DIRECTORS' REVIEW

For Six Months Period Ended December 31, 2020

We are pleased to share the Company's results for six months period ended December 31, 2020.

The Company continued to face serious challenges, however, financial results have been improved significantly due to various actions taken by the Management under the guidance of the Board of Directors.

Financial Overview

The Company recorded net after tax loss of Rs. 1,668 million after incorporating major disallowances by OGRA. This Loss is 88% less than the comparative period loss of six months ended 31 December 2019.

The summary of financial highlights of the period is given below:

	December 2020	December 2019	Variance	
	Amount		%	
	(Rupees in Million)			
Loss before Taxation	(471)	(12,356)	11,885	(96)
Taxation	(1,197)	(1,126)	(71)	6
Loss after Taxation	(1,668)	(13,482)	11,814	(88)
Loss Per Share (Rs.)	(1.89)	(15.30)	13.41	(88)

SSGC Profitability is derived from the Guaranteed Return Formula prescribed by OGRA. Under this formula, SSGC is allowed 17.43% return on its average net operating fixed assets before financial charges and taxes. However, OGRA makes disallowances/ adjustments while determining the revenue requirements based on efficiency related benchmarks viz a viz Un-accounted for Gas (UFG), Human Resource Benchmark Cost, Provision for Doubtful Debts and some other expenses/ charges. These disallowances/ adjustments affect the bottom-line of the Company.

As compared to the corresponding period of last year in which Loss After Tax of Rs. 13,482 million was reported, there is significant improvement in bottom line of current period and reported Loss After Tax is Rs. 1,668 million which is an improvement of 88% in Bottom-line. Improvement in bottom line is attributed to completion of absorption of staggered losses in June 2020 to the extent of Rs. 3,672 million and Rs. 8,142 million reflects operational efficiency mainly due to reasons as under:

In line with OGRA Determination on Final Revenue Requirement (DFRR) for FY 2019-20 issued on March 28, 2022, total disallowances absorbed / credits allowed in these six months financial results amounted to Rs. 5,828 million against Return on Assets of Rs. 7,831 million. Finance cost for the period is Rs. 2,474 million.

Acceptance of UFG Allowance on RLNG Business

SSGC has been pursuing vigorously OGRA through the Ministry of Energy (Petroleum Division) as well as through Islamabad High Court to allow Actual UFG on RLNG business in Distribution Network. As a result of IHC restraining Order, OGRA has allowed Actual UFG of 17.25% based on FRR of 2019-20.

However, still high UFG disallowance is mainly due to the fact that OGRA is not accepting RLNG Volume Handling benefit allowed to SSGC vide a Summary approved by the Economic Coordination Committee (ECC) dated May 11, 2018. With vigorous follow-up of SSGC Management & Board of Directors, OGRA has engaged a Consultant to determine the extent of UFG on RLNG and its impact on each Sui Company, namely SSGC and SNGPL.

Provision against impaired debts

OGRA allows provision against impaired debts as operating expense related to disconnected customers only. However, on adoption of IFRS-9, provision is being made on Expected Credit loss basis i. e. forward looking approach which also requires provisioning against Live Customers, resultantly, bottom-line of the Company was badly affected in previous periods. In current period, after rigorous efforts, the Company has improved the bottom-line by restricting the Provision against Impaired Debts of live customers amounting to Rs. 54 million has been treated as not allowable expense by OGRA.

High Financial Cost

SSGC has to account for financial charges of Rs. 2,474 million against borrowing which is mainly due to the Long-Term Loan obtained to finance its Pipeline Infrastructure for transmission of RLNG from Karachi Port to Sawan delivering the RLNG volumes to SNGPL network for meeting the energy requirements of North.

An amount of Rs. 659 million has been allowed as Finance Cost on Short Term Borrowings with direct positive impact on bottom line.

Modification in External Auditor's Review Report

There is no new Qualification in the External Auditors' Review Report. However, the External Auditors, M/s. BDO Ebrahim & Co., Chartered Accountants continued with similar qualifications in their review report for the six months period ended December 31, 2020 for the amounts due from KE and PSML, late payment surcharge (LPS) receivable from SNGPL and WAPDA and Receivable from Habibullah Coastal Power Company (Private) Limited (HCPCL).

Receivables from KE and PSML

Receivable dispute situation of K-Electric (KE) and Pakistan Steel Mills Limited (PSML) remained the same as in previous years. The Management is vigorously pursuing recovery suit filed against KE. At the same time, the management is in constant liaison

with the concerned ministries to expedite the recovery of outstanding dues from KE and PSML. It is expected that as soon as the matter is permanently resolved by the Government of Pakistan, the overall financial position of the Company will improve. It is pertinent to mention that, subsequent to period ended December 2020, PSML has made payments of Rs. 849 million against monthly gas bills from July 2020 to May 2021, out of the allocations made by the Finance Division for the purpose. The claim of the Company against KE and PSML, as of December 31, 2020 is Rs. 121,899 million and Rs. 71,229 million, respectively.

LPS Receivable from SNGPL and WAPDA

The Company is facing the situation of accumulated receivable from SNGPL and WAPDA due to overall circular debt situation. However, based on the agreed terms and conditions, the Company is accruing LPS against overdue amount. The company is apprising this position to the concerned Government Authorities on daily basis and expect that this issue would be resolved as and when circular debt is addressed at national level.

Receivable from HCPCL

M/s Habibullah Coastal Power Company Private Limited (HCPCL) filed its request for Arbitration under the Rules of the International Chamber of Commerce, Singapore on November 30, 2015 disputing non-supply and short-supply of gas by SSGC committed under the GSA.

On April 30, 2018, the decision of the arbitration proceedings has been issued by the International Court of Arbitration in favor of HCPCL. Consequently HCPCL adjusted its claim against running gas bills issued by the Company. Total exposure against the above amounts to Rs. 8.0 billion.

However, liquidated damages of Rs. 3.8 billion claimed by HCPCL from the Company was a consequence of Liquidated damages charged to HCPCL by WAPDA/CPA-G, i.e., flow of payment from one GOP entity to another GOP entity. Therefore, ECC in its meeting held on February 07, 2018 approved in principle the proposal regarding waiver of liquidated damages with the direction to Petroleum Division & Power Division to work out modalities in consultation with all the stakeholders by treating period of no dispatch as "Other Force Majeure Event (OME)" and thus extending the period of GSA with no dispatch period.

GSA between SSGC and HCPCL has expired in September, 2019 whereas Power Purchase Agreement (PPA) between HCPCL and CPA-G is valid till 2029.

Accordingly, LDs adjusted by HCPCL amounting to Rs. 3.8 billion and excess LPS adjustment allowed by arbitrator of Rs. 0.3 billion is "Recoverable from HCPCL" and remaining amount of Rs. 3.9 billion pertaining to Reversal of LPS receivable, Interest on LD Charges and Legal expenses was allowed by OGRA in its Decision on Final Revenue Requirement (DFRR) for FY 2018-19 dated May 25, 2021.

Emphasis of matter

Based on Financial Performance discussed in Note 1.3 of Financial Statements, Auditors have concluded that material uncertainty exists that may cast significant doubt on the Company's ability to continue as going concern. However, the Company has obtained a support letter from Government of Pakistan, Finance Division dated July 06, 2020 that commits support to maintain the going concern status of the Company. The Auditors have emphasized it in its review report as "Emphasis of Matter".

To evaluate the financial resilience of the Company, the following major factors are relevant:

- a) UFG allowance based on RLNG handling on volumetric basis would be sought from OGRA as already elaborated in preceding paragraph.
- b) Government of Pakistan (Finance Division) (GoP) in its letter dated July 06, 2020, being majority shareholder has acknowledged the funding requirements of the Company and has shown commitment to extend all support to maintain the going concern status of the Company.
- c) The management has devised a UFG control strategy to control UFG in coming years and the same is under implementation with the approval of Board of Directors.
- d) New Tariff Regime would provide guaranteed return on operating assets at 17.43% effective from FY 2018-19.
- e) Banks have waived debt to equity ratio requirements. Further, the Company has never defaulted in payment of any installment and interest thereon and some of the loans have been totally paid off to date.

In addition to the above the External Auditors, M/s. BDO Ebrahim & Co., Chartered Accountants have drawn attention on certain issues in their review report for six months period ended December 31, 2020. Comments on these matters are as under:

- i. SSGC has discontinued recognition of LPS expenses payable to the Government controlled E&P companies (OGDCL, PPL & GHPL) effective from July 01, 2012 till the time SSGC receives LPS income from PSML and KE; and
- ii. Litigation and other matters mentioned in Contingencies and Commitment are being pursued aggressively for favorable resolution.

Acknowledgements

The Board wish to express their appreciation for the continued support received from the shareholders and its valued customers. The Board also acknowledges the dedication of all the employees who soldiered on, despite number of challenges confronting the Company. The Board also thanks the Government of Pakistan, the Ministry of Energy and the Oil and Gas Regulatory Authority, for their continued guidance and support.

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF UNCONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS TO THE MEMBERS

Introduction

We have reviewed the accompanying unconsolidated condensed interim statements of financial position of **SUI SOUTHERN GAS COMPANY LIMITED** ("the Company") as at December 31, 2020 and the related unconsolidated condensed interim statement of profit or loss, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of cash flows, unconsolidated condensed interim statement of changes in equity and notes to the unconsolidated condensed interim financial statements for the half-year then ended (here-in-after referred as the "unconsolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of this unconsolidated condensed interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of unconsolidated condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

- a) As disclosed in notes 9.1 and 9.2 to the unconsolidated condensed interim financial statements, trade debts include receivables of Rs. 29,645 million (June 30, 2020: Rs. 33,415 million) and Rs. 24,777 million (June 30, 2020: Rs. 24,332 million) from K-Electric Limited (KE) and Pakistan Steel Mills Corporation (Private) Limited (PSML) respectively. Significant portion of such receivables include overdue amounts, which have been considered good by management and classified as current assets in the unconsolidated condensed interim financial statements. Further, KE and PSML have disputed Late Payment Surcharge (LPS) on their respective balances due to which management has decided to recognize LPS on a receipt basis from the aforesaid entities effective from July 01, 2012. Due to the adverse operational and financial conditions of PSML, disputes by KE and PSML with the Company on LPS, and large accumulation of their respective overdue amounts, we were unable to determine the extent to which the total amounts due from KE and PSML were likely to be recovered and the timeframe over which such recovery will be made; and
- b) As disclosed in note 10 to the unconsolidated condensed interim financial statements, interest accrued includes interest receivable of 9,258 million and Rs. 4,563 million from Sui Northern Gas Pipeline Limited (SNGPL) and Water and Power Development Authority (WAPDA) respectively. These have been accounted for in line with Company's practice of charging LPS on overdue amounts, but have not been acknowledged by the counter-party.

Due to dispute with WAPDA, and large accumulation of their respective overdue amounts of interest, we were unable to determine the extent to which the interest accrued amounts due from SNGPL and WAPDA are likely to be recovered and the timeframe over which such recovery will be made;

- c) We refer to note 11.2 of the unconsolidated condensed interim financial statements which includes amount of Rs. 4,158 million receivables from Habibullah Coastal Private Company Limited (HCPCL) in respect of liquidated damages imposed in arbitration on April 30, 2018 by The International Court of Arbitration. Prior to the decision, the Economic Coordination Committee (ECC) through its meeting held on February 07, 2018 had proposed waiver of liquidated damages and directed Ministry of Energy – Petroleum Division to work out modalities in consultation with all stakeholders. However, to date, no agreement has been finalized between the relevant stakeholders. In the absence of the agreement, there is no contractual right to receive cash or financial asset from HCPCL and the requirements of IFRS 9 – Financial Instruments are not met.

Qualified Conclusion

Except for the adjustments, to the unconsolidated condensed interim financial statements due to matters described in (a), (b) and (c) above, based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated condensed interim financial statements as of and for the half year ended December 31, 2020 is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Emphasis of Matter Paragraphs

We draw attention to the following matters:

- 1) Note 1.3 of the unconsolidated condensed interim financial statements, which indicates that the Company has incurred net loss after tax of Rs. 1,668 million during the half year ended December 31, 2020 and as of that date, the Company's current liabilities exceed current assets by Rs. 96,534 million. Further matters discussed in the Basis of Qualified Conclusion Section of the report along with other conditions as set forth in Note 1.3 indicate the material uncertainty exist that may cast significant doubt on the company to continue as a going concern. However, the Company has obtained a support letter from Government of Pakistan (Finance Division) dated July 06, 2020 that commits support to maintain the going concern status of the Company.
- 2) Note 17.1 to the unconsolidated condensed interim financial statements that describes that the Company has reversed the late payment surcharge (LPS) expense of Rs. 26,222 million on delayed payables pertaining to gas supplied by Government Controlled E & P Companies i.e.

Oil and Gas Development Company Limited (OGDCL), Pakistan Petroleum Limited (PPL) and Government Holding (Private) Limited (GHPL) with effect from July 01, 2012 to June 30, 2016 and not recorded LPS expense for the year ended June 30, 2017, June 30, 2018, June 30, 2019, June 30, 2020 and for the period ended December 31, 2020 amounting to Rs. 7,569 million, Rs. 7,477 million, Rs. 10,525 million, Rs. 26,335 million and Rs. 14,132 million respectively for reasons described in the said note.
- 3) Note 18 to the unconsolidated condensed interim financial statements that describe that the Company is subject to various material litigations and claims involving different courts. The outcome of these cases is uncertain and beyond management's control.

Our conclusion is not modified in respect of above matters.

The engagement partner on the review resulting in this independent auditor's review report is Tariq Feroz Khan.

1.2 Regulatory framework

Under the provisions of license given by the Oil and Gas Regulatory Authority (OGRA), the Company is provided a minimum annual return before taxation of 17.43% per annum of the net average operating fixed assets (net of deferred credit) for the year, excluding financial cost and other non-operating expenses and non-operating income.

The determination of annual required return is reviewed by the OGRA, under the terms of the license for transmission, distribution and sale of natural gas, targets and parameters set by OGRA. Income earned in excess or short of the above guaranteed return is payable to or recoverable from the Government of Pakistan (GoP) and is adjusted from or to the gas development surcharge balance payable to / receivable from the GoP.

1.3 Financial performance

During the period, the Company has incurred a loss after tax of Rs. 1,668 million resulting in increase in its accumulated losses as at December 31, 2020 amounts to Rs. 63,566 million and diminishing equity to Rs. 25,341 million. As at period end, current liabilities exceed its current asset by Rs.96,534 million.

The Company's financial performance for the period has been deteriorated mainly because of higher UFG due to RLNG off load into SSGC franchise area which was sold to indigenous gas customers.

In order to improve the financial position and performance of the Company, the management / Board of Directors (Board) have taken / planned following steps:

- Economic Coordination Committee (ECC) in its meeting dated May 11, 2018 approved the summary submitted by the Petroleum Division under which the Company was allowed UFG based on RLNG handling basis (volumetric basis) in the sale price of RLNG in the form of distribution loss due to swapping arrangements and consumption of RLNG in its franchise area. However, in its determination on Final Revenue Requirement (FRR) for FY 2017-18 OGRA did not consider implementing the aforementioned decision and advised the Company to take up the matter with SNGPL in consultation with Ministry of Energy (Petroleum Division). The Company has reiterated its earlier position of higher UFG due to RLNG and another summary is being considered at ECC to reinforce earlier ECC decision with multiple options for its implementation.
- Government of Pakistan (Finance Division) in its letter dated July 06, 2020, GoP being majority shareholder has acknowledged the funding requirements of the Company and has shown commitment to extend all support to maintain the going concern status of the Company.

The Company has devised a strategy to control UFG in coming years and the same is under implementation with the approval of Board of Directors.

Under new tariff regime, the Company will also be entitled to the guaranteed return on operating asset from 17% to 17.43% from FY 2019 for next three years.

- Banks have also waived debt to equity covenant for financial years 2018-19 and 2019-20. However, the Company has never defaulted in payment of any installment of principal and interest thereon and few of the loans have been totally paid off to date.
- Board / management believes that in view of above-mentioned steps / plans, the Company's profitability and financial position will improve in the next few years.

1.4 Determination of revenue requirement

The Oil and Gas Regulatory Authority (OGRA) in its order dated December 02, 2010, and May 24, 2011, treated Royalty Income from Jamshoro Joint Venture Limited, profit from Meter Manufacturing, Late Payment Surcharge (LPS), and Sale of Gas Condensate as operating income, which OGRA had previously allowed as non-operating income in its decision dated September 24, 2010, for the year ended June 30, 2010. OGRA also in its aforesaid decision reduced benchmark of the allowable Unaccounted for Gas (UFG) from 7% to 4.25% - 5%.

Being aggrieved by the above decision, the Company has filed an appeal against the decision of the OGRA in the High Court of Sindh ("the Court"), on which the Court provided interim relief, whereby, the OGRA was directed to determine the Revenue Requirements on the same principles as per its decision of September 24, 2010, pertaining to FY 2010 till final decision of the Court. However, with regard to UFG benchmark, the OGRA was directed to carry out an impact assessment study and submit its report to the Court. Afterwards, management estimated the Revenue Requirement of the Company for the financial years 2011 to 2015 based on the interim relief of the Court, and the OGRA also accepted position taken up by the Company for the said financial years, subject to the final decision of the Court.

On November 25, 2016, the Sindh High Court dismissed the Company's petitions through its judgement. Consequently, the OGRA in its decisions dated December 22, 2016 and October 26, 2017 for determination of FRR for FY 2016 and FY 2017 respectively allowed UFG at 4.5% and treated Royalty Income from Jamshoro Joint Venture Limited, profit from Meter Manufacturing, Late Payment Surcharge, and Sale of Gas Condensate as operating income. The Company has filed civil petition for leave to appeal in the Supreme Court of Pakistan on January 25, 2017, against the abovementioned Sindh High Court judgement. But the management has considered the OGRA's decision in preparation of these unconsolidated condensed interim financial statement for the period ended December 31, 2020.

9.1 & 9.2

- 9.1** As K-Electric Limited (KE) has been defaulting and not making payment of Late Payment Surcharge (LPS) and the Company filed a suit in the High Court of Sindh in November 2012, for recovery of its aggregate claim, the Company effective from July 01, 2012 decided to account for LPS from KE on receipt basis as per International Financial Reporting Standards – 15 “Revenue from Contracts with Customers” based on opinions from firms of Chartered Accountants.

In accordance with the revised accounting treatment, the trade debts includes Rs. 29,645 million (June 30, 2020: Rs. 33,415 million) as at December 31, 2020 receivables from KE against sale of indigenous gas. Out of this, Rs. 29,645 million (June 30, 2020: Rs. 29,652 million) as at December 31, 2020 are overdue. However, the aggregate legal claim of the Company from KE amounts to Rs 121,899 million (June 30, 2020: Rs. 116,743 million). This amount has been arrived at as per the practice of the Company to charge LPS to customers who do not make timely payments.

Considering that the Company has valid legal claim for recovery of LPS together with outstanding principal amount, the Company filed the aforementioned suit against KE amounting to Rs. 55,705 million. The above suit has been filed on the following grounds:

As per the agreement dated June 30, 2009 which was entered between the Company and KE for making outstanding payment in 18 instalments, the Company was entitled to charge LPS on outstanding principal amount at rate of:

- a. Highest OD rate being paid by the Company; or
- b. Highest rate at which interest is payable on gas producer bills.

As per the above agreement and as per the audited financial statements of KE as at June 30, 2010, KE, itself, acknowledged and recognized LPS till June 30, 2010, in its books of accounts which confirm management’s assertion that the Company has legal claim over KE for charging of LPS.

KE also filed case against the Company in the High Court of Sindh for recovery of damages / losses of Rs. 61,614 million as KE claimed that the Company had not supplied the committed quantity of natural gas to KE. However, the legal counsel of the Company is of the view that claim of KE is not valid and is not as per terms of the agreement where it was agreed that the Company would make excess supply of natural gas if KE would make timely payments. As KE defaulted on many instances in making payments on due dates, the Company was not bound to supply excess quantity of natural gas as per terms of the agreement.

Management has consulted with its legal counsel, who is of the view that the Company has a strong case over recovery of the outstanding amount due to which management considers outstanding balance good and recoverable. The legal counsel also viewed that the Company has a good claim over LPS on outstanding balance, but considering that the matter is in dispute, as discussed above, the Company has decided to recognize LPS from KE when either such claimed amounts are recovered or when these are decreed and their recovery is assured.

In March, 2014, management signed a payment plan with KE in order to streamline the payment modalities in relation to current monthly bills and old outstanding principal amount, in which the issue of LPS was not addressed. The plan expired on March 31, 2015, and first addendum was included to the original payment plan effective from April 1, 2015 till March 31, 2016. Upon expiry, the second addendum was included to the original payment plan on June 18, 2016 effective from April 1, 2016 till March 31, 2017. Currently, management is in a process to negotiate payment plan, which hasn't been finalised till the issuance of these unconsolidated condensed interim financial statements but the supply of gas and payment is continuing as per old plan.

It has been agreed during various meetings with KE and the Company to appoint a firm of Chartered Accountants to reconcile the balances appearing in their respective books which is still pending. Term of reference has been signed and shared with KE however no response received from KE.

- 9.2** As Pakistan Steel Mills Corporation (Private) Limited (PSML) has been defaulting and not making payment of Late Payment Surcharge (LPS), the Company effective from July 01, 2012 decided to account for LPS from PSML on receipt basis as per International Financial Reporting Standards – 15 “Revenue from Contracts with Customers” based on opinions from firms of Chartered Accountants.

In accordance with the revised accounting treatment, the trade debts includes Rs. 24,777 million (June 30, 2020: Rs. 24,332 million) including overdue balance of Rs. 24,699 million (June 30, 2020: Rs. 24,282 million) receivable from PSML. However, the aggregate legal claim of the Company from PSML amounts to Rs. 71,229 million (June 30, 2020: Rs. 67,665 million). This amount has been arrived at as per the practice of the Company to charge LPS to customers who do not make timely payments.

The Company filed a suit in the High Court of Sindh in April 2016, for recovery of its aggregate claim amounting to Rs. 41,354 million along with LPS. On April 6, 2016, the High Court of Sindh passed an order restraining PSML from creating any third party interest in relation to its assets including but not limited to immovable assets owned by it.

PSML has filed its counter claim of Rs. 38,660 million approximately on account of losses due to low gas pressure provided to PSML from March 2015 to December 2016. Legal counsel of the Company is of the view that due to vagaries of litigation nothing could be expressed with any degree of certainty in the contested matters.

Although PSML’s financial position is adverse, and it has no capacity to repay its obligations on its own, management is confident that the entire amount will be ultimately recovered because PSML is a Government-owned entity and is continuously being supported by the Government of Pakistan.

	Subsequent LDs raised by HCPCL on Award Principle	219,457	219,457	
		4,157,839	4,157,839	

- 11.2.1** HCPCL initiated arbitral proceedings on November 30, 2015 in the International Chamber of Commerce Singapore (ICC) against the Company on account of short / non-supply of contractual gas volumes and disputed compounding of interest i.e. Late Payment Surcharge on gas bills thereon for the period from January 2009 to March 2017.

On April 30, 2018, ICC issued decision in favor of HCPCL and the Company was made liable to make payment to HCPCL as a final reward in the form of indemnity, liquidated damages (LD), interest on LD and legal and professional charges. The said final reward was adjusted by HCPCL against running gas bills issued by the Company.

Earlier in January 2018, the Company approached Ministry of Energy (Petroleum Division) regarding waiver of LDs claimed by WAPDA / CCPA-G from HCPCL against non-supply of Electricity to WAPDA which was being passed to the Company by HCPCL.

The matter was submitted to Economic Coordination Committee of the Cabinet (ECC) for consideration and ECC in its meeting held on February 07, 2018 approved in principle, the proposal regarding waiver of LDs with the direction to Petroleum Division to work out modalities in consultation with stakeholders.

LDs adjusted by HCPCL against running gas bills are recoverable from HCPCL as per ECC aforementioned decision amounting to Rs. 3,626 million for the Award period along with LPS amounting to Rs. 312 million and further LDs deducted by HCPCL following Award principles amounting to Rs. 162 million and Rs. 58 million upto June 30, 2018 and for the year ended June 30, 2019 respectively.

11.3 As at year end, receivable balance from SNGPL comprises of the following:

Uniform cost of gas		15,818,844	15,818,845
Lease rentals		786,774	593,033
Contingent rent		3,535	3,535
LSA margins		3,401,099	2,877,266
Capacity and utilisation charges of RLNG	11.3.1	60,205,545	51,063,909
RLNG transportation income		33,411,411	29,477,644
		113,627,208	99,834,232

11.3.1 The Company has invoiced an amount of Rs. 117,232 million, including Sindh sales tax of Rs. 13,630 million, till December 31, 2020 to SNGPL in respect of capacity and utilization charges (terminal charges), LSA margins and transportation charges relating to RLNG.

SNGPL has disputed the terminal charges that have not been allowed to it by OGRA, terminal charges of a third party (i.e. Pak-Arab Fertilizer Company Limited (PAFCL) and terminal charges with respect to those quantities which were not supplied to SNGPL. SNGPL is of the view that it will only pay terminal charges as per OGRA notification and for those quantities which are actually supplied to SNGPL and not the actual cost billed by the Company. For quantity supplied to PAFCL, PAFCL is making payment directly to the Company according to the payment plan finalized subsequent to end of reporting date. The Company has finalized its payment plan with PAFCL in which PAFCL is required to make eight equal monthly installments of Rs. 201 million per month. Till July 2019, the Company has received all eight installments.

In June 2016, the Economic Coordination Committee (ECC) approved the policy guidelines that all charges under LSA including, but not limited to capacity and utilization charges as well as retainage are to be included at actual. OGRA in its decision dated October 7, 2016 regarding determination of RLNG price, has allowed the terminal charges at actual.

The Ministry of Energy in pursuance of the decision of ECC vide case submitted on September 03, 2015 has allocated 71 BCF RLNG volume to the Company in order to resolve the matter of short supply, with the direction to enter into an agreement with SNGPL for RLNG allocated volumes with the condition that either the Company will make payment to SNGPL for the RLNG sold in its franchise area or will return these volumes when dedicated pipeline is available.

OGRA, in its letter dated November 20, 2018, in pursuance of decision of the ECC, with the consent of SNGPL and the Company, has determined the price mechanism for purchase and sale of allocated RLNG volumes.

Based on initialed agreement between the Company and SNGPL dated January 25, 2021, SNGPL is raising invoice for RLNG volumes retained by the Company from June 01, 2020 based on RLNG reconciliation statement mutually agreed. The rate is based on OGRA decision dated November 20, 2018. SNGPL has started payments of such invoices issued by the Company from June 2020 onwards on monthly basis.

- 11.4** This include amount receivable in respect of Royalty Income, Sale of Liquefied Petroleum Gas, sale of natural gas liquids, federal excise duty and Sindh sales tax on franchise services.

As at period end, amount payable to JJVL in respect of processing charges is disclosed in note 16 and 17 to these unconsolidated condensed interim financial statements.

- 11.5** During the year 2013-14, the Supreme Court of Pakistan (SCP) passed an order dated December 04, 2013 with respect to the Constitution Petition No. 5 of 2011 and Human Rights Case No.15744 - P of 2009, whereby the Implementation Agreement of Badin gas field dated August 12, 2003 signed between the Company and Jamshoro Joint Venture Limited (JJVL) was declared void from the date of its inception. The SCP constituted a committee to calculate Royalty payments (on the LPG extracted to date) on the basis of the Saudi Aramco reference price plus freight charges instead of the "Reference Price" for the full period during which the Implementation Agreement had been operational. However, the freight amount is yet to be finalized for which the SCP has appointed an Advocate Supreme Court to determine the matter and accordingly the same has been submitted by him.

As per SCP order dated June 13, 2018 a firm of Chartered Accountants was appointed to determine the receivable / payable from / to JJVL wherein freight matter was also included and the report has been submitted by the firm. However the freight matter is still pending and the SCP will settle the same and an appropriate order shall be passed in this respect. As per SCP order dated January 9, 2019, in respect of freight matter charges, SCP directed JJVL to deposit Rs. 249 million as JJVL's admitted liability for freight charges for the period 2005-2013. The Company has received such amount as directed by SCP on February 24, 2020 and further amount in this respect will be determined / settled by SCP in due course.

- 11.6** Sales tax refunds arise due to uniform purchase price adjustment with SNGPL and zero rating of sales tax on gas sales for various industries. Sales tax refunds are processed through FBR's Sales Tax Automated Refund Repository (STARR) system. Due to several snags in the functioning of STARR, valid input sales tax claims of the Company are deferred. Realizing the problems of STARR, in August 2010, dispensation from processing of sales tax refunds through the STARR system was allowed by FBR through a letter and substantial refunds were released after issuance of this letter under Corporate Guarantee (subject to post refund audit). However, above said dispensation was also withdrawn by FBR in May 2012.

After withdrawal of said dispensation, the deferred refunds are issued to the Company on the basis of manual verification of documents (third party vendor sales tax returns) by tax authorities. The management is making vigorous efforts for realization of these refunds.

- 11.7** This represents receivable from Mari Petroleum Company Limited, Spud Energy Pty Limited, PKP Exploration Limited and Government Holdings (Private) Limited (referred as BJV); in respect of Zarghun gas transmission pipeline under pipeline contribution agreement. The receivable has been recognised using discounted cashflow technique.

- 17.1** As disclosed in note 9.1 and 9.2, effective from July 1, 2012, the Company has been accounting for LPS from KE and PSML on receipt basis as per IFRS 15 "Revenue from Contract with Customers" based on opinion from firms of Chartered Accountants.. However, the Company continued recognition of the LPS expense payable on outstanding payables of the Government Controlled E & P Companies i.e. Oil and Gas Development Company Limited (OGDCL), Pakistan Petroleum Limited (PPL) and Government Holding (Private) Limited (GHPL) to comply with the requirements of the accounting standards, as such standards do not allow the Company to offset its LPS income against the mark-up expense in absence of legal right of set off, despite the fact that the Company has never paid such LPS to Government Controlled E&P Companies.

Therefore, the management approached MP & NR through its letter dated September 1, 2016 to allow similar treatment of its LPS payable to the Government Controlled E&P Companies due to special and unusual circumstances arising from circular debt. The Company's request was also based on, besides the unique situation of circular debt, past settlement record on net basis which was approved by ECC in 2001 and the fact that OGDCL, PPL and GHPL have adopted the accounting policy whereby such LPS incomes will be recorded in their financial statements only when the same are received.

In response to the Company's above request, the MP & NR vide their letter dated January 3, 2017 has supported the contention of the Company that it will not recognize LPS expense payable to the Government Controlled E & P Companies (OGDCL, PPL and GHPL), effective from July 1, 2012, till the time Company receives payment for LPS income from KE and PSML and it would be settled simultaneously subject to fulfillment of all the codal formalities. Based on the letter received from MP & NR, and the legal opinion, the Company has reversed the LPS expense on delayed payments on gas supplies effective from July 1, 2012. Further it has been decided that the Company will record and pay such expense in the period only when it receives LPS income from KE and PSML.

Had the management not reversed the LPS expense payable from July 1, 2012 to June 30, 2016 of Rs. 26,222 million and recorded LPS expense for the year ended June 30, 2017; June 30, 2018; June 30, 2019; June 30, 2020 and for the period ended December 31, 2020 amounting to Rs. 7,569 million; Rs. 7,477 million; Rs. 10,525 million; Rs 26,335 million and Rs. 14,132 million respectively on outstanding payables to Government Controlled E&P Companies, the effect on these unconsolidated condensed interim financial statements would be as follows:

(Rupees in million)

- Increase in loss before tax	14,132
- Increase in loss after tax / accumulated loss	10,034
- Increase in loss per share - rupees	11.39

18 CONTINGENCIES AND COMMITMENTS		
18.1 Commitments for capital and other expenditures	<u>5,391,829</u>	<u>5,550,445</u>
18.2 Guarantees issued on behalf of the Company	<u>7,194,710</u>	<u>6,908,524</u>
18.3 Jamshoro Power Company Limited (JPCL) has lodged claims against the Company amounting to Rs. 144,120 million (2020: Rs. Rs. 144,120 million) for short supply of gas under the provisions of an agreement dated April 10, 1995, between the Company and JPCL. JPCL has raised another claim of Rs. 5.793 million (2020: Rs. 5.793 million) for the alleged low Gas Calorific Value (GCV) measurement for the period from January 2002 to December 2002 and for the month of February 2003 as compared to the actual GCV billed by the Company. The Ministry of Energy in its letter dated August 12, 2021, has decided that the matter will be referred to the Secretaries' Committee for deliberation and resolution.		

In respect of JPCL major claim i.e. on account of short supply of gas following clause of the agreement is important which does not support JPCL claim.

“Subject to availability and the terms and conditions specified herein the Company agrees to sell and deliver to the customer and the customer agrees to buy and accept a quantity of not less than 62 MCMF of Quality Natural Gas per day at its power station at Jamshoro”.

It is evident from foregoing clause of the agreement, that JPCL has raised a claim not supported by the agreement and that the supply of gas to the customer was subject to the availability and it is/was not any firm commitment on the part of the Company. No provision has been made against the said claims, as management is confident that ultimately these claims will not be payable. Further, management believes that in case matter is decided against the Company, the entire amount will be claimed from the OGRA in the determination of Revenue Requirements of the Company.

- 18.4** As disclosed in note 17.1, the management has reversed LPS expense with effect from July 01, 2012 to June 30, 2016 amounting to Rs. 26,222 million on Government Controlled E&P Companies liabilities and has not recorded LPS expense for the year ended June 30, 2017, June 30, 2018, June 30, 2019, June 30, 2020 and for the period ended December 31, 2020 amounting to Rs. 7,569 million, Rs. 7,477 million, Rs. 10,525 million, Rs. 26,335 million and Rs. 14,132 million in these unconsolidated condensed interim financial statements. The Company will record and pay such LPS expense in the period only when it receives LPS income on amount receivable from KE and PSML.
- 18.5** Arbitration proceedings between JJVL and the Company were initiated under the Pakistan Arbitration Act 1940 to settle the outstanding disputes between the parties. Accordingly, both the parties have appointed their respective arbitrators and filed their respective claims.

Supreme Court of Pakistan (SCP) through its decision dated June 13, 2018 upheld the termination by the Company and stated that the termination was validly done and the Company was within its legal and contractual right to do so and appointed a firm of Chartered Accountant to conduct a complete audit of JJVL within a period of two months to ascertain and determine the amount to be paid by JJVL to the Company. Based on the Court order, the Company shut down the supply of gas to JJVL plant accordingly.

Subsequently, SCP through its order dated November 16, 2018, based on the report by a firm of Chartered Accountants, determined that Rs. 1,500 million is the undisputed amount that shall be paid within 8 weeks by JJVL, which has been accordingly received by the Company along-with the interest accrued thereon. However, with respect to the GIDC, tax challans and other matters, SCP will settle the same and an appropriate order be passed in this regard. Management is of the view that once the matter is finalized by the SCP any change in receivable or payable position shall be recognized in the year in which the SCP order has been passed.

After cancellation of MoUs by SCP on June 13, 2018, JJVL submitted a proposal based on profit sharing to SCP which was forwarded to the Company by SCP. The SCP was also informed that the Company is in the process of hiring a consultant for providing professional advice on the best option available with respect to the LPG/NGL Extraction business.

The Company after concurrence of its Board informed SCP that it does not accept the proposal submitted by JJVL and asked SCP to appoint a firm of Chartered Accountants to come up with an agreement mutually beneficial for both the parties. After considering all the points, SCP appointed a third party firm of Chartered Accountants which shall deemed to be the receivers of the Court and would supervise the Project. In addition, firm is to determine an appropriate sharing arrangement for both parties which shall be final, subject to the approval of the Supreme Court of Pakistan.

Subsequently, the firm of Chartered Accountants after consultation with both parties came up with a mechanism of revenue sharing of 57% to the Company and 43% to JJVL on ad-hoc basis and an agreement was signed between the Company and JJVL and submitted to SCP for its approval and the same was validated by SCP in its order dated December 29, 2018. SCP also directed the Company to resume the supply of gas to JJVL plant based on the new terms provided in the agreement. The agreement is valid for 1.5 years from the date of agreement and unless renewed by the parties through mutual written consent it shall stand terminated automatically. Accordingly, in June 2020 the said agreement stands expired and since then no gas has been supplied to JJVL plant.

- 18.6** Previously the Income Tax Appellate Tribunal (ITAT) had decided an Appeal in favor of Income Tax Department on the issue of capital gain made on disposal of LPG business in the financial year 2001 resulting in tax impact of Rs. 143 million. Management has filed an appeal before Honorable High Court. The management is of the view that sale of LPG business being in nature of slump transaction was not chargeable to tax under the Income Tax Ordinance, 2001.

Accordingly, no provision regarding the said claim has been made in these unconsolidated condensed interim financial statements as the management, based on its legal advisor's opinion, are confident that the matter would be resolved in favor of the Company.

- 18.7** Income tax authorities have passed Orders for the Tax Years 2007, 2008, 2009, 2013, 2014, 2015 & 2017 disallowing tax depreciation on fixed assets held under musharka arrangement.

All the orders were contested before Commissioner (Appeals) who decided the case in Company's favor.

No provision has been made in these unconsolidated condensed interim financial statements as the Company and its legal counsel are confident that the outcome of the case will be in favor of the Company.

- 18.8** Income tax authorities have passed orders disallowing Cost of Gas purchased but lost as UFG (in excess of OGRA Benchmark) for FY 2008-09, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19.

All the orders were contested before Commissioner (Appeals) who decided the cases in Company's favor. However, the said Commissioner (Appeals) orders in Company's favor have been challenged by the tax authorities before the Appellate Tribunal Inland Revenue.

Since the said issue has already been decided in favor of SNGPL by Lahore Bench of Appellate Tribunal Inland Revenue and thus a Legal Principle is in field which has also been upheld by Commissioner (Appeals) in Company's case, therefore no provision has been made in these unconsolidated condensed interim financial statements as the Company and its legal counsel are confident that the outcome of the case will be in favor of the Company.

- 18.9** The Tax Authorities' passed Order for FY 2009-10 against the Company disallowing input Sales Tax credit on gas purchased but lost as UFG, among other observations. The said order was contested till Appellate Tribunal Inland Revenue (ATIR) who decided the case in the Company's favor thus setting a legal principle.

Tax Authorities have passed two different Orders for FY 2010-11 to 2014-15 & for FY 2015-16 to 2016-17 disallowing input Sales Tax on gas purchased but lost as UFG (in excess of OGRA Benchmark) however the Company contested the matter before Commissioner (Appeals) who decided the cases in Company's favor.

The tax department has filed an appeal before the Appellate Tribunal Inland Revenue against the aforesaid Orders of Commissioner (Appeals) for FY 2010-11 to 2016-17.

Tax authorities have also issued a notice for FY 2017-18 confronting the same issue of disallowance of input tax claimed on excess UFG on which the company has filed detailed reply but no adverse inference was drawn in light of Binding Precedent set by ATIR for FY 2009-10.

The Company and its legal counsel are of the opinion that the Company has a strong case on legal merits as well as on technical grounds since legal principle has been set by ATIR & upheld by Commissioner (Appeals) and thus no provision has been made in these unconsolidated condensed interim financial statements as the Company and its legal counsel is confident that the outcome of the cases will be in favor of the Company.

- 18.10** The Additional Commissioner Inland Revenue passed an order against the Company with demand of Rs. 1,314 million alongwith default surcharge and penalty for incorrect adjustment of withholding sales tax against input invoices. The principal tax demand was recovered by the authority. However, the Company has filed a reference with FBR for waiver of default surcharge and penalty, which is pending. The Honorable High Court of Sindh has also stayed the recovery of the additional tax and penalties.

KE اور PSML سے قابل وصول

K-Electric (KE) اور پاکستان انٹیلیٹکلائٹ (PSML) کے قابل وصول تازہ دہ کی صورتحال پچھلے سالوں کی طرح ہی رہی۔ انتظامیہ KE کے خلاف دائرہ بیکوری کے مقدمے کی بھرپور طریقے سے پیروی کر رہی ہے۔ ایک ہی وقت میں، انتظامیہ متعلقہ وزارتوں کے ساتھ KE اور PSML سے بھتا جات کی وصولی کو تیز کرنے کے لیے رابطے میں ہے۔ توقع ہے کہ جیسے ہی حکومت پاکستان کی طرف سے یہ معاملہ مستقل طور پر حل ہو جائے گا، کمپنی کی مجموعی مالی حالت بہتر ہو جائے گی۔ یہ بات قابل ذکر ہے کہ دسمبر 2020 کو ختم ہونے والی مدت کے بعد PSML نے فنانس ڈویژن کی طرف سے اس مقدمہ کے لیے مختص کی گئی رقم میں سے جولائی 2020 سے مئی 2021 تک ماہانہ گیس بلوں کے مد میں 849 ملین روپے کی ادائیگی کی ہے۔ KE اور PSML کے خلاف کمپنی کا مجموعی 31 دسمبر 2020 تک باکڑی 121,899 ملین روپے اور پاور 71,229 ملین روپے ہے۔

SNGPL اور واپڈا سے قابل وصول LPS

کمپنی کو مجموعی طور پر گردش قرضوں کی صورت حال کی وجہ سے SNGPL اور واپڈا سے قابل وصولی کی صورت حال کا سامنا ہے۔ تاہم، مختلف شرائط و ضوابط کی بنیاد پر کمپنی واجب الادا رقم کے خلاف LPS جمع کر رہی ہے۔ کمپنی روزانہ کی بنیاد پر متعلقہ سرکاری کام کو اس بابت آگاہ کر رہی ہے اور توقع ہے کہ نوئی سطح پر گردش قرضے پر توجہ دینے سے مسئلہ ہو جائے گا۔

HCPCL سے قابل وصول

میسر صاحب اللہ کوشل پاور کمپنی پرائیویٹ لمیٹڈ (HCPCL) نے 30 نومبر 2015 کو انٹرنیشنل جیبر آف کامرس سنگاپور میں قوانین کے تحت قائم کیے لیے اپنی درخواست دائر کی GSA کے تحت SSGC کی جانب سے گیس کی عدم فراہمی اور کم فراہمی کا معاملہ اٹھایا۔

30 اپریل 2018 کو بین الاقوامی ثالثی عدالت نے HCPCL کے حق میں فیصلہ جاری کیا ہے۔ نتیجتاً HCPCL نے کمپنی کے جاری کردہ گیس کے بلوں کے خلاف اپنا دعویٰ ایڈجسٹ کیا۔ مندرجہ بالا رقم کے خلاف کل ایک سو پندرہ ملین روپے۔

تاہم، HCPCL کی طرف سے 3.8 ملین روپے کے نقصانات کو ختم کر دیا گیا۔ جس کی وجہ سے G-CPA / WAPDA کی جانب سے HCPCL کو نقصانات کا سامنا رہا، یعنی ایک GOP ادارے سے دوسرے GOP ادارے کو ادائیگی کی گئی۔ لہذا، ڈی سی ای 07 فروری 2018 کو ہونے والے اپنے اجلاس میں پیٹرولیم ڈویژن اور پاور ڈویژن کو تمام اسٹیک ہولڈرز کے ساتھ مشورے سے طریقہ کار وضع کرنے کی ہدایت کے ساتھ لیکوئیڈیشن نقصانات کی معافی کی تجویز کی اصولی طور پر منظوری دے دی ہے۔ (OME) Force Majeure Event اور اس طرح GSA کی مدت میں بغیر کسی ڈسپنچ کی مدت کے تسبیح کر دی گئی۔

ایس ایس سی ای اور ایچ جی سی ای ایل کے درمیان جی ایس ای 2019 میں ختم ہو گیا ہے جبکہ پاور پر جیبر انگریجمنٹ (پی پی ای) کے درمیان HCPCL اور G-CPA کی مدت 2029 تک ہے۔ HCPCL کی طرف سے ایڈجسٹ کردہ LDs روپے کی رقم 3.8 ارب روپے اور ثالث کے ذریعہ اضافی ایل پی ایس ایڈجسٹمنٹ کی اجازت سے 0.3 ملین روپے "کنجی ٹی سی ای ایل سے قابل وصولی" ہے اور باقی رقم 3.9 ملین کی 25 مئی 2021 کو ماہی سال 2018-19 کے فائنل ریویو کیورینٹ منٹ (DFRR) سے متعلق اپنے فیصلے میں OGRA کی طرف سے قابل وصول LPS کی تجدید کی LD چار جز پر سود اور قانونی اخراجات سے متعلق اجازت دی گئی تھی۔

معاملے پر زور

مالیاتی بیانات کے نوٹ 1.3 میں زیر بحث مالی کارکردگی کی بنیاد پر، آڈیٹرز نے یہ نتیجہ اخذ کیا ہے کہ غیر یقینی صورتحال موجود ہے جس سے کمپنی کی صلاحیت پر انہم شکوک پیدا کر سکتے ہیں۔ تاہم، کمپنی نے 06 جولائی 2020 کو حکومت پاکستان، فنانس ڈویژن سے ایک سیپورٹ لیٹر حاصل کیا ہے جو کمپنی کی صورتحال کو برقرار رکھنے کے لیے تعاون کا عہد کرتا ہے۔

کمپنی کی مالی ٹیک کا جائزہ لینے کے لیے درج ذیل اہم عوامل متعلقہ ہیں

- والیو میٹرک بنیادوں پر RLNG ہینڈلنگ پمپنگی UFG والاؤنس اور اسے طلب کیا جائے گا جیسا کہ پہلے ہی بیان کیا گیا ہے پچھلے پیرا گراف میں۔
 - حکومت پاکستان (فنانس ڈویژن) (GoP) نے کمپنی کی صورتحال پر اپنے 06 جولائی 2020 کے خط میں اکثریتی شیئر ہولڈرز ہونے کے ناطے کمپنی کی فنڈنگ کی ضروریات کو تسلیم کیا اور اسے برقرار رکھنے کے لیے تمام تعاون فراہم کرنے کا عزم ظاہر کیا ہے۔
 - انتظامیہ نے بورڈ آف ڈائریکٹرز کی منظوری سے آنے والے سالوں میں UFG کو کنٹرول کرنے کے لیے UFG کنٹرول کی حکمت عملی وضع کی ہے اور اسی حکمت عملی کے تحت عمل درآمد جاری ہے۔
 - نیا نصف رجم مالی سال 2018-19 سے مؤثر طور پر 17.43 فیصد آپریٹنگ اثاثوں پر گائیڈ شدہ ریزن فراہم کرے گا۔
 - میٹیکون نے قرض سے ایکویٹی تناسب کی ضروریات کو معاف کر دیا ہے۔ مزید یہ کہ کمپنی نے بھی کسی کی ادائیگی میں ڈیٹا نہیں کیا۔ قسطا اور سودا پر کچھ قرضے مکمل طور پر ادا کیے جا چکے ہیں۔
- مذکورہ بالا بروئی آڈیٹرز کے علاوہ، M/s بی ڈی او ابراہیم ایچ این، چارٹرڈ اکاؤنٹنٹس نے بعض امور پر توجہ مبذول کرائی ہے۔ 31 دسمبر 2020 کو ختم ہونے والی چھ ماہ کی مدت کے لیے ایل کی جائزہ رپورٹ میں مسائل و دیگر معاملات پر تبصرے حسب ذیل ہیں:
- ایس ایس سی ای نے حکومت کے زیر کنٹرول ایل اینڈ پی کمپنیوں (او بی ڈی سی ایل، پی پی ایل اور جی ایل پی ایل) کو یکم جولائی 2012 سے قابل ادائیگی ایل پی ایس اخراجات کی شناخت ایس ایس جی کو پی ایس ایم ایل اور کے ای سے ایل پی ایس کی آمدنی حاصل کرنے تک بند کر دی ہے۔ اور
 - قانونی چارہ جوئی اور دیگر معاملات جن کا تذکرہ ہنگامی حالات اور عزم میں کیا گیا ہے، سازگار حل کے لیے جارحانہ طریقے سے پیروی کی جارہی ہے۔

اعتراف

بورڈ آف ڈائریکٹرز اپنے شیئر ہولڈرز اور معزز ذرائع کی جانب سے مستقل تعاون پر شکریے کا اظہار کرتا ہے۔ بورڈ اپنے ملازمین کی خلوص دل سے خدمات کا بھی اعتراف کرتا ہے۔ ڈائریکٹر حکومت پاکستان، وزارت توانائی اور اسٹیل اینڈ گیس ریگولیٹری کی جانب سے مستقل رہنمائی اور تعاون پر بھی شکریہ ادا کرتا ہے۔

برائے ششماہی مختتمہ 31 دسمبر 2020

ہمیں 31 دسمبر 2020 کو تم ہونے والی 6 ماہ کی مدت کے لیے کمپنی کے نتائج پیش کرتے ہوئے خوشی ہو رہی ہے۔
کمپنی کو مسلسل نئے بین الاقوامی کاروبار، باہم مالیاتی نتائج میں بورڈ آف ڈائریکٹرز کی رہنمائی میں انتظامیہ کی طرف سے کیے گئے اقدامات کی بنا پر نمایاں بہتری آئی ہے۔

مالیاتی عمومی جائزہ

کینی نے اوگرا کی جانب سے میجر ڈس ایڈنسر شامل کرنے کے بعد 1,668 ملین روپے بعد از تین گیس خسارہ ریکارڈ کیا۔ جو کہ 31 دسمبر 2019 کو ختم ہونے والے 6 ماہ کے تقابلی مدت کے خسارے سے 88 فیصد کم ہے۔ مالیاتی جھگیوں کا خلا صد درج ذیل ہے:

دسمبر 2020	دسمبر 2019	تفاضل	
		رقم	فیصد
		ملین روپے میں	
نقصان قبل از ٹیکسیشن	(471)	11,885	(96)
ٹیکسیشن	(1,197)	(71)	6
نقصان بعد از ٹیکسیشن	(1,668)	11,814	(88)
نقصان فی شیئر (روپے)	(1.89)	13.41	(88)

ایس ایس جی کی کامنٹس کا سامنا کرنا ہوتا ہے۔ اس فارمولے کے تحت ایس ایس جی کی مالیاتی چار جڑ اور ٹیکسوں کے قبل اس کے دوسرے اہل آپریشننگ کمپنیز کا اثاثہ پر 17.43 فیصد منافع کی اجازت ہے۔ تاہم، اگر کارکردگی سے متعلق معیارات کی بنیاد پر محصولات کی ضروریات کا تعین کرتے ہوئے عدم اجازت / ایڈجسٹمنٹ کرتا ہے گیس (UFG)، انسانی وسائل کی پیشہ مارک لاگت، مشکوک قرضوں کی فراہمی اور کچھ دیگر اخراجات کے لیے غیر حساب کتاب / چار جڑ یا ڈس لاؤنس / ایڈجسٹمنٹ کمپنی کی علی سطح کو متاثر کرتی ہیں۔

جیسا کہ اس مدت کے مقابلے میں ترقی یافتہ ممالک جس میں خسارہ ہزاروں ارب ڈالرز 13,482 ملین روپے بتایا گیا تھا، وہاں ہم نے موجودہ مدت میں چلیں پرنایاں بہتری کے ساتھ بعد ازین خسارے کو 1,668 ملین روپے کیا اور چلیں پرنے پر 88 فیصد بہتری لائی۔ چلیں پرنے بہتری کی وجہ نقصانات کو جذب کرنے کی تکمیل سے منسوب ہے۔ جون 2020 میں نقصانات کی حد 3,672 ملین روپے اور 8,142 ملین روپے جو پرنے پر پرنے کا عکاس کرتا ہے۔

28 مارچ 2022 کو جاری کردہ مالی سال 2020-2019 کے لیے اگراڈائیڈ پیشبینیوں میں ناقص رپورٹوں کیلئے ڈفرنٹ (DFRR) کے مطابق، ان 6 پیشبینیوں کے مالیاتی نتائج میں جذب شدہ اکریڈٹس کی رقم 5,828 ملین روپے کے خلاف ریٹرن ٹائٹل 7,831 ملین روپے ہے۔ مالیاتی لاگت اس مدت میں 2,474 ملین رہی۔

ایل این جی بزنس پر یو ایف جی الاؤنس کی منظوری

SSGC وزارت توانائی (پیٹرول ڈیمونڈیج) کے ساتھ ساتھ اسلام آباد ہائی کورٹ میں OGRA سے ڈسری بیژن نیٹ ورک میں RLNG کارڈ پر تحقیق UFG کی اجازت دینے کے لیے پھر پوٹریلے سے پیروی کر رہا ہے۔ IHC کی روک تھام کے حکم کے نتیجے میں OGRA، 20-2019 کے FRR کی بنیاد پر 17.25 فیصد کی اصل UFG کی اجازت دی ہے۔

تاہم، اب بھی زیادہ UFG ڈس لاء انس کی بنیادی وجہ اور اگر RLNG والیوم مینڈنٹک نیفٹ کو قبول نہیں کرنا ہے۔ جس کی اجازت 11 مئی 2018 کو انکا کوارڈینیشن کمیٹی (ECC) کی طرف سے منظور شدہ سمری کے ذریعے SSGC کو اجازت دی گئی۔ ایس ایس جی سی ٹینجمنٹ اور بورڈ آف ڈائریکٹرز کی بھرپور پیروی کے ساتھ، اوگرانے ایک کنسلٹنٹ کو مقرر کر لیا ہے جو یو ایف جی کے آر ایل این جی اور سوئیٹچی ایس ایس جی سی اور ایس ایس جی سی پر اپیل پر اس کے اثرات کا جائزہ لے گا۔

نا قابل وصول قرضوں کی فراہمی

اگر صرف متوقع صارفین سے متعلق پریٹنگ اخراجات کے طور پر ناقابل وصول قرضوں کی فراہمی کی اجازت دیتا ہے۔ تاہم IFRS-9 کا نپاٹنا پر پروڈیون متوقع کرپٹ نقصان کی بنیاد پر کیا جا رہا ہے۔ لائیو صارفین کے خلاف پروڈیون میں آگے دیکھنے کی ضرورت ہے۔ نتیجتاً، اگر گمشدہ ادوار میں کمپنی کی چیلنجی طرح منظر بن گئی۔ موجودہ مدت میں سخت کوششوں کے بعد کمپنی نے ناقابل واپسی قرضوں کے خلاف پروڈیون کو کچھ دور کے چیلنجی کھوکھڑے بنا دیا ہے۔ لائیو صارفین روپے کی رقم 54 ملین سے نیچے اور اگر ان کی طرف سے قابل اجازت اخراجات نہیں سمجھا جاتا ہے۔

زائد مالیاتی لاگت

ایس ایس جی کی کوشیل مدتی قرض کی وجہ سے 2,474 ملین روپے مالیاتی چارجز کا حساب دینا پڑتا ہے۔ جو بنیادی طور پر کراچی پورٹ سے ساون تک آرائل این جی کی ترسیل کے لیے اپنے پائپ لائن انفراسٹرکچر کو فنانس کرنے کے لیے حاصل کیے گئے قرضوں کی توانائی کی ضروریات کو پورا کرنے کے لیے ایس این جی پی ایل نیٹ ورک کو آرائل این جی کی مقدار فراہم کرتا ہے۔ مختصر مدت کے قرضے کے لئے 659 ملین روپے کی مالیاتی لاگت کی اجازت دی گئی ہے جو کہ براہ راست اثرات ظہری سطح پر مرتب ہوں گے۔

بیرونی آڈیٹر کی جائزہ رپورٹ میں ترمیم

ہیوئی اوڈیزز کی جائزہ رپورٹ میں کوئی نئی اہلیت نہیں ہے۔ تاہم ہیروڈی اوڈیزز میسرز کی نو اور اہتمام ایجنسی، ہیوڈی اوڈیزز کا ویکسین 31 دسمبر 2020 کو ختم ہونے والی 6 ماہ کی مدت کے لیے KE اور PSML کے واجب الادا رقم، SNGPL اور وائیڈ اس ڈسٹرے اس ایجنسی کے سرچارج (LPS) اور صیب الیکٹریکل سرجنری (ایچ بی سی ایل) کے وصولیاتی کو بی جائزہ رپورٹ میں اس طرح کی قابلیت کے ساتھ جاری رکھا۔
