A business that makes nothing but money is a poor business, said Henry Ford. SSGC may be in the transmission and distribution business but at the same time it also runs a CSR program through which it makes a positive impact on the lives of the marginalized communities around it. Be it education, health care, environment and community development, SSGC ensures that its efforts bring a positive change in peoples' lives.

Fire Safety Award for SSGC

Message from the Managing Director

Dear colleagues,

The conferring of Fire Safety Award 2018 is a manifestation of the Company's efforts to protect its employees and other stakeholders from fire hazards while ensuring compliance with all the applicable HSE legal and regulatory environment. The Company recently fulfilled all the certification requirements of Quality Management System or ISO:9001 (2015). This development is a significant step towards the completion of holistic approach of the Company becoming an IMS (Integrated Management System) certified organization.

I am glad to note that the Company's CSR team is conscious of the fact that the consumption of plastic bags is detrimental for the environment. The initiative the CSR team has taken of developing and distributing bio-degradable paper bags to general stores is a positive step forward towards reducing our dependence on paper bags which clog up gutters and drains causing water and sewage to overflow that in the process become breeding grounds of germs and bacteria.

I am confident that our concerned SSGC teams will continue to think on innovative lines to find solutions to combat environmental degradation.

All the very best,

Mohammad Amin Rajput

Back to winter days

Dear readers,

The arrival of November also means that the days of quilts, jerseys and gas heaters are back. In Karachi, so far winter season has not returned in full bloom but in Balochistan, SSGC's franchise province it has. The region experiences day time temperature of around 15 to 17 degrees while in winter it is in single digits.

As winter wears along, some of the locations will experience freezing temperatures during which it becomes impossible to live without space heating. SSGC cautions its customers to use gas appliances wisely since callous practice can unfortunately lead to death or injuries. The message seems to be catching on since fortunately a number of deaths have minimized in the recent years, due to extensive media awareness campaigns SSGC has launched in recent years.

Having said that, it is important to reinforce the message which we plan to do in the coming days, through mass advertising and direct contact.

Best regards,
Ed

‘UFG reduction – Teams need to deliver more’

The first meeting of the UFG Distribution Stewardship was held on November 1, 2018 at Ramada Creek Hotel, Karachi. The meeting was chaired by Amin Rajput, AMD.

The purpose of this new initiative was to discuss progress against physical targets of UFG Reduction Strategy and review actions on previous committee meetings.

Mohammad Wasim, DMD (Operations) welcomed all the participants in the meeting and explained the reasons for formatting the platform exclusively for Distribution-related activities, where all stakeholders will focus on performance review and issues faced by the Distribution Teams.

The DMD stressed on the importance of the roles of GMs in UFG reduction and emphasized that they are the actual custodians of the Company and only through team efforts will they be able to achieve their targets. He also added that they need to fully utilize their available resources in order to achieve better workforce efficiency.

The AMD appreciated this initiative and expressed the significance of reducing UFG. He explained that the Company's bottom line is being eroded by UFG and it has become the biggest challenge for all of us to bring it down.

Mr. Rajput referred to SNGPL's extraordinary performance in the recent past that achieved great progress despite working under same conditions as SSGC and serving twice the number of customers.

(L to R) Amin Rajput, AMD and Mohammad Wasim, DMD (Operations) addressing the session

The meeting proceeded with regional managers presenting various challenges and issues faced.

The discussion included topics related to Appropriate Segmentation Size of Networks, Optimum Pressures Profiling Techniques, Effective Utilization of Apprenticeship Programs, Efficient Material Management System and Distribution Pipeline Simulation Software to enhance overall performance. The senior management provided guidance and way forward to all the critical issues highlighted.

DMD (Operations) acknowledged the efforts and reiterated that meeting regional targets is of top priority.

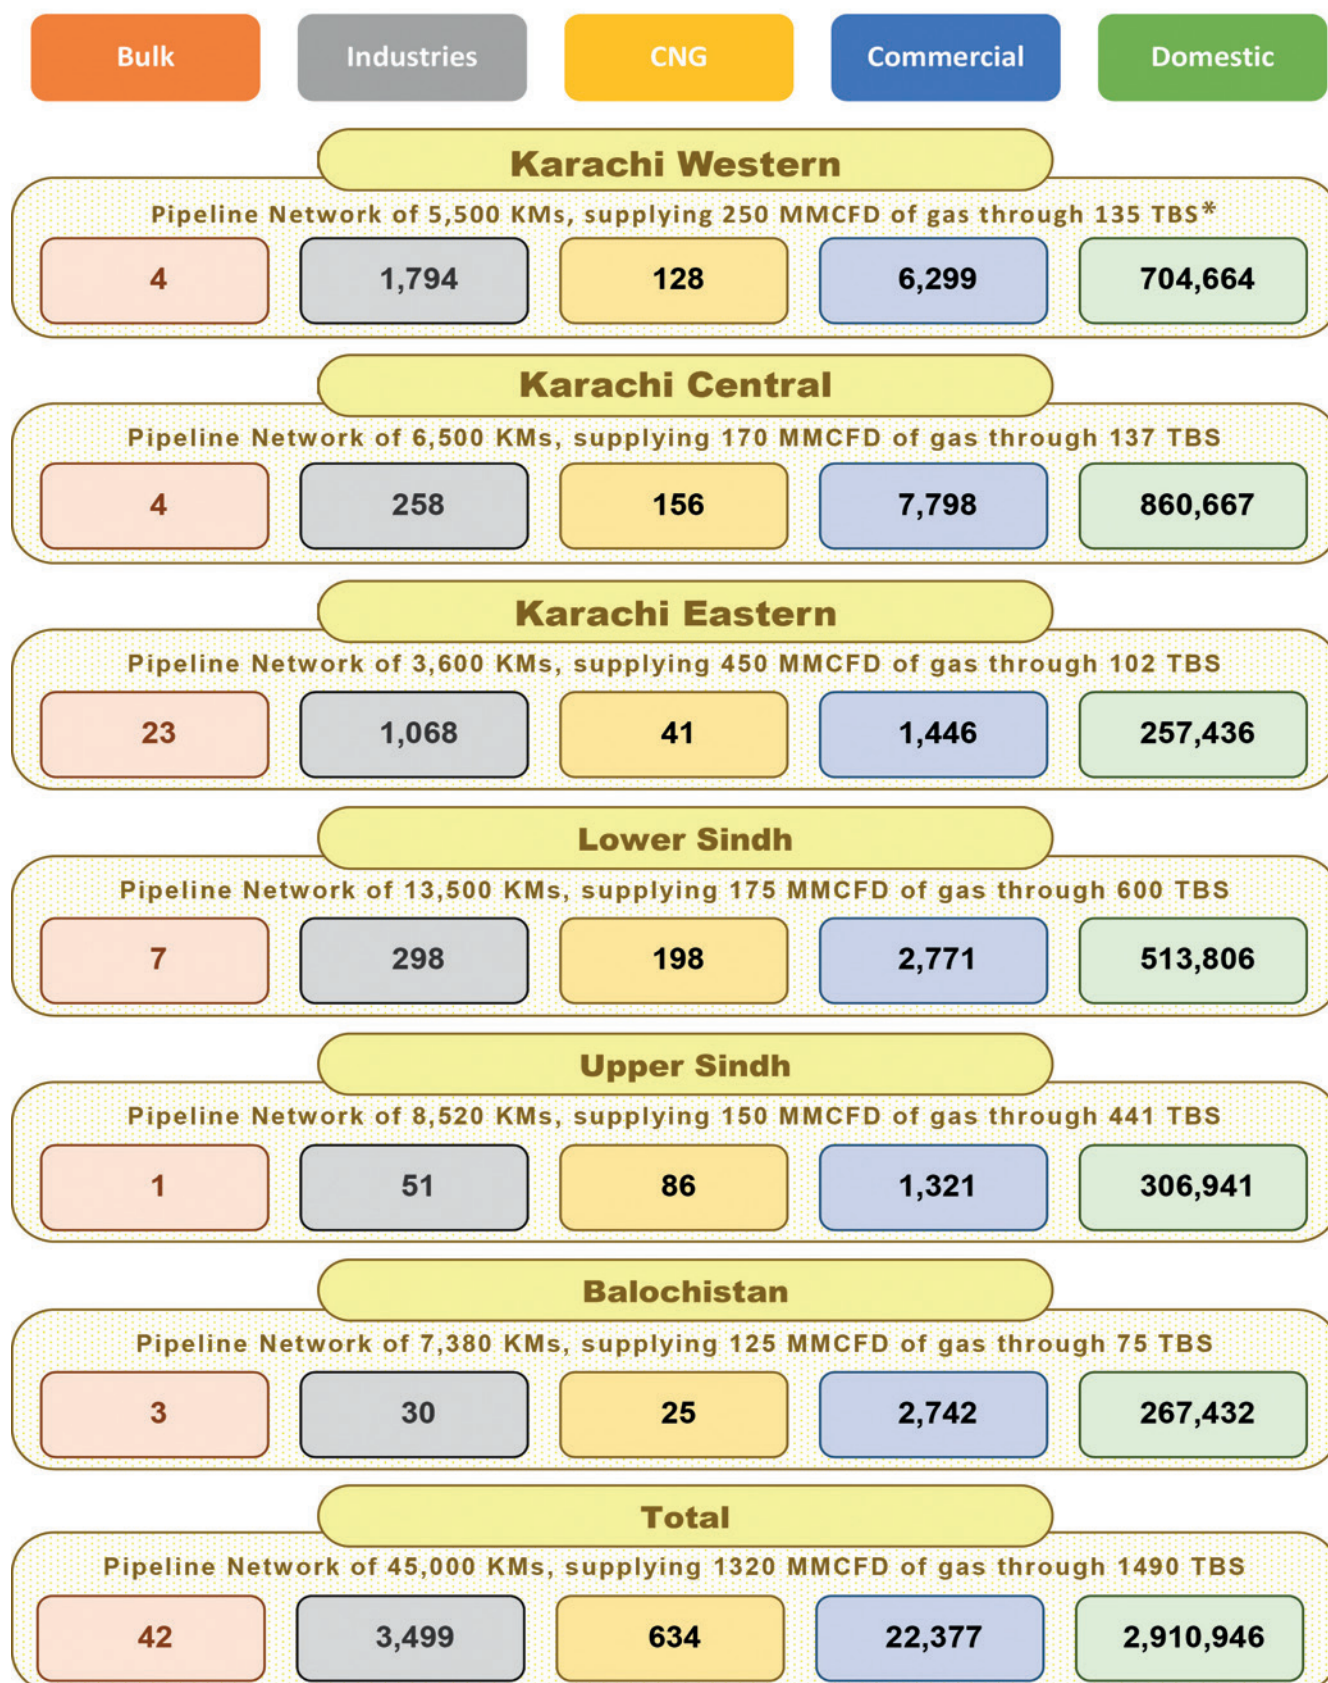

The AMD appreciated determination of all participants and instilled his belief that we as a team can deliver more. He assured full management support to the Regional Managers and expressed confidence in their abilities.

On the winning path - Fire Safety Award for SSGC

SSSGC continued with its victorious streak on the HSE & QA front by winning the 8th Fire Safety Award 2018 on account of its effective HSE practices, performance and successful implementation of fire and safety management system in the organization.

Tariq Aslam, DGM/Incharge, HSE & QA, SSGC

received the award on behalf of the Company from Mohammad Taimur Talpur, Sindh Provincial Minister for Information, Science and Technology, Environment Climate Change and Coastal Development. The awards ceremony was held on November 7, 2018 at a local hotel in Karachi. This is the third HSE related award that SSGC has won this year which clearly endorses the Company's

commitment towards implementing HSE practices in its projects and every day operations.

The Awards Ceremony was organized by the National Forum for Environment and Health (NFEH) in collaboration with Fire Protection Association of Pakistan.

ADB delegation holds talks with AMD, management

Xiaohong Yang, Country Director along with Mian Shaukat Shafi, Head (Urban Sector), Asian Development Bank visited SSGC on November 7, 2018 for a meeting with its senior management led by Acting Managing Director Amin Rajput. Also present in the meeting were Mohammad Wasim, DMD (Operations), Imran Farookhi, DMD (CS) and S. Fasihuddin Fawad, Acting CFO. 📌

MNA Gwadar, management discuss gas supply issues

Mohammad Aslam Bhootani, MNA, (Lasbela-Gwadar) visited SSGC on November 12, 2018 for a meeting with its Acting MD, Amin Rajput. Imran Farookhi, DMD (CS) was also present on the occasion. 📌

Balochistan legislator meets Acting MD, team

Matiullah Agha, ex-Deputy Speaker, Balochistan Assembly met with Amin Rajput, Acting MD, SSGC on November 14, 2018 and discussed matters of mutual interest with him. Dr. Ejaz Ahmed, SGM (CS) and Afeef Ahmed, GM (Sales) were also present on the occasion. 📌

I AM KARACHI team discusses social activities

Ambareen Kazim Main Thompson, Executive Director, I AM KARACHI, a civil society organization working to rebuild the diverse social and cultural fabric of the city, called on Amin Rajput, Acting MD

and discussed ongoing projects with him.

Also present in the meeting were Imran Farookhi, DMD (CS), Asim Tirmizi, PD (LGs), Shahbaz Islam, GM (HR and Corporate

Communications) and Salman A. Siddiqui, DGM (Corporate Communications) and Afshan Jaleel of IAK. 📌

SSGC successfully fulfills certification requirements of Quality Management System

It is a moment of great pride and honor for SSGC to have accomplished yet another milestone by receiving certificate pertaining to Quality Management System (ISO 9001:2015).

This development is a significant step towards the completion of holistic approach of becoming an IMS (Integrated Management System) certified organization.

Bureau Veritas (BV), being the certification body, commenced its auditing cycle in September 2018 and carried out audits at

various locations of Transmission, Distribution, Stores, Billing and Projects and Construction.

Bureau Veritas found the management system of SSGC to be in accordance with the requirements of ISO 9001:2015.

This makes the Company eligible to be certified with the requirements of Quality Management System, Environmental Management System as well as Occupational Health and Safety Management System collectively. 

NO RELIEF FOR GAS THIEVES

SSGC's joint Counter Gas Theft Operations and Customer Relations' Team recently conducted thirteen raids on illegal domestic and commercial gas connections in Karachi, Jacobabad and Quetta. FIRs were lodged and claims were raised.

SSGC's Counter Gas Theft Operations (CGTO) and Customer Relations departments conducted raids on miscreants involved in blatant use of gas theft in the Company's franchise areas in Sindh and Balochistan.

The joint team conducted around thirteen raids in November 2018 in Karachi, Jacobabad, Quetta and its surroundings and made numerous illegal disconnections. In Lyari, Karachi, a raid was conducted against the culprits involved in gas theft through fake meters in Usman Tarrace and Zohra Arcade.

In Jacobabad district, CGTO carried out a

raid in a main Market in Thul where culprits Nek Muhammad Jamali and Sab Nonari were using gas for power generation for running 42 KVA heavy generator by puncturing a 4 inch dia. gas pipeline. The culprits in doing so were selling electricity to more than 20 shops in the market on commercial basis.

The CGTO team disconnected illegal gas line and confiscated the generator, while shifting it to a Police Station in the jurisdiction of the Thul town. FIR has been lodged against the culprits and claim have been raised. On the other hand in Quetta, a raid was conducted on a Tandoor shop where the culprits were stealing gas from

the main line to run their business. The CGTO Team disconnected the gas supply and confiscated all appliances being used in gas theft. Other raids were conducted on some houses where gas was being stolen from direct line. Illegal gas connections were dismantled and claims were raised.

SSGC has expressed its determination to uproot the menace of gas theft, one of the key factors behind Unaccounted-for-Gas. The Gas Theft Control and Recovery Act passed by the National Assembly in 2016 and the establishment of Gas Utility Courts in 2017 have given the gas companies mandate to take an unprecedented legal action against the miscreants. ■

Task Force shows its mettle against gas thieves

During the month of October 2018, CRD Task Force took action against illegal gas connections and its theft. The Task Force conducted raids in numerous

localities including Korangi, Gulshan-e-Iqbal, Surjani Town, Shah Latif Town, Super Highway, Landhi and Malir. The team cracked down on a number of goths in these areas

and made sizable gains. 1,696 MMCF worth of illegal connections were dismantled which in monetary terms amount to Rs. 105 million. ■

AzCorp seeks SSGC support in staging Mein Hero Art Competition

SSGC generously supported AzCorp Entertainment in the latter's initiative to hold a one of its kind art competition that hosted around 90 students from 15 schools in Karachi.

The competition was staged with a sole objective to facilitate lesser privileged students to use art as a medium of expression, helping them to create and think about bringing social change by viewing themselves as heroes.

The two-day event held under the umbrella of AzCorp Entertainment's brand, Mein Hero

got the students to come together to draw themselves as a hero solving a local problem. Students of grade 5 to 8 participated from each school, and there were three winners from each grade.

The ceremony was graced by SSGC's GM (HR and Corporate Communications) Shahbaz Islam, who in his highly motivational speech stressed on the students to value time by making full use of all kinds of opportunities that come their way. The ceremony was hosted by AzCorp founder Imran Azhar.

He emphasized on the importance of goal

setting, for which it is imperative to have big dreams, without which there is no concept of becoming a hero.

As part of its CSR initiative, SSGC, in its capacity of being a premier energy sector company, has provided relevant content for Mein Hero, a series of comic story books. SSGC's scope in this project entailed showcasing a colourful depiction of natural gas and related infrastructure in a language that can be easily understood by school going children. 10,000 books are being distributed free of cost by AzCORP to partner schools. 

Encouraging the use of bio-degradable bags

“The goal is not to live forever, the goal is to create something that will.”

SSGC has been advocating a clean and green environment and always takes up related causes on national level. It avails the platform of CSR to provide a workable solution to prevent environmental degradation.

Among its initiatives in the area of environment, SSGC has taken the lead in developing and distributing bio-degradable paper bags in general stores to encourage shop keepers to stock the grocery items inside them.

The Company first ventured into this area in 2013 by partnering with Thal Limited, a leading conglomerate engaged in the manufacturing of engineering, building and packaging products. This year once again, via the CSR initiative in the area of environment and community development, SSGC had 1 lakh bags produced by Thal Limited for distribution in a number of stores in Karachi. The bags carried messages pertaining to penalties related to gas theft

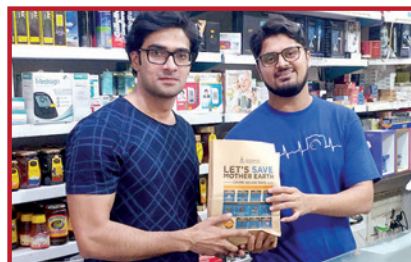

and measures one should take in case of gas leakages.

The shopkeepers and customers alike hailed the initiative taken by SSGC and Thal Limited in discouraging the use of plastic shopping bags, a major cause of environmental degradation.

The Company informed the general public about the use of bio-degradable bags and its latest activity by posting videos on its social media pages.

From Corporate Communication Department, Zubia Sadiq, Executive took the lead in coordinating with Thal Limited in every stage of the project.

Syed Imran Ahmed, CM (Advertising) and his team members Sadaf Abbas, DM and Jawad Ahmed, Executive along with Irtaza Raza, DM (CSR) ensured timely distribution in the stores in localities in Karachi including KDA Scheme-1, DHA, Clifton, North Nazimabad, Gulshan-e-Iqbal, Gulshan-e-Maymar and Federal B. Area. 📍

A wish fulfilled

SSGC under the noble cause initiatives of its CSR Program supported Make A Wish Foundation Pakistan (MAWFP) in fulfilling last wishes of 45 terminally ill children. The Foundation organized a 'Wish Granting Ceremony' for these children in which it also recognized the facilitation extended by its various collaborative partners.

On behalf of SSGC, Dy. General Manager, Corporate Communications Salman A. Siddiqui received a memento from honourable Chief Guests, H.E. Nawaf bin Said Al-Malki, Ambassador of Kingdom of Saudi Arabia and H.E. Mohammad Karmoune, Ambassador of Kingdom of Morocco. Mr. Ishtiaq Baig, Founding President MAWFP can also be seen in the picture. 📍

Orientation program held for upcoming promotion

S SGC is committed to facilitate a merit-based growth of its Human Resources and is thus focused towards completing promotion cycle 2017-18 in line with the promotion policy approved by the Board of Directors. The potential assessment of all eligible executives

in Grade VI for promotion to Grade VII will be carried out by an external consultant in the near future.

In this regard, an orientation session for the eligible candidates was arranged by the HR Department on November 23, 2018 in the

Head Auditorium.

The orientation helped familiarize the candidates with the assessment process that will eventually help them perform well in their assessment centers on merit only. 

SSGC cricketers meet senior management

A number of SSGC cricketers who have also proudly donned the national colours called on Amin Rajput, Acting MD in his office on November 5, 2018. Players and team management

including Mohammad Amir, Fawad Alam, Sohail Khan, Umer Amin, Awais Zia, Atiq - uz - Zaman and Asif Saeed met with the AMD and discussed cricketing affairs including their engagements with SSGC team.

Imran Farookhi, DMD (CS) and Lt. Colonel (R) Shoaib Ahmed, GM (Admin. Services) was also present on the occasion. ➔

GM (HR) gives presentation on goal setting

Sahbaz Islam, GM (HR and Corporate Communications) recently gave a presentation on

Goal Setting at NED University of Engineering and Technology (NEDUET). The event, held on November 16, 2018 was organized by

NEDUET's public speaking venture called National Cabinets, was attended by a large gathering of students. 📌

A presentation on CP Techniques

Shaikh Muhammad Naik, CE (CP) gave a presentation on Corrosion Prevention and CP Techniques in a seminar arranged by Mehran University Jamshoro in November 2018. 📌

The Killer Disease

In Pakistan, every fourth person over the age of 20 is diabetic. The disease is on the rise, mainly because the majority of Pakistanis neither have adequate knowledge on how to prevent and control the disease nor do they have access to quality healthcare. If proper measures are not taken to control diabetes, then the disease will only

escalate, thus posing more risks for the people of Pakistan. This was stated by Dr. Aisha Shaikh, Consultant Endocrinologist/Diabetologist, Aga Khan University Hospital, during an health awareness program on 'Diabetes Prevention' on November 23, 2018 organized by the Medical Services Department on the occasion of the World

Diabetes Day. A large number of Company employees attended the session.

On the occasion, free sugar and cholesterol check-up was arranged. SSGC's Dr. Munawar Hyat, CMO and senior Consultant Dr. Qurat-ul-Ain also spoke on the occasion. 📌

Medical Department holds seminar on clinical applications of stem cells

An Health Awareness Program was organized on the subject of 'Clinical applications of stem cells with special emphasis on orthopedic disease' by the medical services department on November 16, 2018. Stem cell experts Dr. Salman Gillani and Dr. Murat Erturk of

Al-Khaleej Stem Cells Clinics spoke on the occasion. Dr. Ejaz Ahmed, SGM (CS) and Dr. Munawar Hayat, CMO also spoke.

The learned speakers stressed that stem cell therapy is fast evolving as an effective non-invasive treatment for a number of

clinical conditions. They pointed out that stem cells have the potential to develop into any tissue or cell in the body and can be used to effectively treat bone and joint problems in Pakistan. ■

Understanding augmented reality using GIS system

In order to understand in depth the concept of 'Augmented Reality using GIS System in Utilities Sector', R&D Department organized an online web conference in collaboration with vGIS, a Canadian-based company that has launched this project successfully in Europe and America.

The webinar arranged on November 28, 2018 focused on the introduction and general discussion on this emerging technology called vGIS which is especially designed for and widely accepted by various gas utilities for Systematic Improvement and Work Efficiency Enhancement. It is designed specifically for municipalities and public utilities.

vGIS Utilities transforms traditional GIS data into augmented reality displays and holograms overlain on view of a physical job site. It can be used via Android phone or iPhone, a tablet or Microsoft HoloLens to see underground utility infrastructure as one tours a work area.

vGIS creates instant awareness of one's surroundings, saving time and helping avoid

costly mistakes. It uses augmented reality to display infrastructure—pipes, lines, cables and other assets—in-field and in real time. Public utilities use vGIS Utilities to help their field work-force, GIS specialists, project managers, engineers, field supervisors and others gain clarity and direction for the work at hand, repair infrastructure, avoid accidental line cuts during excavations and address GIS documentation gaps.

Some salient features of AR technology are mentioned below.

- **Exceptional Accuracy**

Up to 3–5 cm/1.5–2 in. location accuracy and $\pm 0.1^\circ$ directional accuracy

- **Consistent Visualization**

3D overlays stay "world-locked" by remaining in sync with the physical world

- **Multi-Device Support**

Can be used with iPhones, Android phones, Microsoft HoloLens, and Windows Mixed Reality

- **No Additional Equipment**

vGIS Utilities does not require any additional equipment

- **Work-flow Integration**

vGIS Utilities integrates with your existing back-office systems

- **Advanced Collaboration**

Integrated holograms, video, and audio that connect the office with field teams

- **GIS Integration**

Bidirectional integration with Esri ArcGIS and other GIS systems

- **GNSS Integration**

Compatible with high-precision GNSS devices from EOS, Leica, SXBlue, Trimble and others

- **Multi-View Support**

First-person on-site experience and birds-eye "zoom out" site overviews

- **GIS Object Support**

Supports visualization of points, lines, areas, volumes, and 3D objects

- **3D Object Support**

Natively displays objects from Esri CitiEngine and Trimble SketchUp

Augmented reality via GIS - The next frontier?

Welcoming IDEAS to town

SSGC Head Office joined in the excitement surrounding IDEAS 2018 by branding itself for welcoming the delegates and exhibitors of one of Pakistan's biggest defence industry

event. The entry and exit points of the Head Office Building carried welcome messages with strong visuals while the road blocks in front of the building were decked with visuals and words highlighting objectives

behind IDEAS 2018.

The Corporate Communication Department took the lead in this branding activity. 

New equipments add value to Executive Fitness Centre

Physical exercises possess numerous short and long-term health benefits that result in boosting up employees' morale and productivity. Deteriorating physical health may lead to an increased risk of developing mental health problems and vice versa.

HSE&QA has been continually expanding the variety of equipments in the Executive Fitness Centre located in the Head Office Complex to help employees accomplish their fitness goals and improve their quality of life.

In this regard, two new Tread Mills, Body

Massage Chair, Ab Crunch Machine, Shoulder/Chest and Leg Press machines have been added in the executive fitness Centre to promote and cultivate healthy lifestyle in the company which HSE&QA team is truly passionate about. 

Farewell dinner held for DGM-Cathodic Protection

A farewell gathering was arranged in honor of F.M. Saleem Qazi, DGM (CP)-T&D by his CP colleagues on the occasion of his retirement at Hyderabad. 📍

DGM (P&D) bids farewell

A farewell lunch was given in honour of Noor Ahmed Memon, DGM (Planning and Development) on November 22, 2018 at the Head Office Auditorium. Divisional Head Saeed Rizvi, SGM (Engineering Services) and P&D colleagues paid warm tributes to the retiring senior executive and gave him presents as a token of respect. 📍

ENERGY SNAPSHOT

Turkey starting new oil and gas exploration in Black Sea

Turkey is starting new oil and gas exploration in the Black Sea, the Ministry of Energy and Natural Resources of Turkey said recently. Oil and gas exploration will begin in Turkey's Mersin province.

On October 30, Turkey embarked on oil and gas exploration in the Mediterranean Sea. A new seismic survey vessel entitled as Fatih,

was set afloat in order to begin oil and gas exploration.

The law permitting oil exploration in forests and national parks came into force in Turkey in April 2014. The ministry said that a total of 56 wells have been drilled as part of exploration of new oil and gas fields in Turkey since 2014, of which 54 are onshore, and two are offshore. In 2017, 1863 exploration

projects were carried out in Turkey to search for new oil and gas fields.

Turkey also plans to establish a new company for the exploration of oil and gas abroad. The new company is expected to be engaged in oil and gas exploration in Central Asia and Africa.

ADIPEC 2018 attracts record 145,000 visitors

The 21st edition of the Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC 2018) witnessed a huge participation from exhibitors and visitors, marking the biggest edition since the exhibition's inception in the year 1984.

The number of visitors in the latest edition exceeded 145,000 comprising specialized experts and VIP visitors, in addition to the

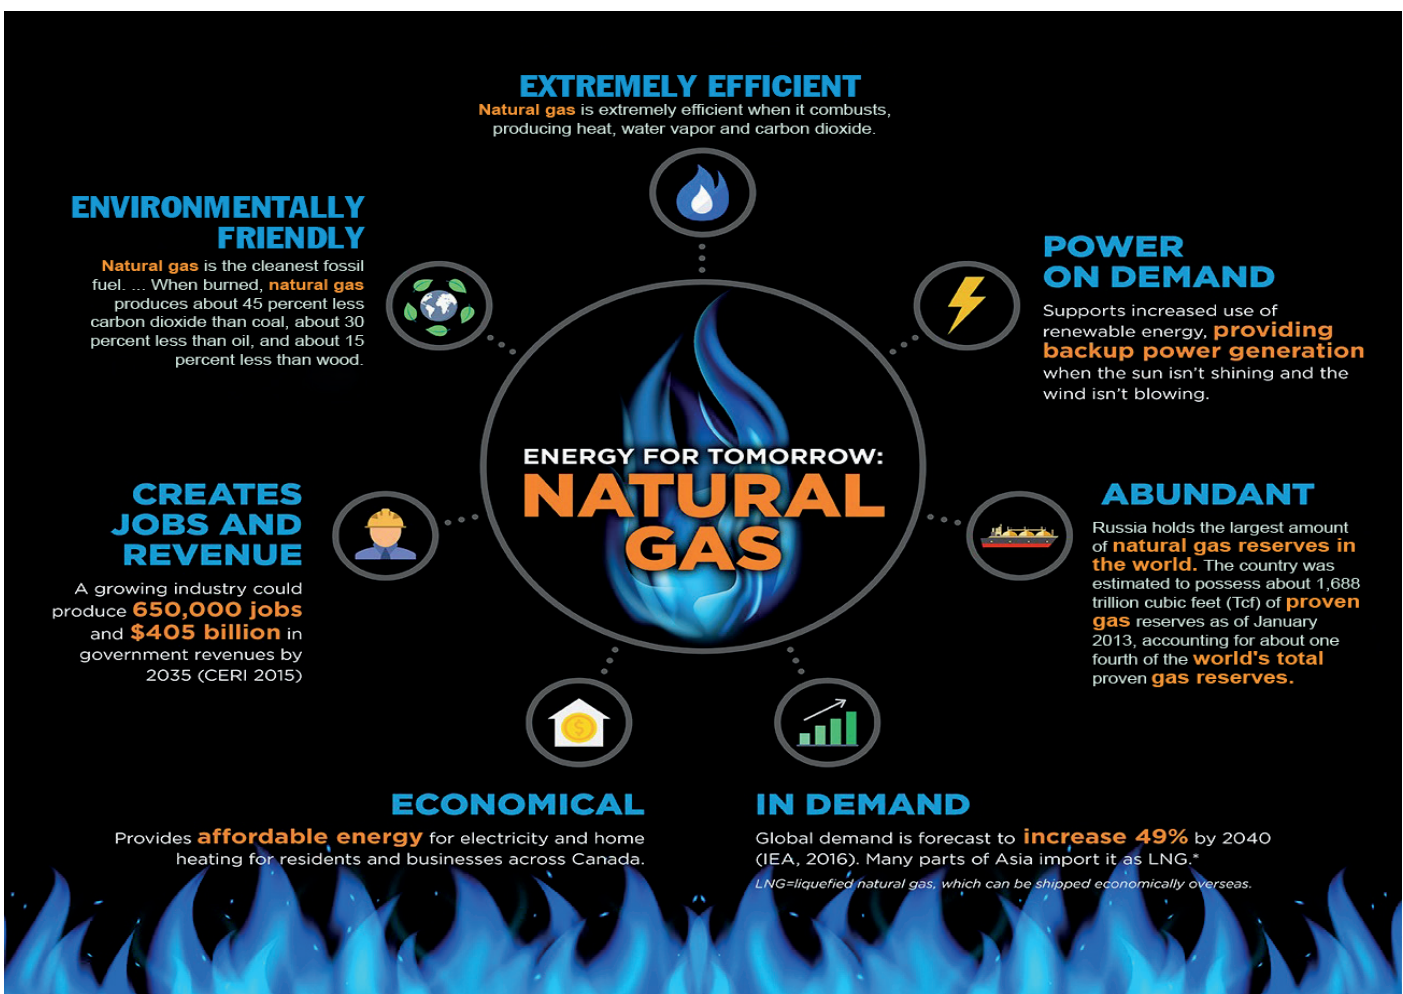

participation of 2,200 exhibiting companies from 67 countries as well as 29 country pavilions.

Supported by the Abu Dhabi National Oil Company (ADNOC), UAE Ministry of Energy and Industry, and the Abu Dhabi Chamber, the exhibition was held under the patronage of H.H. Sheikh Khalifa bin Zayed Al Nahyan, President of the UAE at the Abu Dhabi National Exhibition Centre (ADNEC) from

November 12 to 15, 2018.

The exhibition was of great importance, highlighting the wise leadership's keenness in participating in its various activities and meet with the decision makers and specialized experts representing both public and private companies operating in this vital sector. 📌

نظریہ اقبال

سرمجد اقبال، جن کو ہم علامہ اقبال کے نام سے یاد کرتے ہیں، 09 نومبر، 1877 کو سیالکوٹ میں پیدا ہوئے۔ انہوں نے سیالکوٹ اور لاہور سے اور بعد میں کیمبرج سے تعلیم حاصل کی، 1907 میں اپنے مقالے کے لئے لڈوگ میکزی میلن یونیورسٹی، میونخ سے ڈاکٹریٹ کی ڈگری حاصل کی اس مقالے کا عنوان تھا "ڈولپمنٹ آف میٹافزکس ان پشیا"۔ اس کے علاوہ آپ نے 1908 میں لنکٹران سے قانون کی ڈگری حاصل کی، انہوں نے لاہور میں کئی سال وکالت کی مشق کی، اور اسی شہر میں مستقل سکونت اختیار کی۔

اقبال کی بطور شاعر شہرت کا آغاز 1900 میں لاہور میں ہونے والے فلاحی انجمن کے سالانہ جلسوں میں ان کی شرکت اور مخزن میں ان کی غزلوں کی اشاعت سے ہوا۔ جو 1901 میں صف اول کا میگزین تھا۔ اسرار خودی (The secret of Self) سے ان کی فارسی شاعری کا سلسلہ شروع ہوا اور انہوں نے اپنے فلسفیانہ خیالات کا اظہار بالخصوص مثنوی کی صنف میں کیا۔ ان کی شاہکار کتاب جاوید نامہ 1932 میں شائع ہوئی جس میں انہوں نے اسلامی مفکر اور دانشور مولانا رومیؒ کی فکر سے متاثر ہو کر کائنات میں روحانی سفر کے حوالے سے شاعری کی ہے جس میں اللہ سے مکالمہ بھی شامل کیا ہے۔ 1924 میں شائع ہونے والے ان کے اردو شاعری کے مجموعہ بانگ درا (The Caravan Bell) کو شہرت دوام حاصل ہوئی جن میں ان کی مشہور ترین نظمیں شکوہ، شمع اور شاعر اور نصیر راہ شامل ہیں جب کہ ایک اور مجموعہ بال جبریل 1936 میں شائع ہوا جس کو بے مثال شہرت حاصل ہوئی اور اردو شاعری کو ایک نیا آہنگ ملا۔ اس مجموعہ میں شامل ان کی نظم مسجد قرطبہ کا اردو کی عظیم ترین نظموں میں شمار ہوتا ہے۔

اقبال کو بطور فلاسفر جو مرتبہ حاصل ہے اس میں بڑا حصہ ان کی لازوال شاعری کا ہے لیکن اس میں کی نفی کی اہمیت بھی کم نہیں جس میں خاص طور پر اتحاد ملت اسلامیہ کے حوالے سے ان کی تحریریں شامل ہیں۔ علامہ اقبالؒ نے دسمبر 1930 میں آل انڈیا مسلم لیگ کے الہ آباد میں ہونے والے سالانہ اجلاس عام میں اپنے صدارتی خطاب میں جنوبی ایشیا کے شمال مغربی حصے میں ایک علیحدہ مسلم ریاست کے قیام کا آئینہ یا پیش کیا۔ اس کے بعد آنے والے سالوں میں انہوں نے اس ریاست کے قیام کو ناکزیر قرار دیتے ہوئے پُر زور حمایت کی لیکن افسوس کہ وہ 1947 میں پاکستان کی صورت میں اپنے خواب کو حقیقت میں بدل نہ دیکھ سکے۔ مفکر پاکستان علامہ ڈاکٹر محمد اقبالؒ 21 اپریل 1938 میں لاہور میں وفات پا گئے۔

ٹاسک فورس کی گیس چوری کے خلاف موثر کارروائی

ہونے سے بچائی گئی جس کی مالیت 105 ملین روپے بنتی ہے۔

ہائی وے، لاندھی اور ملیر شامل تھے۔ ٹیم نے ان علاقوں سے ملحقہ گودھوں میں کارروائی کی اور وافر مقدار میں گیس چوری ہوتے ہوئے پکڑی۔ ان چھاپوں کے نتیجے میں 696 ایم ایم سی ایف جم کی قدرتی گیس چوری

اکتوبر کے مہینے میں سی آر ڈی کی ٹاسک فورس نے غیر قانونی گیس کنکشنز اور چوری کے خلاف ایکشن لیا۔ ٹاسک فورس نے مختلف علاقوں میں چھاپے مارے جن میں کورنگی، گلشن اقبال، سرجانی ٹاؤن، شاہ لطیف ٹاؤن، سپر

سوئی سدرن گیس کمپنی کی ایک اور شاندار کامیابی

کمپنی اپنے تمام کاروباری امور میں ایچ ایس ایف مینجمنٹ پر عمل درآمد کو یقینی بنانے کے عزم پر موثر انداز میں عمل پیرا ہے۔ اس تقریب کا اہتمام معروف غیر سرکاری تنظیم نیشنل فورم فار انوائرنمنٹ اینڈ ہیلتھ (NFEH) نے کیا تھا۔

کیو اے نے یہ ایوارڈ سندھ کے صوبائی وزیر برائے انفارمیشن، سائنس اینڈ ٹیکنالوجی، انوائرنمنٹ، کلائمنٹ چینج اینڈ کوشل ڈیولپمنٹ محمد تیمور تالپور سے وصول کیا۔ ایوارڈ کی تقریب 7 نومبر 2018 کو کراچی کے مقامی ہوٹل میں منعقد ہوئی۔ یہ ایوارڈ ایچ ایس ایف سے متعلق تیسرا ایوارڈ ہے جو اس سال ایس ایس جی نے جیتا ہے جس سے واضح ہوتا ہے کہ

ایس ایس جی سی کا ایچ ایس ایف ای اینڈ کوالٹی ایسٹورینس کے شعبے میں کامیابیوں کا سلسلہ جاری ہے اور اس سلسلے میں ادارے میں فائر اور سیفٹی مینجمنٹ پر کامیابی سے عمل درآمد کرنے اور ایچ ایس ایف کی موثر کارکردگی کا مظاہرہ کرنے پر سالانہ 8 واں فائر اینڈ سیفٹی ایوارڈ 2018 جیت لیا ہے۔ کمپنی کی طرف سے طارق اسلم، ڈی جی ایم/انچارج (ایچ ایس ایف ای اینڈ

ایڈیٹر کے قلم سے

محترم قارئین کرام!

ماہ نومبر کی آمد کے ساتھ ہی لحاف، سوئزر اور گیس ہیٹرز کے استعمال کے دن آگئے ہیں۔ کراچی میں تو اب تک سردی کا باقاعدہ آغاز نہیں ہوا ہے لیکن بلوچستان اور بالائی سندھ میں آچکی ہے۔ جیسے جیسے سردیوں کی شدت میں اضافہ ہوگا کچھ مقامات پر ٹمبر پچر نقطہ انجماد سے بھی نیچے جائے گا جس کی وجہ سے ہیٹنگ کے بغیر رہنا ناممکن ہو جائیگا۔ ایس ایس جی سی اپنے صارفین کو گیس کے آلات کے استعمال میں ہر ممکن احتیاط کو بروئے کار لانے کے لئے خبردار کرتی رہتی ہے کیونکہ اس میں ذرا سی لاپرواہی بھی حادثات و اموات کا باعث بن سکتی ہے۔ سوئی سدرن گیس کی یہ آگاہی ہم رنگ لارہی ہے جس کا ثبوت کچھ سالوں سے ایسی اموات میں خاطر خواہ کمی دیکھی گئی ہے۔ ان سب باتوں کو مد نظر رکھتے ہوئے یہ ضروری ہے کہ یہ پیغام ہم صارفین تک میڈیا اور دیگر ذرائع سے بھرپور طریقے سے پہنچائیں۔

شکریہ
