WITH A HEART OF GOLD

A business that makes nothing but money is a poor business, said Henry Ford. SSGC may be in the transmission and distribution business but at the same time it also runs a CSR program through which it makes a positive impact on the lives of the marginalized communities around it. Be it education, health care, environment and community development, SSGC ensures that its efforts bring a positive change in peoples' lives.

A message from the Managing Director

Dear colleagues,

As we arrive at the fag end of our calendar year, we must quickly glance back on the last twelve months in order to assess whether we were able to meet our New Year resolution that we had made the previous year. New Year resolutions are a self-commitment whereby we set new or revise some previous goals to be achieved and then accordingly device a plan for the desired results.

I earnestly hope that most of you have set such goals to be achieved for this wonderful organization of ours. I would be more than delighted to learn the success stories of those colleagues who either met their targets or even surpassed them. Look, here the leadership abilities come into play that each one of us is blessed by the nature. For me, those who constantly improvise on their work plans and goals and go extra miles to achieve them are the real leaders.

As another New Year is knocking on our doors, for those who never made such new year's resolutions, here comes another opportunity to be grabbed by both hands. My advice to you is to set yourself a target that would not only make you grow better in this organization but would indirectly help the Company to benefit from your extra zeal and effort.

Wish you all a prosperous 2019 and beyond.

All the very best,

Mohammad Amin Rajput

The Tribute

Dear readers,

The month of December witnessed a number of activities in the Company. Federal Minister for Energy, Ghulam Sarwar Khan visited SSGC for the very first time and held a useful meeting with the Company's senior management. He was given a comprehensive presentation on Company's operations especially on the issue of Unaccounted-for-Gas (UFG), depletion of indigenous gas supplies and gas load management plan. In Quetta, SSGC's annual Winter Safety media campaign was launched by Corporate Communication Department in coordination with Regional Office Quetta.

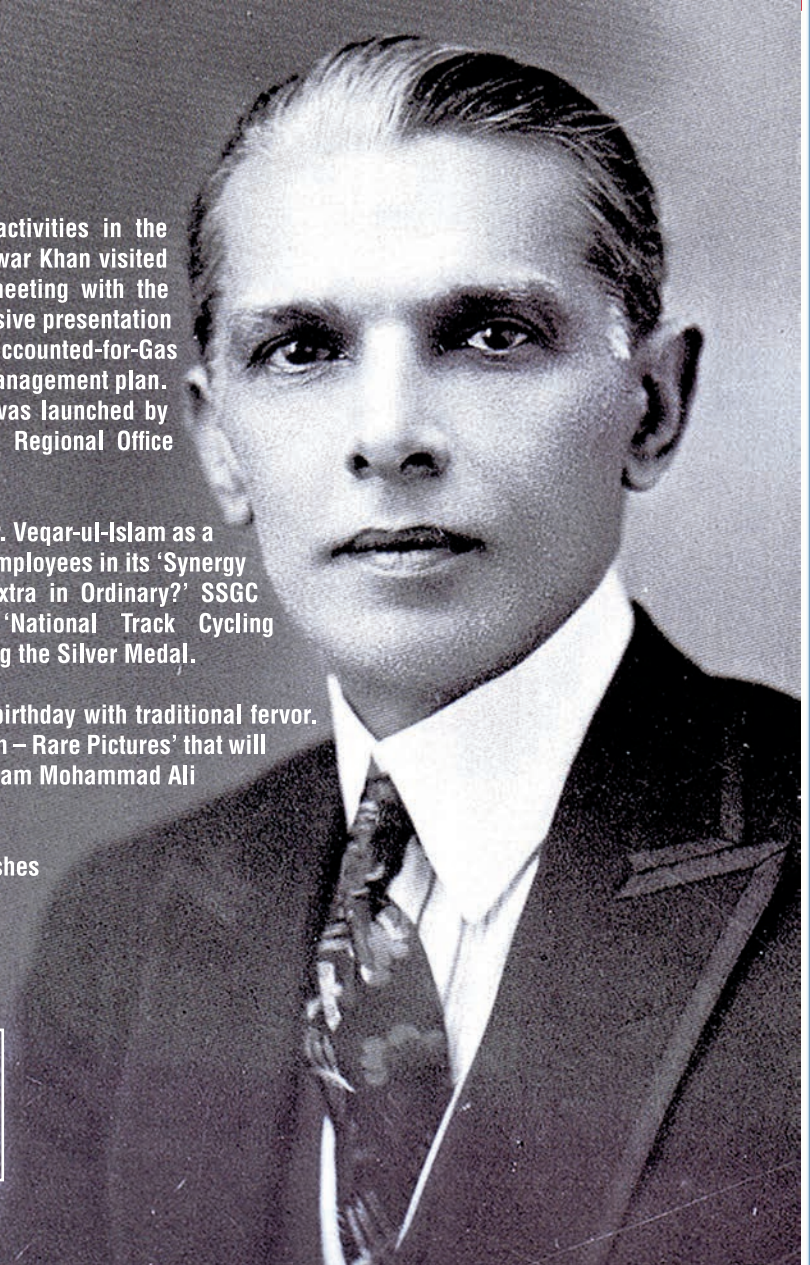

In December, CCD invited CEO of Jaffer Business Systems Mr. Veqar-ul-Islam as a keynote speaker to address the Company's executives and employees in its 'Synergy Speakers Series Session' entitled as 'Looking for That Extra in Ordinary?' SSGC hosted Pakistan Cycling Federation's annual event 'National Track Cycling Championship' in Lahore and its team triumphed by clinching the Silver Medal.

On December 25th, the Nation celebrated Quaid-e-Azam's birthday with traditional fervor. This issue contains a double page feature entitled 'Mr. Jinnah – Rare Pictures' that will take the reader on a trip to the lives and times of Quaid-e-Azam Mohammad Ali Jinnah and his near and dear ones.

As the year 2018 bids us a farewell, the editorial team wishes our readers a very happy new year.

Best regards,
Ed

N.B.: In keeping with the tradition, find enclosed with this issue SSGC 2019 wall calendar. Also find enclosed a sample of a bio-degradable bag that SSGC recently distributed in general stores across Karachi as part of its CSR initiative in the area of environmental preservation.

SSGC management briefs Minister of Energy on gas load management plan

Ghulam Sarwar Khan, Federal Minister for Energy (Petroleum Division) held a meeting with the senior management of SSGC at the Company Head Office on December 14, 2018.

The Minister was given a comprehensive presentation on the Company operations and especially on the issue of Unaccounted-for-Gas (UFG), depletion of indigenous gas supplies and gas load management plan.

During the meeting, Amin Rajput, AMD, SSGC, Mohammad Wasim, DMD (Operations) and Imran Farookhi, DMD (Corporate

Services) discussed many facets of gas load management plan. They emphasized that while SSGC was already facing a shortfall of 180 mmcf/d gas with the advent of winter, this deficit was further aggravated due to an additional shortfall of 50 mmcf/d gas from Kunnar-Pasaki and Gambat gas fields, thus taking the total shortfall to 230 mmcf/d.

The rising shortfall had compelled SSGC to drastically reduce gas to CNG Sector and captive power plants only, the Minister was told. The management dispelled the misconception that the utility has suspended gas supplies to all general industries. The Minister was categorically told that SSGC had

officially notified gas shut down for a period of three months i.e. from December 2018 to February 2019 to captive power plants of industries in October 2018.

The management explained that the notification was in accordance with clause # 1 of the Contract for Supply of Gas between SSGC and the captive power customers which states that the latter will have to make dual fire arrangements to avoid loss of production as and when gas is not available during winter seasons. On the other hand, SSGC has continued to supply gas to export oriented, zero-rated and rice exporting industries, the management explained. ➔

Minister Ghulam Sarwar Khan

Acting MD Amin Rajput

DMDs Imran Farookhi and Mohammad Wasim

The Minister expressed grave concern at the constant decline in the cumulative indigenous gas supplies which, as the SSGC management explained, will see an average decline rate of 8% per year for the next 10

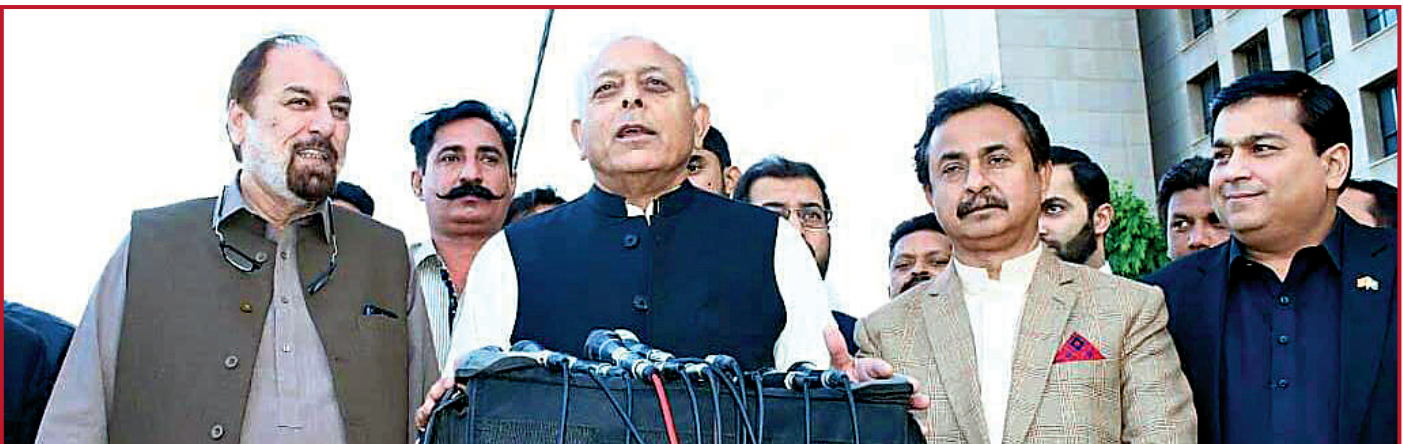

years. He was told that the projected volume of 1,129 MMCFD for FY 2018-19 is projected to drop to 310 MMCFD for FY 2027-28.

He asked the management to make all

concerted efforts to reduce rising UFG trend.

The Minister said that he expects SSGC management to work closely with the Ministry to curb UFG. 📌

SSGC determined to resolve gas pressure issues: AMD

AMD, SSGC speaking to the notables. Imran Farookhi, DMD (CS) and Director in SSGC's Board, Nawabzada Riaz Noshervani can also be seen

SSGC is fully conscious about the persistent issue of gas pressure and is making all out efforts to resolve supply and pressure issues in Quetta and other parts of Balochistan. This was stated by Amin Rajput, Acting MD, SSGC during a dinner hosted by SSGC for the notables of Balochistan.

The gas utility is installing LPG-Air Mix (Synthetic Natural Gas) Plants in those far flung areas of Balochistan where gas pipelines cannot be laid through conventional arrangement, the AMD reiterated. Provincial Ministers including Zia Langove, Malik Naeem Khan Bazai and assembly members including Syed Fazal

Agha, Mobeen Ahmed Khilji, Akhtar Hussain Langove, Asghar Tareen, Malik Sikandar Khan Advocate and Nasrullah Zeraf along with former provincial minister Babu Ameen Umrani and SSGC director Nawabzada Riaz Noshervani attended the dinner held in a Quetta hotel on December 11, 2018. Apart from AMD, high ranking SSGC officials including Imran Farookhi, DMD (Corporate Services), Saeed A. Larik, SGM (Distribution-North), Brigadier (R) Mohammad Abuzar, DG (SS and CGTO) and Madni Siddiqui, GM (Distribution-Balochistan) were also present at the dinner.

The notables observed that during the winter season, Balochistan is faced with gas load

shedding and low pressure issues that is causing great inconvenience to its residents. They requested SSGC management to take serious notice of low pressure problems.

The Company management listened to the grievances intently and assured the legislators and other prominent personalities of the province that their issues are and will continue to be taken up seriously.

The AMD said that in order to reduce demand-supply shortfall in Balochistan, SSGC is installing LPG-Air Mix plants in remote regions thus providing the inhabitants with an alternative gas supply source. 

Industrialists assure SSGC of Sunday closure for better line pack

In the backdrop of gas shortfall in Karachi during winter, the industrial bodies and associations of the city held a meeting with the SSGC management in the Company Head Office on December 29, 2018. The SSGC management said that the prevalent crisis was temporary and assured the industrialists that the distribution issues confronted by their business units would be resolved soon. The management pointed out that overall domestic demand as well as huge demand in Balochistan and other areas due

to the winter season have further contributed to the load enhancement.

The meeting was chaired by Amin Rajput, Acting MD. Also present on the occasion were Mohammad Wasim, DMD (Operations), Saeed Larik, SGM (D-North), Kamran Nagi, GM/Incharge (D-South), Amir Mumtaz Khan, ASGM (General Services), Nadeem Qayyum, GM (D-Western Region), Shehryar Kazmi, GM (Billing) and other officials from the Coordination Cell and Corporate

Communications. The associations were led by notable industrialists including Zubair Motiwala and Junaid Makda.

After the meeting, while talking to the media, Mr. Motiwala said that the industrialists understood the issues explained to them by the SSGC management behind the prevalent shortfall and has assured SSGC of full compliance of industrial closure on the following Sunday so that the supply situation or line pack can be further improved. 

Winter safety media campaign bringing about positive outcome in Balochistan: SSGC

Careless use of gas-fired appliances during winters are a cause of unnecessary deaths and injuries especially in the bitterly cold regions. Every year, the Company launches 'Winter Safety Media Campaign' from Balochistan to create awareness about this hazard, through a blend of Below-the-Line and Above-the-Line activities. This year, a number of events were held on December 12 and 13, 2018 in Quetta.

On December 12, 2018, the Company's Corporate Communication Department, in conjunction with Regional Office, Quetta

organized an Ulema Conference at Quetta Press Club as part of their Social Contact Drive. The Conference, featured the local clerics who, as influential opinion leaders emphasized on the safe use of natural gas. They appreciated SSGC's role in stemming the declining trend of the number of deaths and injuries as a result of its safety awareness programs. The eminent clerics and social workers stressed on the customers to avoid gas theft since it was against the very tenets of Islamic beliefs and education. The speakers included Maulana Syed Muhibullah Agha, Allama Syed Hashmi Mosavi, Sayed

Habibullah Chishti, Professor Arshad Yameen, Mufti Muhammad Ahmed Qandhari and social worker Abdul Kakar. In their speeches, SSGC's Madni Arafat Siddiqui, GM (Distribution-Balochistan) and Shahbaz Islam, GM (HR and Corporate Communications) underscored the need to practice safe use of gas. They said that as a result of regular campaigns, there has been a sharp drop in the number of casualties and emphasized that gas theft was a main drain on SSGC's resources and called on Ulema and other opinion makers in Balochistan to discourage it in every forum. ▶

Later in the evening, the organizers held a dinner in honour of media fraternity of Balochistan at a local hotel. SSGC's management represented by Amin Rajput, AMD, Imran Farookhi, DMD (Corporate Services), Saeed Larik, SGM (D-North), Madni Siddiqui, GM (D-Balochistan) and Shahbaz Islam GM (HR and Corporate Communications) addressed the media persons. They appreciated the fact that due to the annual winter safety campaign, the number of casualties from careless use of gas appliances has shrunk during the last couple of years. They thanked the media for propagating the message about taking

precautionary measures to the customers, with the result that so far no death has been reported from callous use of gas from anywhere in Balochistan, this winter.

In their remarks, President Quetta Press Club Raza Rehman and President of Balochistan Union of Journalists Khalil Ahmed pointed out at incidents of issues of low gas pressure in Quetta and other adjacent areas.

The MD assured them that the management of SSGC is closely looking into the issue of low pressure and is taking practical steps such as expanding transmission infrastructure across

Balochistan as well as setting up LPG-Air Mix plants to ensure uninterrupted gas supply to an ever increasing customer base.

On the 13th of December, the Campaign was formally launched from the Regional Office Quetta. The senior management, executives and staff took a collective oath to continue with its mission to propagate safe and wise use of gas to the masses.

The launch featured a roll out of around twenty newly branded 1199 Emergency vehicles that carried relevant messages related to gas theft and winter safety. 📍

Looking for
That Extra in Ordinary?

Director and CEO of Jaffer Business Systems, Veqar ul Islam was invited recently as the keynote speaker at CCD-organized 'Synergy' Speakers series session.

The session was convened on December 3, 2018. In his presentation, Mr. Islam, a reputed public speaker spoke on traits that a manager

needs to cultivate to emerge as an extraordinary leader.

He stressed that leadership is not about position, authority or hierarchy but traits embodied in the manager's ability to rise in extraordinary situations. Amin Rajput, Acting MD, SSGC also gave an insightful presentation on the power of motivation.

Shahbaz Islam, GM (HR and CCD) set the ball rolling by giving a very interesting presentation on goal setting.

Syed Imran Ahmed, Chief Manager, Corporate Communications introduced the aims and objectives behind 'Synergy' series to the audience. 📌

No respite for gas thieves

On a tip off from reliable sources, the Operations Wing of SSGC's Security Services and Counter Gas Theft Operations (SS and CGTO) Department conducted a joint raid on a fast food outlet, Pearl Fast Food in Khokrapar Malir.

The Wing, accompanied by the representatives of the Company's Customer Relations Department (CRD), DSM, SSGC police and FIR Cell conducted the raid on the outlet on December 26, 2018.

During the crackdown, it was observed that this already disconnected registered business unit was consuming gas directly through rubber pipe from the meter point.

Total load obtained was 745 cubic feet per hour (cf/hr). The team dismantled the direct connection. Summarily, culprit Saqib was arrested from the spot and FIR was lodged.

Accompanied by the same team, that day CGTO's Intelligence wing also raided a hotel in Karachi's Old Town area of Nanakwara in Saddar.

The team observed that a registered customer was found using gas directly through a rubber pipe for running the hotel. Total load obtained was 560 cf per hour.

The team removed the meter and disconnected the gas supply. While FIR was

registered, the SSGC Police is on the hunt to arrest the absconder.

Operation Grift, the Company's anti-gas theft drive has proved to be a major deterrence against gas thieves since it kicked off in July 2017.

SSGC will not show any leniency towards any gas thief, no matter how influential the person is and will ensure that his rightful place is behind bars. Natural gas is a national resource and it is incumbent on each one of us to conserve it. Gas theft is a crime against community and SSGC seeks support of every citizen in nabbing the culprits. 

During the crackdown, it was observed that this already disconnected registered business unit was consuming gas directly through rubber pipe from the meter point.

Total load obtained was 745 cubic feet per hour (cf/hr). The team dismantled the direct connection. Summarily, culprit Saqib was arrested from the spot and FIR was lodged.

One arrested as anti-gas theft raids intensify

OSSGC tightened its noose on gas thieves by conducting a number of raids during the last few days in its franchise areas of Sindh and Balochistan.

As per the directives of the higher management, a joint inspection-cum-raid was undertaken in New Khan Super Shaheen Shinwari Restaurant located in Malir Cantonment, Karachi by the representatives of SSGC's Measurement, Sales and Security Services and Counter Gas Theft Operations Department (SS and CGTO) departments along with SSGC Police and FIR Cell teams.

The team observed that the owner of the hotel was stealing gas through direct line. Restaurant owner named Muhammad Sabir s/o Muhammed Tahir was using 650 CFT/ HR gas.

The raiding party disconnected the rubber pipes and other material being used in theft

and arrested Muhammad Sabir.

The SS and CGTO Department, Nawabshah carried out a raid in Bahria City Nawabshah where the culprit was using domestic gas connection for commercial power generation by reversing the gas meter.

The team disconnected the theft network, with theft load to be charged accordingly.

Similarly, a raid carried out on KDA Flats, Gulshan Shiraz, Surjani Town, Karachi where gas thieves were stealing gas illegally by using rubber pipes which were confiscated, with theft load to be charged accordingly.

Crackdown against such culprits will be more intensified in the future since rising theft cases badly affect the Company's financial position. 🔴

Arrested Culprit

UEP team meets SSGC management

The United Energy Pakistan (UEP) Officials met with Amin Rajput, Acting MD, SSGC and the Company's Finance team to discuss receivable issues in December 2018. UET was represented by Tariq Khamisani, President, Israr Muhammad, Head of Commercial, Zhu Junfeng, Group CEO and Song Yu, Vice President. 🔴

Riding for success - SSGC wins silver in National Track Cycling Championships

SSGC emerged as the top three teams in the local cycling circuit when it earned the Silver Medal on conclusion of the four-day National Track Cycling Championship 2018 held at the Lahore Cycling Velodrome. The event, held under the aegis of Pakistan Cycling Federation was organized by SSGC. Pakistan Army secured gold while WAPDA had to be contented with a bronze medal. Apart from the top three winners, the championship featured men and women cyclists from POF Wah, HEC, Islamabad and four provincial teams. The top three teams also dominated the individual and team contests during these four days. In the 3-lap Sprint Finals, Shakeel of SSGC won the gold medal while Arsalan and Zahid of Pakistan Army won silver and bronze medals respectively.

Rider Abdul Razzaq of SSGC won the 4-km Men's Individual Pursuit race, successfully reaching the finish line in 5 minutes and 4 seconds. The 2nd and 3rd spots were secured by Arsalan Anjum of Pakistan Army and Izzat Ullah of WAPDA who lost to the SSGC winner by a difference of one and two seconds respectively. On the other hand, while the 1,000 meter Team Sprint finals was won by WAPDA, Pakistan Army and SSGC, respectively, in the 1000-meter Individual Time Trial contest, Arsalan (WAPDA), Izzat Ullah (Pakistan Army) and Shakeel (SSGC) won the first three spots in a closely contested race. The 30-laps Omnium finals was won by Arsalan while Waheed and Razzaq of SSGC secured 2nd and 3rd places.

The event was inaugurated by Amer Tufail, DMD SNGPL. Lt. Colonel (R) Shoaib Ahmed, Secretary SSGC Sports Board and other SSGC officials welcomed the chief guests and riders from across Pakistan. Imran Farookhi, DMD (Corporate Services) SSGC was chief guest on the 2nd day of the event.

Stores Department's key role in auction activities

by Muhammad Athar Qasmi, CE (Stores)

An auction is a sale process in which potential buyers place competitive bids on assets or services. The open ascending price auction is the most common form of auction being used today. An auctioneer may announce prices, bidders may call out their bids openly against one another and the bids continue to increase (increments). The bidders know the competing bid amounts and continues its bid decisions until it either is declared the winner of the auction or drops out of the auction. However, if the seller has set a minimum sale price in advance (the reserve price) and the final bid does not reach that price the item remains unsold.

Disposal Section of Stores Department led by Chief Engineer(Stores) primarily engaged in

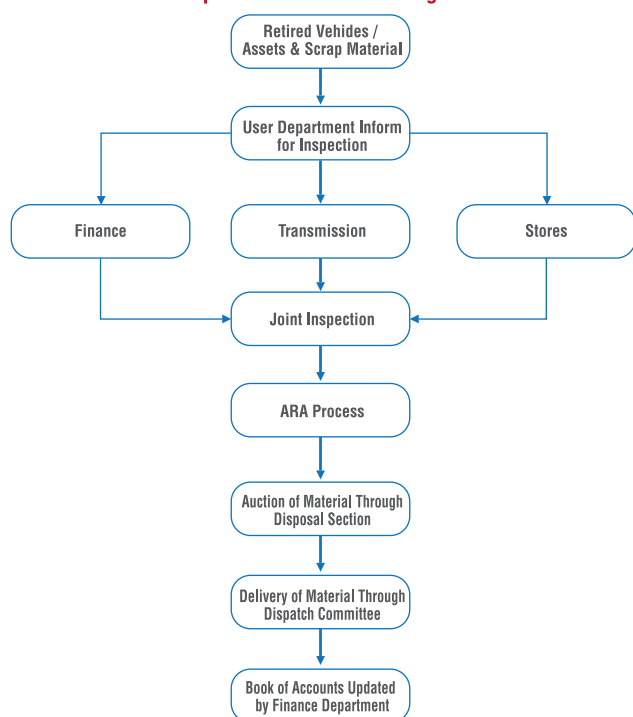

disposal of retired vehicles, fixed assets and scrap materials through open auction activities. The objective of Disposal Section is to maintain transparency in the process of disposing off material during the entire auction process. Disposal executives are also a part of inspection team for material declared as retired by user Department comprising of fixed assets and scrap materials. Disposal Section's scope is to coordinate with various departments during the entire process of auction. Scope of Disposal Section is also extended to receipt of retired vehicles/assets alongwith all requisite documentation and formalities from internal SSGC user departments.

Previously selection of auctioneer was arranged through open tendering who used

to charge hefty services charges i.e 8-9 lacs per auction. Mr. Khalid Hussain Bhutto, DM(Disposal) voluntarily took over the charge as "Auctioneer" resultantly saving substantial amount in every auction.

It is worth mentioning here that performing duty as auctioneer is an exclusive and diverse job which requires natural ability to persuade bidders, capability to speak extempore in front of audience, stamina to stand and speak for long hours till the culmination of auction activities. Mr. Bhutto showed excellent communication skills and consistently outshined company's revenue due to in depth knowledge of auction activities, operating procedures and existing market trends. 📌

Disposal Process Flow Diagram

A revenue of over Rs. 650 Million have been generated through open auction activities since 2013.

"You don't need a big close, as many sales rep believe. You risk losing your customer when you save all the good stuff for the end. Keep the customer actively involved throughout your presentation, and watch your result improve"..... Harvey Mackey

The most significant distinguishing factor of open auction is that the current highest bid is always available to potential bidders. The process starts by inviting multiple buyers to the auction. More prospective buyers usually translates to competitive bidding that pushes the price higher, enabling the company to maximize its profit from the sale. Over the past 5 years Disposal Section of Stores Department has been playing a pivotal role in organizing open auction activities at KT Store. The historical trend clearly indicates the success of open auction activities which lead to swell the revenue growth in the SSGC book of accounts during subsequent years. List of auction activities performed from 2013 till to-date are given as under;

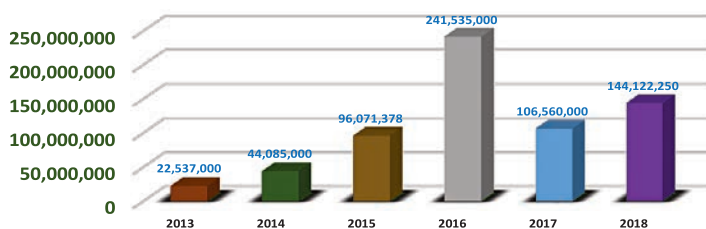

Auction Brief and Procedure :

- o Vehicles and Materials Classification (performed by Lot preparation Committee).
- o Press Publication.
- o Nomination for Chairman auction Committee (Grade VIII executive by MD) and Auction Committee Members each from Finance, Audit, Procurement and

- Admin by their respective HOD's.
- o Preparation of Tender Documents.
- o Sale Tender Documents to Bidder(s).
- o Vehicles Service (Washing, Tyre Punchers, Duplicate Keys Making) by labours/helpers.
- o Staking Tags on Wind Screen of Vehicles Showing Model, Make, Last Tax Paid etc.
- o Price Assessment by Third Party Evaluator through press tender.
- o Evaluated price of Vehicle, Assets and Scrap material submitted in Sealed Envelope (Confidential) One day before auction to CFO Office by Third Party Evaluator.
- o Arrangements of Security guards for Inspection of vehicles and materials through Security Department.
- o List of Bidders and Performa submitted to Security Department for the entry passes for Auction Day.
- o Arrangement of Security Guards, FC, Police, Fire Brigade and Ambulance Available for Auction Day.
- o Arrangement of event management comprising catering and decoration arrangements, sound system, movie and photograph for open auction.

- o Auction started under the Supervision of Chairman Auction Committee and Members.
- o Mr. Khalid Hussain Bhutto Disposal Section performs role of auctioneer.
- o Successful Bidder(s) submitted Token Money on the spot for each bid.
- o Balance amount deposited within five Working Days after Auction date.
- o Vehicles and material delivered to Successful Bidders after Payment Confirmation from TF Department.
- o Auctioned vehicles and Material handed over to successful bidder with delivery letter, transfer letter and vehicles documents.
- o Complete Auction Activities, Preparation of ADA'S for vehicles and material submitted to Finance Department.
- o Letter to Secretary Excise and Taxation regarding change of ownership of vehicles after disposal through open auction.
- o Lifting of retired assets and scarp materials to respective successful bidder(s) through Dispatch Committee. ○

Annual Revenue 2013 - 2018 (PKR)

Pictorial view of Recent Auction Activities

A show, a bag of popcorn and some real fun

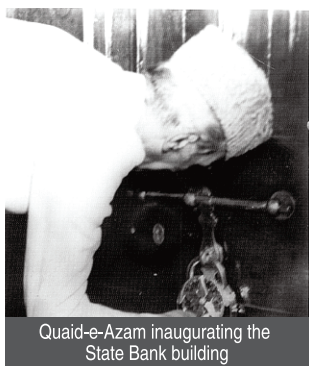

Many of us visit movie theaters with friends and families for quality entertainment, but how many of us have been to cinema with prisoners. Now before you forcefully shake your head in disapproval, let us inform you that this is exactly what we did in December 2018. The CSR team of the Company's Corporate Communication Department came up with a

novel idea of entertaining children who due to a sad twist of fate landed themselves behind bars with their convicted parents. The idea started becoming a reality when the CSR team contacted Peace Council for Human Rights, an NGO that works for the rehabilitation for the imprisoned women and children. The NGO seconded the proposal. After taking due permission from IG Jail Affairs,

Muzafar A. Siddiqui, the team took the children to the screening of local blockbuster 'Donkey King'. The children had a great time watching this animated movie. CCD was represented by Shaheen Imam, Farhan Munaf, Irtaza Raza, Sabiha Khan and Muhammad Jawad Ahmed. The media covered the event on local TV channels and lauded the initiative taken by SSGC. 📺

Indus Hospital blood donation drive proves to be a success

Responding to the request of The Indus Hospital (TIH), SSGC's Corporate Communication Department, in collaboration with the Medical Services Department, organized 'Blood Collection Activity' at Head Office Medical Center on December 6, 2018.

A diligent team of doctors and paramedics from The Indus Hospital, conducted these camps with professional efficacy and alacrity.

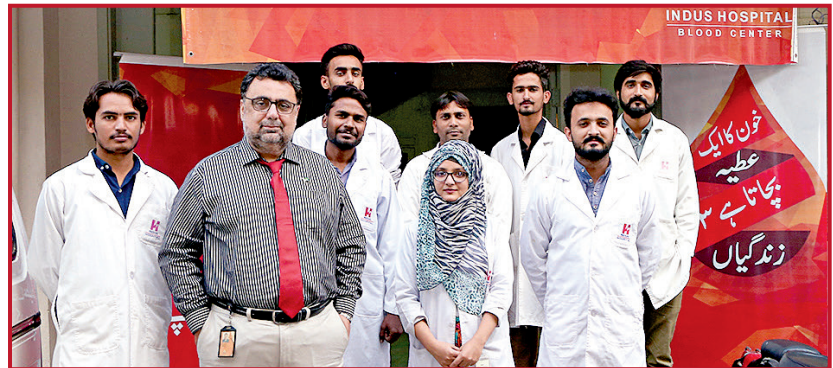

SSGC executives and staff alongwith members of senior management also took

out time to gift their blood which not only motivated the other executives and staff members but was highly appreciated by The Indus Hospital team. These included Imran Farookhi, Dy. Managing Director (CS), Malik Usman, GM (TF), Fasih Azhar, GM (Recovery) and Muhammad Latifullah, DGM(CRD).

In order to motivate the employees and officers of SSGC and to propagate the activity, few days before the commencement of this event, banners and standees were placed at various spots, announcements were made on public address systems and an invitation mail was sent to all users in the Company. Through

these collaterals, employees were made cognizant of the multiple benefits of regularly donating blood as it helps in lowering cancer risks, reduces cardiovascular risks, prevents liver damage, produces new blood cells, helps in weight loss and also balances the iron levels in the blood.

Every healthy person can donate blood 3-4 times a year, which is not only a noble cause that can save a precious human life but also brings along a host of health benefits for the donor. 📌

The Corporate Social Responsibility, for most organizations, is usually the last item on the agenda after ensuring a healthy bottom-line. However, time has proven that organizations that pay much attention to it while pursuing profits stay around for much longer. Over the last 50 years, environmentalists and social justice advocates have fought for the expansion of the traditional 'bottom line' in business to include more than figures.

To this end, the Triple Bottom Line concept of "profit, people, and planet" was developed for gauging the overall success of any business. The term 'Corporate Social Responsibility' which became popular in the 1960s refers to the responsibility of companies to positively impact their environment, customers, employees, stakeholders and members of the general public.

Since early 2000s, when SSGC first started investing in CSR related projects, the Company has demonstrated that profit taking and responsible corporate citizenship need not be mutually exclusive. As a premier public sector utility, SSGC is responsible for providing uninterrupted gas supply to its customers across Sindh and Balochistan. Being a responsible entity, SSGC is obligated by the Regulatory Authority to allocate a reasonable sum to undertake CSR-driven initiatives. Since 2004, the Company has been committed towards this objective with the mindset and motivation to reach out to maximum possible stakeholders. The Company has dedicatedly invested in projects in the areas of education, healthcare, environment and community development in its franchise areas of Sindh and Balochistan. Need analysis, scoping, planning, site surveys and execution of each CSR-related project are carried out either on solo basis or through strategic local partnerships with key governmental, non-governmental, not-for profit, educational and health institutions. In many of the projects and especially of the brick and mortar type, the services of the Civil Works

Department are taken into account. The Company's collaborative partners in CSR activities are reputed educational and healthcare institutions and established NGOs, who share with it the same vision of making a tangible difference in the lives of the communities whose cause we take up.

To ensure swift delivery, maximum on ground impact and sustainability of social investments, all executions occur after due interventions and mutual agreement with stakeholders. The implementation of CSR projects is carried out in two basic ways; one, by providing monetary support to organizations of high repute, adequate local presence and relevant experience. These organizations approach the CSR Unit and submit their proposals. These proposals are then reviewed to assess the need, scope and impact of that particular project on the community. The second approach involves providing brick and mortar support to educational institutions. In addition, scholarships are provided to deserving and meritorious students of the Company's franchise areas. Before embarking on any project, the CSR Unit studies and investigates the proposals received, carries out the required assessments and monitors the projects in terms of progress, delivery and impact on the beneficiaries. At the end of the day, cohesion, consistency and transparency are ensured.

There is complete dedication in every initiative that SSGC takes on the CSR front, be it in the area of education, health, environment and community development. The major CSR focus and hence the biggest share of the budgetary pie has always been on educational initiatives. In the beginning, the concentration was primarily on monetary and brick and mortar support to educational institutions for giving them a new lease of life through renovation of their structures and equipping them with required paraphernalia such as computers and furniture. Then SSGC moved on to providing scholarships to meritorious and deserving students enrolled in reputed institutions such as IBA, IoBM,

LUMS, NED, MUET, QUEST, IBA Sukkar and BUITEMS. Many of these students who belonged to marginalized communities, are now gainfully employed and following their passion.

In the recent times, SSGC have expanded its support to aid institutions such as The Hunar Foundation that works towards ensuring skilled-based employment. At the same time it collaborates with institutions such as Family Educational Services Foundation (FESF) and Markaz-e-Umeed to make disabled and special children self-sufficient. Similarly, in the field of healthcare, SSGC has partnered with NGOs like Marie Adelaide Leprosy Centre (MALC), SIUT and Edhi Foundation and is proud of the fact that they are a part of our CSR repertoire. In the area of environment and community development, SSGC is undertaking sustainable projects with positive long-term impact. The Company has collaborated with IUCN in its drive to conserve mangroves by planting samplings, embarked on projects with Thardeep Rural Programme Program that were aimed at providing clean drinking water through dug-wells and have collaborated with WWF for setting up bio-gas plants at localities in District Thatta. SSGC has been very conscious about a sense of deprivation that exists in Balochistan and many of its CSR projects are aimed at the marginalized communities of areas across Balochistan.

There are some who regard CSR as a public relation tool. There is no denying this objective. However, we at SSGC see CSR a sincere effort aimed towards a positive outcome for the community we are focusing on. And this sense of community is driven by a sense of caring. While from the Company's perspective, CSR initiatives have made this company a responsible corporate entity, on a personal front, it has made me and my team more conscious towards giving a helping hand to the less fortunate around us. And this mindset of giving back to the community will eventually make us even better human beings. 

SSGC - Through the lens

Shahbaz Islam, GM (CCD & HR) presented a cheque to Mr. Abbas of Al Amin Welfare Trust as a monetary support for the screening of Donkey King movie for children imprisoned with their parents in the prisons.

PSTD organized a training entitled Understanding Success Principles at Learning and Development Center, Karachi Terminal for SSGC executives

The Corporate Communication Department recently attended the IBA Convocation in which SSGC had sponsored a few medals for the graduates.

Celebrating abilities of special need children

December 3rd is globally observed as world disability day to honor and recognize the people with any sort of handicap. The day is celebrated every year with great fervor in Markaz-e-Umeed, a home in Karachi for special need children and a trusted ally of SSGC's CSR program. However at Markaz-e-Umeed things are taken into a different perspective as their team under the leadership of their Director Zeeshan Siddiqui always strives to find new ways and means to bring smiles on the gloomy faces of the special children studying there. This is the philosophy under which they marked the world disability day by organizing a colorful event entitled as Celebrating Abilities.

As always, in the very event they pursued to create awareness about the distinctive abilities of these special needs children

through tableau and dance performances. They honored these children by understanding and accepting their existence and celebrating their achievements and contributions with the corporate guests they always invite on such occasions.

TEAM SSGC under the leadership of GM (HR and CCD) Shahbaz Islam whole heartedly participated in these celebrations with a sole objective to bring smiles on the faces of these special needs children. They sat, sang and danced with these kids and spent their quality time with them. Speaking on the occasion Mr. Shahbaz Islam said that Markaz-e-Umeed is just like a home for Team SSGC especially for the members of SSGC's voluntary program HumQadam. He said that he always get inspiration when he comes to the Markaz as he witnesses incredible

achievements of these little stars who are not as blessed as other children are. He was shown the exemplary artwork and handicrafts these children have developed.

DGM (Corporate Communications), Salman A. Siddiqui in his speech lauded the management and teachers of Markaz-e-Umeed for their selfless contributions towards these special need children. He said SSGC is proud to be partner of Mark-e-Umeed in its quest to bring comfort to these children and will continue to support the good cause. The other members of SSGC's Corporate Communication Department who joined these celebrations were Deputy Managers Shaheen Imam, Syed Irtaza Raza and Munir A. Mughal. ➡

A day With Some very talented CHILDREN

SSGC holds fascinating Mehfil-e-Milad-un-Nabi (PBUH)

To coincide with the blessed month of Rabi-ul-Awwal, SSGC's Corporate Communication Department organized a glittering Mehfil-e-Milad (S.A.W.W) on December 14, 2018 in the Company's Head Office Auditorium.

Religious scholar Allama Muzaffar Hussain Shah Naqshbandi delivered insightful sermons, highlighting the teachings of Holy Prophet (PBUH) while reputed Naat Khawans

Muhammad Faisal Naqshbandi and Qari Abdul Haq rendered haunting and unforgettable naats in praise of Prophet Mohammad (PBUH).

Allama Sahib reiterated that the Prophet Mohammad (PBUH) gave an enduring constitution that showed people a definitive path to glory both here and hereafter. He further said that by following the teachings of Quran and Ahadees, we can shun ourselves from all the

evils and in fact help create a better and more tolerant society. Reputed Naat Khawans including Muhammad Faisal Naqshbandi and Qari Abdul Haq recited Naats as the audience joined in.

The Mehfil was adroitly conducted by Chief Manager (Media Relations), Muhammad Ali Gohar. 📌

Meter Plant holds a memorable Mehfil-e-Milad

The Meter Manufacturing Plant organized a Mehfil-e-Milad (S.A.W.W) program on December 21, 2018. SSGC's executives and staff participated in the event. Reputed religious

scholars spoke on the tenets of Islam while naat khawans rendered naats. Allama Mufti Ismail Noorani was the keynote speaker. Hafiz Shahrukh Qadri and Qari M. Mohsin rendered naats. Azam Akhtar, GM (Meter Plant) also

presented a religious poetry of his father, poet late Sheba Akhtar. Muhammad Shoaib, son of Jahan Zeb, Sr. Record Keeper in CRD impressed the participants of the Mehfil-e-Milad with his soul naat renditions. ●

Reputed religious scholars spoke on the tenets of Islam while naat khawans rendered naats. Allama Mufti Ismail Noorani was the keynote speaker. Hafiz Shahrukh Qadri and Qari M. Mohsin rendered naats.

Mehfil-e-Milad held at Karachi Terminal

To celebrate the holy month of Rabi-ul-Awal, a Mehfil-e-Milad was jointly organized by Human Resource Department's IR Section and CBA at the Sports Ground of SSGC's Karachi Terminal on December 28, 2018.

A large number of company executives and employees attended the Milad program. Dr.

Jameel Mustafa Rathore spoke on the event as the keynote speaker. Reputed naat khawans Mohammad Faisal Hasan Naqshbandi and Zulfiqar Ali Hussiani rendered inspiring naats in praise of the Prophet Mohammad (PBUH).

On the occasion, the IR Section, Karachi Terminal also conducted Haj and Umrah

balloting at the venue. A number of CBA (PLU) representatives took out the names of the fortunate staff members who would be performing Haj and Umrah in 2019. Also presented on the occasion were Asad Saeed Khan, SGM(HR), Shahbaz Islam, GM(CCD and HR), Javed Malik, ADGM(IR) and President CBA Fayyaz Shah. 

Engaging in constructive dialogue and networking

Ms. Asma Butt, DCM (Incharge MD's Secretariat/ GPA Wing) and President, SSGC Women Association attended the power-pack event of "LADIESFUND® Power Lunch 2018" held on December 8, 2018 at OKRA Restaurant, Karachi.

The Lunch was a mashup gathering of 30 exclusive branded women of Karachi with strong identities comprising of entrepreneurs, architects, game changers,

fashion designers, doctors and event planners etc.

LADIESFUND®, a vehicle of Dawood Global Foundation) was established as an initiative to provide financial security to women and to promote and train women entrepreneurs. It aims to integrate the entrepreneurial needs based on the economic and social aspects of the local communities, with respect to greater women participation in the work force. 

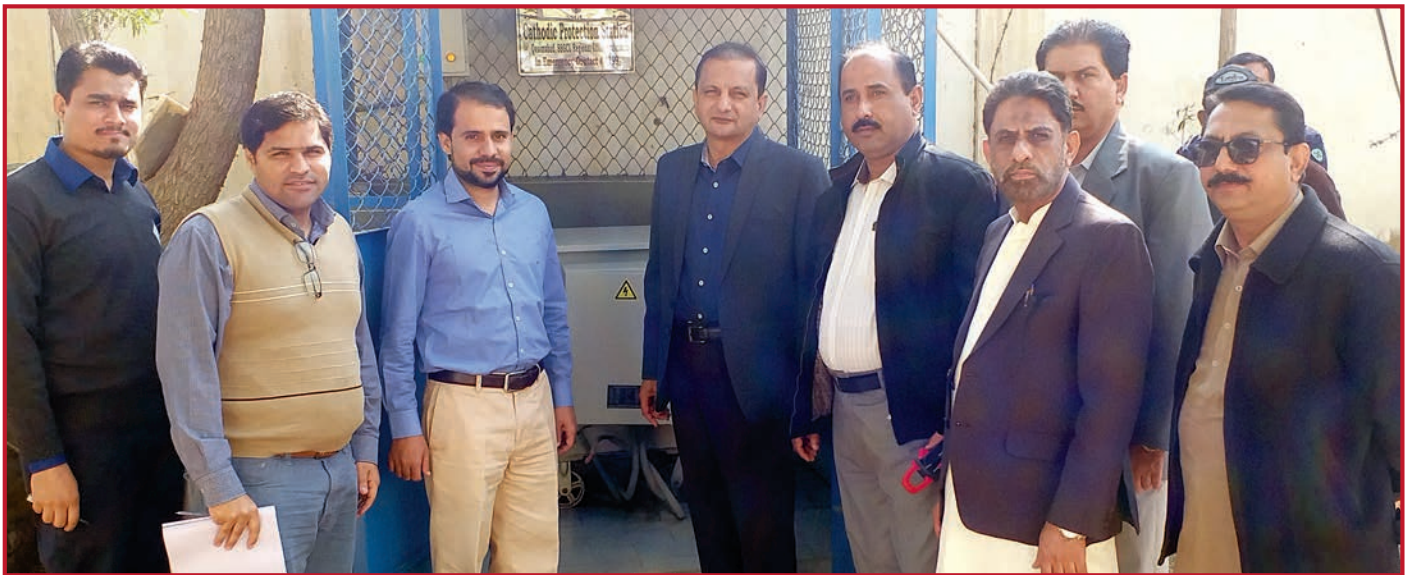

Consistent efforts yield fruits for Govt. and Bulk section (Recovery)

A dedicated team comprising of Noreen Shahzadi, In-Charge, Government and Bulk section (Recovery) and Amir Mangi, has recovered the highest outstanding amount of gas dues after consistent efforts. Dr. Yahya Khan Tunio, Dy. Director, Jinnah Postgraduate Medical Centre, Karachi can be seen here presenting a cheque of Rs. 15 million to the Recovery Team. 📌

Checking of power system

Naik Muhammad Shaikh CE (CP) along with his team members seen here after checking and monitoring Power System Transformer Rectifier at Regional Office, Hyderabad.

Joining in the Christmas festivities

SSGC's HR Department celebrated Christmas with the janitorial staff of the Head Office. Picture taken on the occasion.

WHAT TO DO BEFORE MOVING IN

Turning on the utilities, installing the cable and painting the walls are some of the things commonly done before moving into a new apartment. But, there are a few other tasks to accomplish before you call in the movers.

CHANGE THE LOCKS

You never know how many keys past tenants have shared.

CALL THE EXTERMINATOR

Have the exterminator check for bugs, plug any rodent holes and spray.

CLEAN

The apartment has most likely been cleaned after the old tenants moved out, but clean it yourself once more just in case.

CHANGE THE TOILET SEAT

Replace the old throne with a new one, and while you're at it, give the bathroom a good scrub.

DESIGN YOUR SPACE

Measure your space and have a plan. It will be easier to tell the movers where to place your heavy furniture.

ENERGY SNAPSHOT

Pakistan, World Bank sign \$100 million agreement for 'Sindh Solar Energy Project'

The government of Pakistan and WB signed a Financing Agreement worth \$ 100 million for "Sindh Solar Energy Project" with the objective to increase solar power generation and access to electricity in Sindh Province.

The project will support the deployment of solar power in Sindh spanning three market segments: utility scale, distributed generation, and at the household level.

Utility-Scale Solar includes development of solar parks to support private sector

investment and launching of Pakistan's first competitive bidding for solar power production, starting with an initial 50 MW pilot solar auction.

Distributed Solar includes at least 20 MW of distributed solar PV on the rooftops and other available space on and around public sector buildings in Karachi, Hyderabad and other districts of Sindh Province.

Provision of Solar Home Systems to 200,000 households in areas with low or no electricity access.

The total cost of the project is \$105.0 million. The International Development Association (IDA) will extend financing of \$ 100.0 million for the project and Government of Sindh will contribute \$ 5.0 million.

Public funding will be used to leverage private sector investment and/or expertise in the three segments, with an emphasis on long-term sustainability, developing domestic solar PV experience, and the emergence of self-sustaining markets.

2019 – A record breaking year for LNG?

2018 has seen a rise in the importance of environmentalism and the overall attention for cleaner energy sources. In contrast to the unilateral U.S. withdrawal from the Paris Climate Agreement, the rest of the world is increasingly unified in its determination to counter global warming. The relative clean nature of natural gas and its abundance has made it an ideal source of energy to replace dirtier coal and supplement renewables. 2019 will see a record number of LNG projects reach their final investment decision moment (FID). However, a couple of projects have a higher chance of receiving a green light due to political, economic, and geographic reasons.

The global LNG market has steadily gained in size while the focus of attention has significantly moved to the east where seven LNG buyers account for more than half of the global market:

- CNOOC (China)
- CPC (Taiwan)
- JERA (Japan)
- KOGAS (South Korea)

- PetroChina
- Sinopec (China)
- Tokyo Gas (Japan)

Furthermore, demand in the Asia-Pacific region is set to grow another 60 percent to reach 337 mtpa by 2030. In comparison, the size of the global market excluding Asia is only 75 mtpa currently. The major factor driving expansion is China which was responsible for 50 percent of last year's global demand growth. It is expected that Chinese LNG demand will continue growing as the Asian country aims for cleaner skies over its cities and a lower-emission economy. According to Wood Mackenzie director Nicholas Browne "market liberalization and uncertainty on longer-term demand in more mature markets, such as Japan, South Korea, and Taiwan, will mean more room for spot and short-term purchases, while oil indexation will continue to dominate the markets due to familiarity and ability to hedge". Increasingly global sales are more spot market driven which benefits certain producers such as U.S. based companies.

Despite changes on the demand side, announcements on the supply side promise to have an even bigger impact in 2019. While the number of projects being sanctioned is similar to the last couple of years, the capacity of the facilities is different. The average development to receive an FID in 2019 is over twice the size of the projects in the preceding years. According to Wood Mackenzie, the following projects are considered the "frontrunners":

- Novatek's Arctic-2 in Russia
- One or more projects in Mozambique
- Three U.S. projects
- "Expansion and backfill projects" in Australia and Papua New Guinea

These investments alone warrant a total capital investment of over \$50 billion. This number doesn't yet even include the expansion of Qatar's LNG industry which lifted its self-imposed moratorium on the world's single largest gas field, North Dome. ●

وزیر توانائی کا سوئی سدرن کا دورہ

سدرن کمپنی نے برآمدات کی بڑھوتری کے لئے ”زیرو بیلڈ“ اور چاول برآمد کرنے والی صنعتوں کو گیس کی سپلائی جاری رکھی ہوئی ہے۔ وزیر توانائی نے گیس کی بڑھتی ہوئی ملکی پیداوار میں کمی پر گہری تشویش کا اظہار کیا جو کہ مینجمنٹ کی وضاحت کے مطابق اگلے دس سال کے لئے گیس کی پیداوار میں کمی کی شرح سالانہ 10% ہے۔ وزیر توانائی کو بتایا گیا کہ موجود گیس کی پیداوار جو کہ 1129mmcfd ہے 2028 تک کم ہر کر وزیر توانائی نے مینجمنٹ کو یو ایف جی میں کمی کے لئے تمام کوششیں بروئے کار لانے کو کہا۔ اور یو ایف جی میں کمی کے لئے سوئی سدرن کمپنی کی مینجمنٹ اور وزارت توانائی کے گہرے اشتراک پر زور دیا۔

230mmcfd تک جا پہنچی ہے۔ گیس کی بڑھتی ہوئی قلت کی وجہ سے سوئی سدرن کمپنی سی این جی اور صنعتی سیکٹر کو سپلائی کی جانے والی گیس میں کمی کرنے پر مجبور ہے۔ مینجمنٹ نے غلط فہمی کا ازالہ کرتے ہوئے کہا کہ تمام صنعتوں کو گیس کی سپلائی بند نہیں کی گئی اور وزیر توانائی کو یقین دہانی کرائی گئی کہ سوئی سدرن نے دسمبر 2018 سے فروری 2019 تک کئی پائپ لائنوں کی بندش کا نوٹس اکتوبر 2018 میں جاری کر دیا تھا۔ مینجمنٹ نے وضاحت کرتے ہوئے کہا کہ یہ نوٹس گیس سپلائی معاہدے کی دفعہ 1 کے تحت ہے جس کے مطابق کئی پائپ لائنوں والے صارفین موسم سرما کے دوران پیداوار میں قفل سے بچنے کے لئے ”ڈوئل فائر ٹیمپرز“ کریں گے لیکن دوسری طرف سوئی

وزیر توانائی جناب غلام سرور خان اور سوئی سدرن کمپنی کی سینئر مینجمنٹ کے مابین ایک میٹنگ کا انعقاد دسمبر 2019 کو ہیڈ آفس میں ہوا۔ اس نشست میں جناب غلام سرور خان کو کمپنی کے آپریشنز، یو ایف جی (UFG) گیس کی رسد میں کمی اور گیس لوڈ مینجمنٹ کے بارے میں خصوصی پریزنٹیشن دی گئی۔ میٹنگ کے دوران امین راجپوت (ایگزیکٹو مینجنگ ڈائریکٹر سوئی سدرن گیس کمپنی، محمد وسیم (ڈی ایم ڈی۔ آپریشنز) اور عمران فاروقی (ڈی ایم ڈی۔ سی ایس) نے گیس لوڈ مینجمنٹ کی کئی جہتوں پر سہر حاصل بحث کی۔ انہوں نے گیس کی رسد کی کمی پر روشنی ڈالتے ہوئے کہا کہ 180mmcfd گیس کی قلت موسم سرما کے آغاز کی وجہ سے مزید بڑھ کر

سوئی سدرن میں شاندار محفل میلاد کا انعقاد

حاصل کی جاسکتی ہے۔ انہوں نے مزید بتایا کہ قرآن پاک اور احادیث کی تعلیمات پر عمل کر کے نہ صرف برائیوں سے بچا جاسکتا ہے بلکہ ایک بہتر اور معتدل معاشرے کو پروان چڑھایا جاسکتا ہے۔ اس محفل میلاد کو خوبصورتی سے سجانے کا سہرا محمد علی گوہر، چیف منیجر (میڈیا ریلیشنز) کے سر جاتا ہے۔

معروف نعت خواں محمد فیصل نقشبندی اور قاری عبدالحق نے بارگاہ نبوی میں نہایت خوبصورت آوازوں میں نعتوں کا ہادیہ پیش کیا۔ علامہ صاحب نے اپنے بیان میں زور دیتے ہوئے فرمایا کہ رسول پاک نے اپنی حیات مبارکہ کی صورت میں رہتی دنیا کے لئے ایک نہایت جامع آئین پیش کیا جس کی پیروی کر کے دنیا اور آخرت دونوں میں کامیابی

ریج الاول کے بابرکت مہینے کی مناسبت سے سوئی سدرن کے کارپوریٹ کمیونیکیشن ڈیپارٹمنٹ نے 14 دسمبر 2018 کو کمپنی ہیڈ آفس آڈیٹوریم میں ایک روح پرور محفل میلاد کیا انعقاد کیا۔ ممتاز مذہبی رہنما علامہ مظفر حسین شاہ نقشبندی نے اس موقع پر ناظرین سے خطاب کیا جس میں رسول پاک کی تعلیمات کی پیروی پر زور دیا۔

موسم سرما حفاظتی آگاہی مہم کے مثبت نتائج ملنا شروع ہو گئے

بیوشن کوئٹہ (جن)، شہباز اسلام جنرل مینیجر (کارپوریٹ کمیونیکیشنز اینڈ ایچ آر) کے علاوہ دیگر ایگزیکٹوز اور عملے کے افراد بھی موجود تھے جنہوں نے اپنی ذمہ داریوں کو بخوبی نبھانے کا اعلان کیا۔ مہم کے دوسرے مرحلے میں کوئٹہ پریس کلب میں علماء کفرنس منعقد کی گئی جس میں نامور دینی علماء اکرام اور دانشوروں مولانا سید محبت اللہ آغا، سید حبیب اللہ چشتی، علامہ سید ہاشم موسوی، پروفیسر ارشد یامین، مفتی محمد احمد، سماجی ورکر عبدالقیوم کاکڑ، تاج آغا نے ایس ایس جی سی اس آگاہی مہم کے لئے اپنی خدمات پیش کرنے کا اعلان کیا اور اس مہم کو عوام کی بھلائی کے لئے بہترین اقدام قرار دیا۔ انہوں نے یہ بھی کہا کہ محراب و منبر سے وہ عوام کو اس مہم کے بارے میں ضرور آگاہ کریں گے۔

ٹیم ایس ایس جی سی اس تقریب میں رنگارنگ پوسٹرز کی نمائش کی جن میں گیس پچھلنے والے کی آلات کے محفوظ اور محتاط استعمال کیلئے رہنمائی کی گئی تھی اس کے علاوہ کمپنی کی برانڈنگ شدہ کٹرسروں گاڑیوں کے ایک فلیٹ نے بھی مختلف علاقوں کا دورہ کیا۔ ان گاڑیوں پر ایس ایس جی سی اس گیس کی چوری کے خاتمے کے عزم اور سردیوں میں گیس کے محتاط استعمال کے بارے میں پیغامات چسپاں تھے۔

کوئٹہ کی سردیوں کی شدت کو سامنے رکھتے ہوئے یہاں کے گھریلو صارفین لوگوں کے لئے رعایتی چیکنج دیا جائے۔ ایس جی ایم (ڈسٹری بیوشن۔ نادرین رینجن) سید احمد لاڑک نے کہا کہ اس تقریب کا اہتمام ہر سال سردیوں کے آغاز پر کوئٹہ میں منعقد ہونے والی مختلف تقریبات کے دوران کیا جاتا ہے جن میں سپوزیم کے علاوہ میڈیا کے تعاون سے قدرتی گیس کے محتاط طور پر استعمال کے بارے میں آگاہی دی جاتی ہے اور اس کے ساتھ تمام اسٹیک ہولڈرز کو یاد دہانی بھی کرائی جاتی ہے کہ گیس کی چوری قانونی طور پر جرم ہے۔ سید احمد لاڑک نے کہا ایس ایس جی سی بلوچستان کی گیس کی ضروریات کو پورا کرنے کے لئے ایل پی جی انٹرکس پلانٹس لگا رہی ہے جس سے یہاں کے عوام کو گیس کی عدم دستیابی جس سے مسئلہ کو حل کرنے میں مدد ملے گی۔ اس موقع پر کارپوریٹ کمیونیکیشنز اور ایچ آر کے جنرل مینیجر شہباز اسلام نے کہا کہ انسانی جان اور قدرتی گیس کو ضائع ہونے سے بچانے کے لئے میڈیا کا تعاون درکار ہے۔

اس مہم کے پہلے مرحلے میں ایس جی ایم (ڈسٹری بیوشن۔ نارٹھ) نے رینجنل آفس میں تقریب حلف و فاداری میں فیتہ کاٹ کر موسم سرما حفاظتی آگاہی مہم کا رسمی طور پر افتتاح کیا۔ اس تقریب میں بڑی تعداد میں میڈیا کے لوگوں نے شرکت کی۔ اس موقع پر مدنی صدیقی، جنرل مینیجر (ڈسٹری

ایس ایس جی سی بلوچستان کو انتہائی اہمیت دیتی ہے اور اس بات کو یقینی بناتی ہے کہ اس صوبے کے عوام کو بلا احتیاط گیس فراہم کی جائے۔

ان خیالات کا اظہار ایس ایس جی سی کے ایم ڈی امین راجپوت نے موسم سرما حفاظتی آگاہی مہم کا آغاز کرنے کا باقاعدہ موقع پر صحافیوں کے اعزاز میں دئے گئے عشاء کے موقع پر کیا۔ انہوں نے اپنے خطاب میں مزید کہا کہ بلوچستان بالخصوص کوئٹہ میں سردیاں باقی علاقوں سے زیادہ پڑتی ہیں اس لیے کچھ برسوں سے یہاں اموات کی شرح بھی باقی علاقوں سے زیادہ ہوتی تھی۔ اس لئے ایس ایس جی سی نے اپنی خصوصی ذمہ داری مخصوص کرتے ہوئے چند سال قبل سے موسم سرما حفاظتی آگاہی مہم کا آغاز کوئٹہ سے شروع کیا تھا۔ اس کے نتیجے میں الحمد للہ اس سال کسی بھی جانی نقصان کی رپورٹ نہیں ملی جو خوش آئند بات ہے۔ انہوں نے مزید کہا کہ ہم کوئٹہ کی سردیوں کی انتہائی شدت سامنے رکھتے ہوئے یہاں کے گھریلو صارفین کو ریڈیف دینے کے لئے حکومتی سطح پر بات کی جائے گی۔ اس موقع پر کوئٹہ پریس کلب کے صدر رضا الرحمان اور بلوچستان یونین آف جرنلسٹ کے صدر غلیل احمد نے کوئٹہ اور ملحقہ علاقوں کے مسائل کی نشاندہی کرتے ہوئے کہا کہ کوئٹہ میں گیس کی عدم دستیابی پر بیشتر اور لوگ جیسے مسائل نے بلوچستان کے عوام کا جینا اجیرن کر دیا ہے۔ انہوں نے کہا کہ

ایڈیٹر کے قلم سے

محترم قارئین کرام!

دسمبر کے مہینے میں سوئی سدرن گیس کمپنی میں کافی سرگرمیاں دیکھنے میں آئیں۔ وفاقی وزیر برائے توانائی، غلام سرور خان سوئی سدرن گیس کمپنی کے دورے پر پہلی بار تشریف لائے اور کمپنی کی سینیئر مینجمنٹ کے ساتھ میٹنگ کی۔ انہیں کمپنی کے آپریشنز بشمول یو ایف جی (ان کا ڈیٹا فارگس)، گیس سپلائی میں کمی اور گیس لوڈ مینجمنٹ پلان پر تفصیلی بریفنگ دی گئی۔ ایس ایس جی سی کے کارپوریٹ کمیونیکیشن ڈیپارٹمنٹ نے کوئٹہ میں ریجنل آفس کوئٹہ کے تعاون سے سالانہ موسم سرما سینیئر میڈیا کمپین کا نہایت زور شور سے افتتاح کیا۔ دسمبر میں سی ڈی نے جعفر بزنس سسٹم کے سی ای او، وقار الاسلام کو ادارے میں ’سنر جی اسٹیکرز سیریز‘ کے سیشن سے خطاب کرنے کیلئے مدعو کیا۔ اس کے علاوہ ایس ایس جی سی نے پاکستان سائیکلائنگ فیڈریشن کے تحت ’قومی ٹریک سائیکلائنگ چیمپئن شپ‘ میں نہ صرف شرکت کی بلکہ چاندی کا تمغہ اپنے نام کیا۔

25 دسمبر 2018 کو قوم نے قائد اعظم کی سالگرہ کو روایتی جوش و جذبے کے ساتھ منایا۔ اس شمارے میں 2 صفحات پر مبنی فچر چھاپا گیا ہے جس کا عنوان ہے جناح، نایاب تصاویر۔ یہ فچر قارئین کو قائد اعظم کی زندگی کے دلچسپ گوشوں سے روشناس کرائے گا۔ جیسے کہ سال 2018 اپنے اختتام کو پہنچا ہے، ایڈیٹریل ٹیم اپنے قارئین کو دل کی گہرائیوں سے سال نو کی مبارکباد پیش کرتی ہے۔ فلم کی روایت کو مد نظر رکھتے ہوئے اس شمارے کے ساتھ کلینڈر 2019 آپ کی خدمت میں پیش ہے۔

شکریہ
