EDITOR'S NOTE

Straight from the heart

Dear readers,

We may have visited Quaid's mazar many times on our own but one does not recall a contingent of our Company employees celebrating the country's independence day by going to the grand mausoleum and paying homage to the man who created Pakistan. After the flag hoisting ceremony at the head office in which the honours were done by Khalid Rahman, MD, SSGC, personnel from different departments proceeded to the mazar and laid a floral wreath at the Quaid's grave. It was no excursion trip but a straight from the heart gesture meant to pay tribute to the great Mohammad Ali Jinnah. In addition, this issue is especially dedicated to the silent soldiers of Khadeji Base Camp, who create incredible feats of engineering that benefits millions of stakeholders.

SSGC celebrates green day with gusto

REAFFIRMING COMMITMENT TO CONFRONT CHALLENGES

MD, SSGC leads the independence day festivities; flag hoisting ceremony in progress at the Head Office podium

SSGC celebrated Pakistan's 69th birth anniversary with traditional fervour and enthusiasm. The Company's Head Office in Karachi was all decked up in green while a colourful flag hoisting ceremony initiated the day long celebrations.

At exactly 9.00 am, Khalid Rehman, SSGC's MD accompanied by the senior management, office bearers of Sui Southern Officers Association, CBA (Peoples Labour Union) and a large number of executives and employees, hoisted the national flag at the Head Office podium and sang the national anthem in unison. As the patriotic songs played on in the background, the MD and his team wished every one a happy independence day and spent some time with the children of the executives and staff members.

After the flag hoisting, the MD addressed SSGC's executives and staff and reiterated the commitment to overcome challenges faced by the Company. He

added that the Company is working towards providing those sectors with natural gas that face major supply issues due to this widening demand-supply gap and hoped that by the same time next year this objective will be achieved. Mr. Rahman reiterated that SSGC is currently confronted with challenges including Unaccounted-for- Gas that has affected the Company's financial bottomline. In order to take SSGC back on the road to prosperity, a concerted effort from every

single employee is required, the MD stressed. The impressive ceremony concluded with a hearty breakfast.

On the occasion of Pakistan's Independence Day, all offices of SSGC wore a festive look and ceremonies were organized in a number of Company facilities. SSGC's Head Office building illuminated with green lighting was a centre of attraction for the on-lookers. ▶

CHERISHING FREEDOM, SSGC STYLE

Paying respects to the great man

Soon after the flag hoisting ceremony on August 14, Team SSGC proceeded to the Mazar-e-Quaid to pay respects to the founder of the nation. The SSGC contingent led by Shahbaz Islam, AGM(CCD) laid floral wreath at the

Quaid's grave and offered fateha. Officials and staff from Corporate Communications, Legal and Customer Relations Department visited the mausoleum, carrying banners that depicted their love for the Quaid.

Team SSGC paid an ultimate tribute to the man who founded Pakistan

Quality time with senior citizens

There is no better way to celebrate a festive occasion like Independence Day than by visiting a place like Darul Sukun Home for Senior Citizens. It was a pleasure to find the senior citizens in the twilight of their lives in a celebratory mood. The visiting SSGC team presented them with a special 'freedom' cake. It did not take long before both the octogenarians and SSGC contingent got into a real festive mood by singing national songs with zeal and enthusiasm. Dar-ul-Sukun management thanked the visitors for spending quality time with the residents of the reputable old house. ▶

SSGC holds off MALC in Azad Cricket Festival games

As part of the Independence Day celebrations, SSGC and its collaborative CSR partner Marie Adelaide Leprosy Centre (MALC) played in a couple of limited over cricket matches at the Christ the King Seminary Ground. The first game saw SSGC beat MALC convincingly by 75 runs.

Batting first, SSGC scored 115 with Qazi Nasar and Owais shining with the bat. In reply, MALC could manage just 40 runs. After the matches, Asif Ansari, GM (Litigation) presented a shield to MALC's captain and its CEO Mervin Lobo.

The latter also presented Salman A. Siddiqui, DGM (CCD) with the shield. M. A. Gohar, CM (CCD/CSR) coordinated the event on behalf of SSGC.

(Top to bottom) Team MALC huddle before the game; SSGC openers lead the onslaught, teams in action, and SSGC and MALC teams in a fine display of camaraderie

MD, SSGC CALLS FOR UNITY IN RANKS

Khalid Rahman, MD, SSGC has reiterated the need for unity in ranks in order to wade off some of the ongoing challenges being faced by the Company. The MD was speaking to the Company's senior officials at the head office auditorium on August 31, 2015.

Mr. Rahman stressed that SSGC has zero-tolerance against the wrong doers inside the Company. He advised the officers not to believe in hearsay or engage in rumour mongering and instead perform their duties in normal business as usual mode.

The MD agreed with the senior officials that the media should verify facts with the

MD stressed on unity in his speech

Company before making any news public since any flawed content has a direct impact on staff morale and the anxiety of their family members.

During his speech, the MD encouraged the officers by ensuring that the management will wholeheartedly support those who are honestly discharging their duties. ●

Senate Committee for P&NR visits Engro LNG Terminal

The Senate Standing Committee for Petroleum and Natural Resources visited Engro Elengy Terminal (Pvt) Ltd. The delegation was briefed on the current status of the LNG projects by the Engro and SSGC managements. SSGC was led by its Managing Director Mr. Khalid Rahman. The visit took place on August 27, 2015. ●

TRRs for FY 2012-13 and FY 2013-14

OGRA HOLDS PUBLIC HEARING IN KARACHI

The Oil and Gas Regulatory Authority (OGRA) recently heard SSGC's petitions for Total Revenue Requirement (TRR) for FY 2012-13 and FY 2013-14 under Section 8 (2) of the OGRA Ordinance 2002. The petitions, were convened in Karachi on August 25, 2015.

Chairman OGRA Saeed Ahmed Khan, Member (Gas) Aamir Naseem and Member (Finance) Noor-ul-Haq heard the petitions of the gas utility. Khalid Rahman, MD, SSGC, Fasihuddin Fawad, GM (Regulatory Affairs) and Mirza Mahmood Ahmad, Legal Counsel, made a strong case for the petition. Interveners representing various trade bodies also spoke eloquently about the petition. 

Petitioners and interveners spoke at length at the hearing organized in a Karachi hotel

12th Environment Excellence Award

SSGC's role in environmental preservation acknowledged

SSGC is the first public utility company in Pakistan which has acquired ISO 14001 and OHSAS 18001 certification for Environmental Management System in 2004. SSGC is committed to the Health and Safety of its employees and preservation of environment by preventing pollution, conserving natural resources and adhering to applicable national laws and regulations in all its activities related to transmission and distribution of natural gas. The Company's motto has been 'Clean Fuel for a clean environment'.

The Company's role in contributing towards health, safety and environment was acknowledged at the 12th Environmental Excellence Award Ceremony held on August 28, 2015 at Marriott Hotel Karachi. The Ceremony was organized by the National Forum for Environment and Health.

On behalf of the Company, Ali Ahmed, ADGM (HSE&QA) received the Award from chief guest Senator Taj Haider, Advisor Ministry of Environment, Government of Sindh. 

TASK FORCE - WAGING A WAR AGAINST GAS THEFT

In August, the Customer Relations Department's Task Force conducted several raids on residential areas and commercial units in various Karachi localities, with the help of the SSGC-backed Police force, Security Services and Utilization-DSM Departments.

Task Force conducted several raids on residential areas and commercial units in various Karachi localities, with the help of the SSGC-backed Police force, Security Services and Utilization-DSM Departments. More than 300 flats and one tandoori shop using gas directly were raided and their illegal connections were dismantled.

The team undertook a raid in Rabia City, Gulistan-e-Jauhar to remove illegal connections. More than 300 flats and one tandoori shop using gas directly were raided and their illegal connections were dismantled.

Earlier, the team cracked down on direct use of gas in a Nazimabad apartment. More than 40 flats using gas illegally had their lines disconnected. On the same day, the team raided a tailoring shop illegally using a 15Kv generator and 3 small business units illegally using domestic lines for running heavy generator. 

SSGC Teams and police force during raids in different areas

Major gas thefts in Hyderabad unearthed

As per the directives of SGM (D-South) and GM (Distribution-Sindh), gas theft control teams based in Hyderabad conducted successful raids in plastic moulding and battery manufacturing factories in a number of localities around the city.

The raids were conducted on August 8,

13 and 25, 2015 with support from Rangers, Police and FIA teams.

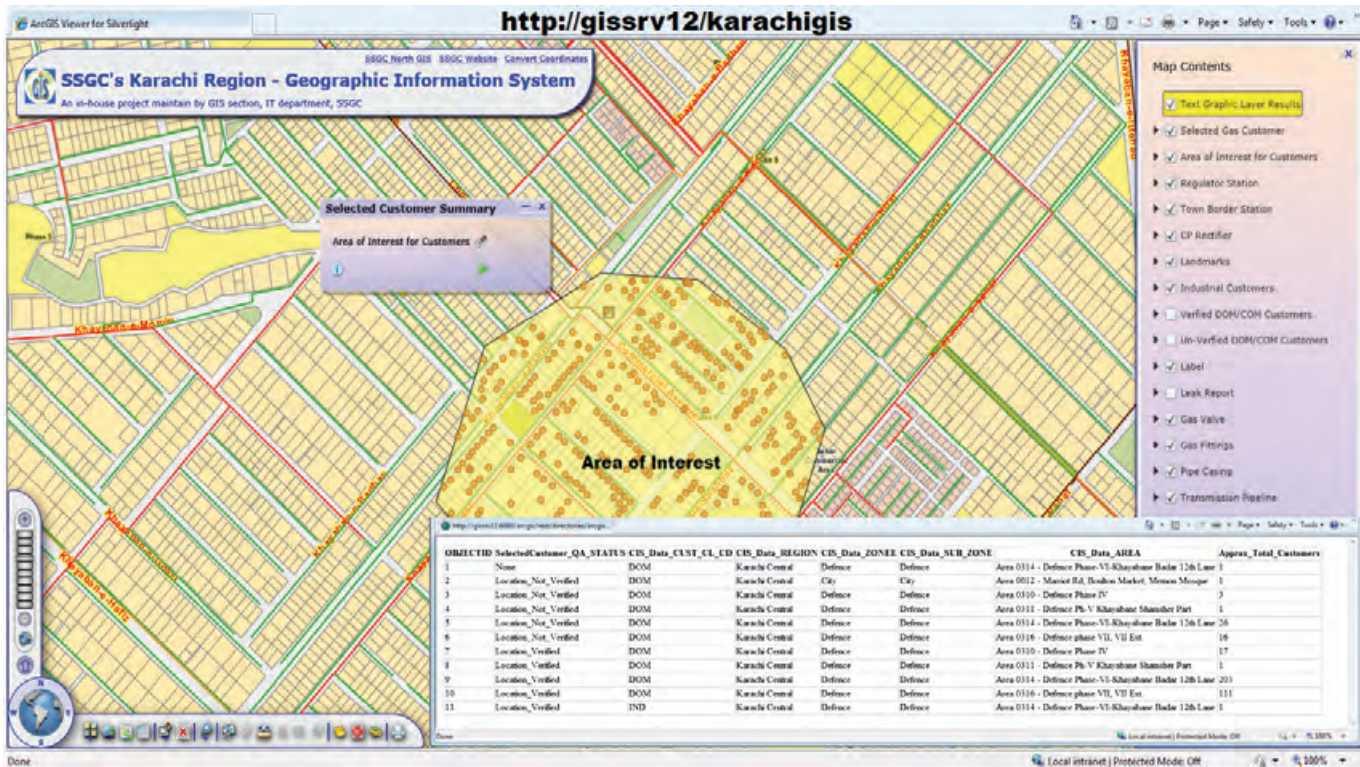

Under the supervision of Abdul Rasheed Laghari, RM (Hyderabad), the raiding team comprised of Ghulam Mohammad Laghari, DCE, I/C(Maintenance), Ayaz Rahim Memon, Sr. Engineer, Qamaruddin Mangi, AM (Maintenance), Haq Nawaz Dahri, DM (Maint.), Ayaz

Ahmed Memon, DM (Distribution), M. Bux Umrani, DM (S&M) and Jamil Ahmed, DCE (CRD) conducted raids in Mukhi Bagh Tando Yousuf, Allahdad Chand Goth and Fish Market. The miscreants were found using gas directly by installing clamps. FIRs were lodged against the culprits and challans were presented in the courts. Six culprits were arrested by the police squad. 

New GIS tool introduced

WHAT'S YOUR AREA OF INTEREST?

Continuing with its tradition of innovation and efficiency, the GIS section of IT Department has introduced a customized geo-processing tool "Gas Customer Summary Tool" to the existing Web GIS application for Karachi regions at <http://gissrv12/Karachigis>.

This tool will help GIS users to get report (in HTML/MS Excel format) of total number of gas customers in their "area of interest" by drawing polygon/area on the GIS map. The report, customized according to Distribution department's needs covers details of a number of gas

customers by their Class/Type, Zone, Sub Zone, Region and Billing Area categories. Out of 1.7 million customers of Karachi region, 1.0 million customers have been plotted using GPS coordinates on GIS map. The remaining 0.7 customers will be plotted by June 2016 on the GIS map depending on the availability of their accurate GPS coordinates collected from handheld gas meter read devices.

The new tool, based on number of gas customers with the above mentioned information, will also help GIS users to define/create new billing areas, SBUs,

UFG zones, allocate proper billing area to customers etc.

GIS layer for domestic, commercial and industrial gas customers has also been linked to CIS data which will enable users to view gas customer's location along with CIS data information on a click of a mouse. Information that can be made available through this facility includes customer number, customer class, customer name, customer address, unit, region, zone, sub zone, billing area, meter number, meter type, GCV, temp zone, TBS, PRS, SMS and UFG Zones. ■

THE SILENT SOLDIERS OF KHADEJI BASE CAMP

SSGC's most valuable asset is its human capital. Being an engineering company, the Company needs to invest in a large number of workforce for carrying out various projects and construction jobs. When we talk of the Company's achievements over the years, perhaps unfairly we ignore the silent soldiers of the Khadeji Base Camp, a huge construction and workshop complex situated 45-kms from Karachi off Super Highway. The Camp is an important section of the Company's P&C Department.

Established in early 1970s, the Khadeji Base Camp is a hub for constructing and

developing transmission and distribution pipeline infrastructure including sandblasting, lathe and welding works as well as repair and maintenance works of vehicles and pipeline accessory items. The Camp has a huge warehousing facility for heavy construction machinery and equipments. Engineers, workers and technicians spend their lives miles away from their families and only get to meet them either every weekend or fortnightly.

An impressive accommodation for executives and workers based in the Camp ensures relaxed sleep after a hectic day at work. A few years ago, an executive mess was also built in the facility that allows the men to unwind and

relax as well as for forging a close camaraderie.

Historically, some of the finest executives and engineers the Company has ever produced have worked in Khadeji Camp. These engineers, aided by the Camp's indefatigable have had the honour of working on major distribution and transmission projects in Sindh and Balochistan.

The engineers, workers and technicians of Khadeji deserve our utmost respect for their dedication and ingenuity. Away from the comfort of their homes, they help build SSGC and the nation. ◻

SSGC PARTICIPATES IN DAY LONG MEDICAL CAMP

SSGC's Medical Services Department set up a stall at a day long medical camp organized for the marginalized communities by Imkaan Welfare Organization on August 30, 2015. Those visiting the camps enquired with the SSGC doctors about their ailments and treatment. Medicines were also distributed to those suffering from different medical conditions. 📍

Faiza Kapadia bids farewell to SSGC

Company Secretary, Ms. Faiza Rafay Kapadia ended her short yet prolific stint in SSGC in August 2015. The management hosted a lunch to bid farewell to her. Ms. Kapadia joined SSGC in 2013. 📍

DIG SPECIAL BRANCH TAKEN ON A GUIDED TOUR OF HQ QUETTA

On August 19, 2015, Manzoor Sarwar, DIG Special Branch along with Balochistan's Security/Survey team comprising of Lt Col. (R) Tahir Shah, CM (SS) Balochistan Region and Ghulam Abbas, DSP NPF visited the HQ Quetta with regards to the re-survey of key points. In his capacity as the in-charge of the facility, Muhammad Altaf, DCE (Operations) briefed Mr. Sarwar about HQ Quetta with regards to the re-survey of key points in his capacity as the incharge of the facility, Muhammad Altaf, DCE (Operations) briefed Mr. Sarwar about HQ Quetta and transmission network while Lt Col. (R) Tahir Shah apprised the visiting DIG about the security mechanism. DCE (O) took the visitor on a guided tour of HQ Quetta; CCTV Control room, Gas control room, SMS Quetta/ Coastal power and garage workshop areas.

Later, while registering his views on the comments book, Mr. Sarwar wrote that he was thankful to SSGC for the hospitality and briefing on the functioning of HQ Quetta. ◻

Energy Snapshot

China helps Pakistan build world's largest solar farm

In just three months, Chinese company Xinjiang SunOasis has built some 400,000 solar panels, spread over 200 hectares of Cholistan desert in Punjab. Known as the Quaid-e-Azam Solar Power Park (QASP), the 100 MW photovoltaic (PV) solar farm was built at a cost of around US\$131 million and started selling electricity to the national grid in August.

This is the first energy project under the US \$46 billion China-Pakistan Economic Corridor, a key part of China's 'new silk roads', linking the port at Gwadar in southern Pakistan with Kashgar in China's western region of Xinjiang.

The 100 MW plant is the pilot stage of a more ambitious plan to build the world's largest solar farm. Once completed in 2017, the site could have capacity of 5.2 million PV cells producing as much as 1,000 MW of electricity – equivalent to an average sized coal-fired power station and enough to power about 320,000 households. Construction of the next

stage is already underway, led by Zonergy, another Chinese company.

Eighteen months ago, the site was nothing more than wilderness. Now a mini city has emerged in the middle of

the desert, with over 2,000 workers accompanied by heavy machinery, power transmission lines, blocks of buildings, water pipes and pylons.

ENI's new discovery – a potential game changer

Claudio Descalzi, CEO of Eni said that the Italian energy giant's latest discovery of potentially world's largest natural-gas field off the Egyptian coast will be a gamechanger for Egypt and the Mediterranean in terms of energy stability.

ENI said late August that it had discovered a "supergiant" gas field that could hold "a potential of 30 trillion cubic feet of lean gas in place." It said the discovery well was located off Egypt's Mediterranean coastline at a depth of 1,450 metres with the prospective Zohr field covering an area of about 100 square kilometres (60 square miles).

Eni said that the discovery could satisfy Egypt's natural gas demand for "decades". Descalzi could not give a timeline for when the gas might hit the market, but said developments would be quick as the gas field was in close proximity to Eni's processing facilities. ▶

World's first entirely solar-powered airport unveiled

Cochin International Airport in the southern Indian state of Kerala became the world's first entirely solar-powered airport late August, unveiling a new system that will make the airport "absolutely power neutral," according to a statement released by the parent company.

The airport's solar power plant, which is comprised of more than 46,000 solar panels arrayed across 45 acres of land,

will produce 48,000 units of energy per day, the Economic Times reports.

Cochin International had already begun the transition to renewable energy when it installed a smaller solar power array on its arrivals terminal roof in March 2013, but the move to total solar power is still considered a significant step, as the airport has still relied partly on non-renewable power in the intervening years. The new system is designed to

work with the smaller array from 2013 to fully meet the facility's day-to-day energy needs.

Still, the system's true impact will become clear only over time. Over the next 25 years, Cochin International's solar power station is expected to save 300,000 tons worth of carbon emissions. That's the equivalent of planting three million trees or not driving 750 million miles.

Spain-Iran reach natural gas deal

Spain reached an agreement with Iran to ship natural gas from Iran to Europe following the release of sanctions against the country. Iranian authorities and an economic trade delegation of some 70 Spanish companies, including Repsol (ticker: REP) accompanied by government officials, visited Tehran recently to discuss the details,

Iranian Oil Minister Bijan Zanganeh met with Spanish Industry, Energy and Tourism Minister Jose Manuel Soria and declared Iran's willingness to develop the infrastructure Spain needs to supply Europe with gas from the South Pars gas field.

"In the meeting we explained Iran's facilities and programs for development of oil, gas and petrochemical industries to the Spanish companies and they expressed their interest to cooperate in

these fields," Zanganeh said. "It was emphasized in the meeting that Iranian and Spanish companies should continue their relations and the Spanish

government needs to set the grounds for the presence of their companies in Iran," he continued. 

Various sources

A PAGE FROM THE HISTORY

Building a vast infrastructure

This month, we go back in time to 1955 to bring to you some extracts from the monthly Progress Report of the then Sui Gas Transmission Co. Ltd. (SGTC)

The Report dated January 31, 1955 dilates on the shipment of two ships that brought pipelines from the UK for constructing the

transmission main by April 1955 that was to be followed by pressure testing. Progress reported that the construction of supply mains upcountry began during the month with Rohri and Khairpur lines. The report comprehensively dilates on Engineering jobs including surveys, main pipeline construction, barrage and canal crossings,

supply mains, telecommunications, cathodic protection, distribution and civil construction. Salute to the engineers, technicians and workers of that era for building a solid distribution and transmission foundation for generations to come.

Rise of the Hybrid!

By Munir Ahmed, AM (Corporate Communications)

Ever since the ban on the imported cars was lifted, Pakistani roads have had a steady influx of Japanese assembled cars. These (Japanese assembled) cars provide a better value for money as compared to their Pakistani counterparts. Nothing beats the feeling of driving a brand new car as the fresh smell of a new car is irreplaceable, but in the longer run Japanese cars are a better choice. The reasons for this favorable perception of imported cars are that locally assembled cars have become considerably expensive..

Another reason for the rise in imported cars is the automatic transmission in smaller engine cars. Locally assembled cars have automatic transmission which are over 1300cc while in imported cars one gets automatic transmission in a 660cc vehicle.

The very recent trend of Hybrid cars is an occurrence which has given the locally assembled 1300cc-1500cc cars a run for their money.

What is a Hybrid Vehicle?

A vehicle is a hybrid if it utilizes more than one form of onboard energy to achieve propulsion. In practice, that means a hybrid will have a traditional internal-combustion engine and a fuel

tank, as well as one or more electric motors and a battery pack.(source: Wikipedia).

Simply put, a hybrid runs on fuel as well as an alternative battery source.

A hybrid vehicle is relatively expensive than a non-hybrid vehicle but it gives a much better mileage. For example an ordinary 1500cc vehicle will give maximum 10-12kms/liter, while a 1500cc hybrid vehicle will give 17-20 km/liter.

Options such as Toyota Prius, Toyota Aqua, Honda Vezel, Honda Fit and many other variants are examples of how much variety there is in the hybrid vehicles market.

Financial Impact

The financial impact of hybrid cars stem from the auto and petroleum market forces, combined with consumer behavior and the rhythms of the technology adoption cycle. In other words, it amounts to a question of who buys hybrids, why they buy them and whether they buy them in sufficient numbers to have an effect. The number of hybrids being bought, and why, is difficult to pin down because purchasing patterns are driven by several factors.

Benefits of Hybrid Vehicles

A few benefits of hybrid cars are as follows:

- Better fuel efficiency
- Fewer emissions
- Soundless engine
- Not having to wait in long queues for CNG
- Saving on fuel budget
- Tax relaxation on import

If the local manufacturers start producing hybrid vehicles, then it would be a potential game changer on two fronts, one, introduction of new technology in production which will open new avenues for jobs and, two, substantial reduction in oil import bill since hybrids consume less fuel. 🚗

7 ways to beat summer weight gain

1 Go easy on tea and lemonade

When you're thirsty and water doesn't seem to quench your thirst, a cold glass of lemonade or the Pakistani favourite, doodh patti, is considered as the perfect solution. But these drinks can be major sugar bombs, says Dr Brian Quebbemann, a bariatric surgeon in California. "Commercially-sweetened iced tea or sugary teas made at home have over 80 calories per glass, lemonade has 99 calories, and most commercial fruit juices are about 80 calories per eight ounces, which is roughly the same amount of calories as a regular cola." When you want to drink something sweet, dilute 100 per cent fruit juice with equal parts water, suggests Quebbemann.

2 Keep the fresh in fruit salad

Summer and fruit go hand-in-hand and there's no gainsaying that fruit is packed with a punch, but not if your salad comprises canned fruit soaked in syrup, is loaded with whipped cream and garnished with mini marshmallows and raisins, as it often is at summer picnics, says Quebbemann. "This is an incredibly heavy, high-calorie treat, and it's about as devastating to your weight control and health as you can get." Cut calories by using fresh fruit rather than canned, light whipped cream or substitute plain yogurt, which provides added protein. Replace the marshmallows and kishmish with banana or melon slices to add more sweetness.

3 Prep your food right

Refreshing beverages, such as squashes with full fat milk and cold potato salads often contain surprisingly high amounts of fat and calories.

"To stay in shape or even lose weight during the warm season, you need to follow two simple guidelines," says Quebbemann. "First, there's always a healthy option for the type of food you want. Second, it's not only what you choose to eat but how you prepare it that makes the big difference."

4 Go easy on the toppings

A colossal bowl of ice cream to quench the summer heat can put your daily calorie intake far over the top, especially if you choose a packaged variety. A small size of chocolate mud pie could add up to more than 600 calories and 45 grams of fat. Swap it for sorbet at 150 calories for the small version. "Get a cone, the lowest calorie option," Quebbemann says. "Moderation is key."

5 Keep salads light

Salads can be a great low-calorie food choice ... or a major calorie bomb. Cold, creamy pasta salads may be one of the worst calorie offenders. Salads decked with cheeses, for instance, can clock in over 600 calories per serving and 17 grams of fat. Many people load up on salad greens and then pile on the dressing. Four tablespoons of dressing can have nearly 400 calories, mostly fat. Buy low-fat dressing or, if you make your own, substitute mayo with Greek yogurt.

6 Include seasonal vegetables

It might seem as if all the fresh produce is over for another season, but that is not true. Summer offers a fantastic harvest of vegetables your entire family will love. Be

it lauki or turai, veggies keep you cool in the summertime without adding inches to your waistline. Grab some mint leaves or podina to add zing to your smoothies and salads. Add cucumber to your yogurt to liven it up and make sure to add cooling chukandar and baingan to your diet stay hydrated as well as fit.

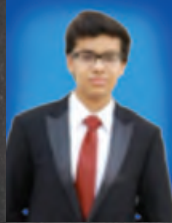

7 Weight-train yourself

The quest for the most effective fat loss, body-sculpting, metabolism-boosting workout in any season leads to weight training.

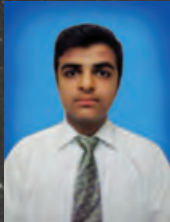

Even in the scorching heat, utilising dumbbells, barbells, cables and weight machines can, in fact, cool you down by promoting healthy perspiration and a faster metabolism. Especially in the summer, you'll notice all sorts of unexpected benefits, for example, improved immune system, better self-esteem, flexibility, strength, stamina, and the list goes on. But, of course, like most people, looking and feeling fabulous in the summer is priority, so make use of the weight room next time you hit the gym. 

Academic Achievements

Syed Askari Raza s/o Syed Sajid Raza, Chief Manager (SCADA-Distribution, Karachi Terminal) secured straight A Grades in all ten subjects (4A+ & 6 As) in GCE-O Level Examination 2015. Due to his excellent performance, he got 25% scholarship during his A Levels and was also appointed as a Teaching Assistant in Nixor College.

M. Fahad Chandio s/o Ahmed Ali Chandio of GM Sales Secretariat (HO) achieved A Grade in Board of Secondary Education (SSC Examination) from New Century Schooling System, Karachi.

Dua Fatima s/o Muhammad Panjal Jatoi (SSGC-S&M Larkana) secured 96.17% marks in his class 2 final examinations 2015 acquiring A-1 grade from Elite English School Larkana.

S. Shahabuddin s/o S. Niazuddin, CCD photographer passed his Class IV Final Examination by attaining 60% marks from Happy Palace School.

Abdul Basit s/o Muhammad Panjal Jatoi (SSGC-S&M Larkana) secured 90.83% marks in his class KG-2 final examinations 2015 acquiring A-1 grade from Elite English School Larkana.

Marium Sultana d/o S. Niazuddin, CCD photographer passed her Class VI Final Examination by attaining 61% marks from Happy Palace School.

Abeera Shaikh d/o Sarfaraz Ahmed Shaikh (Engineer C.P Regional Office Larkana) secured 1st position in her class 5 final examination 2015 acquiring 98% marks from The Educators Larkana.

Huma Noshad d/o Noshad Khan (Helper, CRD HO Karachi) Secured 97.56% marks in her 8th grade final examination 2015 acquiring A-1 grade from Khan English Academy School Karachi.

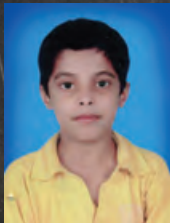

Ghulam Fatima d/o Sarfaraz Ahmed Shaikh (Engineer C.P Regional Office Larkana) Secured 1st position in her class 1 final examination 2015 acquiring 97% marks from The Educators Larkana.

Ghulam Ali s/o Abdul Latif Lehri (Superintendent Billing Sub-Zonal Office Quetta) Secured 93% in his class 7th final examination 2015 from Pakturk International Schools and Colleges.

سوئی سدرن گیس کمپنی میں جوش و خروش کے ساتھ یوم آزادی منایا گیا

درپیش چیلنجز کا مقابلہ کرنے کے عزم کا اعادہ

پرچم کشائی کے بعد ٹینجنگ ڈائریکٹر جناب خالد رحمان نے ہیڈ آفس کی عمارت میں موجود ایگزیکٹوز اور عملے سے خطاب کیا اور کمپنی کو درپیش مسائل پر قابو پانے کے عزم کا اعادہ کیا۔ جناب خالد رحمان نے کہا کہ سوئی سدرن گیس کمپنی نے ملک میں بجلی کے بحران کو کم کرنے کیلئے ایل این جی کی ترسیل میں ہم کردار ادا کیا ہے۔ انہوں نے مزید کہا کہ کمپنی ان سیکٹرز کو قدرتی گیس کی فراہمی کی کوشش کر رہی ہے جس میں اس وسیع خلا کی وجہ سے پمپاؤں کے بڑے مسائل کا سامنا ہے اور امید ظاہر کی کہ اگلے سال اس وقت تک یہ ہدف حاصل کر لیا جائیگا۔ جناب رحمان نے دہرایا کہ اس وقت سوئی سدرن گیس کو مختلف چیلنجز کا سامنا ہے بشمول گیس کے ترسیلاتی نقصان (UFG)، جس نے کمپنی کے منافع کو شدید متاثر کیا ہے۔ ٹینجنگ ڈائریکٹر نے زور دیا کہ سوئی سدرن گیس کمپنی کو دوبارہ خوشحالی کی راہ پر گامزن کرنے کیلئے ملازمین کی جانب سے سخت کوشش کی ضرورت ہے۔ پاکستان کے یوم آزادی کے موقع پر، سوئی سدرن گیس نے تمام دفاتر پر جشن کا ساں تھا اور کمپنی کی کئی فیلڈز کی جانب سے تقریبات کا انعقاد کیا گیا۔ سوئی سدرن گیس کے ہیڈ آفس کی سرفقہوں سے نئی عمارت مرکز نگاہ بنی رہی۔ پرچم کشائی کی پروقت تقریب کے بعد نشتے کا اہتمام بھی کیا گیا تھا۔

پاکستان کی 69 ویں سالگرہ سوئی سدرن گیس کمپنی میں روایتی جوش اور دلولے کے ساتھ منائی گئی۔ اس موقع پر کراچی میں کمپنی کے ہیڈ آفس کو ہرے رنگ سے آراستہ کیا گیا تھا، جبکہ لہراتے پرچموں کی رنگارنگ تقریب نے دن بھر کے جشن کو یادگار بنا دیا۔ ٹیک 9 بجے صبح سوئی سدرن گیس کے ٹینجنگ ڈائریکٹر نے سینئر انتظامیہ، سوئی سدرن گیس آفیسرز، ایسوسی ایشن اور بی اے کے عہدے داروں اور بڑی تعداد میں ایگزیکٹوز اور ورکرز کے ہمراہ ہیڈ آفس کے چبوترے پر پرچم کشائی کی۔ پس پردہ ملی نعموں کی گونج میں ٹینجنگ ڈائریکٹر اور ان کی ٹیم نے تقریب کے شرکاء کو یوم آزادی کی مبارکباد پیش کی اور کچھ وقت ایگزیکٹوز اور عملے کے بچوں کے ساتھ گزارا۔

عظیم انسان کو خراج عقیدت

پرچم کشائی کی تقریب کے بعد، سوئی سدرن گیس کے افران اور ورکرز بانی پاکستان کو خراج عقیدت پیش کرنے کیلئے مزار قائد بھی گئے۔ سوئی سدرن گیس کے وفد نے ایکٹنگ جنرل ٹیجر (سی سی ڈی) شہباز اسلام کی سربراہی میں مزار قائد پر پھولوں کی چادر چڑھائی اور فاتحہ خوانی کی۔ کارپوریٹ کمیونیکیشنز، ایگل اور کسٹمر ریلیشنز ڈیپارٹمنٹ کے افران اور عملے کے اراکین اس وفد میں شامل تھے۔

سوئی سدرن کی ٹیم کا دارالسلکون کا دورہ

یوم آزادی جیسے تہوار کو منانے کا اس سے بہتر طریقہ کیا ہو سکتا ہے کہ معمر افراد کیلئے قائم کئے گئے معروف ادارے دارالسلکون کا دورہ کیا جائے۔ ان معمر افراد کو زندگی کے دھندلوں میں خوشگوار موڈ میں دیکھنا بے حد خوشی کا

نغمہ گاکر خوشی کا اظہار کیا ہو۔ دارالسلکون کی انتظامیہ نے سوئی سدرن کمپنی کے وفد کا اس نامور اولڈ ہاؤس میں رہنے والوں کے ساتھ بہترین وقت گزارنے پر شکر یہ ادا کیا۔

باعث تھا۔ دورہ کرنے والی سوئی سدرن کی ٹیم نے انہیں خصوصی ”آزادی“ ٹیک پیش کیا اس سے پہلے ایسا موقع کبھی نہیں آیا جب اسی سال کے معمر افراد اور سوئی سدرن کے وفد نے جوش و ولولے کے ساتھ ملی

سوئی سدرن گیس کمپنی نے آزادی کرکٹ فیسٹیول میں MALC کو زیر کر دیا

سوئی سدرن گیس کمپنی کا مقابلہ تین دوستانہ کرکٹ میچز میں MALC سے ہوا جو کرائسٹ دی کنگ سیمینری پولین میں کھیلے گئے۔ اس جیتنے کے بعد سوئی سدرن گیس کمپنی نے پہلے بیٹنگ کا فیصلہ کیا۔ ناصر قاضی اور اویس خان نے MALC کے باؤلرز کو چھ اوورز میں 115 رنز کا بڑا ہدف دیکر مشکل میں ڈال دیا۔ سوئی سدرن کمپنی کے باؤلرز میزبان ٹیم کو 40 رنز پر آؤٹ کر کے حاوی رہے۔ MALC کے چیف ایگزیکٹو ڈائریکٹر مارون لوہو اس موقع پر موجود تھے۔ انہوں نے سوئی سدرن گیس کمپنی کی ٹیم کی جانب سے بنائی گئی پائٹرنشپ اور MALC کے منصوبوں اور اقدامات میں تعاون کو سراہا۔ ایوارڈ کی تقسیم کے بعد ٹیک کاٹنے کی تقریب ہوئی جس میں آصف انصاری، جنرل منیجر (لیگیشن) نے یادگاری شیلڈ مارون لوہو کو پیش کی اور کرکٹ میچ کے انعقاد کی اس کوشش کو سراہا اس موقع پر میچ دیکھنے کیلئے سلمان اے صدیقی، جرنل منیجر (سی سی ڈی)، ایم اے گوہر چیف منیجر (سی سی ڈی) اور کارپوریٹ کیونٹیشن ٹیم کے دیگر ممبران بھی موجود تھے۔

ہینجنگ ڈائریکٹر کی جانب سے ملازمین کو اپنی صفوں میں اتحاد قائم رکھنے کی دعوت

کہ جب ہمارے عملے سے متعلق غلط مواد میڈیا میں چھاپا جاتا ہے، تو عملے کی کام پر سے توجہ ہٹ جاتی ہے اور انہیں نفسیاتی طور پر متاثر کرنے کے ساتھ ساتھ ان کے خاندانوں کیلئے دکھ کا باعث بنتی ہیں اور ظاہر ہے ایسی چیزیں کمپنی کے مثبت ایجنڈے کو بھی نقصان پہنچانے کا باعث بن رہی ہیں۔ سینئر افسران نے ہینجنگ ڈائریکٹر کو یقین دلایا کہ وہ اپنی صفوں میں اتحاد برقرار رکھنے کے علاوہ اپنے فرائض کی انجام دہی پر مکمل توجہ مرکوز کریں گے۔ بعد ازاں ہینجنگ ڈائریکٹر نے حالیہ صورتحال سے متعلق سینئر مینجرز کے ذہنوں میں اٹھنے والے کئی سوالوں کا جواب بھی دیا۔

سوئی سدرن گیس کے ہینجنگ ڈائریکٹر خالد رحمان نے ڈپارٹمنٹس کے سربراہان اور سینئر عہدیداران سے خطاب کیا۔ جس میں انہوں نے قانون نافذ کرنے والی ایجنسیوں کی جانب سے سینئر افسران کو تھوہیل میں لئے جانے کے بعد کمپنی میں پیدا ہونے والی صورتحال سے آگاہ کیا۔ 31 اگست 2015 کو ہیڈ آفس میں خطاب کرتے ہوئے ہینجنگ ڈائریکٹر نے تمام اعلیٰ افسران پر زور دیا کہ سوئی سدرن گیس میں کسی بھی غلط کام کرنے والے کی کوئی گنجائش نہیں۔

انہوں نے کمپنی کے افسران کو تلقین کی کہ وہ سنی سنائی باتوں پر یقین نہ کریں یا افواہوں کا حصہ بننے کے بجائے معمول کے مطابق اپنے امور و فرائض انجام دیتے رہیں۔

ہینجنگ میں یہ مشاہدہ بھی کیا گیا کہ الیکٹرونک اور پرنٹ میڈیا کے کچھ سیکشنز ایسی خبریں چھاپتے اور مواد نشر کرتے رہے ہیں جو محض قیاس آرائیوں پر مبنی اور حقیقت کے برعکس ہے۔ ہینجنگ ڈائریکٹر نے نوٹ کیا

کھادبجی کیمپ کے خاموش سپاہی

اور پائپ لائن کے سامان کی مرمت اور مینٹیننس بھی شامل ہے۔ کیمپ پر بھاری تعمیراتی مشینری اور آلات کیلئے ویزا ہاؤس کی سہولت بھی موجود ہے۔ انجینئرز، ورکرز اور ٹیکنیشنز اپنی زندگی فیملی سے میلوں دور رہ کر گزارتے ہیں اور انہیں ہفتے یا دو ہفتے بعد ان سے ملاقات کا موقع ملتا ہے۔ دن بھر کی سخت مشقت کے بعد افسران اور ملازمین کی پرسکون نیند کیلئے ایک بہترین قیام گاہ موجود ہے۔ کچھ سال پہلے ایک ایگزیکٹو میس بھی بنایا گیا تھا جو آرام و سکون کے حصول کے ساتھ ساتھ دوستانہ ماحول کا باعث بھی ہے۔

تاریخ شاہد ہے کہ کمپنی کے کچھ بہترین ایگزیکٹوز اور انجینئرز وہ ہیں

سوئی سدرن گیس کمپنی کا سب سے قیمتی سرمایہ اس کی افرادی قوت ہے۔ انجینئرنگ کمپنی کے طور پر، کمپنی کو مختلف منصوبوں اور تعمیراتی کاموں کیلئے افرادی ضرورت ہوتی ہے۔ ہم کمپنی کی سال بھر کی کامیابیوں کا ذکر کرتے ہوئے، کراچی سے 45 کلومیٹر دور سپر ہائی وے پر ایک وسیع تعمیر اور ورکشاپ، کھادبجی ٹیس کیمپ کے خاموش سپاہیوں کو نظر انداز کر کے شاید نا انصافی کرتے ہیں۔

1970 کی ابتداء میں قائم ہونے والا کھادبجی ٹیس کیمپ، ٹرانسمیشن اور ڈسٹری بیوشن پائپ لائنز کے بنیادی ڈھانچے کی تعمیر و مرمت کا مرکز ہے جس میں سینئر بلاسٹنگ، لیڈ اور ویلڈنگ کے کام کے ساتھ ساتھ گاڑیوں

جنہوں نے ماضی میں کھادبجی کیمپ میں کام کیا ہے۔ کیمپ کے انتھک محنت کرنے والے ان انجینئرز اور بلوچستان کے ڈسٹری بیوشن اور ٹرانسمیشن کے اہم منصوبوں پر کام کرنے کا فخر حاصل ہے۔ کھادبجی کے انجینئرز، ورکرز اور ٹیکنیشنز اپنی ہنرمندی اور خود کو وقف کردینے کے باعث انتہائی احترام کے لائق ہیں۔ گھر کے سکون سے دور، وہ قوم اور سوئی سدرن گیس کی ترقی میں معاونت کر رہے ہیں۔

سُئي سدرن گيس ڪمپني ۾ جوش و خروش سان يومِ آزادي ملهايو ويو

پيش آيل چئلينجن جو مقابلو ڪرڻ جو عزم ڪيو ويو

منافعي ڪي ڏاڍو متاثر ڪيو آهي - مئنيجنگ ڊائريڪٽر هن ڳالهه تي زور ڏنو ته سُئي سدرن گيس ڪمپني ڪي ٻيهر خوشحاليءَ ڏانهن گامزن ڪرڻ جي لاءِ ملازمن پاران سخت ڪوشش جي ضرورت آهي -

پاڪستان جي يومِ آزادي جي موقعي تي، سُئي سدرن گيس ڪمپني جي سيني آفيسن تي جشن جو سمان هو ۽ ڪمپني جي گهڻن ئي فيسيليٽيز پاران تقريبات جو انعقاد ڪيو ويو - سُئي سدرن گيس ڪمپني جي هيڊ آفيس جي سائي قمقمن سان سجايل عمارت مرڪز نگاهه بڻيل هئي -

پرچم کڻائي جي پروفار تقريب کانپوءِ ناشتي جو اهم تمام به ڪيو ويو هو -

ڪيو ۽ ڪمپني ڪي پيش آيل مسئلن تي قابو پائڻ جو عزم ڪيو - جناب خالد رحمان چيو ته سُئي سدرن گيس ڪمپني ملڪ ۾ بجلي جي بحران ڪي گهٽائڻ جي لاءِ ايل اين جيءَ جي ترسيل ۾ اهم ڪردار ادا ڪيو آهي - انهن وڌيڪ چيو ته ڪمپني انهن سيڪٽرن ۾ قدرتي گيس جي فراهمي جي ڪوشش ڪري رهي آهي جتي هن وسيع خلا جي ڪري سڀلاءِ جا وڏا مسئلا سامهون اچي رهيا آهن ۽ اميد ظاهر ڪئي ته ايندڙ سال تائين اهو هدف حاصل ٿي ويندو - جناب خالد رحمان ورجايو ته هن وقت سُئي سدرن گيس ڪمپني ڪي گهٽائي چئلينجز آهن بشمول گيس جي ترسيلاتي نقصان (UFG)، جنهن ڪمپني جي

پاڪستان جي 69 هين سالگرهه سُئي سدرن گيس ڪمپني ۾ روايتي جوش ۽ ولولي سان ملهائي وئي - هن موقعي تي ڪراچي ۾ ڪمپني جي هيڊ آفيس ڪي سائي رنگ سان سجايو ويو هو - جڏهن ته لهرائيندڙ پرچمن جي رنگارنگ تقريب سڄي ڏينهن جي جشن ڪي يادگار بنائي ڇڏيو هو -

نيڪ 9 وڳي صبح سُئي سدرن گيس ڪمپني جي مئنيجنگ ڊائريڪٽر سينيئر انتظاميا، سُئي سدرن گيس آفيسرز، ايسوسي ايشن ۽ سي بي اي جي عهديدارن ۽ وڏي تعداد ۾ ايگزيڪيٽوز ۽ ورڪرن سان گڏ هيڊ آفيس جي چوٽري تي پرچم کڻائي ڪئي - پس پرده ملي نغمن جي گونج ۾ مئنيجنگ ڊائريڪٽر ۽ هن جي ٽيم تقريب ۾ شريڪ ٿيندڙن ڪي يومِ آزادي جي مبارڪ باد پيش ڪئي ۽ ڪجهه وقت عملي جي ٻارن سان گڏ گذاريو -

پرچم کڻائي کانپوءِ مئنيجنگ ڊائريڪٽر جناب خالد رحمان هيڊ آفيس جي عمارت ۾ موجود ايگزيڪيٽوز ۽ عملي سان خطاب

مئنيجنگ ڊائريڪٽر پاران ملازمن کي پنهنجي صفن ۾ اتحاد قائم رکڻ جي دعوت

ڊائريڪٽر نوٽ ڪيو ته جڏهن اسانجي عملي سان لاڳاپيل غلط مواد ميڊيا ۾ ڇاپيو ويندو آهي ته اسانجي عملي جو ڌيان ڪم سان هٽي ويندو آهي ۽ انهن کي نفسياتي طور تي متاثر ڪرڻ سان گڏوگڏ انهن جي ڪٽنبن جي لاءِ ڌڪ جو سبب بڻجندي آهي ۽ ظاهر آهي ته اهڙيون شيون ڪمپني جي مثبت اميج کي به نقصان پهچائڻ جو سبب بڻجي رهيون آهن. سينيئر آفيسرن مئنيجنگ ڊائريڪٽر کي يقين ڏياريو ته اهي پنهنجن صفن ۾ اتحاد برقرار رکڻ کان علاوه پنهنجي فرائض جي انجام دهه تي ڀرپور ڌيان ڏيندا رهندا.

هن کان پوءِ مئنيجنگ ڊائريڪٽر هائوڪي صورتحال سان متعلق سينيئر مئنيجرن جي ذهنن ۾ اٿنڌڙ گهڻن ئي سوالن جو جواب به ڏنو. ◻

جي انتظاميا قانون لاڳو ڪرڻ وارين ايجنسين سان تفتيشي عمل ۾ ڀرپور تعاون ڪري رهي آهي. انهن ڪمپني جي آفيسرن کي تلقين ڪئي ته اهي اڻ ڄاتل ڳالهين تي يقين نه ڪن ۽ افواهن جو حصو بنجڻ بجاءِ معمول جي مطابق پنهنجا امور ۽ فرائض انجام ڏيندا رهن. انهن اتي موجود ماڻهن کي مطلع ڪيو ته ڪاروباري عمل جي تسلسل کي يقيني بنائڻ جي لاءِ، هڪ عبوري انتظام ڪيو پيو وڃي ته جيئن ڪنهن به ڊويزن يا ڊيپارٽمينٽ جي ڪمن ۾ ڪابه رنڊڪ پيدا نه ٿئي.

ميٽنگ ۾ اهو به مشاهدو ڪيو ويو ته اليڪٽرونڪ ۽ پرنٽ ميڊيا جا ڪجهه سيڪشنز اهڙيون خبرون ڇاپيندا ۽ مواد نشر ڪندا رهيا آهن جيڪو رڳو قياس آرائين ۽ حقيقت جي ابتڙ آهي. مئنيجنگ

سٽي سڌرن گيس ڪمپني جي مئنيجنگ ڊائريڪٽر جناب خالد رحمان، ڊيپارٽمينٽس جي اڳواڻن ۽ سينيئر عهديدارن سان خطاب ڪيو. جنهن ۾ انهن قانون لاڳو ڪرڻ وارين ايجنسين پاران سينيئر آفيسرن کي تحويل ۾ وٺڻ کانپوءِ ڪمپني ۾ پيدا ٿيڻ واري صورتحال کان آگاه ڪيو. 31 آگسٽ 2015 تي هيڊ آفيس ۾ خطاب ڪندي مئنيجنگ ڊائريڪٽر پنهنجي ٽيم کي ٻڌايو ته ايجنسيون تفتيش ڪري رهيون آهن ۽ اڃان تائين ڪمپني جي ڪنهن آفيسر تي ڪوبه فرد جرم عائد نه ڪيو ويو آهي.

مئنيجنگ ڊائريڪٽر سيني وڏن آفيسرن تي زور ڏنو ته سٽي سڌرن گيس ڪمپني ۾ ڪنهن به غلط ڪم ڪرڻ وارن جي لاءِ ڪابه گنجائش ناهي ۽ وڌيڪ چيو ته ڪمپني
