Parliamentarians meet SSGC management to discuss gas-related issues

Mr. Abid Saeed

Ch. Bilal Virk

Mr. Irfan Zafar

Mr. Shoaib Warsi

Dr. Ijaz Ahmed

The National Assembly Standing Committee on Petroleum and Natural Resources (P&NR) under the Chairmanship of Ch. Bilal Ahmed Virk held a meeting with the SSGC management on February 18, 2014 at the Company's head office Board Room.

Among the other MNAs present were Rana Mohammad Ishaq Khan, Rasheed Ahmed Khan, Rana Afzal Hussain, Chaudry Khalid Javed

Warraich, Malik Ihtebat Khan, Tariq Fazal Chaudry, Shehryar Afridi, Abdul Waseem and Pir Bux Junejo. Abid Saeed, Secretary, P&NR and Shahzadi Umerzadi Tiwana, Parliamentary Secretary (P&NR) also participated in the meeting.

The main feature of the meeting was a comprehensive presentation delivered by SSGC's Irfan Zafar, SGM/Incharge (Operations) that dilated on the Company gas supply sources, status of transmission and

distribution projects, promotion policy and special initiatives taken in the area of Information Technology. Fasih Azhar, GM (HR) joined SGM (Operations) in explaining the province-wise details of all types of recruitment during the last five years and evaluation tools fixed for different cadres as part of the Company's promotion policy.

Also came under discussion were issues of gas shortages in winter. ▶

CSR Excellence Award 11

Clarifications – February 2014 Issue

- On Page 14 in an article entitled 'Questions stakeholders commonly ask', in the reply to Question #5 (What is the current (2013) and previous slab structure (1996)?), the word 'million' was inadvertently mentioned for each of the 3 different slabs of consumption.

Information should therefore be read as:

- Upto 100 M3 per month
- Upto 300 M3 per month
- Over 300 M3 per month
- On Page 19 in a news item entitled 'Get a grip on your cholesterol levels', the photo caption 'Dr. Irfan Pathan' should have read as 'Dr. Asad Pathan'. In the article, however, the correct name of the doctor has been mentioned.
- In the 5th line of the 3rd paragraph of the article 'Shayar-e-Pakistan - Sehbah Akhtar' in the Urdu section, the name of the poet's wife Ms. Saeeda Akhtar was inadvertently mentioned as 'Saeed Akhtar'.

Errors are regretted. ■

Editor's Note

Pick a book

In February avid readers made a bee line for Karachi Literature Festival, an annual event that provided them with a chance to rub shoulders with local and international authors, politicians, opinion makers and thinkers. If anybody had witnessed a packed to capacity audience on all three days, they could have sworn we are a book loving nation with a knack for dialogue and discussion. However the Festival goers represented only a small portion of our population. Unfortunately Pakistan does not have a thriving book reading culture. Libraries are fast disappearing, political talk shows rule the TV roost and social media has become one of our most convenient forms of communication (read addiction). It's important that if we have to thrive intellectually as a nation as well as improve our mental stimulation, we need to start reading books. ■

Mr. Shehryar Afridi

Ch. Khalid Warraich

Rana Afzal Hussain

Mr. Tariq Fazal Chaudhry

Shoaib Warsi, SGM (Transmission) explained that unplanned construction in urban areas has caused low pressure in certain pockets of localities in Karachi and lower Sindh. The status of anti-gas theft activities being undertaken by the Surveillance and Monitoring (S&M) Department was also discussed in detail. Lt. Colonel (R) Shoaib Ahmed, Dy. General Manager (S&M) gave a summary of losses suffered by the utility due to gas theft committed by non-customers. He said that collaboration with FIA has helped

greatly in lodging FIRs and facilitating the police in making arrests. The parliamentarians and the Company management also discussed the progress of the extension of agreement between JJVL and SSGC with the Legal Department team. Abdul Malik, CFO discussed in detail the Company's current financial performance, dilated on the status of bank loans and L/C facility. Dr. Ejaz Ahmed, ASGM (Customer Services) gave a vivid snapshot of commissioned and on-going gas development schemes of the

parliamentarians of Sindh and Balochistan under Peoples' Work Programme (PWP).

SGM (Operations) also dilated on initiatives successfully taken in the areas of Customer Care and Billing, Geographical Information System, Data Warehousing Analytical Tools and Smart Metering. He added that the Company is planning to install smart meters to find out about drop in pressure, monitor gas sale and purchase to overcome upsurge in UFG and check discrepancies in meter readings. ■

First weld of spur pipeline performed in Zarghun field

The first weld ceremony for the construction of 8" dia x 3.5 km spur pipeline from Well ZS-2 to Central Processing Facility in Zargun Gas Field

was performed on January 21, 2014. The construction project has been assigned to the P&C Department by Mari Petroleum Company Limited.

The first weld was performed in the presence of Abdul Majid Malik, GM (P&C) and Brigadier Salim Mahmood, General Manager, Mari Petroleum Company Ltd. ■

Rising to a challenge LPG team rectifies a major fault

SSGC is operating four LPG Air-Mix (SNG) plants at Gwadar, Surab, Noshki and Kot Ghulam Muhammad.

These plants are operating in areas where laying of gas pipeline is very costly. Moreover, due to the remote locations of these plants, operation and maintenance are difficult exercises. However, SSGC's dedicated team headed by Sohail Khan, DGM (LPG) fearlessly travels regularly to these volatile areas to ensure that these plants are run efficiently.

Recently an incident occurred at LPG Air-Mix Plant in Noshki, Balochistan due to a fault in Vaporizing Unit, thus forcing the closure of the plant.

Aminullah Khan, SGM (Distribution-South) dashed to Noshki Plant to oversee the situation.

The team headed by DGM (LPG) spent nine days at the plant in extremely cold weather and

satisfactorily repaired the heat exchanger/vaporizing unit and made the plant operational.

In monetary terms, the team's effort saved around Rs. 7 to 10 million. At the same time, this timely

initiative saved a period of 6 to 8 months, required for importing vaporizing unit. ■

Distribution team commissions meter station for separate sale-purchase recording

In order to ensure effective operational controls, Distribution Karachi was segregated into three regions, i.e. Western, Central and Eastern regions. However due to integrated supply main pipeline system, UFG is computed as a whole for entire Karachi and could not be separated as region-wise. To fulfill management's commitment for transparency in operational activities and accountability of each region, Gas Purchase and Sale has to be separately recorded to enable the determination of UFG for each region. The Eastern Region was first to be segregated which made it possible for the region's UFG to be

calculated separately.

On February 16, 2014, a Meter Station on 24" dia main was fabricated and commissioned near Jam Sadiq Bridge in Korangi Industrial Area to measure the entire gas going out of the Eastern to Central Region. This large installation is composed of filtering elements and measuring facility. It has a 4 meter run designed to cater to the existing and future load of the customers, including the DHA Desalination Plant.

The entire fabrication and commissioning job was completed

by using limited resources of the Distribution Department's Eastern Region. The challenging job was completed dexterously by the Distribution's engineers and technicians under the supervision of Aminullah Khan, SGM (Distribution-South), Saeed Ahmed Larik, DGM/Incharge (Distribution-East) and Nadeem Qayyum, DGM (Distribution-East Region) and Farrukh Kamal, DCE (Distribution). It would be appropriate also to praise Mirza Javed Baig, Sr. Welding Supervisor who worked tirelessly to ensure a successful segregation job. ■

Quetta Distribution conducts major raids in Kalat Division against UFG; helps improve low pressure situation

On complaints from the residents of Kalat District and en-route villages about low gas pressure, Regional Office Quetta Distribution's Special Task Force conducted major raids in these areas during December 2013. The Task Force led by Mohammad Anwar Baloch, Zonal Manager Quetta, Nadeem Ahmed Bugti, Sub-Zonal Manager Kalat and Shafique, Manager, conducted raids in Killi Malangzai, Killi Kashmir Abad, Killi Mohammad Shahi, Killi Gazagi, Mangochar Cross, Killi Mengal Abad, Killi Chotank, Killi Dawaltzai, Killi Zakriazai, Killi Durakzai and Killi Mahmood Gohram located in Tehsil Mangochar.

The Task Force discovered that 4 inch dia Supply Main and 2 inch dia Distribution Main were punctured. Acting promptly, the team dismantled more than 300 illegal disconnections. Among them more than six hotels, two bakeries, two confectionary concerns and tube wells which were being used to generate electricity for agricultural purposes. All illegal connections were disconnected.

Residents of Kalat and other adjoining areas had been complaining of low gas pressure for quite sometime but due to security reasons, SSGC was unable to send its teams to these localities. That

connections/theft cases were finally disconnected through a grand operation that lasted several days. From December 2, 2013, till date area gas pressure has improved greatly and gas theft cases have reduced.

is when the SSGC Regional Manager Quetta and Zonal Manager Quetta held an urgent meeting with Commissioner of Kalat Division. The Commissioner assured the SSGC team of full security through local law enforcement agencies. Area MPAs and other notables also decided to facilitate the team to conduct survey and organise raids against gas theft in the areas.

With the help of the local MPAs, authorities and area notables, illegal

While the operation was successfully underway, Jam Kamal Khan, Minister for State for Petroleum and Natural Resources and Zuhair Siddiqui, MD, SSGC were on an official tour of Quetta. ZM Quetta briefed the honorable guests about the ongoing operation in killis. They appreciated the efforts of Haroon Rasheed, AGM-D-Balochistan, M. Anwar Baloch and the other members of the Task force team for working proactively to overcome low pressure issues and rising UFG trends. ■

Committed despite risks

Crackdowns on gas theft cases are always fraught with major risks to lives and property of the SSGC teams involved. The Sukkur-based S&M team faced a similar situation on February 13, 2014 when they proceeded to a plastic pipe manufacturing factory located in Dharki, District Ghotki that had been involved in gas theft for a long time. The facility was owned by Ghulam Muhammad alias Mian Iqbal, an ex-MPA. The raid was carried out with the FIA personnel.

The S&M personnel was joined in

the exercise by Iqbal Hussain Chachar, Sub-zonal Manager, Dharki. The Sukkur team comprising of Deputy Managers Sardar Ali Baloch and Munawar Babar, Helper Syed Mujahid Ali Shah and Driver Nazeer Ahmed Shaikh discovered the blatant theft being committed and wasted no time in disconnecting the underground clamps.

A mob instigated by the factory owner arrived on the scene in several vehicles and attacked the raiding party with automatic rifles. One of the attackers aimed at the feet of the Sub-zonal Manager but

fortunately he survived the bullet wounds. The thugs also fired at the S&M vehicle carrying the raiding party but luckily they remained unharmed. The attackers also snatched a gun from one of the policemen providing security to the FIA personnel.

The raiding team faced the situation bravely and immediately reported the serious incident to the local police station that lodged the FIR against the gas theft culprits and attackers. ■

Cantonment Zone acts swiftly

As part of SSGC's ongoing initiative against UFG, Quetta's Cantonment Zone Maintenance team carried out raids against two overhead gas theft cases in the area. Two raids were conducted on February 2 and

February 7, 2014.

The first raid was conducted in Killi Allahabad and the second one was undertaken on Shaikh Umer Road. The domestic customers were found using unmetered gas through rubber

pipes from supply valves. Acting swiftly, the Maintenance Team summarily removed the rubber pipe and welded the supply valves. ■

SSGC undertakes major raid against gas theft in Baldia Town, Karachi

As part of its continuous drive against gas theft, SSGC's Surveillance and Monitoring (S&M) Department along with the FIA team conducted a major raid against direct gas use on Mughal Foods, a popular Nimko (snacks) factory located in Baldia Town, Karachi. SSGC was incurring a loss of Rs. 50 million per annum from these illegal connections which in volume terms translates to a loss of 36 million cubic feet of gas per day.

The SSGC raiding party led by Lt. Colonel (R) Shoaib Ahmed, Dy. General Manager (S&M) conducted a surprise raid on the night of 18th of February and promptly dismantled illegal connections. Although the proprietor Muhammad Yaqoob absconded, FIA lodged FIRs against two employees Tahir

and Irfan who were directly involved in the crime. Since the crackdown, the S&M employees have been receiving threatening calls from the owners of Mughal Foods.

Mughal Foods is already a defaulter of Rs. 2.5 million. However instead

of clearing its dues with SSGC despite reminders, the commercial concern was engaged in consuming gas illegally from the main service line. ■

Task Force cracks down on gas theft in Sohrab Goth

In its endeavours to fight gas theft, SSGC conducted a major raid against direct use of gas in Fancy View Apartment in Sohrab Goth, Karachi, on February 24, 2014.

Working on a tip-off provided by a reliable source, the Task Force of SSGC's Customer Relations Department, led by Nawab Ali Shah, Acting Manager disconnected more than 100 illegal connections installed in the flats. The Task Force discovered that the residents were not only gas bill defaulters but had been blatantly consuming gas illegally through rubber pipes. The team promptly disconnected unmetered connections by removing the rubber pipes and plugging in supply lines. While disconnecting the illegal pipes, a helper got his hand injured due to some electrical fault in the flats.

These illegal connections were resulting in a loss of 5,700 million cubic feet of gas to SSGC, which in monetary terms translates to Rs. 1 million per annum.

Gas theft is one of the primary factors for Unaccounted-for-Gas (UFG) that

has severely impacted the gas utilities' financial bottomline. ■

Progress Report of S&M Department - A snapshot

Head Office CFC and Gulshan Billing Zone relocated

On February 11, 2014 SSGC's Customer Facilitation Center (CFC) and Gulshan Billing Zone, previously located in the Head Office building were shifted to new premises, SSGC Central Region, Aazad Trade Centre, near Civic Centre.

The relocated CFC and billing zone will resolve gas related issues of valued customers residing in all blocks of Gulshan-e-Iqbal, P. I. B. Colony, Al-Hilal Society, Journalist Society, Abbas Town, Maskan Apartment, Azeem Goth, Adjoining areas of Masjid Bait-ul-Mukarram, Hassan Square, Bara Dari Apartment, K. D. A. Officers' Society and Jail Road. Customers of these areas are requested to visit the new premises for solution of their issues. ■

SSGC conferred with CSR Excellence Award

Being a socially responsible corporate citizen, SSGC has a vibrant CSR landscape. The Company regularly invests in various projects related to education, health, environment and community development through solo efforts or collaborations with NGOs and public and private organizations.

SSGC's contribution to society was once again acknowledged on February 20, 2014 when the Company was conferred with a prestigious 'CSR Excellence Award' at the 6th International Summit on Corporate Social Responsibility, organized by National Forum for Environment and Health (NFEH). A large number of organizations who have been proactively involved in CSR projects were also given awards at the ceremony.

Salman A. Siddiqui, CM/Incharge,

Corporate Communication Department (CCD), received the Award on behalf of the Company from Archbishop of Karachi, Father Joseph Coutts.

Muhammad Ali Gohar, DCM (CCD) and Incharge of the CSR unit was

also present at the Awards ceremony. It must be mentioned here that SSGC has won CSR awards many times in the past which is a manifestation of its efforts towards community development. ■

Report by Ed Team

4th surveillance external audit of HSE practices carried out

SSGCL is an OHSAS 18001-2007 and ISO 14001-2004 certified company. As a basic requirement for the standards, Bureau Veritas conducted the Company's 4th external bi-annual Surveillance Audit in coordination with the HSEQA department from January 27, 2014.

Audit of Hyderabad, Dadu and Nawabshah HQs and Meter

Manufacturing Plant were carried out from January 27 to 29 while the audit in the Head Office was carried out on February 3, 2014.

In the external Audit as per ISO-14001 and OHSAS-18001 standards, hazard identification, risk management, legal requirements, training, monitoring, evaluation, internal audit and emergency response plan were

comprehensively taken into account.

At the conclusion, external Auditors met with GM (HSEQA) to report the outcomes of the Audit. As a result of the good HSE Practices, external audit went smoothly and no non-compliance was raised for Head Office. ■

Medical Services organizes check-up of Islamabad-based employees

The Medical Services Department provides extended coverage to the employees and families residing in the vicinity of Rawalpindi and Islamabad outside its franchise areas. There are approximately 100 families living in the area and the Department provides suitable medical coverage to them. There are three hospitals on panel and a LMO is also posted at Islamabad Liaison Office to facilitate SSGC employees based in the twin cities. Moreover, Aga Khan Family Health Care is also providing day-to-day medical care to SSGC patients from Rawalpindi and adjoining areas.

Dr. Munawar Hyat, DGM (Medical Services) recently visited Islamabad to examine patients who have multiple health issues to review their disease status and plan their future treatment. Despite chilly weather, employees turned up in impressive

numbers for a check-up.

was quite encouraging. ■

The feedback from the patients

EPP organized for chronic hepatitis patients

The Medical Services Department conducted an Expert Patients' Program on Hepatitis on January 2014 at Anum Plaza, Karachi. This was the third session out of the four programs chalked out to discuss one of the most common medical conditions.

Company consultant Dr. Nousheen Asim, who is also the team leader for Hepatitis and Chronic Kidney

Diseases (CKD) gave a comprehensive talk on the signs and symptoms, causes, diagnosis and prevention of hepatitis. Dr. Mazhar Ali Kazi, Incharge Site Medical Centre discussed in detail many facets of the condition by using easy to understand terminology and case histories.

The program was attended by patients suffering from chronic

hepatitis. The presentations were followed by a question and answer session. The program concluded with the message, "Together we can beat hepatitis." The participants showed keen interest in the EPP that has encouraged the Medical team to conduct such programs in the future. ■

Courtesy: Medical Services

Awareness program held on chronic kidney diseases

An internal data has shown an upsurge in Company employees suffering from kidney disease, the burden of which is costing approximately Rs. 15 million a year. The situation is compounded by the fact that while most of the factors that cause kidney disease are preventable, people lack basic awareness.

To create awareness about the disease, the Medical Department organized a session on Chronic Kidney Diseases on January 31, 2014 at the Head Office Auditorium. For the purpose, the Department sought the expertise of Dr. Mansoor Ahmed Shah, a Consultant Nephrologist in Aga Khan University and South City hospitals to deliver an informative lecture to the Company employees.

In his very comprehensive presentation, Dr. Shah gave an overview of the disease with strong

Dr. Mansoor Ahmed Shah

emphasis on preventive measures. His presentation was followed by a question and answer session which further elaborated on the topic. Rahat Kamal Siddiqui, Project Director was the chief guest on the occasion.

Lucky draw, quizzes and free blood sugar checks were the key features of the program. ■

Dr. Munawar Hyat

Mr. Rahat Kamal Siddiqui

EPP stresses on hazards of smoking

An EPP on hazards of smoking was held at the KT Medical Centre on February 10, 2014. The Centre's Dr. Abdul Sami Sheikh conducted the proceedings. Speaker Dr. Anjum highlighted the hazards of smoking not only for the smokers but also for those exposed to smoke. He

also presented shocking data of deaths in Pakistan that stressed on the fact that smoking is increasing alarmingly. This ratio is expected to double in the near future, he added.

The speaker said that smoking is the leading cause of different cancers and other diseases as well.

He made a startling revelation that after every three seconds, one person dies from smoking. The presentation was followed by a Q&A session. ■

Courtesy: Medical Services

3rd EPP on dyslipidemia takes on causative factors

The third EPP on Dyslipidemia was conducted on February 19, 2014 at the City Clinic. The program was attended by 50 SSGC employees, most of whom are registered patients.

SSGC's consultant Dr. Arif Waheed delivered a very informative lecture on the topic. He informed the

participants about causative factors and risks of high cholesterol levels and emphasized on life style modifications. Another Company consultant, Dr. Areeba Ahmed also spoke on the topic.

The program was very interactive and all participants took keen interest by asking many relevant

questions which were answered by the speaker and other SSGC doctors. A quiz was conducted by SSGC's Dr. Fariha and Dr. Hazoor Bux to assess the participants' knowledge about dyslipidemia and gifts were awarded to the winners. ■

Gas-fired electricity gen set installed at Eastern Zone Office

As a society, we are now so dependent on electricity that it is hard to imagine life without it for even a day. Knowing how vital it is to the everyday lives of businesses and individuals, the Electrical section of the Services Department initiated to address the frequent power outages in the Korangi Industrial Area where the office of GM (Distribution East) is located. The Electrical section carries out a wide range of electrical works at old and new sites along with erection of power houses within the gas transmission domain at the main and back offices in order to provide continuous power supply and attain potential energy savings.

Irfan Zafar, SGM/Incharge (Operations) who is known for implementing diverse projects in accordance with the requirements and within budget limitations formulated an effective energy saving program. GM (D-East) Office was reported to have severe electrical power issues, being the subscriber of K-Electric supply that has grave technical issues of its own. For coping with the situation, an energy conservation analysis was done by Rehman Akhter Shah, CE (Electrical).

Karim Baloch, DGM (ES) submitted

the report of the analysis and recommended setting up a separate and efficient power generating

source to remove dependency on K-Electric. For the purpose, a 150 KW gas based electric power generator set was procured through tendering process while needful technical assistance was provided by Mohammed Ali Soomro, DCE (Electrical). A 100 KVA UPS was also acquired through tendering process and now the GM (D-East) Office is self sufficient in electric power which has further enhanced employees and business performances and subsequently the electricity bill has shown reduction due to the usage of gas generator set. Zuhair Siddiqui, MD, SSGC complimented Electrical team for successful commissioning. ■

CRD veteran bids farewell after a long service

One of the veterans of Hyderabad region, Abdul Hafeez Bhurgri retired as DCM (CRD) after serving the Company for more than 30 years.

A dinner reception was hosted in the honour of Mr. Bhurgri which was attended by senior Company officials and his colleagues. Dr. Ejaz Ahmed, ASGM (CS), Nisar Sheikh, GM (Lower Sindh), Abdul Rasheed Khanzada, RM (Hyderabad), Abdul Rasheed Laghari, DGM (Maintenance), Abdul Ghani Jokhio, DGM (CRD) and all executives of Customer Relations and Recovery Departments from Hyderabad Region attended the occasion.

In his brief remarks, ASGM (CS) lauded Mr. Bhurgri for an illustrious career and observed that a large turnout at the reception reflected respect and love for the retiring executive.

On the occasion, a memento was also presented to Mr. Bhurgri. The dinner was followed by a ghazal program.

The program was arranged by the CRD team comprising Pir Muhammad Shah, Abhiman Idrees Abbasi under the supervision of Nadeem Qureshi, DCE (CRD). ■

Corrosion protection

Naik Muhammad Shaikh, DCE (CP) conducted a course for executives on "Corrosion and Cathodic Protection" at Larkana Regional Office in January 2014.

He briefed the trainees on the need to ensure integrity of underground and overhead structure of gas pipeline systems against corrosion and their protection through best use of resources such as coating, painting and cathodic protection system. ■

Six Sigma course participants given certificates

An impressive ceremony for the distribution of certificates to the Six Sigma course participants was held at the Stores Department at Karachi Terminal on February 21, 2014. Mohammad Ahmed Siddiqui, GM (Procurement) along with S. Khalid Hasan, DGM, Stores distributed the Certificates. Skill Development Council's Farheen Baig and trainer Imran Qadri were also present. GM (Procurement) emphasized on the continuation of Six Sigma workshops and said he was pleased with the training material that not just focused on concepts but effectively aligned practical applications of Supply Chain Management with Stores Department's mechanisms.

The course participants remarked that after the completion of the training they have made positive changes in day-to-day Stores' procedures, hence minimizing losses and risk involved. DGM, Stores discussed the proposed changes in the existing Stores procedures and emphasized on the importance of quality working with the introduction of on-the-job training. Turab Baloch, S. Engineer/Training Coordinator, refreshed the audience on Six Sigma and Supply Chain

Management and answered various queries on the outcome and success of this Course. He informed them about various visits of Stores Team to warehouses of leading companies and apprised them of an upcoming visit to Toyota Motors.

At the end of the ceremony, all participants expressed their gratitude for training coordination at Stores and support by the HR Training wing at Head Office.

The trainees who received

certificates from Skill Development Council and SSGC's HR Department included Zubair Alam, Wajid Ali Brohi, Shazia Nadeem, Mustafa Iqbal, Tehzeeb Fatima, Shamaila Baig, Shaheen Raza, Ghazala Erum, Abid Sherazi, Turab A. Baloch, Azmat Wahaj, Suresh Sharma, Muhammad Mushtaq, Azizullah Panhwar, Bilal Arshed and Rafique Ahmed Tunio. ■

A spiritually uplifting experience!

Revered scholar Allama Jalaluddin Suyuti once said that celebrating Eid-e-Milad-un-Nabi was part of the ritual of paying ultimate respects to Holy Prophet Muhammad (PBUH). The meaning of Milad means birth or royal birth. In the light of Islam, Milad is the festival of the birth of Prophet Muhammad (PBUH). The celebration of this religious festival can be described as a spiritual journey through the life and times of the Holy prophet (PBUH), the path he guided us to follow and the blessings that can be gained by celebrating Eid-e-Milad-un-Nabi.

It has become a ritual for the Corporate Communication Department to organize Eid-e-Milad-un-Nabi congregation every year. This year, the Department organized a grand program on February 6, 2014 at the Head Office Auditorium that witnessed a packed to capacity audience. The event featured notable and distinguished religious scholars including Dr. Allama Kaukab Noorani Okarvi and Dr. Syed Mohsin Naqvi along with respected Naat khawans Mukarram Ali Khan, Shafiq Ahmed, Muhammad Waseem and Syed Usama Waseem.

Dr. Okarvi with reference to Quranic Ayaat "Wara fana Laka Zikrak" reiterated that the love of Prophet (PBUH) exists in every true muslim's heart. He stressed that in order to succeed in this life and hereafter, it is mandatory for us to follow in the footsteps of Prophet Muhammad (PBUH) and lead our lives based on "Aswae-Husna".

In his enlightening talk, Dr. Naqvi said that it is important to not just study but also practice the teachings of Quran and Sunnah. He stressed on the audience to work towards the betterment of the society by advocating the teachings of Islam to the fellow muslims. In his closing remarks, Dr. Naqvi termed this spiritual gathering as a symbol of love and affection towards Prophet (PBUH) and

congratulated the Management and Corporate Communications Department for putting together such a highly uplifting event. In between the views of the experts, eminent Naat Khawans kept the atmosphere emotionally charged by reciting heart warming naats.

Also present on the occasion were Dr. Shehla Naqvi, SGM (MS) who stressed on the importance of Eid-e-Milad-un-Nabi and presented a few liting verses from the works of her famed father poet Sehbah Akhtar. At the conclusion, Dr. Okarvi recited special prayers for the

Muslim Ummah and SSGC and its employees. The guests were then presented with souvenirs by SGM (MS) as a token of reverence.

This ceremony was hosted by Mohammad Ali Gohar, DCM (CCD). Support departments that collaborated with CCD in arranging this event included Administrative Services, Services and Security Departments. As per regular practice, all the participants were given a sweet packet at the conclusion of the program. ■

Report developed by ED team

Management sees off Cycling Team

The senior management led by Zuhair Siddiqui, MD, SSGC, meeting the Company cyclists who proceeded to Lahore for velodrome training as preparation for the 61st Men's National Cycling Championships. Yusuf J. Ansari, DMD (CS) and Col. (R) Raashid Ahmed, DGM (Sports) are also seen in the picture.

UFG reduction activities

Engineers from Hyderabad and Larkana regions visited different Company facilities and locations on February 12, 2014 as part of UFG reduction activities.

Corrosion prevention exercise

A new CP Station at Shandan Mori near Qazi Ahmed on main National Highway Road was commissioned in February 2014 by Nadeem Ahmed Memon, Sr. Engineer (CP) under the supervision of Naik Muhammad Shaikh, DCE In-charge (CP) for cathodic protection of Bari supply main and enroute villages.

Vaccination of casual employees

The Medical Services Department organized a vaccination campaign for casual employees of the Company for protection against Hepatitis B. The session of the first dose was conducted on February 11, 2014 in the Department's Conference Room at the Head Office Complex.

Soaking up the sun

The Administrative Services Department enjoyed a fun-filled picnic on February 9, 2014 at Sandspit. Executives and staff of the Department played games such as volleyball and tug-o-war.

Mehfil-e-Milad in Hyderabad

On the occasion of Eid-e-Milad-un-Nabi (S.A.W.W.), a milad program was organized on January 30, 2014 by Regional Office Hyderabad management in coordination with SSGOA and CBA office bearers and workers. The program was held at the Regional Office.

CSR support for cancer research

Salman A. Siddiqui, CM/Incharge (CCD) presenting a cheque to Dr. Bushra Waseem of Patel Hospital as SSGC's monetary contribution as part of the Company's CSR initiative in the area of health care to support the hospital's breast cancer research project. Muhammad Ali Gohar, DCM (CSR) was also present on the occasion.

Celebration time

Executives and employees from SSGC Nazimabad Zone celebrated five years of the promulgation of the Presidential Ordinance in February 2014. Pictures show here Alay Raza, Zonal Manager with the staff and reinstated employees cutting the cake to celebrate the occasion.

Academic Accomplishments

Dua d/o Allah Ditto Rajper, Assistant HSEQA (Head Office) secured 1st position in her Class II Final Examinations from Iqra Public School, Naushero Feroze.

Rubab Malik d/o Khalid Aziz, Senior Supervisor, Construction (SITE) secured 75% marks in her SSC Part I (Class IX) Examination from Board of Secondary Education, Karachi.

Mohammad Zuhaib Karim Shaikh s/o Mutuil Karim Shaikh, Manager (S&M) secured 65% in his HSC Part 1 and II Intermediate Examination (Annual 2013) from Government Degree College for Boys, North Karachi.

Executives - Superannuations

Name	Designation	Department	Place Of Posting	Retirement Date
Ahmed Bux Moro	Manager (DLS)	Distribution	Naushero Feroze	1-Feb-2014

Non-Executives - Superannuations

Name	Designation	Retirement Date
Nabi Bux Sarkai	Supervisor (Driving)	1-Feb-2014

May their souls rest in peace, *Ameen*.

Heart Attack

Are you at risk?

The following factors increase the risk of heart attack. Check if all these apply to you. If you have two or more risk factors, seek for cardiac screening.

Men

- If you are more than 45 years old?

Women

- If you are more than 55 years old?
- If you are post menopause?
- Have your ovaries been removed and if so, you're not taking estrogen?

Both

- Did your father or brother have a heart attack before age 55?

- Did your mother or sister have a heart attack before age 65?
- Did your mother, father, sister, brother or grandparents have stroke paralysis?

- Do you smoke or live or work with others who smoked tobacco daily?

- Is your cholesterol level 240 mg/dl or higher?

- You don't know your total cholesterol level?

- Is your high-density lipoprotein (HDL) "Good cholesterol" less than 35 mg/dl?

- You don't know your HDL level?

- Is your blood pressure 140/90 mm HG or higher?

- Have you been told that your blood pressure is too high?

- You don't know your blood pressure?

- Do you exercise less than 30 minutes on most days?

- Are you 20 pounds or more overweight for your height and build?

- Is your fasting blood sugar level 100 mg/dl or higher?

- Do you need medicine to control your blood sugar level?

- Do you have coronary artery disease?

- Have you had a heart attack?

- Have you had a stroke or transient Ischemic attack (TIA)? ■

CANVAS

The world's largest gas reserves may tempt some energy companies back to Iran if sanctions are lifted, but Tehran is unlikely to become a significant gas supplier to Europe or Asia for at least a decade.

European companies with the technology to fully exploit Iran's vast South Pars field located in the

to maintain its oil production. Oilfield re-injection is a higher-value use for gas than exports, because oil sells for much more on the global market and does not require billions of dollars in capital investment which are needed in gas export projects requiring installation of pipelines or conversion into LNG, that take years to pay back.

could boost supplies by as much as 28 bcm/year when it is fully operational. According to figures from the Pars Oil and Gas Company, which manages the whole project, phases 13 to 24 could add up to 142 bcm/year of capacity by 2019, **if completed on time.**

Iran already produces more gas

By Mustafa Abdulla, SGM (Distribution-North)

Arabian/Persian Gulf, abandoned it in the late 2000's, under US pressure, dashing its hopes of following Qatar's meteoric rise in the global gas exporter's league.

Last month's nuclear deal between the West and the new Iranian government has ignited hopes that its Oil & Gas production could bounce back if Washington and the European Union relax controls on exports.

But Iran has little chance of becoming a significant gas exporter for at least a decade because of high domestic demand and internal obstacles to developing reserves, which were a problem long before sanctions forced foreigners out. The lifting of sanctions on Iran "could potentially have a huge impact on exports over the longer term, but it will take years for things to get moving", Laurent Ruseckas, senior adviser on the Global Gas team at consultants HIS, stated.

In the short term, it makes more economic sense for Iran to use gas to satisfy domestic demand for power generation and industry and for re-injection into ageing oilfields

Tehran has looked on while Qatar has become one of the world's richest countries after western energy companies built multibillion dollar plants over the last decade that turned the tiny Gulf state into the world's largest liquefied natural gas (LNG) exporter.

The two countries Qatar & Iran share the world's largest gas field, which Iran calls South Pars and Qatar calls the North Field. It straddles their offshore Gulf border and accounts for nearly all of Qatar's gas production and only 35 percent of Iran's present gas productions.

An abundance of condensate and natural gas liquids in the gas field means it can produce enough income to cover drilling costs before pumping out gas. That makes Iranian LNG export projects potentially highly competitive, even as supply swells due to US shale gas and big gas finds off the East African coast.

Phase 12 of the South Pars gas field development, which is expected to start up next year, if everything goes well politically,

than Qatar. The difference is that Qatar, with a population of less than two million, uses just 26 bcm of gas, leaving 125 bcm free for export, according to data from BP.

Iran uses nearly all the gas it produces to supply its 77 million people with heat, electricity and vehicle fuel. Domestic demand has risen to 156 bcm in 2012 from 79 bcm in 2002, according to BP figures, which exclude gas used for re-injection in oil fields.

Even if Iran's domestic consumption rises at only the half annual growth rate seen over the past decade, that implies increase of 9-12 bcm every year over the next five years.

That would take Iran's gas consumption to around 200 bcm/year in 2018, not counting its rising use for re-injection in oil wells for enhanced oil recovery.

Iran's Oil & Gas Minister Zanganeh said in October 2013 that Iran faces a 30 bcm shortfall in supplies this year and serious supply shortfalls over the next two years because South Pars gas field has not been developed quickly enough. But ▶

Turkey has been the only country to receive significant volumes so far, however because of Iran's own winter heating needs, it has been unable to supply the 10 bcm/year contracted gas volume per annum to Turkey.

If sanctions are lifted, Pakistan would probably be next in line for any spare gas, because Iran has spent hundreds of millions of dollars on building a 22 bcm/year pipelines, and the two countries say they will redouble efforts to finish the long - delayed project soon.

Iran has also agreed to pipe around 10 bcm/year to Oman within a few years and has built a pipeline to the United Arab Emirates designed to carry 10 bcm/year but no gas supplied to-date.

"Iran could export some more gas by 2025 but will not export in the range of 50 bcm/year before at least the 2030s", as stated in a study published by the Oxford Institute for Energy Studies in June, 2013.

Three large offshore Gulf gas discoveries announced by Iran in 2011 - Kayyam, Farouz and Madar - are potential projects, and their exploitation could be a big boost to Iran's export hopes "There is something between zero to no chance of us going back into Iran," a western energy company executive said of Iran's gas sector. It should be obvious that without the assistance and partnering with energy giants Chevron, Conoco-Phillips, Exxon-Mobil, Total and British Petroleum, etc achieving any major increase in gas production is difficult.

Qatar's meteoric rise in LNG supplies leading to its present number one position in LNG in the world: It has taken Qatar more than thirty years to achieve no.1 position in LNG supplies. There are two major companies in Qatar involved in LNG business, M/s. Qatar Gas & M/s. Ras Gas, both are subsidiary of Qatar Petroleum and partnered with Exxon-Mobil, Chevron, Total, Conoco, Philips, etc, the world oil majors who are the key operators both for production of gas from Qatar's offshore North Fields and as well

as processing of the gas up to production of LNG, LPG, and Natural Gas Liquids (NGLs).

The first LNG cargo from Ras Gas was loaded for export to India in June 1999, from Qatar's first LNG operating company, Ras Gas LNG operating company, Ras Gas LNG trains 1 and 2, which have a capacity of 6.6 mta of LNG. 1.2 Bcfd of Gas is supplied from the 15 offshore wells, discovered in 1971 to the LNG plants. The gas from these offshore wells is supplied through 32-inch, 92 km pipeline to the, on shore installed LNG trains 1 & 2. Additional trains (3, 4 & 5) installations of Ras Gas were completed in 2007. The success of Ras Gas trains 1, 2, 3, 4, & 5 was followed by installation of additional LNG mega trains, 6 (2009) and 7 (2010), each with a capacity of 7.8 Mta. Now the total LNG production capacity of Ras Gas alone is 37 million tons per annum. Ras Gas is also supplying 2.0 Bcfd of pipeline gas for its local consumption in Qatar as well as export to UAE.

Qatar's second LNG operating company is Qatar Gas which has installed LNG capacity of 42 million tons per annum, Gas to these huge LNG trains is supplied through offshore gas wells located 80 km from the shore, through offshore pipelines. Qatar Gas has seven LNG trains, four of which are mega trains, the largest in the world, each with production capacity of 7.8 mta.

Qatar Gas customers are spread throughout the world, in European, Asian and South American markets. To ensure efficient transportation of LNG to its customers, Qatar Gas owns LNG vessels of capacity upto 151,700 m3. Recently 12 of Q-flex vessels have been added to its fleet with LNG capacity upto 266,000 m3, hence reducing transportation cost by 35%. The entire supply chain starting from supply of gas from gas wells to supply of LNG at customers' door, is managed by world class Management comprising of people coming from 30 different countries. ■

Turmeric Smoothie Recipe: a tasty and powerful antioxidant

If you wanted to create the perfect smoothie with anti-cancerous properties, potent anti-inflammatory, as well as anti-viral, anti-bacterial and anti-fungal constituents, look no further than adding turmeric. Although turmeric has a lightly bitter taste on its own, you won't even notice it in this delicious healthy recipe.

Health Benefits of Turmeric

Who needs medication when nature gave us turmeric? Take a look at the incredible health benefits of this plant.

Powdered turmeric has been used for centuries to treat a host of illnesses. It is a known digestive aid, blood purifier, wound healer, skin tonic, analgesic, anti-viral, anti-bacterial, anti-fungal, antiseptic, anti-carcinogenic, fat metabolizer, gas reducer and expectorant. It inhibits inflammatory reactions, has anti-diabetic effects and reduces

cholesterol - among other powerful health effects. A recent study led by a research team in Munich showed that it can also inhibit formation of metastases.

Curcumin, the natural pigment that gives the spice turmeric its yellow color, has increasingly come under the scientific spotlight in recent years, with studies investigating its potential health benefits.

Turmeric has a slightly bitter taste, but by blending it with sweet fruit, you won't even notice it in your smoothie. This recipe is so tasty and nutritious, you could have it daily.

Turmeric Smoothie Recipe

Ingredients:

- 1 cup hemp or coconut milk
- 1/2 cup frozen pineapple or mango chunks

- 1 fresh banana
- 1 tablespoon coconut oil
- 1/2 teaspoon turmeric (can be increased to 1 tsp)
- 1/2 teaspoon cinnamon
- 1/2 teaspoon ginger
- 1 teaspoon chia seeds

Add all ingredients into a blender and process until smooth.

This recipe is best consumed in the morning on an empty stomach. Not only will it increase your energy for the first half of the day, but it will clear your mind and infuse your body with some of the most powerful antioxidants in the world. Now that's a great breakfast idea! ■

Sui Southern Gas Company Limited

سوئی سدرن گیس کمپنی کا اندرونی جریدہ

سوئی سدرن گیس کمپنی کی انتظامیہ سے ارکان پارلیمنٹ کی مختلف امور پر گفتگو کیلئے ملاقات

سوئی سدرن گیس کمپنی کی سرگرمیوں کے خلاف کئے گئے اقدامات بھی تفصیل سے زیر بحث آئے۔ لیفٹیننٹ کرنل (ر) شعیب احمد، ڈپٹی جنرل نیجر ایس اینڈ ایم نے کئی ملازمین اور ٹیکنیکل اداروں کی چشم پوشی سے نان کسٹمرز کی جانب سے گیس چوری کے نتیجے میں ہونے والے نقصان کا خلاصہ پیش کیا۔ انہوں نے کہا کہ ایف آئی اے کے اشتراک سے ہونے والے آپریشنز میں ایف آئی آر درج کروانے اور پولیس کی جانب سے گرفتاریوں کے عمل میں خاصی مدد ملی ہے۔ ارکان پارلیمنٹ اور کئی انتظامیہ نے بے بے وی ایل اور سوئی سدرن گیس کمپنی کے لیگل ڈپارٹمنٹ کی ٹیم کے ساتھ معاہدوں کی توسیع کی رفتار پر بھی گفتگو کی۔ عبدالملک، چیف فنانشل آفیسر نے کئی کی عالیہ مالی کارکردگی، بینک کے قرضہ جات کی تفصیل اور ایل سی سہولت پر تفصیلی گفتگو کی۔ ڈاکٹر اعجاز احمد ایڈیٹنگ سینئر جنرل نیجر (کسٹمر سروسز) نے پیپلز ورکس پروگرام کے تحت سندھ اور بلوچستان کے اراکین پارلیمنٹ کی جاری گیس ڈیولپمنٹ اسکیموں کا تفصیلی خاکہ پیش کیا۔

سینئر جنرل نیجر/انچارج (آپریشنز) نے کسٹمر کیئر اور بلنگ، چیوگرانک انفارمیشن سسٹم، ڈیٹا ویئر باؤنڈنگ کے تجزیاتی ٹولز اور اسمارٹ میٹرنگ کے سلسلے میں کئے جانے والے کامیاب اقدامات کی تفصیل بیان کی۔ انہوں نے مزید بیان کیا کہ کئی پریشیوں میں کمی، گیس کی خرید و فروخت کی نگرانی، میٹر ریڈنگ میں پیش آنے والے مسائل اور گیس چوری پر قابو پانے کیلئے اسمارٹ میٹرنگ لگانے کی منصوبہ بندی کر رہی ہے۔

ٹرانسمیشن اور ڈسٹری بیوٹن منصوبوں کی کیفیت پر موشن پالیسی اور انفارمیشن ٹیکنالوجی پر کئے گئے خصوصی اقدامات کے بارے میں سینئر جنرل نیجر/انچارج (آپریشنز) عرفان ظفر کی جانب سے دی گئی خصوصی پریزنٹیشن تھی۔ منجہ اظہر جنرل نیجر (انچ آر) نے سینئر جنرل نیجر/انچارج (آپریشنز) کے ساتھ مل کر گزشتہ پانچ برسوں میں صوبہ وار بھرتیوں اور کئی کی پر موشن پالیسی کے تحت مختلف کیڈز کے ملازمین کی ترقیوں کیلئے بنیادینے والے پیمانوں کی وضاحت کی۔ علاوہ ازیں سر دیوں میں گیس کی کمی کا معاملہ بھی زیر بحث آیا۔ شعیب وارثی، سینئر جنرل نیجر (ٹرانسمیشن) نے کراچی اور زیریں سندھ کے مخصوص علاقوں میں بھیر پلاننگ کے ہونے والی تعمیرات کو گیس کی اس کمی کا ذمہ دار قرار دیا۔ کئی کے سر ویلنٹس اینڈ مینیرنگ (ایس اینڈ ایم) ڈپارٹمنٹ کی جانب

قومی اسمبلی کی اسٹینڈنگ کمیٹی برائے پیٹرولیم و قدرتی وسائل نے سوئی سدرن گیس کمپنی کی انتظامیہ سے 18 فروری 2014 کو کئی کے ہیڈ آفس بورڈ روم میں ملاقات کی۔

اس موقع پر موجود اراکین قومی اسمبلی میں رانا محمد اسحاق خان، رشید احمد خان، رانا افضل حسین، چوہدری خالد جاوید وٹا، ملک اعتبار خان، طارق فضل چوہدری، شہر یار آفریدی اور پیر بخش جو نیچو شامل تھے۔ جبکہ کمیٹی کے سربراہ جناب بلال احمد ورک نے اجلاس کی صدارت کی۔ عابد سعید، سیکریٹری پیٹرولیم و قدرتی وسائل اور شہزادی عمر زادی ٹوانہ، پارلیمانی سیکریٹری برائے پیٹرولیم و قدرتی وسائل بھی اس ملاقات میں موجود تھے۔

اس ملاقات کی خاص بات سوئی سدرن گیس کے گیس سپلائی وسائل،

سوئی سدرن گیس کی جانب سے گیس چوری کے خلاف بلدیہ ٹاؤن میں چھاپے

(بائیں) غیر قانونی طور پر برپا پمپ کے ذریعے گیس استعمال کی جا رہی ہے؛ (دائیں) سوئی سدرن گیس کی ٹیم غیر قانونی کنکشن ہٹاتے ہوئے

دی جو گیس کی اس چوری میں براہ راست ملوث تھے۔ اس چھاپے کے بعد سے (ایس اینڈ ایم) ڈپارٹمنٹ کے ملازمین کو مغل فوڈز کے مالکان کی جانب سے جسمی آمیز فون کا لزمہ وصول ہو رہی ہیں۔ مغل فوڈز پہلے ہی 2.5 ملین روپے کی ڈیفالٹر ہے اور اس کرشل کاروبار کے مالکان واجبات کی ادائیگی کی بجائے بین سروس لائن سے غیر قانونی طور پر گیس کے استعمال میں مصروف تھے۔

UFG لائن لاسز کے پیچھے کارفرما محرمات میں سے ایک اہم ترین محرک گیس کی چوری ہے جس سے حالیہ دنوں میں سوئی سدرن کا منافع بہت بری طرح متاثر ہوا ہے۔ کینی کے متعلقہ ڈپارٹمنٹس افسران اور اہلکار انتہائی جانفشانی کے ساتھ اپنی زندگیوں کو خطرے میں ڈال کر ان بائز گیس چوروں کے خلاف مسلسل کارروائیاں کر رہے ہیں۔ ■

گیس چوری کے خلاف جاری اپنی مسلسل مہم کے سلسلے میں، سوئی سدرن گیس کے سر ویٹنس اینڈ مانیٹرنگ ڈپارٹمنٹ نے ایف آئی اے ٹیم کے ہمراہ گیس چوری کے خلاف کراچی کے علاقے بلدیہ ٹاؤن میں ایک بڑی اور مشہور نمکوشاپ، ”مغل فوڈز“ پر چھاپے مارا۔ غیر قانونی کنکشن کے ذریعے گیس کی اس چوری سے سوئی سدرن گیس کو سالانہ 5 کروڑ روپے کا نقصان پہنچایا جا رہا تھا جس کا روزانہ کی بنیاد پر تخم 36 ملین کیوبک فٹ بنتا ہے۔

لیٹنٹ کرنل (ر) شعیب احمد، ڈپٹی جنرل میجر (ایس اینڈ ایم) نے 18 فروری کو آدھی رات کے وقت اس ٹیکسٹری پراپٹی ٹیم کے ہمراہ اچانک چھاپے مارا اور غیر قانونی کنکشن فوری طور پر ہٹوا دیا۔ اگرچہ نمکوشاپ کا مالک محمد یعقوب فرار ہونے میں کامیاب ہو گیا تاہم ایف آئی اے نے اس کے دیگر دو ملازمین طاہر اور عرفان کے خلاف ایف آئی آر درج کروا

ہیڈ آفس میں فقید المثال محفل میلاد النبی ﷺ کا انعقاد

روح پرور محفل میں شریک تمام افراد عقیدت و احترام کے جذبات سے اشکبار ہو گئے

محمد کبیر علامہ جلال الدین سیوٹی فرماتے ہیں میلاد منا تا بھی آپ ﷺ کی تعظیم کا حصہ ہے، میلاد کے معنی ہیں ولادت کا وقت یا عظیم الشان ولادت۔ اہل اسلام کے عرف میں میلاد سے مراد سید الانبیاء حضرت محمد مصطفیٰ ﷺ کی ولادت باسعادت ہے اور محفل میلاد سے مراد ایسا روح پرور اجتماع ہے جس میں حضور نبی کریم ﷺ کی سیرت پاک کے واقعات، آپ کے شانہ وخصائل، توصیف و مدح اور سیرت طیبہ کے مختلف پہلوؤں کا تذکرہ کیا جاتا ہے اور برکتیں حاصل کی جاتی ہیں۔

گذشتہ سالوں کی طرح اس مرتبہ بھی کارپورٹ کمیونیکیشن ڈیپارٹمنٹ کے زیر اہتمام 6 فروری 2014 کو کینی ہیڈ آفس کے آڈیٹوریم میں ایک عظیم الشان اور روح پرور محفل میلاد النبی ﷺ منعقد کی گئی، جس میں ملک کے نامور عالم دین ڈاکٹر علامہ کوب نورانی اوکاڑوی، معروف ریسرچ اسکالر ڈاکٹر سعید حسن نقوی اور ممتاز نعت خوانان مکرم علی خان، شفیق احمد، محمد وسیم اور سید اسامہ وسیم نے خصوصی طور پر شرکت کی۔

ڈاکٹر علامہ کوب نورانی اوکاڑوی نے قرآن مجید کی آیت کریمہ ”ورفعنا لک ذکرک“ (ترجمہ ”اور ہم نے آپ کیلئے آپ کا ذکر بلند کر دیا“) کے موضوع پر گفتگو کرتے ہوئے کہا کہ جس ہستی کریم کی تعریف خود خالق کائنات کر رہا ہو، انسانوں کی کیا بساط کہ وہ اس ہستی کے کمالات اور عظمت جان کر اس کی مدح ادا کر سکیں۔ انہوں نے مزید کہا کہ

- حضور انور ﷺ کا عشق ہر مومن کے دل میں بسا ہوا ہے۔ عشق کی ایک صفت یہ ہے کہ یہ اظہار بھی چاہتا ہے۔ آقا ﷺ سے محبت کا تقاضا یہ بھی ہے کہ ہم اپنی زندگی کو ان کے اسوہ حسنہ کے مطابق گزاریں تاکہ دنیا اور آخرت میں ہمیں یقینی کامیابی حاصل ہو سکے۔
- اس پرچوم روح پرور محفل میں محترم شاخوانوں نے جو مشہور کلام پیش کئے ان سے حاضرین کیف و سرور سے جھوم اٹھے اور ماحول سبحان اللہ کی صداؤں سے معطر ہو گیا۔ ان میں چند کلام یہ تھے۔
- کعبی رولق کعب کا منظر اللہ اکبر اللہ اکبر
 - مولانا صل و سلم وانما ابدنا
 - بلخ انکلی بکمالہ
 - کوئی سلیقہ ہے آرزو کا نہ بندگی میری بندگی ہے
 - لب پر نعت پاک کا فوکل بھی تھا اور آج بھی ہے

نورانی اوکاڑوی نے ملکی اداروں کے استحکام، امت مسلمہ کے اتحاد اور سوئی سدرن گیس اور اس سے وابستہ تمام ملازمین کی ترقی اور کامیابیوں کیلئے خصوصی دعا بھی کروائی۔
تمام مہمانان گرامی اور حاضرین محفل کو پروگرام کے آخر میں مٹھائی بھی پیش کی گئی۔ ■

رپورٹ: زوبیہ صادق/مہوش وہیم/امیر احمد محفل کارپوریٹ کمیونیکیشن ڈیپارٹمنٹ

(سی سی ڈی) کی زیر نگرانی تمام ٹیم ممبران نے ایڈمنسٹریشن، سروسز اور سیکورٹی ڈیپارٹمنٹس کے خصوصی تعاون سے محفل کے بہترین انتظامات کئے گئے تھے۔ کیف و سروسز سے مرصح اس محفل کے تمام شرکاء نے معزز مقررین اور نعت خوانوں کو نہایت یکسوئی سے سنا اور وہ محفل کے دوران سبحان اللہ کی صدائیں بلند کر کے اس پروگرام کی پسندیدگی کا اظہار بھی کرتے رہے۔ پروگرام کی ترتیب کے مطابق آخر میں تمام ٹماٹا خوانوں اور شرکاء نے باادب صلوات و سلام کا نذرانہ پیش بھی کیا۔ ڈاکٹر علامہ کوکب

ڈاکٹر شہلا نقوی سینئر جنرل ٹیچر (ایم ایس) نے اس موقع پر تمام مہمانان گرامی اور حاضرین محفل کا شکریہ ادا کیا اور اپنے والد گرامی اور ملک کے معروف شاعر صبا اختر کے نعتیہ کلام کے چند منتخب اشعار بھی سنائے۔ اس محفل مبارک کی نظامت کے فرائض مذہبی اور سماجی تقریبات کے معروف کویٹر اور کمپنی سے وابستہ محمد علی گوہر ڈپٹی چیف ٹیچر (سی سی ڈی) نے سرانجام دیئے اور معروف نعت گو شعراء کے اشعار پیش کر کے حاضرین سے داد و تحسین وصول کی۔ سلمان احمد صدیقی چیف ٹیچر انچارج

سعید رضوی جنرل نیچر میٹر پلانٹ نے معزز مہمانان گرامی کا شکریہ ادا کیا اور انہیں گلہ سے اور مٹھائی پیش کی۔ اس پروگرام کے تمام انتظامات کلیم حسن صدیقی (سپر وائزر) کے زیر نگرانی نہایت احسن طریقے سے ترتیب دیئے گئے تھے۔ ہدیہ درود و سلام ختم القرآن اور دعائے خصوصی پر اس پر رونق محفل کا اختتام ہوا۔ حاضرین محفل کیلئے مٹھائی اور طعام کا انتظام بھی کیا گیا تھا۔

رپورٹ: طارق حسین، سپر وائزر میٹر پلانٹ

رکھے ہیں، ہمیں اپنے احساس کو جگانا ہوگا اور دین سے دوری کے فاصلے کو ختم کرنا ہوگا۔ ہمیں اپنے آقا ﷺ کی عظیم تعلیمات کی بنیاد پر عظیم امت بن کر اپنے رسول سے وفاداری کا واضح ثبوت دینا ہوگا۔ اس محفل میں معروف نعت خوانوں حافظ محمد سرور سہروردی، حافظ بلال قادری، قاری حسن اور احمد قطب القادری نے کئی خوب صورت نعتیہ کلام پیش کئے اور حاضرین سے داد و تحسین وصول کی۔ محمد علی گوہر ڈپٹی چیف میجر (سی سی ڈی) نے بطور ناظم محفل اس روح پرور محفل کی نظامت کی۔

14 فروری 2014 کو بعد نماز جمعہ میٹر پلانٹ میں ایک پرکف محفل میلادِ نبوی ﷺ منعقد کی گئی، جس میں ممتاز عالم دین مفتی علامہ محمد اسماعیل نورانی اور چند معروف نعت خوانوں نے شرکت کی۔ علامہ مفتی محمد اسماعیل نورانی نے اپنے خصوصی خطاب میں حضور سیدنا محمد رسول ﷺ کی سیرت طیبہ کے مختلف پہلوؤں پر روشنی ڈالی اور آپ ﷺ سے عشق و محبت کو ایمان کا اعلیٰ درجہ قرار دیا۔ انہوں نے کہا کہ اگر ایمان نے آج ہماری نسل کو اسلام سے دور کرنے کے نکتے نئے جھکنڈے اختیار کر

سپر پائپ لائن کے پہلے ویلڈ کی تقریب

زرغون گیس فیلڈ میں ZS-2 نامی کنویں سے سینٹرل پروسیسنگ فیلٹیٹی تک 8 اچ ڈیا کے ساڑھے تین کلومیٹر طویل سپر پائپ لائن کے پہلے

اسٹورز ڈیپارٹمنٹ کے ڈرائیورز کی تربیت

کے روپے کی بھی تعریف کی۔ جن ڈرائیورز نے اس تربیتی کلاس میں شرکت کی، ان کے نام مندرجہ ذیل ہیں۔

- ۱۔ شہباز حسین
- ۲۔ محمد عارف
- ۳۔ محمد یوسف
- ۴۔ بشیر احمد
- ۵۔ میجر جمال

میں استعمال ہونے والے ”ہائیڈروک نظام“ کے بارے میں خصوصی آگاہی دی گئی۔ علاوہ ازیں انہوں نے ڈرائیورز کو گاڑی کی رفتار، پریشر ہارن، تھر مواسٹیٹ کے استعمال، ریڈی ایٹرز کی دیکھ بھال، ٹائرز میں ہوا کی مقدار اور اس کے پریشر کے حوالے سے بہت سی مفید اور قابل عمل نکات سے بھی آگاہ کیا۔

اس عملی تربیت کے حوالے میں ہمارے ڈرائیورز کے تاثرات تھے کہ اس ورکشاپ میں فراہم کردہ معلومات سے ہمیں بڑا فائدہ ہوا ہے اور اس قسم کی ٹریننگ ہوتی رہتی چاہئیں۔ تمام ڈرائیورز نے ”ہائیڈروک“ کے عملے

موجودہ ترقی یافتہ دور میں بھی ہمارے ڈرائیور روایتی انداز میں ہی اپنی مہارت کو استعمال کرتے ہیں جبکہ اب استعمال ہونے والی مختلف قسم کی گاڑیوں میں جدید ٹیکنالوجی استعمال کی جارہی ہے۔ اسی بات کو مد نظر رکھتے ہوئے کینی کے اسٹورز ڈیپارٹمنٹ نے پہلی دفعہ ملک کی لیڈنگ موٹرز کینی ”ہائیڈروک“ کے تعاون سے 28 اور 29 جنوری 2014 کو ڈرائیورز کی جدید طرز پر تربیت کا اہتمام کیا، جس میں ہائیڈروک کے ماہرین نے جدید ٹیکنالوجی کی حاصل گاڑیوں سے متعلق ہمارے ڈرائیورز کو کافی اور عملی معلومات فراہم کیں۔ خاص طور پر آجکل گاڑیوں

سُئي سدرن گيس ڪمپني جي انتظاميا سان مختلف مسئلن تي ڳالهه ٻولھه لاءِ ارڪان پارليامينٽ جي گڏجاڻي

ڇا بساط آهي ته اهي انهيءَ هستي جي ڪمالات ۽ عظمت کي ڄاڻي هن جي مدح جو حق ادا ڪري سگهن۔ انهن وڌيڪ چيو ته حضور انور ﷺ جو عشق هر مومن جي دل ۾ هوندو آهي۔ عشق جي هڪ اها به صفت آهي ته اهو اظهار چاهي ٿو۔ آقا ﷺ سان محبت جو تقاضو اهو به آهي ته اسان پنهنجي زندگي انهن جي اسوه حسنہ مطابق گذاريون ته جيئن دنيا ۽ آخرت ۾ اسان کي يقيني ڪاميابي حاصل ٿي سگهي۔

هن هجوم سان پريل روح پرور محفل ۾ محترم ثناء خوانن جيڪي مشهور ڪلام پيش ڪيا، انهن سان حاضرين ڪيف و سرور جي ڪري جهومڻ لڳا ۽ ماحول سبحان الله جي صدائون سان معطر ٿي ويو۔ انهن مان ڪجهه ڪلام هي هئا:

☆ ڪعبه ڪي رونق ڪعبه ڪا منظر الله اڪبر الله اڪبر
☆ مولائي صل وسلم دائماً ابداً
☆ بلغ العليٰ بڪماله
☆ ڪوئي سليقه هي آرزو ڪا نه بندگي ميري بندگي هي
☆ لب پر نعت پاڪ ڪا نغمه ڪل پي ٿا اوراج پي هي

ڊاڪٽر شهلا نقوي سينيئر جنرل مئنيجر (ايم ايس) هن موقعي تي سڀني مهمانن ۽ حاضرين جو ٿورو مڃيو ۽ پنهنجي والد محترم ۽ ملڪ جي معروف شاعر صهبا اختر جي نعتيه ڪلام جا ڪجهه چونڊيل اشعار به ٻڌايا۔

هن محفل مبارڪ جي نظامت جا فرائض

محدث ڪبير علامه جلال الدين سيوطي فرمائن ٿا ميلاد ملهائڻ به پاڻ سڳوري ﷺ جي تعظيم جو حصو آهي، ميلاد جي معنيٰ آهي ولادت جو وقت يا عظيم الشان ولادت۔ اهل اسلام جي عرف ۾ ميلاد سان مراد سيد الانبياء حضرت محمد مصطفيٰ ﷺ جي ولادت باسعادت آهي ۽ محفل ميلاد سان مراد اهڙو روح پرور اجتماع آهي جنهن ۾ حضور نبي ڪريم ﷺ جي سيرت پاڪ جا واقعات، پاڻ سڳورن جي شمائل و فضائل، توصيف و مدح ۽ سيرت طيبه جي مختلف پهلوئن جو تذڪرو ڪيو ويندو آهي ۽ برڪتون حاصل ڪيون وينديون آهن۔

گذريل سالن وانگر ڪارپوريت ڪميونيڪيشن ڊيپارٽمينٽ جي زير اهماام 6 فيبروري 2014 تي ڪمپني هيد آفيس جي اڊيٽوريم ۾ هڪ عظيم الشان ۽ روح پرور محفل ميلاد النبي ﷺ منعقد ڪئي وئي جنهن ۾ ملڪ جي نامور عالم دين ڊاڪٽر علامه ڪوڪب نوراني اوڪاڙوي، معروف ريسرچ اسڪالر ڊاڪٽر سيد محسن نقوي ۽ ممتاز نعت خوان مڪرم علي خان، شفيق احمد، محمد وسيم ۽ سيد اسامه وسيم خاص طور تي شريڪ ٿيا۔ ڊاڪٽر علامه ڪوڪب نوراني اوڪاڙوي قرآن مجيد جي آيت ڪريمه ”ورفعنا لڪ ذڪرڪ“ (ترجمو) ۽ اسان اوهان جي لاءِ اوهان جو ذڪر بلند ڪري ڇڏيو“ جي موضوع تي ڳالهائيندي چيو ته جنهن محترم هستي جي تعريف پاڻ خالق ڪائنات ڪري رهيو هجي، انسانن جي
