medical Officer Sukkur, Dr. Abdul Jameel Aakhund provided the initial awareness about this disease and said the Medical Department, Sukkur continuously strives to organize such informative sessions on regular basis to keep the Company's employees abreast of latest research developments. In the end Regional Manager Sukkur, Mr. Azeez-ur-Rehman, presented the cultural gift of Ajrak to Dr. Pirbhumal. ■

Benefits of Project Portfolio Management and Analysis underscored

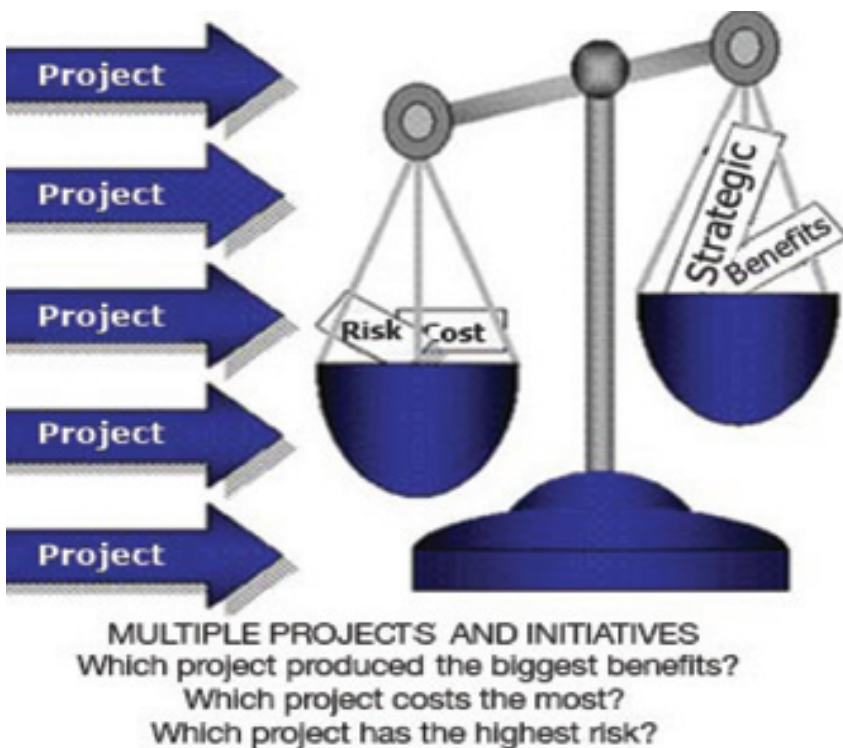

IT Department arranged a five day training session on “Project Portfolio Management” (PPM) which was conducted by Aziz Ahmed Channa (DM-IT) at Gas Training Institute.

PPM is a proven process for improving overall project and organizational performance. It is an approach to project integration that considers all projects as a single portfolio. Projects and investments are balanced in terms of their objectives, benefits, costs, achievements, risks and balanced to achieve the maximum return on investment (ROI). IT department is encouraging all project oriented departments to adopt a more portfolio based approach. PPM allows strategy to be communicated throughout the organization; equipping it to choose and execute those projects that support the strategy and killing those that do not.

Some of the PPM benefits include;

- Reduces project failure rates
- Reduces time to complete projects
- Increases ROI
- Increases strategic alignment of projects with organizational goals
- Provides visibility into projects for senior management.

The training was attended by Engineers of Distribution System Maintenance, Planning and Development, Cathodic Protection and Pipeline Rehabilitation representing all SSGC regions. The trainer demonstrated the automation

of Project Selection, Planning, Execution, Monitoring and Controlling processes using IBM's Rational Focal

Point and Rational Team Concert applications. ■

Workshop: Overcoming stage fright

A new survey conducted by Newspoll for training website Reasontospeak.com has found that 23% of people rate public speaking as their greatest fear, just behind death itself, which was nominated as the great fear by 27% of the 1,206 respondents.

Determined to remove apprehensions associated with public speaking, GTI Hyderabad arranged a workshop on 'Presentation Skills - The Art of Public Speaking' which was conducted by Syed Imran Ahmed, DCM (CCD). The workshop was held at GTI Hyderabad on August 27, 2013. The session was unique more so because the majority of the participants had never given a presentation in public and the challenge before the instructor was to train them ways to remove the much dreaded stage fright. After briefly dwelling on the theoretical aspects of public speaking with emphasis on 'Dos' and 'Don'ts', the trainer called each participant in front of the class to giving a 5-minute long presentation either through power point or extempore. Despite the fact that most participants had very little exposure of public speaking, most showed admirable confidence. The trainer, however, pinpointed grey areas for further improvement and stressed that only through constant practice can one master the art of public speaking.

Dilbar Mahar, Incharge CFC (State Life Building, Hyderabad) presented certificates to the participants along with Mr. Ahmed, at the conclusion of the session. Danish Malik, Incharge GTI Hyderabad and Rizwanullah, Executive were also present at the certificate distribution ceremony. ■

GTI holds training for Sukkur's non-executive staff

A two-day training session entitled "Communication Skills for Subordinate Staff" was arranged by GTI Hyderabad for the employees of Sukkur Region. Trainer

Aijaz Ahmed, DCM (IR-Hyderabad) encouraged the participants to perform different activities during training to make it more fruitful and informative. ■

Sania Ashraf D/o Mohammad Ashraf Khatri (Deputy Manager CRD Hyderabad) secured 72% marks in her Class 1 Final Examinations from Ghouri Children Elementary School, Hyderabad.

Mohammad Anas
S/o Mohammad Ayub (Area Supervisor CRD) secured 4th position all over Karachi in his matric board exams.

Hamna Shahid D/o Mohammad Shahid (DCE GIS IT Department) secured 1st Position acquiring 96% marks in her Class 3 Annual Examinations 2013 from Beacon House School System, Karachi.

Abdul Sami
S/o Tufail Ahmed Pirzado (Distribution Department Larkana) secured A Grade in SSC-II Board of Intermediate and Secondary School Education Larkana exams 2013.

Abdul Mateen S/o Tufail Ahmed Pirzado (Distribution Department Larkana) Secured A-1 Grade in his SSC II Board of Intermediate and Secondary School Education Larkana exams 2013.

Kabeer Ali S/o Ali Akhtar Tunio (Regional Office, Larkana) secured A-1 Grade obtaining 85.6% marks in his KG Examination 2013.

Shahzeeb Ali S/o Riazullah Seehear (Deputy Manager SS, Sukkur) Secured A-1 Grade in HSC Annual Examination 2013 in Pre Engineering from Public School Sukkur.

Rubab Irshad
D/o Riazullah Seehear (Deputy Manager SS, Sukkur) secured A-1 Grade in her HCS Annual Examination 2013 in Pre-Engineering from Public School Sukkur .

Masood ur Rehman Arbani S/o Lutuf-ur-Rehman Arbani (Engineer Rehabilitation East Region Site Karachi) secured A-1 Grade obtaining 84.64% marks in his HSC Part II Examinations 2013.

Moomal Kolhi
D/o Dheero Mal (Executive Billing) secured A-1 Grade in her Class 10 Examinations from Govt. High School Kot Mirs District Mirpurkhas.

Kashif Ali S/o Piyar Ali Khoso (Sr Meter Reader Zonal office Mehar) secured 78.82% obtaining A grade in SSC II annual examination 2013 from Board of Intermediate and Secondary Education Larkana.

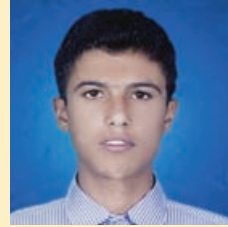

Jameel Ahmed
S/o Mehboob Ali (Clerk Zonal Office, Mehar) secured 76% marks in his SSC-II annual examinations 2013 from Board of Intermediate and Secondary Education, Larkana.

Shafique Ahmed S/o
Rafique Ahmed
(Distribution
Department) secured
84.59% marks
obtaining A-1 Grade in
his SSCII Exams 2013
from Board of
Intermediate and
Secondary Education,
Larkana.

Laresh Anand S/o
Tethaanandlasi
secured First Position
in his clas IX Class
Annual Examination
2013 from St Patricks
Technical School,
Karachi.

**Syed Mahmood Ali
Shah S/o Syed Qurban
Ali Shah** (Sr Accounts
Superintendent Sukkur)
secured A-1 grade in
his matriculation
examination 2013 from
Board of Intermediate
and Secondary
Education, Sukkur.

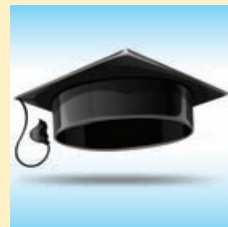

Rameen Munir D/o
Munir Khan Yousuf,
Secretary to SGM
(Distribution South)
achieved A Grade in
her BSE Examination
from Herald Citi
School, Karachi.

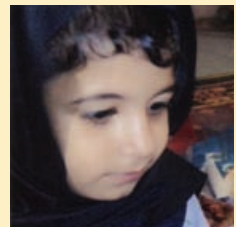

Syed Ali Azaz S/o
Syed Ali Qaisar Naqvi,
Sr. Driver (Admin-
Head Office) achieved
A Grade in his BSE
Examination from The
Educators' Secondary
School, Karachi.

Sahim Siddiq
S/o M. Sohail Siddiq
(CRD) passed his KG-
2 exams, securing
first position from Lal
Qila Grammar School.

Amna Noor D/o Noor
Hussain Abbasi
(Senior Electrician KT)
secured A Grade in
her SSC Examination
2013 obtaining 620
marks out of 850.

Rimsha Fayyaz D/o
Fayyaz Ahmed
(Gulshan Zone)
performed fast for the
first time during the
last Ramadan. She is
only 6 years of age.

The Global Energy Roundup

The energy sector moves at a fast pace. Energy sector arguably being the most crucial sector of the world we live in today, from the clothes we wear to the potatoes we buy, all directly or indirectly are effected by the developments made in the energy sector. Alliances, pacts, deals, discoveries, diplomatic relationships and specially globalization around the word affect not only particular countries or regions but have consequences and effects all around the world.

Energy roundup highlights from various international and national sources for the month of September are given below:

- India to continue importing Iranian oil despite U.S.-led sanctions: India's Minister of Petroleum and Natural Gas M. Veerappa Moily says his country will continue to import crude oil from Iran despite illegal U.S.-engineered embargoes against the Islamic Republic's oil and financial sectors."As far as Iran is concerned, there are a lot of constraints, but at the same time, within the constraints, we are importing the oil from Iran," he told reporters after a meeting with Japanese oil ministry officials in Tokyo." In a letter to Indian Prime Minister Manmohan Singh on August 30, Moily wrote that crude oil imports from Iran will save his India over USD 8.5 billion in hard currency.
- An additional import of 11 Million tons during 2013-14 would result in reduction in forex outflow by USD 8.47 billion," the Indian Oil Minister said. India's oil shipments from Iran are estimated to rise to 4 million tons in the current fiscal year.
- China and S. Korea to invest in Iran's \$1.5b oil project: Chinese oil company, Sinopec, and a South Korean company have finalized a deal with Iran to invest

in a project, worth \$1.5 billion, to revamp Iran's Esfahan Oil Refinery. The name of the South Korean company has not been revealed. The project is aimed to boost the refinery's gasoline and diesel fuel production capacity. The foreign companies have also been negotiating with Iran for launching other similar project in Abadan Refinery. In April, the Mehr News Agency quoted Managing Director of National Iranian Oil Engineering and Construction Company, Farhad Ahmadi, as saying that Chinese financiers will participate in Iran's Abadan Refinery development project. The project is estimated to cost \$2.6 billion, he said, adding that 85 % of the fund will be secured by the Chinese side.

- China, Russia agree on terms of multi-billion dollar gas deal: The long-awaited major gas contract between Russia and China is close to being sealed. The nations' energy corporations signed a string of agreements on energy cooperation. The signings took place after President Vladimir Putin and his Chinese counterpart Xi Jinping met at the

G20 Summit in St. Petersburg. (Russia's Gazprom and the China National Petroleum Corporation (CNPC) signed basic conditions for the long-term deal. Russia will supply at least 38 billion cubic meters of gas per year to China, Gazprom said in a press release. The agreement terms cover the start date and volume of gas deliveries, the take-or-pay level, the amount of guaranteed payments, and the gas transfer point. However, the companies didn't specify a solution to the main stumbling block - the issue of price). Gazprom reported that the deal is expected to be finalized by the start of 2014. The project also envisages the construction of a new Russian pipeline to China by 2018. The two sides have consistently failed to agree on the issue of price for years, prompting China to sign massive gas deals with other exporting nations including Australia, Qatar, and Turkmenistan, RIA Novosti reported.

- China to become Russia's biggest oil client: The desire for Russia and China to boost trading ties is making China

Russia's priority market, as European demand for Russian oil decreases. Russian state-owned oil major Rosneft is tripling supplies to China to 1 million Barrels a day. China is increasingly becoming Russia's priority market, with Moscow looking to further boost ties, as European demand for Russian oil decreases. A package of energy deals have been signed in Moscow on Friday, as the new Chinese leader Xi Jinping is visiting Russia to discuss developing cooperation with President Vladimir Putin. Rosneft agreed to increase exports to China by an additional 31 million tonnes over the next 25 years. The final documents binding the exports of Russian Oil will be signed soon, the company's head, Igor Sechin said. "We have agreed to gradually increase supplies from 800 thousand additional tonnes to 31 million tonnes," Sechin said, adding that Chinese company Sinopec had offered to join the Sakhalin-3 project and that negotiations on the matter may conclude soon. The oil agreement may involve up to \$30 billion in loans for Rosneft, which needs

the money to cover the purchase of British-Russian TNK-BP for \$55 billion, after closing the deal.

- Solar energy repackaged for the mass market : Unlocking the mass market potential for do-it-yourself power generation may be possible with the help of several ideas being drawn up by researchers at KTH in collaboration with a design group. A mobile app, a solar garden shed, a self-generation start-up kit and a video are among the concepts that can be developed into products, services or communications to attract consumers to the idea of making and storing their own energy. A garden shed with solar panels offers a consumer-friendly way to begin generating power at home. (Illustration: No Picnic Design) TeoEnlund, a researcher and industrial designer at KTH is one of those working with the "User-friendly local electricity production" project, which is a part of the Green Leap initiative. Where "save the planet" was once the marketing pitch for solar energy, Enlund says the team's ideas build on a more immediate appeal

to the consumer - self-generation is a way to get free electricity. "What you pay in the form of utility bills you pay on the solar cells instead," he says. The panels typically pay for themselves in 10 years; and after that - "You have free electricity," he says. "When the solar panels come with a warranty of 25 years, it means 15 years of free electricity." An All-in-One Starter Kit could simplify the task of setting up solar panels. One way the project seeks to encourage adoption is with hassle-free installation propositions. The solar garden shed, for example, can be used when one's roof is not suitable for solar panels. These can also be designed to bypass typical municipal building codes, so the consumer could install it without seeking permits. Aside from actual obstacles, adoption is also discouraged by imagined ones.

Note: The write-up uses various third party news sources from reputed global publications.

10 interesting facts about the "Human Heart"

1. The average adult heart beats 72 times a minute; 100,000 times a day; 3,600,000 times a year; and 2.5 billion times during a lifetime.
2. Though weighing only 11 ounces on average, a healthy heart pumps 2,000 gallons of blood through 60,000 miles of blood vessels each day.
3. The volume of blood pumped by the heart can vary over a wide range, from 5 to 30 liters per minute.
4. Every day, the heart creates enough energy to drive a truck 20 miles. In a lifetime, that is equivalent to driving to the moon and back.
5. The heart pumps blood to almost

- all of the body's 75 trillion cells. Only the corneas receive no blood supply.
6. During an average lifetime, the heart will pump nearly 1.5 million

barrels of blood-enough to fill 200 train tank cars.

7. 5% of blood is supplied to the heart, 15-20% goes to the brain and central nervous system, and 22% goes to the kidneys.
8. The "thump-thump" of a heartbeat is the sound made by the four valves of the heart closing.
9. The heart begins beating at four weeks after conception and does not stop until death.
10. Grab tennis ball and squeeze it tightly, that's how hard the beating heart works to pump blood.

ملیر کے دیہات کو گیس فراہمی کا سنگ بنیاد

انجینئر (مینیجمنٹس) اور سید عرفان جعفری صدر سوئی سدرن گیس آفیسرز ایسوسی ایشن شامل تھے۔ اپنے خطاب میں وزیر محترم نے سوئی سدرن گیس سے کہا کہ وہ منصوبے کو ایک ماہ کی مدت میں تیزی سے مکمل کریں۔ وزیر مملکت کو اس موقع پر اجرک کا تحفہ پیش کیا گیا۔ ■

کی فراہمی سے محروم تھے۔ تاہم سوئی سدرن نے انکا دیرینہ مطالبہ پورا کر دیا ہے جواب ان کی بڑھتی ہوئی ضروریات کی تکمیل میں معاون ثابت ہوگا۔ مذکورہ بالا منصوبوں میں 2.9 کلومیٹر PE پائپ لائن بچھائی جائیگی۔ اس تقریب میں موجود شخصیات میں امین اللہ خان سینئر ایکننگ جنرل میجر (ڈسٹری بیوٹن ساء تھ)، سعید لارک، جنرل میجر (ڈسٹری بیوٹن کراچی ایسٹ) شاکر علیم ایکننگ جنرل میجر (سیلز)، ندیم قیوم چیف

عبدالکیم بلوچ، وزیر مملکت برائے ریلوے نے کراچی میں ڈسٹرکٹ ملیر میں واقع کئی دیہات کو گیس کی فراہمی کے منصوبے کا سنگ بنیاد رکھا۔ یہ تقریب 18 ستمبر 2013 کو منعقد ہوئی۔ کمپنی کے ڈسٹری بیوٹن منصوبے کے حصے کے طور پر جن دیہات کو گیس فراہم کی جائیگی ان میں حاجی فقیر محمد گوٹھ، حاجی پیرل باغ اور حاجی فقیر محمد باغ بن قاسم ٹاؤن کراچی شامل ہیں۔ دو دروازہ ہونے کے باعث یہ دیہات اب تک گیس

سوئی سدرن گیس کمپنی کی جانب سے جھل مگسی کے علاقے میں 2,000 سیلاب متاثرہ خاندانوں میں راشن کی تقسیم

قدرتی آفات کے نتیجے میں ہونے والی بحالی کی قومی نوعیت کی کوششوں میں سوئی سدرن گیس کمپنی ہمیشہ پیش پیش رہی ہے۔ حال ہی میں سندھ اور بلوچستان میں تیز بارشوں کے بعد آنے والی سیلابی تباہی سے متاثرہ افراد کی بحالی کے سلسلے میں کمپنی نے کوششوں کا آغاز کرتے ہوئے خوراک سے لے کر 6 ٹرک فوری طور پر بلوچستان کے متاثرہ علاقوں کے خاندانوں کیلئے روانہ کئے۔

کمپنی کے مینجنگ ڈائریکٹر زبیر صدیقی کی خصوصی ہدایت پر سوئی سدرن نے 2000 خاندانوں کیلئے مکمل راشن خریدا۔ ہر فیملی پیک میں شکر، چائے، کونگ آئل، دالیں، نمک، مرچ، چاول، کھجوریں، بھنے ہوئے چنے، موم بتیاں، پلاسٹک کے قھیلے اور ماچس وغیرہ شامل تھے۔ ہر پیک کا اوسط وزن 14 کلو کے قریب تھا۔

مینجنگ ڈائریکٹر زبیر صدیقی نے سیلاب سے متاثرہ علاقوں کو ان ٹرکوں کی روانگی کے موقع پر میڈیا سے بات کرتے ہوئے کہا، ”ہمارا بطور ذمہ دار کارپوریٹ شہری یہ فرض ہے کہ ہم آگے آئیں اور اپنے متاثرہ بھائیوں کی مدد کریں۔ ہم ماضی میں بھی سیلاب اور دوسری قومی نوعیت کی آفات کے موقع پر اسی طرح مدد کرتے رہے ہیں“۔ طارق منور ڈپٹی جنرل میجر انچارج (ایڈمنسٹریٹو سروسز) نے میڈیا کو بتایا کہ سیلاب متاثرین کی امداد کے سامان کی مالیت 4 ملین روپے ہے۔ ■

سندھ میں گیس چوری کے 34 کیسز کا انکشاف

علاقوں میں جہاں گیس چوری عام ہے، بلیک میٹر لگا رکھے ہیں تاکہ مناسب ریکارڈنگ سسٹم کے ذریعے گیس کے ضائع ہونے والی مقدار کا اندازہ لگایا جاسکے۔ پوائف جی سے کمپنی کے نفع پر بہت برا اثر پڑتا ہے کیونکہ پوائف جی کی مد میں ایک فیصد اضافے کے باعث کمپنی کو منافع میں 1.3 بلین روپے کا جرمانہ ادا کرنا پڑتا ہے۔ ■

جولائی اور اگست 2013 میں 80 سے زیادہ کسٹمرز کو گیس چوری اور میٹر میں گڑبڑ کرنے پر پکڑا گیا۔ ان سرگرمیوں کے باعث یہ لوگ کمپنی کی 39.88 فیٹ ملیں کیوبک گیس کے نقصان کا باعث بنے۔ مزید برآں ان افراد کے خلاف 31.26 ملین روپے کی وصولی کیلئے مقدمات بھی قائم کئے گئے۔ گیس کے غیر قانونی استعمال کا پتہ لگانے کی غرض سے کمپنی نے ان

سوئی سدرن گیس نے کراچی اور سندھ کے دیگر شہروں میں گیس چوری کے خلاف اپنی مہم کو تیز کر دیا ہے۔ گزشتہ دو ماہ کے دوران کمپنی نے گیس چوری کے 34 کیسز کا سراغ لگایا ہے جن میں صنعتی اور کمرشل صارفین شامل ہیں جنہیں کمپنی کی مین گیس لائن سے براہ راست گیس چوری کرتے ہوئے پکڑا گیا۔ پوائف جی میں اضافے کی سب سے بڑی وجہ گیس چوری ہے۔

سرکاری ٹاؤن میں غیر قانونی گیس کے استعمال پر چھاپہ

کسٹمر ریلیشن ڈیپارٹمنٹ کی ٹاسک فورس نے سرکاری ٹاؤن میں ایک چھاپے کے دوران گیس کے غیر قانونی استعمال میں ملوث افراد کے تقریباً 200 گیس کنکشن منقطع کر دیئے۔ علاقے کے کمین بغیر میٹر کے کمپنی کی ڈسٹری بیوٹن لائن سے براہ راست گیس حاصل کرتے ہوئے پائے گئے۔ اس طرح استعمال ہونے والی گیس کا مالی تخمینہ تقریباً 5 ملین روپے سالانہ بنتا ہے۔

باوثوق ذرائع کی اطلاع پر کمپنی کی ٹاسک فورس نے سرکاری ٹاؤن میں واقع کے ڈی اے فلیٹس فیز II اور گلشن شہباز پر چھاپہ مارا۔ ٹاسک فورس نے گیس بلوں کی عدم ادائیگی پر مذکورہ غیر قانونی کنکشنز کو فوری طور پر منقطع کر دیا۔

آپریشن کی تکمیل کے بعد ٹاسک فورس سی آر ڈی کے ڈپٹی منیجر نواب علی شاہ نے موقع پر جمع ہوجانے والے مکینوں سے درخواست کی کہ وہ فوری طور پر اپنے واجبات ادا کریں تاکہ انکے گیس کنکشنز بحال کئے جاسکیں۔ انہوں نے صارفین کی جانب سے گیس بل باقاعدگی سے جمع نہ کرائے جانے پر سوئی سدرن کو درپیش مسائل سے آگاہ کیا۔ اس دوران کمپنی کے سیکورٹی سروسز ڈیپارٹمنٹ نے ٹاسک فورس کو تحفظ فراہم کیا۔ ■

گلاس فیکٹری گیس کے غیر قانونی استعمال میں ملوث

ٹیم اس مقام تک پہنچ گئی جہاں سے براہ راست گیس حاصل کی جا رہی تھی۔ ذمہ داران اپنی بیٹیوں، جزیئرز اور دوسری مشینری کو چلانے کیلئے براہ راست گیس چوری کر رہے تھے جس سے کمپنی کو سالانہ 1.5 ملین روپے کا نقصان ہو رہا تھا۔ ٹیم نے کھلے عام گیس چوری پکڑنے کے بعد سروس لائن ختم کر کے کامیابی سے براہ راست کنکشن ختم کر دیا۔ یہاں یہ بات قابل ذکر ہے کہ اس کسٹمر کا کنکشن 2009 میں کاٹ دیا گیا تھا۔ تاہم سے بعد ازاں کسٹمر نے پائپ لائن سے براہ راست گیس حاصل کرنا شروع کر دیا۔

بشکریہ: ایس اینڈ ایم ڈی پارٹنمنٹ

سوئی سدرن گیس کے ایس اینڈ ایم ڈی پارٹنمنٹ نے گیس چوری میں ملوث صنعتی اور کمرشل صارفین کے خلاف باقاعدہ کارروائی کے ذریعے گیس چوری پر قابو پانے کیلئے اپنی کوششوں کو تیز کر دیا ہے۔ باوثوق ذرائع سے ملنے والی اطلاعات کی بنیاد پر ایس اینڈ ایم ٹیم نے منگھوپیر کے علاقے امین آباد میں واقع گلاس فیکٹری پر چھاپہ مارا۔ ٹیم کو معلوم ہوا تھا کہ کسٹمر نے زیر زمین پرانی منقطع شدہ سروس لائن سے براہ راست 2 انچ قطر کا غیر قانونی کنکشن لے رکھا ہے۔ جو نئی ٹیم عمارت میں داخل ہوئی اس نے براہ راست لائن سے شیشہ پگھلانے کی بیٹیوں کو فراہم کی جانیوالی لائن کی نشاندہی کر دی۔ اس لائن کی مدد سے سوئی سدرن گیس کی

کوئٹہ ڈسٹری بیوشن کی جانب سے سریاب کالونی اور دیگر آبادیوں میں چھاپے

سوئی سدرن گیس کی یو ایف جی اور گیس چوری کے خلاف جاری مہم کے سلسلے میں کوئٹہ ڈسٹری بیوشن ایمرجنسی ٹیم نے انور بلوچ زونل مینیجر کوئٹہ کی نگرانی میں اور مینیجمنٹس ٹیم کے ہمراہ 23 جولائی 2013 کو ایسٹرن بائی پاس روڈ پر چھاپہ مارا۔ محمد یونس ویلڈنگ سپروائزر اور رضوان الدین سینئر ہیلپر بھی انور بلوچ کے ہمراہ تھے۔

ٹیم نے دیکھا کہ جلال آباد گلی نمبر 4 کے رہائشی علاقے میں ایک بند سروس والو کے قریب خاصی مقدار میں گیس خارج ہو رہی تھی۔ کھدائی کرنے پر معلوم ہوا کہ ملزمان نے کمپنی کی 2 انچ قطر کی پائپ لائن میں سوراخ کر کے کلیپ لگا رکھا تھا جہاں سے غیر قانونی طور پر گیس براہ راست چوری کی جا رہی تھی۔ ٹیم نے فوراً کلیپ ہٹا کر سوراخ والے پائپ کی مرمت کر دی۔

ٹاپ شیف مقابلہ۔ لذیذ کھانے پکانے کا ایک مزیدار موقع

سوئی سدرن گیس کمپنی وومن ایسوسی ایشن نے ”ہم مصالحتی وی“ کے اشتراک سے 13 ستمبر 2013 کو کمپنی کے نمبر ایک شیف کی تلاش کی غرض سے کھانے پکانے کے ایک بڑے مقابلے کا اہتمام کیا۔ اس انوکھی سوچ کے پیچھے ڈاکٹر شہلا نقوی، صدر اور مس اسما بٹ نائب صدر ایس ایس جی سی ڈبلیو اے کے ذہن کا رفرما تھے۔

اس مقابلے کا مقصد سوئی سدرن کے افسران اور ملازمین کا کھانا پکانے اور اسے پیش کرنے کی اپنی پوشیدہ صلاحیتوں کے اظہار کیلئے پلیٹ فارم کی فراہمی تھا۔

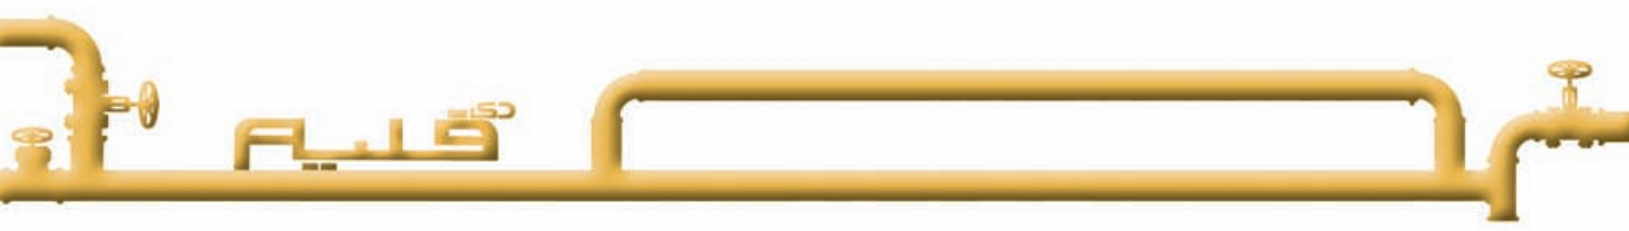

مصالحتی وی کے مشہور شیف ڈاکٹر قریشی اور شیف زرناک سدھوا اس موقع پر جج تھے، جنہوں نے مقابلے کے شرکاء اور حاضرین کو ہم ٹیس بھی دیں۔

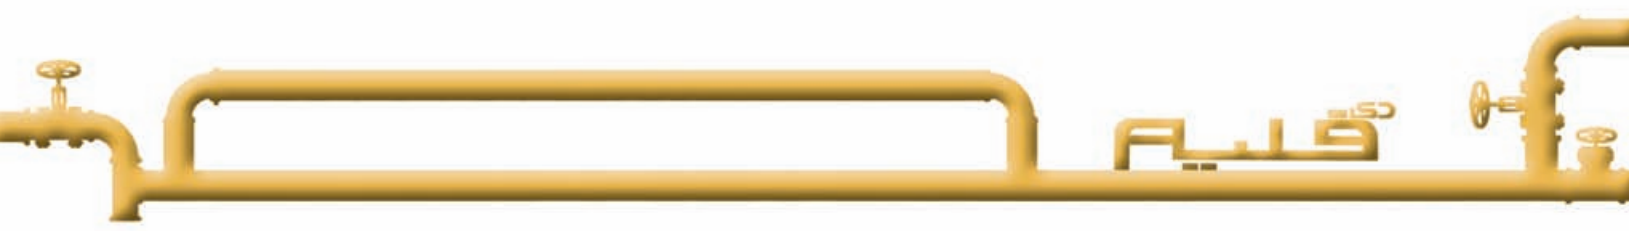

اس تقریب کے میزبان سی سی ڈی کے محمد علی گوہر تھے جنہوں نے اس پروگرام کے انعقاد کو کافی دلچسپ بنایا۔ جو شرکاء ٹاپ شیف کیلئے مخصوص باورچی خانے میں آئے، ان میں شافعہ اختر، ڈاکٹر شہلا انصاری، شاہدہ نعمان، شائلہ بیگ، بین البصرا، سید عمران احمد، فیاض علی زیدی، شادہ محمد حسنی، زہیر احمد فضلانی اور ڈاکٹر عافیتا قاضی شامل تھیں۔ شرکاء کو اپنی بہترین ڈش تیار کرنے کیلئے ایک گھنٹے کا وقت دیا گیا۔ ججز نے سب شرکاء کو کھانے کے معیار، ٹائم مینجمنٹ، طریقہ کار اور پریزینٹیشن کی کاوشوں پر جانچا۔ ججز نے شرکاء سے ان کی ڈشز کے انتخاب کے بارے میں سوالات بھی کئے اور اپنی ماہرانہ رائے دی۔ کوکنگ سیشن کے دوران بڑی تعداد میں موجود حاضرین نے مختلف گانوں پر ڈانس پر فرمائش اور ٹرانسمیشن کی روزیہ انداز اور آئی ٹی ڈپارٹمنٹ کے راشد احمد کے مزاحیہ خاکوں کا بھر

دیا گیا۔ انہیں مصالحتی وی کے لائیو پروگرام میں شرکت اور ٹرافی کے علاوہ دینی کارٹون ٹکٹ انعام میں دیا گیا۔ ایچ ایس ای ڈپارٹمنٹ کی ڈاکٹر عافیتا قاضی دوئم پوزیشن جنہیں رزپ ٹرافی کے علاوہ مائیکرو ویو ڈائن انعام میں دیا گیا۔ سکیورٹی ڈپارٹمنٹ کی سبین البصرا سوئم پوزیشن سیکنڈ رزپ ٹرافی کے علاوہ سینڈویچ میکس انعام میں دیا گیا۔ اس مقابلے کے علاوہ سوئی سدرن گیس کمپنی وومن ایسوسی ایشن کے درمیان صحت بخش پکوان کا مقابلہ بھی ہوا، جس میں کیلوریز کی تعداد، ذائقے پر پریزینٹیشن اور ہائجین کو بنایا گیا تھا۔ شیف ڈاکٹر نے ڈاکٹر قریشی کو اول، فرحانہ ناصر کو دوئم اور سمیرا شاہین کو سوئم قرار دیا۔ سوئی سدرن گیس کمپنی وومن ایسوسی ایشن کی آرگنائزنگ کمیٹی نے اس پروگرام کو سوئی سدرن کے کامیاب پروگراموں میں ایک مثالی پروگرام بنانے کیلئے انتھک محنت کی۔

پور لطف اٹھایا۔ سکیورٹی ڈپارٹمنٹ کے محسن رضا اور آئی ٹی کے راشد محمود نے حاضرین کو اپنی سریلی آواز کے جادو سے مسحور کیا۔ حاضرین کے درمیان مختلف مقابلوں جیسے کیلے کھانے کا مقابلہ، آلو چھیلنے کا مقابلہ، زیادہ کھانوں کے نام اور ڈبٹی آزمائش کے مقابلوں سے بھی حاضرین بے حد لطف اندوز ہوئے۔ اس پروگرام میں عمدہ پکوان، میوزک، ڈبٹی آزمائش، انعامات، لکی ڈرا، پرفارمنس، مزاحیہ خاکے اور سوال و جواب کے سیشن ہوئے۔ کوکنگ کے اختتام کے بعد تمام شرکاء اپنی ڈشیں ڈائننگ ہال میں لے آئے جہاں میز کو نہایت متاثر کن فلوئنگ کینڈلز کی مدد سے سجایا گیا تھا۔ شیف ڈاکٹر اور شیف زرناک نے مقابلے کے شرکاء سے مختلف سوالات کئے اور ان کی ڈشز کا معائنہ کیا۔ میئر بلز اینڈ انوینٹری مینجمنٹ ڈپارٹمنٹ کی شائلہ بیگ سوئی سدرن گیس کی ٹاپ شیف قرار

سوئی سدرن گیس کمپنی وومن ایسوسی ایشن کی جانب سے بچوں کے تحفظ پر آگاہی ورکشاپ

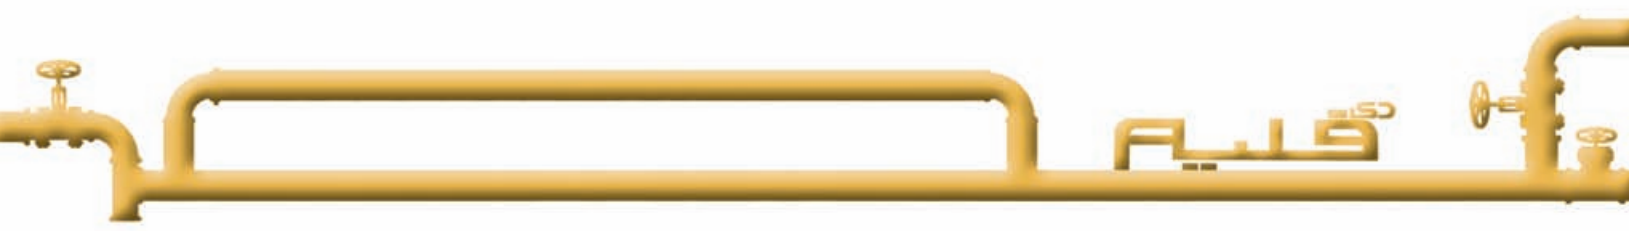

سوئی سدرن گیس کمپنی وومن ایسوسی ایشن نے معاشرے کے ایک اہم مسئلے، جس پر عام طور پر کم ہی توجہ دی جاتی ہے پر ایک اچھوتی اور رنگ رنگ تقریب کا انعقاد کیا۔ بی بی سی کے مطابق پاکستان میں بچوں کے ساتھ زیادتی اور بچوں کی اسمگلنگ کی شرح بہت زیادہ ہے۔

مذکورہ تقریب جس کا عنوان ”بچوں کے تحفظ پر آگاہی ورکشاپ“ تھا، کا اہتمام SSGCWA نے کیا۔ 30 اگست 2013 کو منعقد ہوا اس پروگرام کی مہمان خصوصی مسز عمرانہ زہیر صدیقی تھیں۔ جنہوں نے نہایت پیشہ ورانہ لیکن دوستانہ انداز میں سامعین سے بے حد کارآمد اور عملی معلومات کا تبادلہ کیا۔

مس اسماء بٹ جو کہ سند یافتہ ایچ آر پروفیشنل ہونے کے ساتھ ساتھ SSGCWA کی نائب صدر بھی ہیں، نے بچوں کے ساتھ مینڈنگز بھی کیں۔ ان مینڈنگز کا بنیادی مقصد بچوں اور والدین میں تعلیم اور بنیادی آگاہی کی اہمیت پر زور دینا تھا جس کی مدد سے تہدیل کی عمل شروع ہوگا۔ مقررین نے بچوں سے متعلق مختلف قسم کے جرائم کی ایک طویل فہرست پر روشنی ڈالی جو نہ صرف بچوں کی جسمانی بلکہ ذہنی اذیت کا باعث بھی بنتی ہے۔

کمپنی کے تمام ایگزیکٹوز اور ملازمین کو اسکے اہل خانہ اور 13 تا 4 سال کے بچوں کے ہمراہ مدعو کیا گیا تھا۔ بچوں کو خصوصی تحائف، غبارے اور چاکلیٹ دی گئیں۔ ورکشاپ کے آخر میں سوال جواب کا سلسلہ اور رٹنر انٹرمیٹ کی جانب سے پیٹ اور جگر شوکا اہتمام بھی کیا گیا تھا۔ ■

بکرا اور عید

آئی ہے بقرہ عید اب دل کو سنہالیئے
جو کچھ جمع شدہ ہے وہ سب کچھ نکالئے

جبراً جو خود کو توڑ کر پیسے کئے جمع
وہ سب قصائیوں کی جیبوں میں ڈالئے

کرتے رہیں ہیں تو ہم قربانی پورے سال
انسانیت کے نام پر اُس کو بچائیے

ہے ہر طرف نظروں میں اب چاڑ اور مٹھریاں
منڈی کے مالکان سے خود کو بچائیے

ہے جانور جوتیں 30 کا طے گا وہ اسی 80 کا
بچالے جو ہارٹ ایک سے گولی وہ کھائیے

لایا ہے ہر کوئی یہاں کمزور جانور
لُسن اور چارا چھوڑ کر ونامنر کھائیے

ان پیسوں میں ملے گا کہاں بکرا بگڑا سا
اچھا بہانہ سوچ کر سب کو بنائیے

راجیل کی گائے آگنی جمع لگا وہاں
جلدی سے دُنبہ لائیے عزت بچائیے

ایسا نہ ہو کہ ریچ میں آئے نہ جانور
اک حصہ نو 9 ہزار کا مسجد میں ڈالئے

راشد کی انتہا ہے اب ہر اک قصاب سے
لوگوں کو چھوڑیں لُٹنا جائز کمائیے
