## Message from the Managing Director

*'Change your thoughts and you change your world.'*

Dear colleagues,

**E**very new year brings with it new hopes and expectations and at the same time apprehensions about future. Inarguably these are trying times for the Company but if we wait for things to get better, things will never get better this way. In order to ward off numerous challenges the Company faces, it is important to first bring about a change in ourselves.

As we enter 2018, let us all resolve to bring a much needed self-discipline in each of us for this is a sure-fire trait for achieving personal and professional goals. Self-discipline begins with our punctuality to work and reflects in the way we plan and execute our tasks. Seniors must encourage juniors to bring about work place discipline as well as inspire them to come up with new ideas. On the other hand, junior officers must ensure that discipline, hard work, commitment and an out-of-the-box approach towards getting things done will take them and their Company to the pinnacle.

Three sixty five days may sound like a long time but then time flies fast. Let's not wait for things to improve. Instead let's take the first move by improving ourselves. You will clearly see the difference.

All the best for 2018.

Best regards,  
**Amin Rajput**

# editor's note

**I**t has been a busy start to 2018. Our networking with trade associations have continued in order to discuss gas related issues pertaining to the industries they represent as well as to apprise them on the measures the Company is taking to curb natural gas theft. Early this January, Chairman SSGC Lt. General (R) Javed Zia, along with the Company's senior management visited KCCI for a very productive meeting with its office bearers. It is heartening to note that KCCI, like the other trade bodies are willing to provide every support to SSGC in order to curb the menace of gas theft.

The month was also marked by the conferring of awards to SSGC for its Corporate Social Responsibility (CSR) initiatives in the areas of education, health and environment. The awards are definitely a bonus but for the CSR Unit here at SSGC, it is more important to ensure that the support it provides to the marginalized communities makes a tangible difference in their lives. For SSGC, CSR is not just a routine affair but a labour of love.

Happy reading,

**Sindh, Balochistan industries will soon be provided with RLNG:  
*Chairman SSGC speaks to KCCI***

**L**iquefied Natural Gas may be an expensive fuel but given the widening demand-supply gap of natural gas, it is still a better alternative for industries. This was stated by Lt. General (R) Javed Zia, Chairman, SSGC while speaking as the chief guest at the meeting organized by the office bearers of Karachi Chamber of Commerce and Industry (KCCI). The Chairman was accompanied by SSGC's ASGM (Distribution-North) Saeed Ahmed Larik, Company Secretary Shoaib Ahmed, and Chief Manager, Corporate Communications Syed Imran Ahmed.

The Chairman said that the lifting of the moratorium on new industrial connections and availability of RLNG to the industries are positive developments. He said that so far SSGC has received more than 550 applications for RLNG connections and after due scrutiny they will be provided with connections.

This was SSGC Chairman's first visit to any trade association since his appointment on the Company's Board of Directors in November 2017. He said that one of the primary objectives of this visit was to seek KCCI support for jointly confronting challenges faced by SSGC including the issue of gas theft which is one of the contributory factors behind the menace of Unaccounted-for-Gas or line losses that has severely impacted the Company's financial position. The KCCI office bearers led by its President Muffasar Atta Malik assured the Chairman and his team that KCCI will leave no stone unturned in discouraging industrial units engaged in gas theft and will support SSGC wholeheartedly in apprehending the miscreants.

The Chairman stressed that the current SSGC management is determined to control the rising cases of gas theft and for the said purpose has restructured the concerned department and have placed this unit in charge of an experienced team that has intensified raids against gas thieves in the recent months besides filing FIRs against the culprits in the SSGC police station. He informed the KCCI office bearers that the Company has also started taking forceful action against crimes related to gas meter tampering.

The Chairman said that the Company is also focusing its efforts on regularizing gas load so that other units do not suffer from the unauthorized load expansion that also causes low pressure. At the conclusion, President KCCI presented a flower bouquet and a shield to the Chairman as a token of appreciation for the visit.

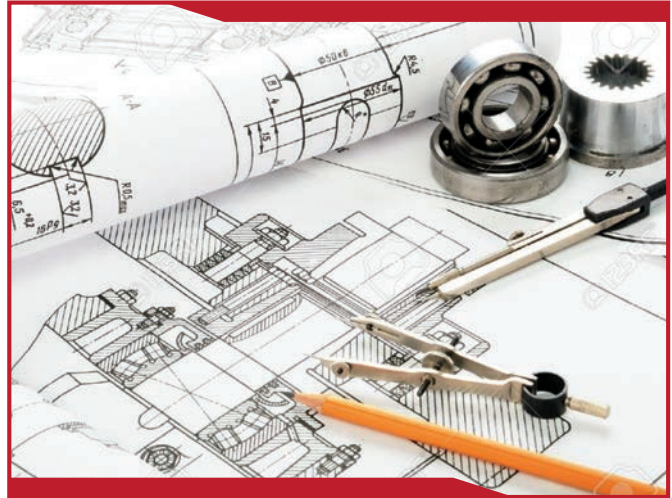

# SSGC invites engineers on board

While speaking at an MUET conference, Amin Rajput, Acting Managing Director, SSGC said that the Company welcomes fresh engineering graduates to apply for its Emerging Leadership Program.

Mr. Rajput stressed that the Company offers excellent career opportunities and a constant stream of quality projects as part of its Emerging Leadership Program. He said that the induction of fresh graduates in SSGC from quality institutions such as MUET is indispensable for the future success of the Company.

**A**min Rajput, Acting Managing Director, SSGC has said that the Company welcomes fresh engineering graduates to apply for SSGC's Emerging Leadership Program.

The Acting MD was speaking as the guest of honour of the 2nd International Conference on Chemical Engineering which was organized by the Chemical Engineering Department of Mehran University of Engineering and Technology (MUET) Jamshoro at a Karachi hotel.

Mr. Rajput stressed that the Company offers excellent career opportunities and a constant stream of quality projects as part of its Emerging Leadership Program. He said that the induction of fresh graduates in SSGC from quality institutions such as MUET is indispensable for the future success of the Company as these graduates bring in intellect, talent and new ideas into the Company.

The Acting MD said that SSGC is playing a pivotal role in Pakistan's LNG supply chain by

transmitting 1,200 mmcf/d RLNG to sectors that need it most. In doing so, the Company has helped bridge demand-supply gap of natural gas in the country. He attributed the success of SSGC's RLNG infrastructure project to its team of dedicated professional including the engineers.

SSGC was represented at the event by Saad Usmani, DGM (OD) and S. Imran Ahmed, CM (Corporate Communications). 

## COVER STORY

**T**he start of the new year proved to be a difficult one for the miscreants involved in gas theft.

SSGC's Security Services and Counter Gas Theft Operations (SS and CGTO) Team conducted raids on two business units in Federal B. Area and Mehmoodabad in Karachi on January 30, 2018. The SS & CGTO team in coordination with the Company's Customer Relations and SSGC police contingent undertook a raid on a corrugation factory where the owners were involved in stealing gas from direct line and consuming a total load of 925 cubic feet per hour to run their unit. SSGC Police arrested the factory owner Zahid Malik and lodged an FIR against him. Material used in stealing gas was also confiscated by the raiding team.

The same team raided a bakery in Mehmoodabad where the proprietors were stealing gas directly from main line and consuming a load of 1,100 cubic feet per hour to run the unit. The SSGC police nabbed the bakery owner Babar Khan and registered an FIR against him.

On the 20th of January, the team undertook raids in commercial units in Gulshan-e-Iqbal and Malir. The raiding party carried out their operations in small factories involved in making sweets and confectionary items. The owners were

found tampering with gas meter and using gas directly for running their factories. The SSGC Police apprehended the owners and confiscated the material used in theft.

The SS & CGTO team also raided three restaurants located in North Nazimabad that were involved in using domestic connection for running their commercial concerns.

In January 2018, the teams also raided thread manufacturing factory in Nazimabad in Karachi and a tailoring shop in Jacobabad. FIRs were registered against the culprits.

SSGC has expressed its determination to uproot the menace of gas theft which is one of the major reasons behind the rising trend of Unaccounted-for-Gas (UFG).

The Operation Grift campaign is in full flow, with the Company management determined to uproot the menace of gas theft.

The Gas (Theft Control and Recovery) Act, 2016 passed by the National Assembly and the recent establishment of Gas Theft utility courts have given the gas utilities a forceful mandate to take an unprecedented legal action against them. **■**

## 10th NFEH CSR Award conferred to SSGC

**S**SGC's Corporate Social Responsibility (CSR) initiatives won tremendous accolades at the 10<sup>th</sup> CSR Summit and Awards 2018. Shahbaz Islam, Head of Corporate Communications, SSGC received the award in the category of 'Sustainability Initiative' on behalf of the Company from Jam Kamal Khan, Minister of State for Energy (Petroleum Division). The Summit-cum-awards event was organized by the National Forum for Environment and Health (NFEH) in a hotel in Islamabad.

SSGC was conferred with this award for its contribution in the areas of education, health, environment and community development and more particularly in undertaking projects of sustainable nature. The Company carries out CSR initiatives either on its own or in partnership with government and

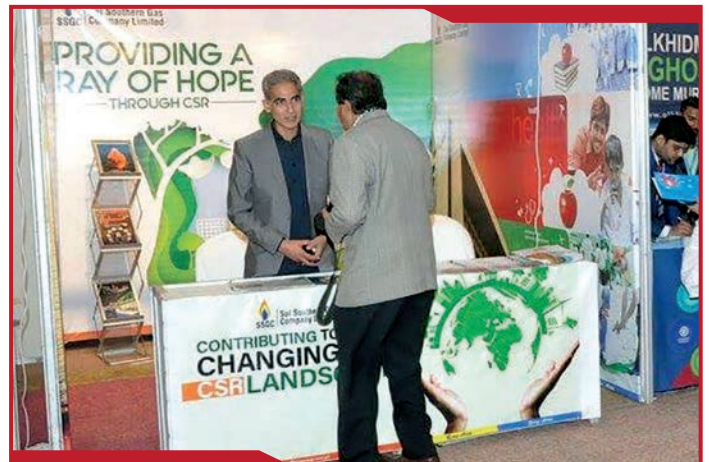

non-governmental organizations. Of late, besides undertaking conventional CSR-related projects, the Company has worked in tandem with reputed NGOs on a number of sustainable projects such as installation of bio-gas plants for villages of Thatta district, and provision of solar-powered devices and water hand pumps for Tharparkar households. In addition, SSGC has also played a vital role in the preservation of mangroves and has offered bio-degradable, environment friendly bags to super stores in its franchise areas.

The Summit was marked by an incisive presentation by SSGC's Shahbaz Islam entitled "Pakistan Youth and Skill Development" that dilated on the importance of CSR and the Company's role in

helping the marginalized communities. Sardar Masood Khan, President, Azad Jammu and Kashmir also presented a memento to Mr. Islam.

SSGC had also set up a creatively designed booth at the event that was manned by its Corporate Communications team. The booth provided a chance for SSGC's team to network with the delegates at the Summit. The Company was also represented by Muhammad Ali Gohar, Chief Manager, Media Relations.

The governing body of NFEH and the panel of distinguished judges appreciated SSGC's vision being implemented through contributions in the field of CSR. ◻

# Pre-bid meeting for Pre-qualification of Transaction Advisory Firms held

## The Meeting

Senior officials of SSGC and SNGPL chaired a pre-bid meeting for the pre-qualification of Transaction Advisory firms for the unbundling of both the utilities.

A number of related potential consultancies participated in the meeting held at SSGC's Head Office Auditorium on January 31, 2018.

The senior management of both the utilities including SNGPL's DMD Amer Tufail and SGM (Audit) Faisal Iqbal, and SSGC's DMD (Operations) Muhammad Wasim, ASGM (Distribution-North) Saeed A. Larik and Acting CFO Fasihuiddin Fawad took up diverse queries from the representatives of the participating organizations.

Earlier, ASGM (Distribution-North) gave a comprehensive presentation to the participants about gas sector reforms with special emphasis on unbundling of the utilities.

Mohammad Ali, AGM/In-charge (Procurement) also answered some of the issues raised by the participants. ■

# Sustainability initiatives get a resounding thumbs-up

**S**SGC was conferred with 7th Corporate Social Responsibility (CSR) Awards, as a befitting acknowledgment for its initiatives in the area of CSR. The event, organized by The Professionals Network, was held in a hotel in Karachi on January 25, 2018.

Shahbaz Islam, Head of Corporate Communications, SSGC, along with the Company's CSR Unit received the Award on behalf of the Company in the category of 'Sustainability Initiative' from Anjum Nasir, Vice Chairman, Businessman Group, KCCI.

SSGC's Corporate Communication Department is responsible for running projects related to education, health care, environment and community development for the primary objective of making a tangible difference in the lives of the marginalized communities. The Company carries out CSR initiatives either on its own or

in partnership with government and non-governmental organizations.

Muhammad Zubair, Governor Sindh inaugurated the CSR summit. In the inaugural session, the Head of Corporate Communications was one of the key note speakers. He apprised the chief guest and the participants on the importance SSGC gives to CSR initiatives even though its core functions remain transmission and distribution of natural gas.

The Governor lauded SSGC's efforts in the realm of CSR. Mehmood Tareen, CEO, The Professionals Network, termed SSGC as a trusted CSR partner and endorsed the Company's unfaltering commitment towards the under privileged population of the society.

Eminent CSR activist Ateeq-ur-Rehman also appreciated SSGC's role in bringing about a

positive change in the lives of the deprived segment of the society.

The Summit was marked by an incisive presentation entitled "Importance of Vocational Training" by Mr. Shahbaz Islam. In his presentation, Mr. Islam stressed that the corporate sector must come forward to invest in those students who are keen to enroll in apprenticeship programs and learn trade and soft skills.

He said that as part of its CSR program, SSGC provides monetary support to vocational training institutes such as The Hunar Foundation.

Corporate Communications' DGM Salman A. Siddiqui, Duputy Manager Shaheen Imam, CSR Executive Zubia Sadiq and Management Trainee Mohammad Tayyab also participated in the event. 

## SSGC conferred with a corporate award

**S**SSGC was conferred with 'Corporate Pride of Pakistan' Award for its contribution in national and industrial growth. The 12<sup>th</sup> Corporate Ambassador Awards Ceremony was organized by weekly **Corporate Ambassador**.

Shahbaz Islam, AGM (Corporate Communications) received the Award on behalf of SSGC in a simple yet impressive

ceremony held at the Beach Luxury Hotel, Karachi on January 26, 2018. Salman A. Siddiqui, DGM (Corporate Communications) was also present on the occasion.

SSGC was rewarded for a pivotal role it has played in the transmission and distribution of natural gas in its franchise areas of Sindh and Balochistan. The Company has recently diversified into the LNG business by

developing a robust pipeline transmission infrastructure for supplying re-gasified LNG to the industrial sector.

Corporate Ambassador Awards have been held regularly since 2012 to acknowledge the contribution of private and public sector companies towards Pakistan's economic growth.

## A visit to remember

**O**n January 27, 2018, SSGC's Corporate Communications team visited the private residence of the late founder of Mary Adelaide Leprosy Centre (MALC) Dr. Ruth Pfau. The residence has been converted into a museum showcasing Dr. Pfau's personal possessions.

MALC's decision to convert the German-born Pakistani humanitarian's home into Dr. Ruth Pfau Museum was taken to recognize her half-a-century long efforts to eliminate leprosy in Pakistan.

Dr. Pfau, who passed away last year in Karachi at the age of 87, was given a state funeral. Since then, efforts have been made to preserve her belongings. Mervyn Lobo, CEO MALC and Salwa Zainab, Manager (Resource Mobilization) took the Corporate Communications' senior officials Shahbaz Islam, AGM and Salman A. Siddiqui, DGM on a guided tour of the museum.

The AGM also shared his memories and comments on a visitors book placed at the museum.

## “ Left Hand Drive vs. Right Hand Drive: A Short History

The majority of the world's population drives on the right-hand side of the road, and yet the first vehicles ever built were designed to be driven on the left-hand side. What factors caused this change in how we drive? We take a look at both right and left hand drive countries in this left hand drive vs. right hand drive comparison.

### History of Left-Hand Driving

The trend of left-hand driving predates the automobile by centuries—all the way back to the medieval age of knights, swords, and constant warring.

Since 70–90 percent of the world's population favour using their right hands, during the times of King Arthur, soldiers and weapon-bearing citizens would prefer walking on the left side of the road so that their strong right hand would be free to pull out their swords in case danger arose.

In addition, since they kept their sword sheath to their left, they would avoid hitting people with it as they walked past.

This trend never went away, and when driving finally came about, the left side continued to be the natural preference.

**History of Right-Hand Driving** Then how did right-hand driving come about? It is thought to have originated during the French revolution.

The renowned Napoleon Bonaparte was left handed and so he would order his troops to stay on the right side of the road so as to have his left hand free for attack. Overtime, this preference was adopted in France and spread throughout the region; however, the Britons and Japanese, for example, have always driven on the left-hand side.

Standard design for vehicles in countries that require driving on the left-hand side is to have the driver's seat located on the right side of the vehicle, and vice versa for countries where you drive on the right-hand side. But did you know that there are

countries that allow drivers the option of using either a right- or left-hand vehicle? Most European Union member states in particular allow for registration of RHD and LHD vehicles.

### Interesting Facts about Left- and Right-Hand Driving

- Bolivia generally requires that traffic drive on the right-hand side except for on one road known as “El Camino de la Muerte” (The Road of Death).
- Rwanda and Burundi are the only East African Community countries still driving on the right-hand side.
- Most of the Lesser Antilles in the Caribbean have LHD private cars, despite the regulation stating that driving is on the left-hand side. This has particularly caused

many accidents in the U.S. Virgin Islands.

**The trend of left-hand driving predates the automobile by centuries all the way back to the medieval age of knights, swords, and constant warring**

- On the mainland Americas, Guyana and Suriname are the only two remaining countries that drive on the left-hand side.

- Kyrgyzstan law requires that traffic drive on the right-hand side yet there is a strong market for RHD cars imported from Japan.

- In some African countries, for example Kenya, left hand vehicles are not allowed unless they are for diplomats who come from left-hand driving countries and would like to bring their vehicles with them.

However, special vehicles like those used in mining and construction are allowed. ◉

**B**ritish energy major BP has announced oil and gas discoveries in the North Sea, in a boost for the company and local industry. The discoveries were made in Capercaillie in the central North Sea, and in Achmelvich, west of Shetland, the company said in a statement.

BP fully owns the Capercaillie well, while the Achmelvich well is a partnership between operator BP (52.6 percent), Royal Dutch Shell (28 percent) and US peer Chevron (19.4 percent).

## France's Dunkirk terminal in first LNG reload

**F**rance's Dunkirk LNG import terminal, the country's fourth regasification facility, has performed its first-ever reloading operation.

The cargo of previously imported liquefied natural gas was loaded onboard Engie's LNG carrier, the 153,000-cbm Provalys. The LNG carrier arrived just a day after the French facility received its first-ever cargo from the Novatek-operated Yamal LNG project in Russia. LNG carrier Provalys left the Dunkirk facility on January 29, Dunkerque LNG, the terminal operator, said in a statement without providing any additional information.

Several media reported that the carrier could be heading towards Engie's Everett LNG terminal in what would be the second shipment of Russian LNG to reach the US following the recent arrival of the Gaselys in Boston. ●

# Natural Gas will be world's main fossil fuel by 2040: BP predicts

**B**ritish Petroleum anticipates that natural gas will take over oil as the world's main fossil fuel energy source by the year 2040, according to a new report.

"We see it (gas) take over from coal in the early 2030s... We think there is a very good case for gas actually overtaking oil post 2040 or just before 2040," Dominic Energy, BP's VP for strategic planning said during a

conference in Vienna on Wednesday.

Demand growth for gas—in just China alone—will rise 15 percent year-over-year, while global demand increases by 1.6 percent annually for a number of years. The oil demand curve, on the other hand, will slow to 0.8 percent growth in the meantime. "We do see a very strong chance that (gas) is going to be the largest source of primary energy into the future... By gas we mean natural gas, but

also ... we mean biogas, we mean bio-methane, we mean power-to-gas..." A previous forecast by the U.K.-based company said oil's share of global fossil fuel markets would shrink from 33 percent to 30 percent by 2035. Most of the gains would go to natural gas, which is considered better to the environment due to lower carbon emissions. ●

## Don't drive aggressively!

**K**eeping traffic situation in Pakistan in view, busy and jammed routes might be your every day's fate. Driving on such routes is stressful and disturbing and triggers annoyance and impatience, but aggressive driving is never the answer.

Aggression can be defined as the sequence of behavior, the goal-response to which is the injury of the person toward whom it is directed. Aggression is always a consequence of frustration.

Aggressive driving can be defined as 'a syndrome of frustration-driven behaviors, enabled by the driver's environment'. These behaviors can either take the form of instrumental aggression that allows the

frustrated driver to move ahead at the cost of infringing on other road users' rights (e.g., weaving, running red lights, wrong side travel) or hostile aggression which is directed at the object of frustration (e.g., cursing/honking at other drivers, tailgating, flashing lights).

### How to avoid becoming a victim?

Product of frustration is nothing but stress and depression for the individual. Following guidelines may help to avoid becoming the victim:

- Keep your emotions in check; don't take your frustrations out on other drivers.
- Plan ahead, allowing enough time for delays.
- Focus on your own driving

- Do not tailgate or flash your headlights at another driver.
- Use your horn sparingly.

### What to do when you encounter an Aggressive Driver:

Your safety is your responsibility. Stick to following guidelines when you encounter an Aggressive Driver:

- Get out of their way.
- Do not challenge them. Don't speed up, try to race, or do anything to aggravate them further.
- Avoid eye contact.
- Ignore gestures, and do not return them.
- If serious, involve local police. ●

## Building Blocks of Hope

SSGC's Corporate Social Responsibility initiatives are geared towards making a marked difference in the lives of the marginalized communities. We implement projects related to education, health, environment and community development. Of late, the Company's focus has been on taking up sustainable projects such as setting up bio-gas plants, contributing towards mangrove conservation and reaching out to those areas that are deprived of clean drinking water.

## آپریشن گرفت نے گیس چوری کے گرد اپنا گھیرا مزید تنگ کر دیا

کے مرتکب افراد کے خلاف ایف آئی آر درج کر لی گئیں۔ ایس ایس جی سی نے گیس چوری کی لعنت کو جڑ سے اکھاڑ پھینکنے کے عزم کا اظہار کیا ہے۔ جو حساب کتاب میں نہ آنے والی گیس کی مقدار Unaccounted for gas (UFG) کے بڑھتے ہوئے رجحان کے پس پردہ کارفرما بڑے اسباب میں سے ایک ہے۔ آپریشن گرفت مہم پورے زور و شور سے جاری ہے اور کینیڈا کی انتظامیہ نے گیس چوری کی لعنت کے مکمل خاتمے کا تہیہ کر رکھا ہے۔

2016 میں قومی اسمبلی سے منظور شدہ گیس (تھیفٹ کنٹرول اینڈ ریکوری) ایکٹ 2016 اور حال ہی میں قائم ہونے والی گیس تھیفٹ یونٹوں کو رٹس نے گیس کمپنیوں کو یہ اختیار اور ذمہ داری دی ہے کہ وہ گیس چوروں کے خلاف غیر معمولی اور مثالی اقدامات کر سکتے ہیں۔

پولیس نے بیکری کے مالک باہر خان کو حراست میں لے لیا اور اس کے خلاف ایف آئی آر درج کر لی گئی۔ اس سے پہلے 20 جنوری کو اسی ٹیم نے گلشن اقبال اور لیر کے کمرشل یونٹوں پر چھاپے مارے، چھاپے مار پائی نے اپنی کارروائیوں کا نشانہ اُن فیکٹریوں کو بنایا جو سونٹیس کنفیکشنری کے اسٹم تیار کر رہی تھیں۔ مالکان گیس میٹر میں گڑبڑ کرنے اور فیکٹریاں چلانے کیلئے غیر قانونی طور پر براہ راست گیس استعمال کرنے کے مرتکب پائے گئے۔ ایس ایس جی سی پولیس نے مالکان کو گرفتار کر کے چوری میں استعمال ہونے والا سازو سامان ضبط کر لیا۔

ایس ایس اینڈ سی جی ٹی او کی ٹیم نے نارتھ ناظم آباد کے تین ریسٹورنٹس پر بھی چھاپے مارا جہاں کمرشل کاموں کیلئے گھریلو کنکشن استعمال کیا جا رہا تھا۔ جنوری میں ہی ایس ایس جی سی کی ٹیموں نے ناظم آباد میں دھاگہ بنانے والی فیکٹری اور جیکب آباد میں ایک ٹیبلرنگ شاپ پر چھاپے مارے، چوری

سوئی سدرن کے سیکورٹی سرورسز اور کاؤنٹر گیس تھیفٹ کنٹرول (ایس ایس اینڈ سی جی ٹی او) ٹیم نے 30 جنوری 2018 کو فیڈرل بی ایریا اور محمود آباد کراچی میں دو کاروباری یونٹوں پر چھاپے مارے۔

ایس ایس اینڈ سی جی ٹی او ٹیم نے کینیڈا کے کسٹمر ریلیشنز اینڈ ایف آئی آر اور ایس ایس جی سی پولیس کے دستے کے اشتراک سے ایک گتہ بنانے والی کوریجیشن فیکٹری پر چھاپے مارا جہاں مالکان براہ راست گیس لائن سے گیس چوری کرنے میں ملوث تھے اور اپنا یونٹ چلانے کیلئے 925 کعب فنٹ فی گھنٹے کا مجموعی لوڈ استعمال کر رہے تھے۔ ایس ایس جی سی پولیس نے فیکٹری کے مالک زاہد ملک کو گرفتار کر لیا اور اس کے خلاف ایف آئی آر درج کر لی گئی۔

اسی ٹیم نے محمود آباد میں ایک بیکری پر چھاپے مارا جہاں پر مالکان مین لائن سے براہ راست گیس چوری کر رہے تھے اور اپنا یونٹ چلانے کیلئے ایک ہزار ایک سو کعب فنٹ فی گھنٹہ کا لوڈ استعمال کر رہے تھے۔ ایس ایس جی سی

کرنے میں قابل رشک کردار ادا کر رہی ہے۔ انہوں نے سوئی سدرن گیس کے آرائل این جی انفراسٹرکچر پراجیکٹ کی کامیابی پر کمپنی کی پرعزم ٹیم اور بلند حوصلہ انجینئروں کی پیشہ ورانہ کارکردگی کو بے حد سراہا۔ یہ بامقصد کانفرنس ایم یو ای ٹی جامشورو کے شعبہ کیمیکل انجینئرنگ کے چیئرمین ڈاکٹر فرمان علی شاہ کی زیر نگرانی منعقد کی گئی تھی۔ کانفرنس میں سوئی سدرن گیس کے ڈاکٹر سعد عثمانی ڈی جی ایم (او ڈی) اور سید عمران احمد چیف مینجر (سی سی ڈی) نے بھی اس کانفرنس میں شرکت کی۔

اس موقع پر انہوں نے کہا کہ ایس ایس جی سی میں ایم یو ای ٹی جیسے اعلیٰ معیاری تعلیمی ادارے کے نئے گریجویٹس کی شمولیت کمپنی کے مستقبل کامیابی کے لئے سود مند ثابت ہو سکتی ہے کیونکہ یہ گریجویٹس کمپنی میں اپنی ذہانت اور صلاحیت کے ساتھ نئے آئیڈیاز متعارف کرانے کی اہلیت رکھتے ہیں۔

قائم مقام ایم ڈی نے کہا کہ ایس ایس جی سی پاکستان کے اُن علاقوں میں 1200 ایم ایم ایف ڈی آرائل این جی منتقل کر کے ایل این جی کی فراہمی میں مرکزی کردار ادا کر رہا ہے جہاں اس کی اشد ضرورت ہے۔ اس طرح کمپنی ملک میں قدرتی گیس کی طلب اور رسد کے فرق کو ختم

سوئی سدرن گیس کے قائم مقام ہیڈنگ ڈائریکٹر امین راجپوت نے کہا ہے کہ کمپنی نے انجینئرنگ گریجویٹس کو ایس ایس جی سی کے ایمر جنگ لیڈرشپ پروگرام میں خوش آمدید کہتی ہے جو روزگار کے بہترین مواقع میسر آنے اور معیاری منصوبوں کے تسلسل میں شمولیت کا ایک ذریعہ ہے۔

امین راجپوت نے مہراں یونیورسٹی آف انجینئرنگ اینڈ ٹیکنالوجی جامشورو (ایم یو ای ٹی) کے شعبہ کیمیکل انجینئرنگ کے زیر اہتمام دوسری بین الاقوامی کانفرنس سے بطور مہمان اعزای خطاب کیا جو کراچی کے مقامی ہوٹل میں منعقد کی گئی تھی۔

مسائل فوری حل کرنے کیلئے ایس ایس اینڈ سی جی ٹی او کے بورڈ آف ڈائریکٹرز میں کے سی سی آئی کو نمائندگی دی جائے۔

کے سی سی آئی کے نمائندگان سے خطاب کرتے ہوئے لیفٹیننٹ جنرل (ریٹائرڈ) جاوید ضیا نے کہا کہ کراچی چیئرمین کو درپیش مسائل کا ازالہ کیا جائے گا۔ انہوں نے مزید کہا کہ ایس ایس اینڈ سی جی ٹی او بورڈ آف ڈائریکٹرز میں کے سی سی آئی کو ایس ایس اینڈ سی جی ٹی او میں نمائندگی دینے کے حوالے سے اگر کے سی سی آئی کی طرف سے کوئی پروپوزل آیا تو اسے مجاز اقدار کے سامنے رکھا جائے گا۔

چیئرمین، ایس ایس اینڈ سی جی ٹی او لیفٹیننٹ جنرل (ریٹائرڈ) جاوید ضیا نے مزید کہا کہ آرایل این جی کے لیکیشنز دینے کے لئے سارے انتظامات پورے کیئے جا چکے ہیں اور اب تک 550 درخواستیں بھی موصول ہو چکی ہیں۔ انہوں نے کہا کہ گیس کمیٹیٹنگ کا ہوم ورک مکمل ہو جانے کے بعد آرایل این جی گیس کی ترسیل شروع کی جائے گی۔

چیئرمین، ایس ایس اینڈ سی جی لیفٹیننٹ جنرل (ریٹائرڈ) جاوید ضیا نے کہا ہے کہ آرایل این جی ایک بہترین متبادل توانائی کا ذریعہ ہے جس کے آنے کے بعد ملکی معیشت کو مجموعی طور پر مستحکم بنانے میں بہت مدد مل رہی ہے۔ ان خیالات کا اظہار انہوں نے کراچی چیئرمین آف کانسٹریکشن اینڈ انڈسٹری کے اعلیٰ سطحی اجلاس سے خطاب کرتے ہوئے کیا۔ اجلاس میں سوئی سدرن کے ایس جی ایم (ڈسٹری بیوٹن، نارٹھ) سید احمد لارڈ، کمپنی سیکریٹری شعیب احمد اور چیف مینیجر سی ڈی سید عمران احمد شامل تھے۔

کے سی سی آئی کے صدر مفسر عطا ملک اور دیگر عہدیداران نے اپنے خطاب میں کے سی سی آئی کے ممبران کو گیس سپلائی اور آرایل این جی ٹریف کے حوالے سے اپنے تحفظات کا اظہار کرتے ہوئے کہا کہ آرایل این جی اور قدرتی گیس کی قیمتوں میں بہت فرق ہے جس پر نظر ثانی کی جائے۔ انہوں نے مزید کہا کہ سرمایہ کاروں کے تحفظات کو ختم کرنے اور ان کے

## ایڈیٹر کے قلم سے

محترم قارئین کرام!

معزز قارئین 2018 اپنے آغاز کے ساتھ ہی گہما گہمی سے بھر پور ہے۔ اس ماہ بھی تجارتی اور کاروباری انجمنوں کے ساتھ روابط جاری ہیں تاکہ قدرتی گیس سے متعلقہ ان کے مسائل اور گیس چوری کے خلاف کمپنی کے اقدامات سے ان کو آگاہ کیا جاسکے۔ جنوری کے آغاز میں سوئی سدرن گیس کمپنی کے چیئرمین لیفٹیننٹ جنرل (ریٹائرڈ) جاوید ضیاء نے کمپنی کی سینئر مینجمنٹ کی ہمراہی میں کراچی چیئیر آف کامرس اینڈ انڈسٹری کا دورہ کیا اور وہاں کے عہداروں کے ساتھ ایک ہاؤسنگ میٹنگ کی۔ یہ بات خوش آئند ہے کہ دیگر تجارتی انجمنوں کے ساتھ ساتھ کراچی چیئیر آف کامرس اینڈ انڈسٹری بھی سوئی سدرن کے ساتھ گیس چوری کے خاتمے کے لئے مکمل تعاون کو تیار ہے۔

اس ماہ کی خاص بات ایس ایس جی سی کو کارپوریٹ سوشل رسپانسیبلٹی کے میدان میں تعلیم، صحت اور ماحول کے لئے کئے گئے نمایاں اقدامات کرنے پر معروف اداروں کی طرف سے ایوارڈز سے نوازا گیا۔ یہ ایوارڈز ایک بونس کی حیثیت ضرور رکھتے ہیں لیکن ایس ایس جی سی ایس آر ایف کی نظر میں زیادہ ضروری یہ ہے کہ ان اقدامات سے معاشرے کے محروم و پسماندہ طبقات کی زندگیوں میں نمایاں بہتری اور ترقی آئے۔ ان کے نزدیک سی ایس آر کے تحت کام محض روزمرہ کی سرگرمی نہیں بلکہ ایک عبادت۔

شکریہ
