1. SCOPE OF WORK

Hiring of 180 PDS Air Compressor with Diesel on Rental Basis with Operator for 20 Days

1.1 Objective

To provide a fully operational **180 PDS (Portable Diesel Screw) Air Compressor** along with diesel fuel and a qualified operator on rental basis for a period of 20 working days (or as specified in BOQ) to support SSGC operational activities such as pipeline testing, purging, maintenance works, and associated field operations.

1.2 Equipment Specifications

The contractor shall provide:

- 180 PDS Portable Diesel Air Compressor
- Air Delivery Capacity: 180 CFM minimum
- Noise-controlled enclosure
- In good mechanical condition
- Fully serviced prior to mobilization

The equipment must comply with applicable safety and environmental standards.

1.3 Scope of Contractor Responsibilities

The contractor shall:

1. Provide the compressor in fully operational condition.
2. Provide diesel required for uninterrupted operation.
3. Provide a skilled and experienced operator.
4. Arrange transportation to and from SSGC designated site.
5. Replace equipment immediately in case of major breakdown.

1.4 Duration

- Rental Period: 20 working days (as per BOQ)
- Mobilization time: Within specified time after issuance of Work Order

1.5 Safety & Compliance

- Operator must follow SSGC HSE policies.
- PPE compliance mandatory.
- Valid inspection and maintenance record must be provided.

2. SPECIAL TERMS & CONDITIONS

2.1 General Conditions

1. Equipment must not be older than 7–10 years (or as per tender requirement).
2. Equipment must be owned or legally leased by the contractor.
3. Subletting without prior written approval of SSGC is prohibited.
4. SSGC reserves the right to inspect equipment before mobilization.

2.2 Operator Requirements

- Minimum 2–4 years relevant experience.
- Trained in basic safety procedures.
- Replacement operator to be provided immediately if required.

2.3 Breakdown & Replacement

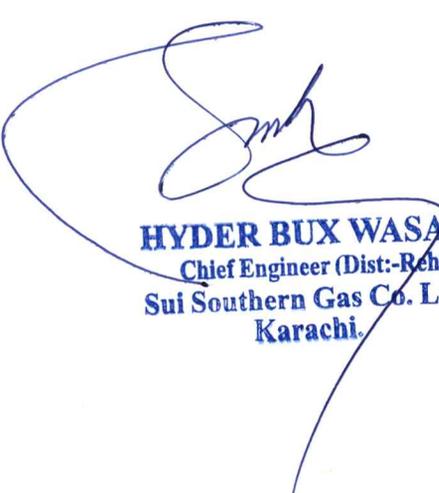

- In case of breakdown exceeding 4–6 hours, standby equipment must be provided.
- No idle time charges shall be admissible due to contractor fault.
- Persistent failure may lead to termination.

2.4 EXPERIENCE REQUIREMENT (LAST 3 YEARS)

The bidder must provide documentary evidence of providing similar equipment to SSGC in the last three (03) years, including:

1. Copy of Work Orders issued by SSGC.
2. Completion Certificates or Performance Certificates.
3. Details of quantity and duration supplied.
4. Any ongoing contract details (if applicable).

Failure to provide verifiable evidence may result in disqualification.
