## **Sui Southern Gas Company Limited**

Ref: RA/26/12  
Dated: 15 October 2011

Mr. Muhammad Yasin  
Registrar,  
Oil & Gas Regulatory Authority,  
54-Old ZTE Plaza, Near PIA building, Blue Area,  
Islamabad.

**Subject: REVIEW PETITION FOR REVISED ESTIMATED REVENUE REQUIREMENT (RERR) FOR FY 2011-12.**

**OGRA Ref:** Directive No. 10.1.2 given by the Authority in its determination dated 20 May 2005 on Petition for SSGC's ERR for FY 2005-06.

**OGRA Determination # OGRA-6(2)-2(5)/2010-DERR Dated 24 May 2011 and OGRA-6(2)-2(1)/2011-Review dated 9 August 2011.**

**Our Ref:** RA/26/12 dated 22 June 2011 and 19 August 2011.

Dear Sir,

As required vide Authority's Directive in its determination dated 20 May 2005 and consequent upon changes in well-head prices and estimates of gas off-takes since the OGRA determination of 24 May 2011 we submit the attached Review Petition for Revised Estimated Revenue Requirement (RERR) for FY 2011-12 under Section 8(2) of OGRA Ordinance 2002, Rule 4(3) of Natural Gas Tariff Rules 2002 for the Authority's consideration.

The cost of gas estimates have been revised considering average Crude Oil and HSFO C&F prices of US \$ 107.23 per barrel and US \$ 610.07 per metric ton respectively. The exchange rate parity for payments has been assumed at average of Rs. 89 / US \$ for the year under review.

Authority in Para 10.3 of its Determination dated 21 September 2011 in respect of SSGC's Total Revenue Requirement for FY 2010-11 decided to allow the shortfall of Rs. 4,302 million in RERR for FY 2011-12. Earlier to this Authority had allowed and adjusted Rs. 1,898 million in its DERR for FY 2011-12 vide its letter dated 3 June 2011. Authority is therefore requested to allow/adjust the remaining shortfall of Rs. 2,404 million in SSGC's prescribed prices effective 01 July 2011.

Since the Motion for Review (MFR) dated 22 June 2011 and subsequent Amendment to MFR dated 19 August 2011 filed under Rule 16 of Natural Gas Tariff Rules 2002 against Authority's Determination on ERR for FY 2011-12

# **Sui Southern Gas Company Limited**

SSGC House, Sir Shah Suleman Road, Gulshan-e-Iqbal, Karachi.

dated 24 May 2011 are still under Authority's consideration, we would request Authority to kindly treat the Motion for Review for FY 2011-12 dated 22 June 2011 and Amendment to Motion for Review dated 19 August 2011 being integral part of the instant Review Petition.

Consequent upon enhanced cost of gas mainly due to continuous devaluation of Rupee against US \$ and reduction in expected gas off takes from new fields detailed in the petition and items discussed in our earlier Motion/ Amended Motion for Review Petitions, the short-fall of Rs. 8,356 million has been worked out in Estimated Revenue Requirement for FY 2011-12.

The Authority is requested to kindly grant interim relief under Rule 5(7) of Natural Gas Tariff Rules, 2002 and approve an increase of Rs. 21.95 per MMBTU in SSGC's prescribed prices effective from 1 July 2011 to compensate for sharp increase in cost of gas and other components of the Petition. The above includes Rs. 11.30/ mmbtu related to FY 2010-11 already allowed by the Authority per its determination dated 21 September 2011 referred above.

The filing fee of Rs. 200,000 (Pak Rupees Two Hundred Thousand only) for the petition will be sent in due course of time.

With best regards,

Yours sincerely,

  
**(Syed Fasihuddin Fawad)**  
**General Manager (RA)**  
**For Managing Director**

cc: Mr. Syed Jawad Naseem  
Sr. Executive Director (Finance), OGRA.

**SUI SOUTHERN GAS COMPANY LIMITED**  
**REVIEW PETITION FOR REVISED ESTIMATED REVENUE REQUIREMENT**  
**(RERR) FOR FY 2011-12**

This is with reference to SSGC's Petition dated 30 November 2010 for Estimated Revenue Requirement (ERR) and subsequent Amended Petition dated 01 March 2011 u/s 8(2) of OGRA Ordinance 2002, and Rule 4(3) of Natural Gas Tariff Rules 2002 for determination of the Estimated Revenue Requirement for FY 2011-12. SSGC requested the Authority for an increase of Rs. 19,686 million being shortfall in Revenue Requirement or Rs. 49.66 per MMBTU in the prescribed prices against which the Authority determined a shortfall of Rs.2,014 million and allowed a price increase of only Rs. 5.08 per MMBTU for the said year.

Subsequently, upon advice of Federal Government vide letters of 14 May and 2 June 2011 to allow revenue shortfall for FY 2010-11 in FY 2011-12 by maintaining the prescribed prices at the level of current consumer prices, Authority vide letter no.OGRA-10-3(6)/2010/LHC dated 3 June 2011 allowed price increase of Rs. 8,744 million or Rs. 22.06 per MMBTU inclusive of the above mentioned Rs. 5.08 per MMBTU. Further in compliance of decision of Sindh High Court dated 17 June 2011 vide its letter No. OGRA-10-3(6)/2010/SHC dated 29 June 2011 Authority issued revised prescribed prices for various categories of consumers for FY 2011-12.

SSGC also filed a Motion for Review under Rule 16 of the Natural Gas Tariff Rules 2002 for Authority's consideration on 22 June 2011 which was subsequently amended through an amendment to motion for review dated 19 August 2011. New development phase (New towns & Villages) was one of the major items included in the Motion for Review/Amendment to Motion for Review besides other matters requiring Authority's review viz a viz disallowances of certain fixed assets and consequential cost of insurance in operating cost etc. Company also requested review of HR Cost benchmark per its letter reference RA/21/12 dated 5 August 2011.

There are subsequent changes since filing of motion referred above which the company would like to reiterate along-with revision of cost of gas estimates under instant Review Petition for Authority's consideration as under :

- 1. Cost of Gas**
- 2. Gas sales revenue**
- 3. Carry Forward of Revenue Shortfall of Rs. 2.4 Billion**
- 4. Distribution Development – New Towns & Villages**
- 5. Un-Accounted for Gas-UFG**

## ANNEXURE – I

Authority is requested to consider the arguments presented in this Review Petition in conjunction with our arguments presented in Motion/Amendment to Motion for Review dated 22 June 2011/ 19 August 2011 respectively which is already under review of the Authority.

### **1. Cost of Gas**

Basis / assumption for working is attached at Annexure 'I(a)'.

### **2. Gas Sales Revenue**

Basis / assumption for working is attached at Annexure 'I(a)'.

### **3. Carry Forward of Revenue Shortfall of Rs. 2.4 Billion**

- 3.1 In its determination for Final Revenue Requirement for FY 2010-11 under paragraph 10.3 Authority decided to re-coup the shortfall related to FY 2010-11 in RERR 2011-12 as under:

*“The petitioner’s actual net operating income is Rs. 114,481 million and thus there is a shortfall of Rs. 4,302 million, vis-à-vis its revenue requirement of Rs. 118,783 million for the said year. The Authority decides to recoup this shortfall in RERR for FY 2011-12, since no GDS is available in the said year. The prescribed prices have already been increased to the extent of sale prices under the MP&NR advice in order to adjust the interim relief granted by the SHC”.*

- 3.2 Earlier to this Authority allowed Rs. 1,898 million as Revenue shortfall carried over from FY 2010-11 in DERR FY 2011-12 vide its letter dated 3 June 2011 based on Revised Estimated Revenue Requirement determined by Authority for FY 2010-11.
- 3.3 Authority is therefore requested to allow Rs. 2,404 million over and above Rs. 1,898 million already allowed in SSGC’s prescribed prices for FY 2011-12 to re-coup the remaining shortfall in revenue requirement pertaining to preceding year.

**4. Distribution Development – New Towns & Villages**

- a. Authority in its DERR dated 24 May 2011 for FY 2011-12 disallowed an amount of Rs. 2,452 million (Rs. 2,420 million + Rs. 32 million) from rate base towards distribution development in New Towns & Villages and related consumer meter stations.
- b. SSGC agitated the matter with Authority in its petition and pleaded that SSGC undertakes new schemes to provide cheaper and environment friendly fuel to masses under GOP directive and approved criterion. Further SSGC pleaded that in the absence of clear directives from GOP restricting to undertake new development schemes is unjust therefore the investment on these schemes as included the petition may be allowed.
- c. Now GOP has given clear cut directive vide its letter No.CNG-7(8)/11-Vol-I-MPM dated 4 October 2011 that only those new schemes would be taken up by the Companies for which funds have already been released from Governments.
- d. Earlier SSGC in its letter MD-12/2-32 dated 8 September 2011 had informed the Authority about the schemes of Rs. 6,436 million for which funds have already been released by GOP/Sindh Government under different programs.
- e. SSGC has included scheme of Rs. 2,420 million in its initial Petition for ERR FY 2011-12 which has been maintained in subsequent Motion for Review and Amendment to Motion for Review dated 19 August 2011 for FY 2011-12.
- f. The Authority is kindly requested to allow addition of Rs. 2,420 million for new towns & villages and Rs. 32 million for related consumer meter stations in the rate base for FY 2011-12 subject to

## **ANNEXURE – I**

actual whereas some of the schemes out of Rs. 6,436 million as mentioned above may be carried forward to FY 2012-13.

### **5. Un-Accounted For Gas-UFG**

SSGC estimated UFG for FY 2011-12 in its Review Petition & Amendment Petition thereto at 7.51% and worked out the disallowance in the light of expected OGRA determination for FY 2011-12 at 7%. The UFG for FY 2010-11 as per DFRR dated 21 September 2011 remained at 9.43% while the UFG level for FY 2011-12 has been envisaged at 8%. SSGC has worked out the disallowances of UFG volumes about 7% thus increasing the UFG penalty from Rs. 658 million (Amendment Motion for Review) to Rs. 1,375 million.

**SUI SOUTHERN GAS COMPANY LIMITED**  
**REVIEW PETITION FOR REVISED ESTIMATED REVENUE REQUIREMENT (RERR)**  
**FOR FY 2011-12**

**ASSUMPTIONS**

**Cost of Gas:**

The estimates for cost of gas have been worked out on the following parameters:

- Three months actual gas purchase volumes have been incorporated in the revised estimates with 9 months estimates as per OGRA determination on ERR for FY 2011-12 with exception whereas production of new gas is delayed due to certain reason. Further 50 mmcfd off-takes from Kunnar Pasakhi gas field effective December 2011 have been considered.
- Well-head gas price notifications so far received from OGRA effective 1 July 2011 have been considered and purchase estimates for remaining fields have been worked out on the basis of anticipated well-head gas price notifications.
- Table below shows Actual / Estimated Average Crude Oil and HSFO C&F prices taken in the Review Petition for the year under review as against OGRA Determination on Estimated Revenue Requirement (DERR) dated 24 May 2011.

\* Six monthly average      Jan. to June 2012 – Actual/ Estimates

## ANNEXURE – I(a)

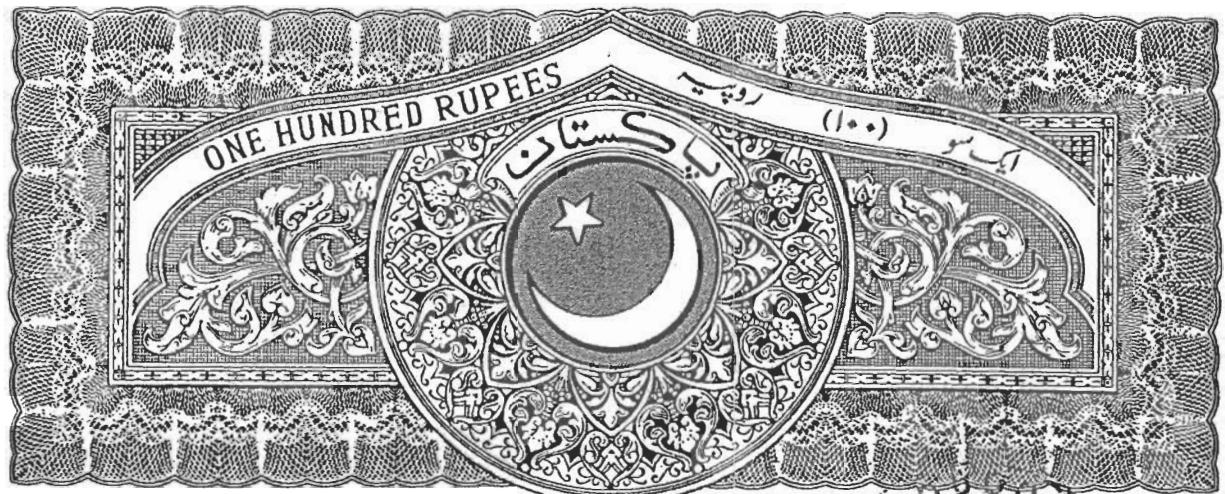

- The estimated well-head prices for the period from January to June 2012 have been worked out on actual / estimated average C&F prices of Crude Oil and HSFO. The above prices of Crude Oil and HSFO for second half of the year include the estimated FOB prices of US\$ 107.76 and US\$ 108.30 per barrel and US\$ 645.67 and US\$ 648.90 per metric ton respectively for October and November 2011 (September prices escalated @ 0.5% per month).
- It is envisaged that Rupee dollar parity would touch level of Rs. 90/ US \$ resulting an average of Rs. 88/ US\$ in first half and remained at the level of Rs. 90 per US\$ in next half of the year under review resulting revised estimated overall average of Rs. 89 per US\$ for the year.
- SSGC however reserves the right to amend the instant petition or file further review petition for change in cost of gas estimates due to further currency devaluation. The Rupee Vs. US \$ parity figures are tabulated as under:

| <b>Description</b>   | <b>DERR<br/>Dated<br/>24-05-11</b> | <b>Review<br/>Petition<br/>15-10-11</b> | <b>Variance</b> |          |
|--|------------------------------------|---|-----------------|----------|
|  |                                    |   | <b>Amount</b>   | <b>%</b> |
| Rs. Vs US\$<br>Parity Rupee<br>related Wellhead<br>gas<br>(For Notification)<br>As on 1 July 11<br>and 1 Jan. 2012 | July Dec.                          | 86.00                                   | 85.98           | 0.02     |
|  | Jan. June                          | 87.50                                   | 90.00           | 2.50     |
|  | <b>Average</b>                     | 86.75                                   | 87.99           | 1.25     |
| Rs. Vs US\$<br>Parity<br>(For Payments)  | July Dec.                          | 86.00                                   | 88.29           | 0.63     |
|  | Jan. June                          | 87.50                                   | 90.00           | 2.50     |
|  | <b>Average</b>                     | 86.75                                   | 89.15           | 1.57     |

- The estimated weighted average wellhead gas prices have increased to Rs. 308.95 against determined Rs. 300.31 per MMBTU mainly due to expected increase in Rupee US \$ parity.

### **Gas Sales Revenue:**

- a. Two months actual gas sales volumes have been incorporated in the revised estimates with 10 months estimates as per determination referred above.
- b. Consumers' prices and prescribed prices have been taken as per notifications dated: 7 August 2011 and 29 June 2011 respectively.

**SSGC**

## **Sui Southern Gas Company Limited**

Ref: RA 26/12

Date: 22 June 2011

Ms. Khalida Gulnar  
Registrar  
Oil & Gas Regulatory Authority  
54-Old ZTE Plaza, Near PIA building, Blue Area  
Islamabad.

**Subject : Motion for Review under Rule 16 of Natural Gas Tariff Rules 2002 against Authority's Determination on Estimated Revenue Requirement (ERR) for FY 2011-12 dated 24 May 2011.**

**Ref: OGRA Determination # OGRA-6(2)-2(5)/2010-DERR Dated 24 May 2011.**

Dear Madam,

This is with reference to SSGC's Petition dated 30 November 2010 for Estimated Revenue Requirement (ERR) and subsequent Amendment Petition dated 01 March 2011 u/s 8(2) of OGRA Ordinance 2002, and Rule 4(3) of Natural Gas Tariff Rules 2002 for determination of the Estimated Revenue Requirement for FY 2011-12. SSGC requested the Authority for an increase of Rs.19,685 million being shortfall in Revenue Requirement or Rs. 49.66 per MMBTU in the prescribed prices against which the Authority determined a shortfall of Rs.2,014 million and allowed a price increase of only Rs. 5.08 per MMBTU for the said year.

Subsequently, upon advice of Federal Government vide letters of 14 May and 2 June 2011 to allow revenue shortfall for FY 2010-11 in FY 2011-12 by maintaining the prescribed prices at the level of current consumer prices, Authority vide letter no.OGRA-10-3(6)/2010/LHC dated 3 June 2011 allowed price increase of Rs. 8,744 million or Rs. 22.06 per MMBTU inclusive of the above Rs. 5.08 per MMBTU.

Being aggrieved with the determination dated 24 May 2011 on certain issues, SSGC is filing the instant Motion for Review under Rule 16 of the Natural Gas Tariff Rules 2002. on the following for consideration of the Authority:

- (i) New development phase (New towns & Villages)
- (ii) Vehicles
- (iii) Plant and Machinery
- (iv) Notional Income on IAS-19 provision.
- (v) Vehicle insurance

# Sui Southern Gas Company Limited

SSGC House, Sir Shah Suleman Road, Gulshan-e-Iqbal, Karachi.

Notwithstanding SSGC's reservations on non-operating incomes, UFG benchmark, HR benchmark disallowance, and provision for doubtful debts, the same are not being agitated in this Motion For Review since SSGC has challenged the decision on these before the Sindh High Court in Petition No. OGRA J.M. No. 02/2011. However SSGC reserves the right to amend the instant Motion for Review if Company feels necessary for above narrated issues and any other issues to agitate at any point of time at later stage

The Authority is requested to kindly consider the petition in the light of justifications as mentioned in the attached petition and allow us the increase of Rs. 930 million in SSGC's revenue Requirement in absolute rupee term for FY 2011-12 or Rs. 2.35 per MMBTU in the prescribed prices effective 1 July 2011.

The Demand Draft No.DDG/1 0765339 dated 06 June 2011 amounting Rs. 750,000 (Pak rupees seven hundred fifty thousand only) payable at Allied Bank Civic Centre, Islamabad Branch towards the payment of prescribed fee for Motion for Review under Rule 16 of Natural Gas Tariff Rule 2002 against Authority's determination on Estimated Revenue Requirement (ERR) for FY 2011-12 dated 24 May 2011 is also attached.

We are looking forward to your favorable response at the earliest.

Regards,

Yours Sincerely

| Minimum charges (Rs. per month)  | 355.04  | 3.14             | 358.18   |
|  | 11,206.98   |                  | 11,206.98  |

**Note:-**

- Upward adjustment of Rs 2.35 per MMBTU for FY 2011-12 has been re-worked at Rs 3.14 per MMBTU with the consideration that effect of price adjustment not to pass on to domestic, special commercial (roti tandoors) customers and feedstock of fertilizer industry.
- Minimum charges as per consumer price notification dated 30 June 2010.

**BEFORE THE OIL & GAS REGULATORY AUTHORITY**

*Sui Southern Gas Company Limited*

*Applicant*

**MOTION FOR REVIEW UNDER RULE 16 OF NATURAL GAS TARIFF RULES 2002  
AGAINST DETERMINATION ON ESTIMATED REVENUE REQUIREMENT (ERR)  
FOR FY 2011-12 DATED 24 MAY 2011**

The Company filed a petition for determination of its Estimated Revenue Requirement (ERR) for FY 2011-12 on 30 November 2010 and subsequent amendment dated 1 March 2011, under section 8 (1) of Oil & Gas Regulatory Authority Ordinance 2002, and Rule 4(2) of Natural Gas Tariff Rules 2002. The Authority in its decision dated 24 May 2011 determined only an increase of Rs 2,014 million or Rs 5.08 per MMBTU in the prescribed prices (retainable) for FY 2011-12 as against requested increase of Rs. 49.66 per MMBTU or Rs. 19,685 million.

MP&NR vide letters of 14 May & 2 June 2011 advised OGRA to allow the revenue shortfall in FY 2011-12, attributable to maintaining the prescribed prices at the level of consumer prices for FY 2010-11 which works out to Rs. 1,898 million as per existing tariff. Owing to above, Authority with no Gas Development Surcharge determined the price increase of Rs. 8,744 million or Rs. 22.06 per MMBTU vide letter No. OGRA-10-3(6)/2010/LHC Dated 3 June 2011 inclusive of Rs. 5.08 per MMBTU allowed earlier in the determination under review.

Authority in its determination has treated Meter Manufacturing Profit (MMP)/Late Payment Surcharge (LPS), Royalty Income from JJVL and Sale of condensate as operating revenue which works out to Rs. 3,673 million. Authority has also disallowed Un-accounted for Gas (UFG) to the extent of Rs 3,903 Million based on UFG target of 4.5% (effective rate) given in its determination dated 19 October 2005. Besides above HR Bench Mark cost has been disallowed by Rs. 1,675 million maintaining its earlier stance on CPI without considering change of base year which should have been FY 2010-11 (instead of FY 2007-08) as per OGRA's earlier determinations and practice, while provision for doubtful debts has again been disallowed by Rs 55 Million (maintaining it effectively at the level of FY 2006-07) without considering merit of the issue, as well. The cumulative impact of above disallowances comes to Rs. 9,306 million or Rs. 23.47 per MMBTU.

In its Final Revenue Requirement determination per FY 2009-10 dated 24 September 2010 Authority allowed UFG benchmark at 7% considering and accepting the prevalent uncontrollable factors among others as determinant and deciding factors of UFG for a year as pleaded by SSGC in the petition and hearing. Authority further gave its decision on treatment of LPS, MMP, Royalty Income and Sale of Condensate as non-operating incomes being a principle decision.

However in its determination for RERR FY 2010-11 dated 2 December 2010 just after 69 days of DFRR FY 2009-10 Authority changed its stance and disallowed UFG above 4.63% & treated above incomes as operating. Aggrieved of Authority's changed position company filed a Petition before High Court of Sindh, which had kindly granted stay to SSGC through its interim order dated 21 January 2011 on the treatment of non-operating incomes and UFG targets and allowed SSGC to treat MMP/LPS/Sale of Condensate/Royalty income from JJVL as non-operating incomes and also allowed UFG benchmark at 7%. The treatment of above incomes in SSGC's petition dated 30 November 2010 for FY 2011-12 are in accordance with Sindh High Court's stay order and are in conformity of OGRA determination dated 24 September 2010, which is further substantiated in OGRA proposal on new tariff regime, placed on OGRA website.

Notwithstanding to SSGC's reservations on non-operating incomes, UFG benchmark, HR benchmark disallowance, and provision for doubtful debts, the same are not being agitated in this Motion For Review since SSGC has challenged the decision on these before the Sindh High Court in Petition No. OGRA J.M. No.02/2011.

However in order to keep the record straight we would submit that SSGC has not failed to put-up a concrete plan towards reduction in UFG (para 9.2.8 of the determination). We have submitted five years UFG reduction plan, Natural Gas Efficiency Program-NGEP, and detailed presentation on the projects has also been given to the Authority on 18 February 2011 and its impact has also been included in the petition however these facts were not mentioned in the determination under review. Authority in para 11.16 of determination has indicated that if justification is provided that additional revenues arising from treatment of non-operating incomes in DFRR dated 24 September 2010 for FY 2009-10, previously treated as operating incomes has been judiciously utilized, Authority will allow the similar treatment of non-operating for these incomes as per determination dated 24 September 2010. Once Authority accepted MMP/LPS/Sale of Condensate, & Royalty income from JJVL as non-operating income, the same does not remain under the scope of regulatory framework. Therefore any question on utilization of additional revenues from these incomes hardly carries any justification.

Besides above Authority in para 7.3.5 of its determination stated that Sale of Condensate and Royalty from JJVL have not been touched upon in the proposed tariff regime. Authority's proposal on new tariff regime is still available on OGRA website, which clearly states that above are non-core and non-regulated activities.

Being aggrieved with the determination dated 24 May 2011 on certain issues, SSGC is filing the instant Motion for Review under Rule 16 of the Natural Gas Tariff Rules 2002, on the following for consideration of the Authority while reserving the right to amend the instant Motion for Review if Company feels necessary for above narrated issues and any other issues to agitate at any point of time at later stage:

1. Disallowance/Restriction of the following additions in the rate base;
    - 1.1 New Development Phase (New Towns & Villages);
    - 1.2 Vehicles;
    - 1.3 Plant and Machinery;
  2. Notional Income on IAS-19 Provision;
  3. Vehicle Insurance;
- 1. DISALLOWANCE / RESTRICTION OF THE FOLLOWING ADDITIONS IN THE RATE BASE:**
- 1.1 NEW DEVELOPMENT PHASE (NEW TOWNS & VILLAGES):**
- 1.1.1 Authority has disallowed the total projected addition of new towns & villages and related consumer meter stations amounting to Rs. 2,452 million on the grounds that SSGC is facing acute shortages of gas supply and is unable to meet the demand of existing consumers. The Authority has further decided to consider above additions only if SSGC ensures that commensurate additional gas could be injected in the system during the said year.
- SSGC submits that:
- 1.1.2 SSGC undertakes new schemes under directives from Federal Government which are issued as per socio-economic priorities of GoP to provide cheaper and environment friendly fuel to poor masses.
- 1.1.3 There are no clear directives from OGRA for not undertaking new schemes in Sindh & Balochistan whereas at the same time Authority noted in its determination that if SSGC ensures that additional gas could be injected for new towns & villages then it can consider the expenditures involved.

- 1.1.4 While disallowing the expenditures on new towns Authority totally ignored the fact that under Rule 20(v) of NGRA Licensing Rules, SSGC is obligated to undertake these schemes meeting the eligibility criteria laid down by the Authority on the basis of policy guidelines issued by the Federal Government. Currently the companies are complying with the criteria issued by the Federal Government vide letter No.NG(I)-16(91)/2008-Imp dated 26 July 2008 (Copy attached as Annexure-1).
- 1.1.5 Authority did not approach for directives from Federal Government on this issue before disallowing the expenditure involved as it is purely a matter of policy guideline.
- 1.1.6 The shortage of gas supply is not limited only to new schemes but it will also affect the extension in existing areas. If Authority's above stated position is taken granted then new connections in existing areas also would not be justified.
- 1.1.7 Authority has linked extension of network to a new area after ensuring of new additional gas which should be injected in SSGC's network which is beyond SSGC's control.
- 1.1.8 Further it is also pertinent to mention that Authority has also ignored Natural Gas Allocation and Management Policy 2005, wherein domestic/commercial sector consumers have preferential rights in the event of any curtailment of gas, if needed. The consumers in these areas are mostly domestic consumers with few small commercial consumers.

From the above it is clearly evident that impediment by Authority on extension in new areas is against GOP's socio-economic policy as well as above referred policy and OGRA rules. Therefore Authority is hereby requested to allow Rs. 2,420 for addition in new towns & villages and Rs. 32 million for consumer meter stations relating to new towns & villages and related depreciation and return.

## **1.2 VEHICLES**

- 1.2.1 Authority has disallowed an amount of Rs. 251 million out of the addition to vehicles on the grounds that SSGC has been incurring excessive expenditures on vehicles without considering justifications of the expenditures;
- 1.2.2 SSGC has provided detailed justification and need assessment for Addition to the assets in the revenue requirement petition however would re-iterate its position as under;
- 1.2.3 SSGC is operating in the Provinces of Sindh and Balochistan with the responsibility to provide un-interrupted supply of natural gas to its consumers. SSGC's operational vehicles have a strong relationship with its number of consumers and network size in the authorized area. In FY 2009-10 SSGC was serving more than 2.2 million consumers and maintaining 40,078 km of Transmission & Distribution (T&D) pipeline network which is expected to increase to 2.4 million consumers and 42,439 Kms by end of June 2011. In FY 2011-12 the consumer base and network size is expected to be 2.5 million (Nos.) and 43,016 KM<sup>s</sup> respectively spread over total number of cities, towns & villages. Company is obligated to maintain its service standards as per the performance and service standards laid down by the Authority.
- 1.2.4 In FY 2005-06 there were 1,281 nos. of operational vehicles in the fleet of the company to cater 1,860,411 consumers spread over 30,577 kms of pipeline network while the total number of new towns & villages connected to SSGC network were 1,261. Practically one vehicle was available to serve 1,452 consumers or 24 km of network;
- 1.2.5 There is persistent increase in number of new towns & villages during the last few years. This increase has also compelled SSGC to project additional vehicles for laying distribution mains in these areas and serving prospective consumers;
- 1.2.6 Over the last five Years Company's consumer base has increased by 386,746 consumers while the network has extended by 9,501 km while only 249 operational vehicles were added in the fleet distorting the above relationship of one vehicle for 1,553 (1,452 in FY 2005-06) consumers or 38 km (24 in FY 2005-06) of network. In addition to above the total number

of new towns & villages has also increased from 1,261 in FY 2005-06 to 2,375 in FY 2009-10. During the period mentioned above the number of vehicles replaced were 318 excluding entitled vehicles;

- 1.2.7 In order to maintain the standard of service, handling of emergency situations in a timely manner, ensuring meaningful and effective surveillance to control the ever increasing gas theft etc. a well maintained vehicle fleet is very essential. Besides the above factors Authority is requested to consider the following factors in respect of addition to vehicles:
  - 1.2.7.1 Enhancement of UFG reduction oriented activities and expansion in Transmission and Distribution Network;
  - 1.2.7.2 Provision of connections to new consumers in the existing areas, new towns and villages of Sindh and Balochistan;
  - 1.2.7.3 Beef-up surveillance & monitoring;
  - 1.2.7.4 Opening of new CFCs & Zonal offices has necessitated the acquisition of additional vehicles;
  - 1.2.7.5 Replacement of old vehicles which have become redundant;
  - 1.2.7.6 The old vehicles have become uneconomical and due to frequent breakdowns are badly affecting efficiency.
  - 1.2.7.7 Allocated Cars are purchased by outgoing/retiring Executives as per service rules, additional cars have been budgeted for prospective promotees.
- 1.2.8 Kindly note that out of 385 vehicles envisaged for FY 2011-12, 345 vehicles are for operational needs while only 40 vehicles are non-operational. Out of above 40 Non-operational vehicles 15 are replacement of old uneconomical vehicles and 25 vehicles have been projected for addition, which include 23 vehicles for expected promotees as DGM/GM.
- 1.2.9 From the above it is evident that the addition in vehicles as projected by SSGC in petition for Estimated Revenue Requirement FY 2011-12 is justified. To maintain its quality service SSGC also need to replace the existing vehicles which have completed their useful life and have become very uneconomical to maintain;
- 1.2.10 New vehicles are also required for additional maintenance teams in order to take-up the rehabilitation works throughout Sindh and Balochistan

beside carrying out the works with existing teams. These teams from CRD/Rehabilitation/Maintenance departments will be provided with operational vehicles projected in the petition.

- 1.2.11 Notwithstanding to SSGC's reservations on the disallowances made by the Authority based on historical trend we would submit as under:
- 1.2.12 In majority of asset categories Authority has curtailed SSGC's addition to rate base on the grounds that historically they were under-capitalized against what has been claimed in the petition. However in case of vehicles the same criteria has not been adopted by the Authority. If the same criterion of historical average capitalization is applied in case of vehicles also (which is 98%) the allowed expenditure would have been Rs. 481 million towards addition to vehicles as against allowed provision of Rs. 230 million in the determination.
- 1.2.13 Keeping in view the operational requirements of the company having focus on UFG reduction as well as meeting the performance and service standards notified by the Authority, the Authority is requested to allow addition to vehicles amounting to Rs. 481 million along-with the requisite depreciation and return instead of Rs. 230 million allowed in its DERR FY 2011-12 dated 24 May 2011.

### **1.3 PLANT AND MACHINERY**

SSGC requested for addition in plant & machinery for Rs. 889 million. Authority disallowed Rs. 622 million out of above and allowed only Rs. 267 million on the basis of highest capitalization rate during the last three years. Authority has neither provided any reasonable justification for above disallowance nor made any specific comments with respect to any specific category or asset which in the opinion of the Authority is imprudent or lacks justification. SSGC in its petition has provided detailed justifications and need assessments against each asset category projected for addition during FY 2011-12.

Since the Authority has slashed down the proposed addition we have been left with no option but to provide the justification for all the items proposed to be added in Plant and Machinery during FY 2011-12. Addition to Plant and Machinery may be grouped to meet the following heads of objectives:

- UFG reduction activities as part of UFG Reduction Plan;
- Overcome the problem of Power Outages / Load Shedding having direct nexus over quality of service to consumers;
- Operational requirements.

| <b>Total</b>   | <b>889</b>  |

### 1.3.1 Items Essential to Control UFG

Out of the projected expenditure of Rs. 889 million, Rs. 364 million have been projected having direct nexus over UFG reduction/control.

#### 1.3.1.1 Measurement, Calibration Equipments For Accuracy of Meters Rs. 123 Million

- a) Company has envisaged Rs. 123 million for meter proving equipments that will help to test and calibrate different capacities of Industrial / Commercial / Domestic meters, eventually have a direct impact on UFG control through increase in measurement accuracy of gas meters installed by the company at consumers premises;
- b) Root Prover is required as currently there is only one low capacity Root Prover which is insufficient for large size gas meters;
- c) Field Prover is required as current prover has the capacity of 1,000 ft<sup>3</sup> per hour, not sufficient for large meters. A new field prover is required with a capacity of 20,000 ft<sup>3</sup> for accurate proving of meters up to 20M;
- d) Bell Provers are required to meet the additional work load and to combat the menace of UFG by maintaining accuracy in calibration of all meters. The current bell provers in Karachi and Quetta have become outdated.

#### 1.3.1.2 Cathodic Protection Systems Rs. 126 Million

- a) Additional CPs are required to improve low PSP at MP-155(ILBP) in HQ2, replacement is required at MP-227 & 237 (ILBP), and KMP-341.5 (IRBP) CPS;

- b) Batteries are required for back-up during load-shedding and to replace 12 years old battery bank. Deep-well ground bed is required to improve CP system having direct bearing on UFG;

#### **1.3.1.3 Equipments Required for Maintenance Rs. 115 Million**

- a) Dewatering pumps are required to accelerate the UFG reduction program. Underground water table in Karachi and Hyderabad has considerably risen for old pipelines;
- b) Drilling machines are required to well-equip the additional maintenance teams on UFG reduction program;
- c) Cold cut machine is required for pipelines which may explode with use of hot cut;
- d) Electro Fusion and Butt Fusion machines are required to equip the additional maintenance teams to accelerate the UFG reduction plan.

#### **1.3.2 Power Generation & HVAC Systems Rs. 296 Million**

##### **1.3.2.1 Power Generation**

- a) Power outages and Load Shedding is a problem which is not only affecting the efficiency of the organization but also has a negative impact on the quality of service to the valued consumers of the company;
- b) In order to perform as per the performance and service standards laid down by the Authority uninterrupted power supply is very essential;
- c) SSGC has been requesting for additional number of generators on account of requirement at new locations and at existing premises as well;
- d) Existing generators have completed their useful life and their efficiency has been reduced to 30-40%.
- e) New generators will improve work quality, efficiency, and help to overcome power supply shortage.

#### **1.3.2.2 HVAC Systems**

- a) Installation of HVAC system at Karachi Terminal and Hyderabad Regional Office will improve working atmosphere;
- b) The HVAC is part of the renovation of KT-Karachi/Hyd. Regional Office which will be operated by engine exhaust gases and require no extra fuel expected to save high cost on account of fuel consumption;

#### **1.3.3 Other Operational Requirements Rs. 229 Million**

- a) Rock breaker, Air Compressor, Cranes, Drilling & tapping, squeezing machines, Hydraulic excavator, Solar module, pressurizing pump, XOS machine, and others are required to meet the routine operational requirements;
- b) Details of these assets have already been provided in Table#D-6.1 of the petition dated 30 November 2010;
- c) Above arguments clearly depict SSGC's strategy / plan for reduction of UFG, declined by the Authority in its determination;
- d) Since majority of the above assets have been projected for better implementation of the UFG reduction plan, the Authority is requested to allow above assets in order to control the UFG menace.

We would re-iterate that proposed addition in Plant and Equipments will not only improve the operational efficiency of the company but will also enable the company to perform better within the laid down parameters of performance & service standards. Beside above the most important aspect i.e. majority of the above assets have been projected for better implementation of the UFG reduction plan. Therefore keeping in view the facts stated above Authority is requested to allow Rs. 889 million as addition to Plant & Machinery and related depreciation and return.

## **2. NOTIONAL INCOME ON IAS-19 PROVISION**

3.1 Authority has included Rs. 210 million on account of notional income on IAS-19 provision.

3.2 The present treatment of Notional Interest Income on IAS-19 Provision was not practiced by Ex-Price Determining Authority and SSGC has disputed the practice adopted by OGRA. SSGC is of the view that OGRA should have specific policy guideline from GOP on this matter.

3.3 We strongly believe that in absence of any specific policy guideline from GOP for deviation from the practice of the then PDA and adding notional income in this regard is unjustified and unlawful.

3.4 Income on IAS -19 provision is not justified as at the same time the Authority has no consideration of increased borrowing cost to be met through Company's return which has adversely affected Company's profitability.

3.5 The Authority is therefore requested to re-consider its decision and exclude Notional income on IAS-19 Provision from tariff working.

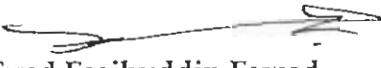

### **3. VEHICLE INSURANCE**

4.1 SSGC requested for a sum of Rs. 26 million against vehicle insurance, included in the head of 'Insurance'. Authority disallowed Rs. 3 million under this head and allowed only Rs. 23 million in this head of account. The projected amount of insurance has been increased due to some evident reasons i.e. increase in cost of vehicles on one hand and increase in insurance premium on the other hand.

4.2 Owing to the fact stated above deduction in this account seem to be unjustified; hence Authority is requested to allow Rs. 26 million against vehicle insurance.

It is pertinent to mention here that the prescribed prices communicated vide letter No. OGRA-10-3(6)/2010/LHC Dated 3 June 2011 have been applied and a shortfall of Rs. 930 million or Rs. 2.35 per MMBTU has been worked out over and above the Revenue Requirement determined by the Authority vide above referred letter.

In view of the above grounds, we would request the Authority to admit the Motion for Review; give us an opportunity to present our case in detail and approve an increase of Rs. 930 million or Rs. 2.35 / MMBTU in SSGC's prescribed prices w.e.f. 01 July 2011.

Syed Fasihuddin Fawad  
General Manager (RA)  
For Managing Director

Sui Southern Gas Co. Ltd.  
**Details of Plant & Machinery**  
For F.Y. 2011-12

**Annexure-D 6.1**

| S/N | Description | Addition | Replacement | Total | Amount<br>(Rs in million) | Need<br>Assessment | Major<br>Usage |
|-----|-------------|----------|-------------|-------|---------------------------|--------------------|----------------|
|     |             | Qty      |             |       |                           |                    |                |

**1- MEASUREMENT / CALIBRATION EQUIPMENTS FOR ACCURACY OF METERS**

|                  |   |    |   |    |                |   |               |
|------------------|---|----|---|----|----------------|---|---------------|
| 1                | Calibration Test Bench Sonix Nozzle Type    | 1  | - | 1  | 20.000         | Required for accurate calibration of domestic meters (G 16 & G-4) before dispatching these meters to store.   | UFG Reduction |
| 2                | Roots Prover                                | 1  | - | 1  | 12.000         | Presently there is only one low capacity Roots Prover of 10 M which is insufficient for proving of large size Gas meters. Therefore additional Roots Prover would ensure more accuracy of large size Gas meters besides enhancing the progress and volume of work.            | UFG Reduction |
| 3                | Field Prover 20 M                           | 1  | - | 1  | 8.000          | Present prover using through Test / prover upto capacity 10000ft3 per hr. There are several meters whose capacity is beyond 10 M. It is proposed to procure one additional prover having capacity of 20,000ft3/hr for accurate proving of meters upto 20M                     | UFG Reduction |
| 4                | Flow Computers-Single Run                   | 3  | - | 3  | 3.300          | For up gradation of Orifice Measurement and to ensure maximum possible measurement accuracy. These system would be installed at Wapda Thermal Power Station Jamshoro, Kotri and Thatta Cement.  | UFG Reduction |
| 5                | Bell Prover-Metershop Quetta                | 1  | - | 1  | 7.500          | To combat UFG menace and in order to meet the targets of proving/calibration of domestic commercial and industrial Gas Meters the bell prover is required as Quetta Region has only single old version Bell Prover which is insufficient to meet the work load of the region. | UFG Reduction |
| 6                | Bell Prover - Sonic Nozzle for Metershop KT | 4  | - | 4  | 72.000         | Required for meeting additional work load. Already available Bell Prover is 5 years old which frequently goes out of order. Further there is increase in S&M cases.   | UFG Reduction |
| <b>Sub Total</b> |   | 11 | - | 11 | <b>122.800</b> |   |               |

**2- CATHODIC PROTECTION SYSTEM**

|                  |  |    |    |    |                |   |                     |
|------------------|--|----|----|----|----------------|---|---------------------|
| 7                | Solar System with Battery Bank           | 1  | 3  | 4  | 28.000         | Additional CPS to improve low PSP at MP-155 (ILBP) in HQ2 3 nos. Replacement required for old TEG of MP-227 & 237 (ILBP) and KMP 341.5 (IRBP) CPS.  | Cathodic Protection |
| 8                | Battery Bank                             | 55 | 3  | 58 | 58.000         | To provide power supply backup during load shedding of electricity for CP Stations. Also required to replace 12 years old battery bank at solar CP Stations of MP-62.5, 96.25 & 193 (ILBP). | Cathodic Protection |
| 9                | Deepwell Ground bed                      | 10 | -  | 10 | 10.000         | Operational Requirement for improvement of CP system.   | Cathodic Protection |
| 10               | Thermo Electric Generator (TEG) - Quetta | 8  | 7  | 15 | 30.000         | 08 New CP Stations to be installed in FY 2011-12 & 07 Nos. T/Rs to be replaced with TEG.  | Cathodic Protection |
| <b>Sub Total</b> |  | 74 | 13 | 87 | <b>126.000</b> |   |                     |

|----|--|------------|-----------|------------|----------------|--|---------------|
| 11 | Low Clearance Split Frame (for cold cutting) | -          | 1         | 1          | 4.100          | Cold cut machine is required to cut gas pipe lines in which explosive condensate, carbon content and sludge are present, hot cut will cause fire/explosion. In such lines hot cut is not possible. For safety point of view the utilization of Cold cut machine is must. As compared to previous cold cutting machine (Portable Hydraulic Cold Cutting machine) this machine is light weight, very efficient and consumes 50% less time in cold cutting. It is easy to use, maintenance is easy, and its cutter are comparatively cheaper. | UFG Reduction |
| 12 | Dewatering Pump                              | 13         | 11        | 24         | 5.990          | The underground water table in Karachi/Hyderabad is considerably high, in order to accelerate the UFG Reduction Program dewatering pumps are proposed to be procured and old pumps which have outlived their lives have been proposed for replacement.   | UFG Reduction |
| 13 | D-5 Drill Machine                            | 8          | 3         | 11         | 3.350          | As part of UFG Reduction Plan there is increase in number of maintenance teams and replacement of old plants & equipments which have outlived their economic life  | UFG Reduction |
| 14 | T / T-3 Drill Machines                       | 24         | 8         | 32         | 9.250          | As part of UFG Reduction Plan there is increase in number of maintenance teams and replacement of old plants & equipments which have outlived their economic life  | UFG Reduction |
| 15 | Gehio Pump - Distr Hyd                       | 1          | -         | 1          | 4.180          | Keeping in view the level of underground water which has risen due to which the maintenance work on our 40 years old laid network / main supply lines (which are about 7 to 12 feet deep) has become very difficult so this equipment is very essential requirement of Maintenance department Hyderabad.   | UFG Reduction |
| 16 | Welding Plant                                | 26         | 24        | 50         | 67.500         | As part of UFG Reduction Plan there is increase in number of maintenance teams and replacement of old plants & equipments which have outlived their economic life  | UFG Reduction |
| 17 | Generators                                   | 7          | 8         | 15         | 3.750          | As part of UFG Reduction Plan there is increase in number of maintenance teams and replacement of old generators which have outlived their economic life   | UFG Reduction |
| 18 | Butt Fusion Machine                          | 5          | 3         | 8          | 5.600          | Addition of teams and acceleration of UFG reduction Plan has necessitated procurement of additional machines and replacement of old machines.  | UFG Reduction |
| 19 | Electro Fusion Machine                       | 24         | 13        | 37         | 11.100         | As part of UFG Reduction Plan there is increase in number of maintenance teams and replacement of old plants & equipments which have outlived their economic life.   | UFG Reduction |

| S/N | Description | Addition | Replacement | Total | Amount<br>(Rs in million) | Need<br>Assessment | Major<br>Usage |
|-----|-------------|----------|-------------|-------|---------------------------|--------------------|----------------|
|     |             | Qty      |             |       |                           |                    |                |

**4- POWER GENERATION / HVAC SYSTEMS**

|    |   |    |   |    |         |   |  |
|----|---|----|---|----|---------|---|--|
| 20 | New Power House at KT   | -  | - | -  | 125.910 | Power breakdowns hamper the work and also power supply will be available on continuous basis.   | Overcome Electricity Shortage                        |
| 21 | Gas Engine Genset 200KW for Headquarter Dadu  | -  | 1 | 1  | 12.000  | The transmission Head quarter Dadu is presently on WAPDA. The 120KW stand by Gas Engine Gensets is 25 years old and have outlived its life. It is working on 30% efficiency, therefore the Genset is not economical for further operation. A gas engine genset of 200 KW capacity is proposed to provide uninterrupted power supply at HQ-Dadu for operation of Compressor.   | Overcome Electricity Shortage                        |
| 22 | Gas Engine Genset 500KW for H.O   | 1  | - | 1  | 45.000  | The existing 2 x 440 KW gas engine generators and associated panels installed at the Basement of H.O in the year 2000 have started giving frequent problems due to aging of the equipment. Moreover there is a need to get their backup ready to cope up with emergencies. The power demand at H.O has grown over time. The total power generation capacity of 790 KW at H.O building is being utilized at its maximum potential. An additional genset is needed to meet the increasing load demand and also as a stand by unit to keep continuing the power supply in case of break down or shut down for preventive maintenance of any one of the two existing gensets. | Overcome Electricity Shortage                        |
| 23 | Generator - dual System(Diesel/Gas) 105 Kva-for GTI workshop/Academic Block   | 1  | - | 1  | 20.000  | Required to provide uninterruptible supply due to frequent electricity breakdowns/load shedding.  | Overcome Electricity Shortage                        |
| 24 | Generators  | 36 | 7 | 43 | 20.420  | Required to provide uninterruptible supply at various stations presently on WAPDA due to frequent electricity breakdowns/load shedding  | Overcome Electricity Shortage                        |
| 25 | Generator - 150KW Gas - P&C Office KT   | 1  | - | 1  | 7.500   | Required to provide uninterruptible supply due to frequent electricity breakdowns/load shedding.  | Overcome Electricity Shortage                        |
| 26 | Generator 700 KW Gas-MMP  | -  | 1 | 1  | 15.000  | SSGC has planned to introduce 2nd shift in the Meter Plant therefore procurement/installation of greater capacity generator at MMP is proposed as a replacement of the existing old Diesel 300 KW Generator which is under capacity and cannot meet the ever increasing meter production capacity.  | Overcome Electricity Shortage                        |
| 27 | Power Generator, 250 KW, 03 Phase, 400V, 50 HZ gas Engine Driven Generator set, 4 Stroke Water cooled Driven Shikarpur Compressor | -  | 1 | 1  | 25.000  | Existing Waukesha gas generator 257 KW installed at Shikarpur Compressor Station is 27 years old, and is obsolete and beyond economical repair. The spare parts are not available and OEM has regretted to provide backup support therefore it is essential to replace Waukesha gas generator for smooth uninterrupted running of Shikarpur Compressor Station to avoid shutdowns.  | Overcome Electricity Shortage                        |
| 28 | HVAC System for Hyderabad Regional Office   | 1  | - | 1  | 10.500  | The installation of HVAC system will improve working atmosphere of the R.O. The HVAC is part of the renovation of Regional Office Project.  | Better working Environment for Customers & Employees |

Now they are operating at high power consumption and providing 50% efficiency and require regular maintenance. The operation will continue to be inefficient and costly. | Better working Environment for Customers & Employees |
|     | <b>Sub Total</b>                      | <b>41</b> | <b>10</b>   | <b>51</b> | <b>296.330</b>            |  |  |

**5- OTHER OPERATIONAL REQUIREMENTS**

|    |   |     |    |     |        |  |                         |
|----|---|-----|----|-----|--------|--|-------------------------|
| 30 | <b>Rock Breaker (Pneumatic)</b>   | 5   | -  | 5   | 17.500 | Required as additional attachment to Excavators for Rock Trenching.  | Operational Requirement |
| 31 | <b>MU-300 Drilling &amp; Tapping Machine for MMP</b>  | -   | 1  | 1   | 30.000 | Required to replace old machine which has already completed useful life and not working properly and cannot meet the requirement of increased production activities.   | Operational Requirement |
| 32 | Air Compressor  | 12  | 11 | 23  | 33.200 | Required for Industrial low pressure house lines and for large building purging and testing work, for Pipeline Network testing/maintenance etc. at various locations.  | Operational Requirement |
| 33 | <b>Meter Assembly Machine for MMP</b>   | 1   | -  | 1   | 16.000 | Required for production of V-3 Pakistan specific meters (new version of G-4 meters)  | Operational Requirement |
| 34 | <b>Mould for Index Cover / Cage of G-4 meters (2 / 4 Cavities) for MMP</b>                          | 2   | -  | 2   | 3.500  | Required to fulfill the additional requirement of production of plastic parts of new version of G-4 meters.  | Operational Requirement |
| 35 | Crane - Cotil   | -   | 2  | 2   | 30.000 | Replacement of over 30 year old cranes has been proposed.  | Operational Requirement |
| 36 | <b>Pipe Squeezing Machine</b>   | 24  | 9  | 33  | 10.050 | Operational Requirement for disconnection of consumers and killing of service connections.   | Operational Requirement |
| 37 | <b>Solar Module</b>   | 100 | -  | 100 | 10.000 | Operational Requirement.   | Operational Requirement |
| 38 | <b>Wheel Mounted Hydraulic Excavator with Bucket along with front End Dozer attachment - ERC KT</b> | -   | 1  | 1   | 10.000 | Existing Excavator is in irreparable condition and not operative. The equipment is too old. Therefore replacement required to meet any emergency   | Operational Requirement |
| 39 | <b>Pressurizing Pump</b>  | -   | 2  | 2   | 10.000 | Required for beyond repair old pumps.  | Operational Requirement |
| 40 | <b>NOS Machines</b>   | -   | 6  | 6   | 6.600  | These machines form critical part of the SCADA Gas Control System. The existing machines are old and have outlived their useful lives. This will improve the operation of Gas Control.   | Operational Requirement |
| 41 | <b>Bevelling Machine</b>  | 3   | -  | 3   | 5.120  | Required for welding teams and maintenance teams, since in N'Shah & Naushero Feroz there is no machine in the region. Presently the machines are sent from Hyderabad.  | Operational Requirement |
| 42 | <b>Radiator for Genset at H.O</b>   | -   | 3  | 3   | 4.200  | Operational Requirement.   | Operational Requirement |
| 43 | <b>Power Factor Improvement Panel for K.T. Distribution SITE, RO Quetta and Sukkur</b>              | 4   | -  | 4   | 4.000  | The Voltage and Frequency of KESC Power Supply at K.T. distribution office, SITE and WAPDA Power Supply at Regional Office Quetta, Sukkur, varies frequently which is not suitable for Microwave, IT equipment and Air Conditioner for smooth operation of the equipment and to avoid extra amount on account of low power factor, the additional power factor panels are necessary to be added in power system. | Operational Requirement |

Ref: RA 26/12  
Date: 19 August 2011

Mr. Muhammad Yasin  
Registrar  
Oil & Gas Regulatory Authority  
54-Old ZTE Plaza, Near PIA building, Blue Area  
Islamabad.

**Subject : Amendment to Motion for Review under Rule 16 of Natural Gas Tariff Rules 2002 against Authority's Determination on Estimated Revenue Requirement (ERR) for FY 2011-12 dated 24 May 2011.**

**OGRA Ref: OGRA Determination # OGRA-6(2)-2(5)/2010-DERR Dated 24 May 2011 and OGRA-6(2)-2(1)/2011-Review dated 9 August 2011.**

**Our Ref: RA/26/12 dated 22 June 2011 and 16 August 2011.**

Dear Sir,

This is in continuation to Motion for Review dated 22 June 2011 filed under Rule 16 of Natural Gas Tariff Rules 2002 against Authority's Determination on ERR for FY 2011-12 dated 24 May 2011 requesting price increase of Rs. 2.35 per MMBTU, and our letter dated 15 August 2011 requesting to re-fix Hearing date owing to certain changes affecting SSGC's revenue requirement for FY 2011-12.

Since the filing of above Motion for Review, Authority issued Natural Gas Consumer Prices effective from 7 August 2011 vide its letter dated 7 August 2011 instead of 1 July 2011 and SSGC's Annual Accounts have been initialed by Auditors and Petition for Total Revenue Requirement (TRR) for FY 2010-11 has also been filed before Authority on 14 August 2011. In the Petition of TRR for FY 2010-11, the shortfall of revenue requirement over available Sales Revenue as per consumer prices and other Operating Revenue has been worked out amounting to Rupees Rs. 6,258 million inclusive of shortfall already allowed at Rs. 2 billion in DRERR for FY 2010-11, which would also impact ERR for FY 2011-12. Further we have revised HR Benchmark cost in accordance with the proposal submitted to OGRA earlier vide our letter R/21/12 dated 5 August 2011 as directed by Authority in above referred letter.

# **Sui Southern Gas Company Limited**

SSGC House, Sir Shah Suleman Road, Gulshan-e-Iqbal, Karachi.

Accordingly prepared an Amendment to Motion for Review dated 22 June 2011 which is under consideration of the Authority.

The Authority is requested to kindly consider this Amendment to Motion for Review as integral part of MFR dated 22 June 2011 and review it in the light of justifications as mentioned in the petition Authority is further requested to allow us the increase of Rs. 4,779 million in SSGC's revenue Requirement in absolute rupee term for FY 2011-12 or Rs. 12.06 per MMBTU in the prescribed prices effective 1 July 2011.

Regards,

Yours Sincerely

(Syed Fasihuddin Fawad)  
General Manager (RA)  
For Managing Director

| Minimum charges (Rs. per month)                                     | 12,725.37   |                  | 12,725.37  |

Note:-

- Upward adjustment of Rs 12.06 per MMBTU for FY 2011-12 has been re-worked at Rs 16.13 per MMBTU with the consideration that effect of price adjustment not to pass on to domestic, special commercial (roti tandoors) consumers and feedstock of fertilizer industry.
- Minimum charges as per consumer price notification dated 07 August 2011.

**BEFORE THE OIL & GAS REGULATORY AUTHORITY**

*Sui Southern Gas Company Limited*

*Applicant*

**AMENDMENT TO MOTION FOR REVIEW UNDER RULE 16 OF NATURAL GAS  
TARIFF RULES 2002 AGAINST DETERMINATION OF ESTIMATED REVENUE  
REQUIREMENT (ERR) FOR FY 2011-12 DATED 24 MAY 2011**

**GROUND FOR REVIEW/ JUSTIFICATIONS**

Since the filing of Motion for Review (MFR) under Rule 16 of Natural Gas Tariff Rules 2002 **against** Determination of ERR for FY 2011-12 dated 24 May 2011, the filing of Amendment to said MFR has become necessary due to further developments as follow:

- I) Authority vide its letter dated 29 June 2011 issued revised Prescribed Prices for various categories of consumers for FY 2011-12 based on Honourable Sindh High Court's stay order dated 17 June 2011 for treatment to the present petitioner as is being given to SNGPL in terms of order dated 13 January 2011 and announced on 17 January 2011 in OGRA Petition No. 1068/2010 by the Lahore High Court.
- II) Authority issued Natural Gas Consumer Prices effective from 7 August 2011 vide its letter dated 7 August 2011 instead of 1 July 2011.
- III) SSGC's Annual Accounts have been initialed by Auditors and Petition for Total Revenue Requirement (TRR) for FY 2010-11 has also been filed before Authority on 14 August 2011, thus resulting shortfall of Rs. 6,258 million **in** revenue requirement during FY 2010-11 over available Sales Revenue as per consumer prices, subject to subsequent Determination of TRR for FY 2010-11 **by** OGRA. Earlier OGRA has allowed Rs. 1,898 million in DRERR for FY 2010-11 on the advice of GOP vide its letter dated 14 May & 2 June 2011 being shortfall in Estimated Revenue Requirement (ERR), however further increase in shortfall based on initialed accounts as referred above would impact ERR for FY 2011-12.,
- IV) **HR cost Benchmark:** Current HR benchmark formula is negatively contributing to its initial objective; i.e., to incentivize the Company to strive for optimization of Human Resource and reduce excess cost where ever possible. This fact was endorsed by Authority in its determination for ERR for FY 2011-12 under paragraph 9.3.8 the Authority also noted as: "---- Gas sales volumes, number of consumers and extension in T&D network have now become irrelevant and inappropriate factors owing to the depleting gas supply reserves. The Authority keeping in view the changed circumstances, observes that existing benchmark has

Annexure - D

become redundant to serve the amenable purpose and decides to review the same by initiating the consultative session with gas utilities.----". In this regard, Authority has started the consultative process, and directed the Company to submit proposal in this respect. Accordingly a proposal has been sent to OGRA vide our letter reference RA/21/12 dated 05 August 2011 (copy attached as Annexure D-i).

Keeping in view the proposal referred above the HR benchmark cost has been worked out at Rs. 7,681 million by application of 100% CPI for FY 2011-12 to cost drivers; i.e., per customer cost, per KM and per MMCF rates worked out considering FY 2010-11 as base year. However Rs. 7,396 million has been claimed for H.R. cost in the instant Petition after offering Rs. 285 million in tariff working.

It is pertinent to mention here that in its determination dated 24 May 2011 while determining H.R. cost benchmark Authority disallowed and adjusted 4,266 Km of pipeline network out of which 1,174 Kms were related to new towns and villages, however reason for adjustment of 2,992 KMs is not mentioned in the determination. Notwithstanding to the fact that SSGC has reservations on such adjustment, the size of network for benchmark calculation proposes has been maintained at 38,850 KMs as per determination dated 24 May 2011. Authority is requested to re-adjust the size of network after considering the number of KM allowed for New Towns and Villages and after making necessary corrections while issuing the determination for MFR.

It is pertinent to mention here that after applying the prescribed prices communicated vide letter No. OGRA-10-3(6)/2010/SHC Dated 29 June 2011 and the consumer prices Notification Dated 7 August 2011 a shortfall of Rs. 4,779 million or Rs. 12.06 per MMBTU has been worked out over and above the Revenue Requirement determined by the Authority vide above referred letter.

**Submission:**

We would request the Authority to admit the amendment to the said Motion for Review and treat it as an integral part of the Motion for Review dated 22 June 2011 and give us an opportunity to present our case in detail. In view of the above and grounds for review already submitted by SSGC, please approve an increase of Rs. 4,779 million or Rs. 12.06/ MMBTU in SSGC's prescribed prices w.e.f. 01 July 2011.

**Subject:** SSGC'S "HR BENCHMARK PROPOSAL" AS PER OGRA DIRECTIVE  
**PARA 12.1.5 IN DERR DATED: 24 MAY 2011 FY 2011-12**

**Ref:** OGRA -6(2)-2(5)/2010-DERR

Dear Madam:

This is with reference to the subject OGRA directive regarding the submission of HR Benchmark proposal.

Kindly note that SSGC has time and again in its revenue requirement petitions/ review petitions highlighted the need for review of HR benchmark, as it is negatively contributing to its initial objective i.e. to incentivize the Company to strive for optimization of Human Resource with its development and reduce excess cost where ever possible. In its determination for ERR for FY 2011-12 under paragraph 9.3.8 the Authority also noted as under:

"---- Gas sales volumes, number of consumers and extension in T&D network have now become irrelevant and in-appropriate factors owing to the depleting gas supply reserves. The Authority keeping in view the changed circumstances, observes that existing benchmark has become redundant to serve the amenable purpose and decides to review the same by initiating the consultative session with gas utilities.-----"

We would appreciate that the Authority has started the consultative process and in this respect certain relevant information have been asked vide its letter reference OGRA RA-10-6(4)/10 dated: 02 August 2011, which will be submitted in due course of time.

Notwithstanding to the fact that there is a need to revisit the HR Benchmark formula owing to the factors referred above that may have become irrelevant totally or partially and are

Page 1 of 5

# ANNEXURE-D-i

Benchmark Proposal for coming years; however, we would suggest (due to time constraint as detailed deliberations is needed in this regard) HR Benchmark formula on the existing parameters after removing the short comings and with slight modifications may be applied for FY 2010-11 & FY 2011-12, whereas new formula so developed based on relevant data/other new factors (after a consensus is arrived at) can be applicable from FY 2012-13 onwards accordingly . Keeping in view the above factors, we would propose as under (refer Annexure-A for detailed workings):

| S.No. | Description                    | FY 2010-11  | FY 2011-12   |
|-------|--------------------------------|---|--|
| 1     | Base Year                      | FY 2007-08  | FY 2010-11   |
| 2     | Indexation:                    |   |  |
| 2(a)  | -No of customers               | 60%   | 60%  |
| 2(b)  | -Network in Kms                | 20%   | 20%  |
| 2 (c) | -Sales in MCF                  | 20%   | 20%  |
| 3     | CPI                            | 100%  | 100%   |
| 4     | Rates                          | Full impact of CPI (i.e. 100%) progressively applied from FY 2007-08 and onwards to cost drivers viz a viz cost per customer, cost per Km of network and cost per MCF of sales instead of current practice of applying CPI to previous year's HR Benchmark cost | Full impact of CPI (i.e. 100%) applied to FY 2010-11 cost drivers viz a viz cost per customer, cost per Km of network and cost per MCF of sales instead of current practice of applying CPI to previous year's HR Benchmark cost |
| 5     | Sharing of surplus/(shortfall) | 50%   | 50%  |

We submit the proposal for favorable consideration of the Authority with humble request to allow the HR Cost Benchmark as proposed above.

Yours faithfully,

Zuhair Siddiqui

Deputy Managing Director

++ Authority pended the sharing of surplus/ (shortfall) upto Trueup FY 2011-12.

++ HR Benchmark in line with SSGC's proposal communicated vide letter RA-21/12 dated 05 August 2011. Considering FY 2010-11 as base year and applying full impact of CPI to cost drivers viz a viz cost per customer, cost per Km of network and cost per MCF of sales instead of current practice of applying CPI to previous year's HR Benchmark cost.
